CERTIFICATE OF GRANT INNOVATION PATENT

Patent number: 2021101147

The Commissioner of Patents has granted the above patent on 21 April 2021, and certifies that the below particulars have been registered in the Register of Patents.

Name and address of patentee(s):

Vidyalankar School of Information Technology of Vidyalankar School of IT, Vidyalankar Campus, Vidyalankar College Marg, Wadala (East) Mumbai - 400037 India

Title of invention:

SYSTEMS AND METHODS FOR AN INTERACTIVE VIRTUAL PERSONAL ASSISTANT

Name of inventor(s):

Choudhary, Prince Kumar; Shaikh, Mohammed Monis; Kelkar, Rohini; Patil, Rajendra; Mahajan, Prachi and Rampurawala, Asif

Term of Patent:

Eight years from 3 March 2021

NOTE: This Innovation Patent cannot be enforced unless and until it has been examined by the Commissioner of Patents and a Certificate of Examination has been issued. See sections 120(1A) and 129A of the Patents Act 1990, set out on the reverse of this document.

Dated this 21st day of April 2021

Commissioner of Patents

PATENTS ACT 1990

The Australian Patents Register is the official record and should be referred to for the full details pertaining to this IP Right.

Extracts from the Patents Act, 1990

Sect 120(1A) Infringement proceedings in respect of an innovation patent cannot be started unless the patent has been certified.

Sec 128 **Application for relief from unjustified threats**

- (1) Where a person, by means of circulars, advertisements or otherwise, threatens a person with infringement proceedings or other similar proceedings a person aggrieved may apply to a prescribed court, or to another court having jurisdiction to hear and determine the application, for:
- (a) a declaration that the threats are unjustifiable; and
 - (b) an injunction against the continuance of the threats; and
 - (c) the recovery of any damages sustained by the applicant as a result of the threats.
- (2) Subsection (1) applies whether or not the person who made the threats is entitled to, or interested in, the patent or a patent application.

Sec 129A **Threats related to an innovation patent application or innovation patent and courts power to grant relief.**

Certain threats of infringement proceedings are always unjustifiable.

- (1) If:
- (a) a person:
 - (i) has applied for an innovation patent, but the application has not been determined; or
 - (ii) has an innovation patent that has not been certified; and
 - (b) the person, by means of circulars, advertisements or otherwise, threatens a person with infringement proceedings or other similar proceedings in respect of the patent applied for, or the patent, as the case may be; then, for the purposes of an application for relief under section 128 by the person threatened, the threats are unjustifiable.

Courts power to grant relief in respect of threats made by the applicant for an innovation patent or the patentee of an uncertified innovation patent

- (2) If an application under section 128 for relief relates to threats made in respect of an innovation patent that has not been certified or an application for an innovation patent, the court may grant the applicant the relief applied for.

Courts power to grant relief in respect of threats made by the patentee of certified innovation patent

- (3) If an application under section 128 for relief relates to threats made in respect of a certified innovation patent, the court may grant the applicant the relief applied for unless the respondent satisfies the court that the acts about which the threats were made infringed, or would infringe, a claim that is not shown by the applicant to be invalid.

Schedule 1 **Dictionary**

certified, in respect of an innovation patent other than in section 19, means a certificate of examination issued by the Commissioner under paragraph 101E(e) in respect of the patent

CERTIFICATE OF GRANT INNOVATION PATENT

Patent number: 2020102865

The Commissioner of Patents has granted the above patent on 23 December 2020, and certifies that the below particulars have been registered in the Register of Patents.

Name and address of patentee(s):

Sandeep Gupta of Department of Electrical Engineering, JECRC University Jaipur Rajasthan India

Muthukumar Subramanian of Computer Science and Engineering, 123 G1, Sakthi nagar extension Opp.to Municipal park Tenkasi, Tamilnadu India

Pasupathi Perumalsamy of Department of Computer Science, Sri Vidya Group of Institutions Virudhunagar Tamilnadu India

Parveen Singla of Dept. of Electr. & Communication Engg., Chandigarh Engineering College Landran, Mohali Punjab India

Pradeep Kumar Tiwari of Department of Computer Applications, Manipal University Jaipur Jaipur Rajasthan India

Ajay B Gadicha of Dept. of Computer Science and Eng, P.R.Pote Patil College of Eng.& Manag.. Amravati Maharashtra India

Piyush Kumar Pareek of Department of CSE, East West College of Engineering Bengaluru India

Raghavendra S. of Department of CSE, School of Engineering and Technology Christ Deemed to be University Bengaluru India

Prakash Chandra Behera of Department of Computer Science, St. Claret College Jalahalli Bangalore India

Chinmaya Dash of Department of Computer Science, St. Claret College Jalahalli Bangalore India

Santosh Kumar J of K S School of Engineering and Management Bengaluru India

Sagar Balu Gaikwad of Commerce & Management, Vidyalankar School of Information Techno Vidyalankar Marg, Wadala East Mumbai, Maharashtra India

Navneet Sangle of Department of Mathematics, Annasaheb Dange College of Eng. and Tech Ashta Sangli Maharashtra India

Title of invention:

SYSTEM FOR MONITORING AND CONTROLLING INTERNET OF THINGS (IOT) BOILER

Name of inventor(s):

Gupta, Sandeep; Subramanian, Muthukumar; Perumalsamy, Pasupathi; Singla, Parveen; Tiwari, Pradeep Kumar; Gadicha, Ajay B.; Pareek, Piyush Kumar; S., Raghavendra; Behera, Prakash Chandra; Dash, Chinmaya; J, Santosh Kumar; Gaikwad, Sagar Balu and Sangle, Navneet

Term of Patent:

Eight years from 19 October 2020

Dated this 23rd day of December 2020

BIZCON'21-An Annual Flagship Event of E-CELL VSIT

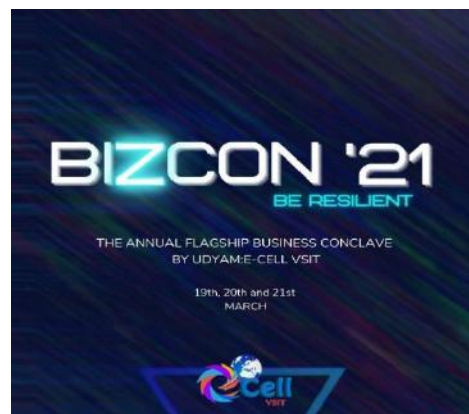

Business Conclave-Resilience and Reinvention in the Virtual Era

E-Cell Committee of Vidyalankar School of Information Technology has organized its annual flagship business conclave– **Bizcon 2021** via online platform zoom. Glimpse of various events and competitions of the Business conclave.

Dates: 19th, 20th, 22nd March 2021

Timing: 02.00 pm to 5.30 pm

Total No. of Attendees: 100+

Day 1: 19th March, 2021

Session 1: Keynote by Pranab Singh, Managing Partner, ThoughtMill Communications and TEDX Speaker.

On the first day, the KEYNOTE address delivered by our guest speaker Mr. Pranab Singh from 2:30 pm to 3:30 pm on Resilience and Reinvention in the Virtual Era. He is the Managing

Partner at ThoughtMill communications, a TEDx Speaker along with a highly sought-after Keynote speaker and also being the BNI Director Consultant Leadership and Business consultant. The event saw a diverse pool of attendees which were 60+ in number.

Mr. Pranab Singh with his great zeal and knowledge about resilience and toughness guided the students to the depth of these words. He explained about the change and motivated the students to take the steps in right direction with a sense of tranquility. A number of questions were raised by students

out of interest to know more and clear their doubts making it an eventful interactive session. The students received replies to all their questions and Mr. Pranab Singh then thanked the audience as well as the organizing team and VSIT for showing tremendous support and giving such great opportunity for addressing the students.

Session 2: Bizquiz Competition

On the same day The Bizquiz Competition was held from 4:30 pm to 5:30 pm. Bizquiz consisted of questions related to the business and economic knowledge. The competition was started and explained the rules and regulations to the participants. The competition saw a great number of competitors from VSIT's students which were 20 in number.

The competition comprised of 2 stages the Round 1 and Round 2. The Round 1 consists of 20 questions held on kahoot.in. The Qualified participants in round 1 were permitted to give round 2 which consists of 15 questions. The final 3 winners were declared at the end of the competition along with 2 runner ups.

Day 2: 20th March 2021

Session 1: V-Startup Finals/Idea Validation

On the second day, the E-Cell of VSIT gave an opportunity to the students of the VSIT to showcase their strategic minds towards the business. Judge for the event was Mr. Vinit Jain. The event started at 11:30. The students were given a platform to come with start-up ideas to start a business with their own ideas. There were 4 teams (25 students): - Food mood, Parents Algorithm, self-stirring mug, Life.

One by one these teams presented their ideas to our judge Mr. Vinit Jain and the judge showed his interest and asked the teams questions and also gave his feedback, he guided with his inspirational words and inspired the students to do better. The session was so informative it gave students to think from a different perspective. He praised the event a lot. He was mesmerized with the level of ideas that the students had being freshers and new to this commercial market.

Session 2: Marketing Analysis

On the same day, the E-cell of VSIT organized marketing analysis competition through which participants showcase their talent in a fun and innovative way on 20th march, 2021 from 2:30 p.m. to 3:30 p.m. on zoom app. The event started with featuring some extremely talented participants mentioning their ideas about SkillGenic Academy.

The participants analysed marketing aspect of company with lot of passion and confidence. Each participant showed their mastery over research of company. Each participant has given 10 minutes to mention their ideas and 2 minutes for question-and-answer round. The competition created joyful and enthusiastic environment till end. It was judge by **Mr. Naman Bachwani, CEO of SkillGenic Academy**. He also addressed the participants with plus points of marketing analysis for their future benefits. As we moved forward the guessing part became more difficult but winner 1 aced it and won the competition followed by winner 2.

Session 3: Tech Battle

On the same day, the Tech Battle Competition was held from 4 pm to 5 pm. Tech Battle consisted of questions related to the technological knowledge. The competition was started by the host by the introduction speech and further explaining the rules and regulations to the participants. The competition saw a great number of competitors from VSIT's students which were 20 in number.

The competition comprised of 2 stages the Round 1 and Round 2. The Round 1 consists of 20 questions held on kahoot.in. The Qualified participants in round 1 were permitted to give round 2 which consists of 15 questions. The final 3 winners were declared at the end of the competition along with 2 runner ups.

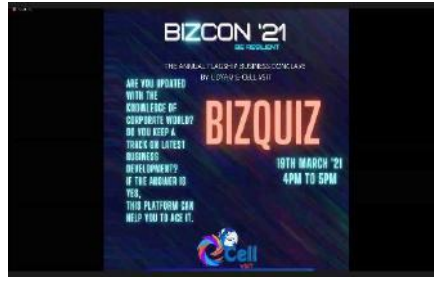

Day 3: 22nd March 2021 - Internship Fair

On the third day, the committee came up with an internship fair, where different companies showed interests viz. CyberFrat, Protrainy, NTL Ventures. The events were a great success for all the E-cell conveners and the organizing committee. BIZCON'21 experienced about 100+ participants this year.

Event feedback: Very Good

ECELL PODCAST EPISODE 4

Date of activity:	27 th February,2021
Target Audience:	VSIT Students
Time:	3:00 pm to 4:00 pm
Faculty Members	J Gunasundari, Rohini D

In this pandemic situation the student of E-cell VSIT provided the students with an entrepreneurial environment by holding a Podcast Episode 04. The podcast was held on February 27th, 2021. The podcast was conducted on Zoom.

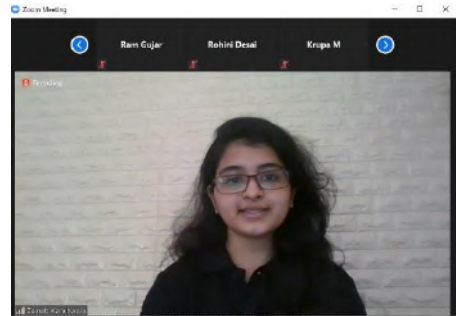

The guest for the event (podcast) was Mr. Vinit Jain. He is the Founding Director of Techinnovadors. The host of the event the student and Vice-President of E-Cell VSIT Zainab Kanchwala.

The podcast started at 4.30 pm. The host (Zainab Kanchwala) of the event greeted and welcomed the audience and the guest. She started the podcast by the introduction and then headed with the questions. Mr. Vinit Jain introduced the students. He told the students about his journey of entrepreneurial success.

Mr. Vinit Jain was really articulate with his answers and explained his experience of working from his college life. He told the students about the Techinnovadors and what do they do out there. He told the students about his multiple work experience at present in different companies. He gave information about his college journey. He also told the students about his venture plan. His previous work areas before Techinnovadors was also highlighted. He told the students about his difficulties and how did he overcome those. At the end there was a small rapid fire round by the hosts of the event.

After the session with Mr. Vinit Jain, the podcast was then headed by the Vote of thanks speech (Zainab Kanchwala).

The podcast was so informative and motivating that it gave students new energy and allowed them to think with different perspective. The podcast was a great success for all the E-Cell conveners and the organizing committee.

VSTARTUP 2021 (Session 1)- Business Plan Competition

Date of activity:	6 th February 2021
Target Audience:	VSIT Students
Time:	3:00 pm to 5:00 pm
Faculty Members	J Gunasundari, Rohini D

In this pandemic situation the student of E-cell VSIT provided the students with an entrepreneurial environment by holding a competition V-Startup. The competition was held on February 06th, 2021. The competition was conducted on Microsoft Teams. The judge for the competition was Mrs. Sharmila Shyam. She inspired the young entrepreneurs.

The host of the competition was the student of E-Cell VSIT Zainab Kanchwala. The competition started at 3pm. The host (Zainab Kanchwala) of the competition greeted and welcomed the participants and the judge. She started the competition by the introduction. The E-cell conveners Prof. J. Gunasundari and Prof. Rohini Desai ma'am introduced themselves to the participants. Mrs. Sharmila Shyam introduced herself to the participants. She told the participants about her journey of success.

There were total 7 teams who presented in this competition. Each team had 8 minutes to explain their product to the guest. Later on, the Q&A round took place for each team. The judge asked the questions to the team members. The judge suggested some ideas to the teams so they get inspire.

After the session with Mrs. Sharmila Shyam, the competition was headed by the Vote of thanks speech (Zainab Kanchwala).

The competition was so enthusiastic; it gave participants new energy and allowed them to think with different perspective. The V-Startup competition was a great success for all the E-Cell conveners and the organizing committee.

Team 1:

In Toycathon 2021 many schools and colleges participated in this competition with too many numbers participants across national level. Team “Akruti” under 2 esteemed mentors (Rohini Desai, J Gunasundari) and 5 students participated on behalf of VSIT and they represented their physical/digital toy.

Squad’s objective was to promote Indian cultural toy and make learning fun with an astounding idea that is “MY LEARNING BHEEM” A toy indicating body parts, when the buttons are pressed by the user. The pressed body part will glow with different colors.

The main idea behind their project was to let the children know the various human body parts and their use and why they are vital. The name “Bheem” was used for the better relation between the children as they can easily relate to trending Indian cartoon. Team conducted a search, and it resulted in no toy available in the market which is similar to our toy. In our toy, various human body parts get highlighted/glow and signifies which body part it is which proved totally different form other existing toys. It reflects Indian Culture ethos and diversity.

Team 2:

Air Balance: Balance equations the fun way!

A mobile game powered by AR to be made. It will serve as an interactive way of balancing equations and performing them. The main screen will be divided into two halves for LHS and RHS of the equation, respectively. Each element in the equation will have + and - buttons to adjust the number of atoms. Colored solutions/gases will be displayed in the two halves. Any color change that can be observed after the reaction can be shown as well. This game's functionality can be further expanded by including the feature of interacting with nearby devices and performing experiments with others.

The game will be developed in Unity 3D. The Unity Engine offers a suite of features which will help us add greater functionality as well as visual appeal. The phone's accelerometer can be used to calculate the tilt of the device and render the fluids on the screen. This application will be initially Android since a huge chunk of users in India are android users. We opted for a mobile application rather than a toy as it can be made available at no extra cost to the end user as opposed to a Physical toy which will have to be bought.

PODCAST EPISODE-2, “Dreamers of today, Achievers of tomorrow”

Date of activity:	28 th November 2020
Target Audience:	VSIT Students
Time:	2:00 pm to 4:00 pm

Workshop on Business Analytical using Power BI Executives

Date of activity:	16.07.2020, 23.07.2020, 30.07.2020
Target Audience:	VSIT Students
Time:	5:00 pm to 7:00 pm
Faculty Members	Dr. Rajendra Patil, J Gunasundari, Rohini D

It is aptly said by Peter Sondergaard, “Information is the oil of 21st century, and analytics is the combustion engine.”

In this pandemic situation the E-cell of VSIT provided the students with an entrepreneurial environment by holding a workshop on Business Analytical using Power BI. The workshop was held on three days- 16th, 23rd and 30th of July 2020. The workshop was conducted on MS Teams for 2 hours. The speaker of the event was Dr. Rajendra Patil. He is an Assistant professor of VSIT under I. T. stream.

On the 16th July 2020, he introduced the students with the Power BI application through a power point presentation. A lot of details were given regarding data analysis. He taught the students about this application. He gave information about this application- how to use it, visualising any data any way with Power BI custom visuals, involvement of technology in E-commerce industry. The workshop on the day concluded with the installations of the power BI on to the desktop of the students.

On the 23rd July 2020- the day two of the workshop- he asked the students to download the excel sheet and gave a practical view about the data storing. He taught us about data storing in excel sheet. He holded the session in a creative way by giving examples through charts, graphs, etc. He told the students about the user experiences of this application.

On the last day, 30th July 2020, the speaker taught the students how to read the data from cloud and URL. The session was so informative hat it gave students an analytical view about the data, its storing, its uses, and how to benefit one’s business by performing accurate analysis of the data. The way to earn money by providing freelancing data analysis. At the end, the students were given a task-based worksheet. **Two** students completed the assignment successfully Harshali L from SYBMS and Vishal from SYBMS. The workshop ended with great success, the participation rate from the students was incredible.

Total Students Attended on 16-07-2020-48, 23-07-2020-27 , 30-07-2020-12
