

## “RANG SANG” (TEXTURE ART WORKSHOP)

Date of activity 5<sup>th</sup>- 8<sup>th</sup> August,  
2020  
Platform : MS Teams

CSI-VSIT Committee organized a four days activity titled ‘**RANG SANG**’.

The objective of this activity is to:

- To provide truly beyond syllabus activity to the students and a colourful event for faculty members.
- To provide a stress relieving event for everyone during this pandemic time by the medium of colours.
- To promote to possess an actual hobby amongst students instead of playing with gadgets.

“**RANG SANG**” was basically a texture Art workshop. It was hosted by Ms. Ekta Dubey, Director of “RangSang” Art Studio having more than 18 years of experience. She works as an Art Faculty too at “Sri Sathya Sai Vidya Vihar”, Indore. In “**RANG SANG**” she gave us a complete demonstration of a texture painting of lord “Ganesha”.

There were 40 participants and they were excited to attend every session of “**RANG SANG**”.

On the first day, she gave us information about different textures that can be used to make an art piece. These textures can be created by using simple items that are easily available in every house, like nail, cotton, sponge, toothpick etc.

She demonstrated different textures on 200 GSM sheet using acrylic putti and with the help of nail, toothpick, fingers, brushes, piece of cardboard and a foil paper. She also gave a demo with the help of tissue paper and glue to create textures.

On the second day of “**RANG SANG**”, **Ms. Ekta Dubey** gave us the demonstration of drawing of “Ganesha” on the canvas using pencil as well as with the help of carbon paper to some amateur learners. Also, she made us learn how to create texture on it with the help of tissue paper and glue.

On the third and fourth day of the event, she demonstrated how to color the art piece and create different shades in the painting. Also, she gave a lot of tips to make our painting beautiful.

With her immense knowledge of art and experience she really made the event successful. We all were delighted to have her here and some of us have really recreated the art piece.

## HOLISTIC WELLNESS IN THE TIMES OF CORONA - DAY 1

### LET'S GO OUT! PSYCHOLOGICAL ASPECTS OF COPING WITH LIFE POST LOCKDOWN

<b>Date:</b>	<b>11<sup>th</sup> June, 2020</b>
<b>Time:</b>	<b>3:00pm to 4:00pm</b>
<b>Platform:</b>	<b>Microsoft Teams</b>
<b>Arranged By:</b>	<b>WIE Affinity Group of IEEE-VSIT Student Branch</b>
<b>Faculty in-charge:</b>	<b>Dr. Sarika Chouhan (Advisor, WIE Affinity Group of IEEE-VSIT SB) Ms. Ketaki Ghawali (Branch Mentor, IEEE-VSIT SB) Ms. Seema Bhatkar (Branch Mentor, IEEE-VSIT SB)</b>

**Holistic Wellness**  
In the Times of Corona  
11th - 13th June 2020  
**DAY 1**  
11th June  
3:00 PM - 4:00 PM

**Dr. Nidhi Thanawala**  
Life Coach, Therapist, Psychology Professor at H.R. College.

*Let's Go Out!  
Psychological Aspects of Coping  
with Life post Lockdown*

**Register Now for Free!** >>>

[bit.ly/wie-reg](https://bit.ly/wie-reg)

@wieeevsit @IEEEWIEvsit IEEE-VSIT Student Branch

Moving into Unlock 1.0, **WIE Affinity Group of IEEE-VSIT Student Branch** organized an amusing three-day Online sessions “**Holistic Wellness in the Times of Corona**” from 11<sup>th</sup> June to 13<sup>th</sup> June 2020. The guest speaker for day 1 was **Dr. Nidhi Thanawala** (Life Coach, Therapist, Psychology professor at H.R College) and the topic which she spoke on was “**Let's Go Out**”- **Psychological Aspects of Coping with Life post Lockdown**. The event saw a diverse pool of attendees which were **70+** in number consisting of VSIT’s own students and faculty.

The event was commenced by **Dr. Sarika Chouhan** (Advisor, WIE Affinity Group of IEEE-VSIT SB) by welcoming all the attendees and introducing Dr. Thanawala to them. All the attendees were addressed by Dr. Thanawala and were cordially welcomed to the event.

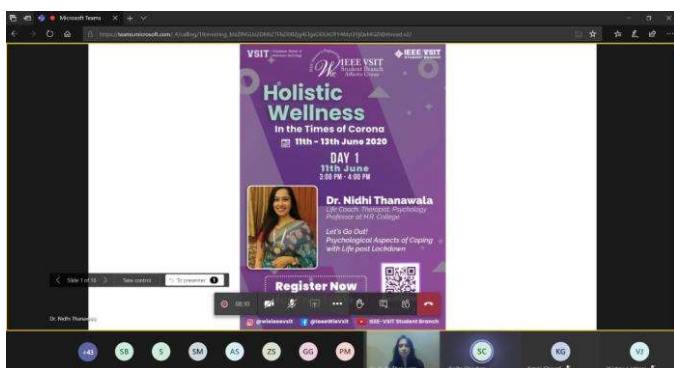

Dr. Thanawala started her session with explaining the attendees on how to deal with lockdown and not to worry or panic rather develop a daily routine habit. Also, she talked about how one can be prepared for the post-lockdown or unlock world. Dr. Thanawala stated that we have to start reconnecting with the people that we used to meet before lockdown so that we can return to our routine. She shared that there are four important things that are needed to cope up

with the lockdown which in her own words are “**SEWA** of which **S** stands for **Sleep**. Every person requires a minimum 8-hours of sleep. The **E** stands **Eating**. Everyone should eat healthy food so that our body remains healthy and fit. The **W** stands for **Water**. Every person should drink 3-4 litres of water everyday. The last letter **A** stands for **Air**. Everyone should inhale fresh and pure air.” Dr. Thanawala then emphasised on how to escape the productivity trap. She explained that we should avoid the question of ‘How productive have you been during the lockdown?’ and not feel the pressure of being productive instead we should do things that are useful for us.

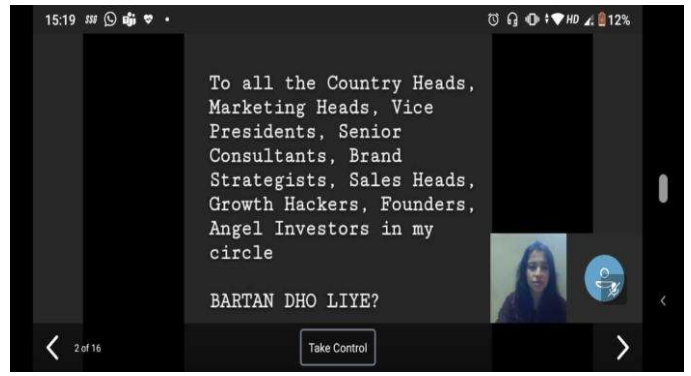

Dr. Thanawala gave some advice on how we should shape ourselves by following 4 steps which are: **Step-1**. We should uninstall all shopping applications. **Step-2**. We should not have any kind of wish lists in our pathways and should avoid messages that make us sad. **Step-3**. We should make a list of expenses that are essential and which are not. **Step-4**. We should make and follow a strict budget. She said that following these steps will shape us in a good way. She then stated that to deal with the psychological aspects of the Lockdown we should take various precautions. Dr. Thanawala concluded by saying that we should not fear anything and we should ask ourselves how rational the fear is?

Dr. Thanawala then responded to the questions in the Question and Answer session carried out by Dr. Sarika Chouhan. The questions were posed by the attendees which covered the basics of Psychological problems faced by people. The purpose of the event was to give everyone a brief about the importance of how to deal with difficult psychological situations at the early level in this short span of time which was surely met.

The event was brought to its conclusion by Khushi Sharma (Chair, WIE Affinity Group of IEEE-VSIT SB) presenting a vote of thanks to the speaker, Dr. Rohini Kelkar (Principal, VSIT), Mr. Asif Rampurawala (Vice-Principal, VSIT), Vidyalandkar Dnyanapeeth Trust and the audience.

**VSIT** | Vidyalankar School of  
Information Technology

CSI – VSIT Presents  
**1<sup>st</sup> E-Conference on**

**RECENT TRENDS IN IT**

**September 21 - 26, 2020**

Vidyalankar School of Information Technology, Vidyalankar College Marg,  
Wadala (East), Mumbai - 400037

One-week E-Conference on Recent Trends in IT | 1

## About VSIT

Vidyalankar School of Information Technology is amongst the most popular colleges of the city offering undergraduate, postgraduate, and doctoral programmes in IT, Commerce, Management and Mass Media. Vidyalankar School of Information Technology is a college affiliated to the University of Mumbai and approved by the Government of Maharashtra.

Vidyalankar: The name synonymous with educational excellence and success is derived from the Sanskrit terms 'vidya' (knowledge) and 'alankar' (jewel). Team Vidyalankar focuses all its energies on spreading the radiance of the 'jewel' of knowledge and education globally.

The Vidyalankar Group of Educational Institutes is a prestigious education specialist that has established centrally recognized colleges and qualitative training institutes with branches across Maharashtra. Managed by the Vidyalankar Dnyanapeeth Trust established in 1960 by Prof. Chandrashekhar S. Deshpande, an academician par excellence, the Vidyalankar Group is marching ahead resolutely, ably steered by its current Chairperson Dr. Sanjeevani Deshpande and Mr. Vishwas Deshpande and Ms. Rashmi Deshpande (Managing Trustees).

The concept of aiming for 'student delight' nurtures a progressive student-centric learning environment at the institute. A well-planned curriculum offering the latest on the technological front, expert guidance from knowledgeable and proficient faculty, an aesthetically engaging campus equipped with all modern amenities, a full range of co-curricular and extra-curricular activities and a plethora of opportunities to enrich one's personality make the educational experience at Vidyalankar a truly rewarding one. Vidyalankar believes in a holistic methodology towards knowledge and education.

Vidyalankar was established in 1960 by Prof. Chandrashekhar S. Deshpande, a technocrat, visionary and a person blessed with extraordinary academic talent and immaculate engineering skills.

## **Vision**

Our Vision is to establish a leading centre of imparting Quality Education in the field of Science, Commerce and Management with emphasis on:

- a. Ensuring that students learn the fundamental concepts in various disciplines.
- b. Motivating students to apply the Scientific & Technological knowledge to develop problem solving capabilities.
- c. Making students aware of the societal and environmental needs with specific appreciation of the emerging global context.

## **Mission**

**Our mission is to provide:**

- a. An educational environment where students can reach their full potential in their chosen discipline and become responsible citizens without compromising in ethics.
- b. A scholarly environment where the talents of both, the faculty members and students are nurtured and used to create knowledge and technology for the benefit of the society.

## **Academics**

**B.Sc.IT | B.M.S | B.A.F | B.B.I | B.F.M | B.A.M.M.C(B.M.M) |**

**M.Sc.IT | M.Com(B & F) | M.Com(AA) | Ph.D**

# About CSI -VSIT

## Overview

The Association strives to advance the theory, practice, and application of computer and information processing science and technology and maintains a high professional standard among its members. It promotes cooperation and exchange of technical information among its members, and to this end, holds various seminars and workshops, and, through its organization and other appropriate means. Students get exposed to latest technologies and industries through committee workshop and industry visits.

## Goal

The Computer Society of India is a non-Profit professional meet to exchange views and information learn and share ideas. The wide spectrum of members is committed to the advancement of the theory and practice of Computer Engineering and Technology Systems, Science and Engineering, Information Processing and related Arts and Sciences. The Society also encourages and assists professionals to maintain the integrity and competence of the profession and fosters a sense of partnership amongst members. Besides the activities held at the Chapters and Student Branches, the Society also conducts periodic conferences, seminars, etc.

## Scope

The mission of the CSI is to facilitate research, knowledge sharing, learning and career enhancement for all categories of IT professionals, while simultaneously inspiring and nurturing new entrants into the industry and helping them to integrate into the IT community. The CSI is also working closely with other industry associations, government bodies and academia to ensure that the benefits of IT advancement ultimately percolate down to every single citizen of India.

## Activities

- 'One Week E-Conference' conducted by CSI-VSIT which comprised of seminars and workshops
- *One day 'ICT Quiz Contest'* with interesting takeaways.
- Workshop on '*Augmented Reality and Virtual Reality*' was piloted.
- Workshop on '*ANDROID Application Development*' was carried out for the students. Practical implementation of application building was explained with demonstration.

## Core Committee

**Prof. Sanjeela Sagar**  
(Convenor)

**Dr. Amita Jain**  
(Convenor)

**Sameeksha Mestry**  
(Student Mentor)

**Aditi Polekar**  
(Incharge)

**Sailee Rao**  
(Incharge)

**Akash Srivastav**  
(Marketing Head)

**Karan Maman**  
(Marketing Head)

**Vrutti Solanki**  
(Registration Head)

**Mustafa Kapadia**  
(Technical Head)

**Rajeev Kaviskar**  
(Technical Head)

**Prabhat Sarang**  
(Creative Head)

**Rahul Jain**  
(Creative Head)

**Yash Mali**  
(Creative Head)

**Content Creation:** By whole team including Shreya Sawant

## Preface

We are very pleased to introduce the preceding's of six-day E-conference on recent trends in I.T. which was completed successfully by the help of our conveners, Prof. Sanjeela Sagar and Dr. Amita Jain. This E-conference was our very First conference which was held on online platform by CSI-VSIT Committee during this covid pandemic. This E-conference was held to enlighten the young minds about the recent trends in Information Technology which will be very useful for the future upcoming technologies. Some of the major trending topics which were included in this e conference were Machine Learning, Blockchain Technology, and smart home using Google assistant, Emotional Intelligence and Cloud technologies.

The first conference was on Machine Learning which was conducted by Ms. Bharti Yadav, who is a software trainer at Squad InfoTech. She gave us information about machine learning such as what is machine learning? , it's examples, it's various types and how Python makes ML easy , also she introduced us about libraries such as NumPy, Pandas, matplotlib and a small mini project based on the libraries. Bharti Yadav ma'am ended the session by saying that "In the field of IT we never stop learning irrespective of our position or knowledge as there are always new technology coming up."

The next conference was on Blockchain Technology which was delivered by Mr. AJIT JOSHI, who is a former secretary of CSI Mumbai chapter and now currently working at Red Hat Technologies. He started the session by giving a broad idea of blockchain technology, its uses in smart contracts, consensus, immutability and provenance and its use cases. He concluded his speech by addressing the criticisms and challenges, such as it being uncertain regulatory status, security, privacy, cost and challenges associated with audit, taxes and compliances faced by the emerging blockchain technology.

Mr. Saurabh Vaishya was the presenter for our third session on emotional intelligence, who is working with Build My Project, who has made internet-controlled robot known as Coro-bot. Next, he explained about implementation of Emotional Intelligence using Artificial Intelligence and Machine Learning. He even shared the GitHub repository to the code he used to detect human faces with the students so they in turn themselves can implement it. He concluded the session with the implementation of his OpenCV and NumPy.

Smart Home using google assistant was covered by Mr. Abhishek Paithankar on the fourth day of our E-conference. He is a technical training and project management executive in BuildMyProject and have proven work record for delivering more that 75+ workshops and technical training. He demonstrated a small experiment using Nodemcu and Arduino. He also had spoken about his recent inventions like ornithopter drone and Coro-bot.

The last session of the conference was held by Mr. Jignesh Chheda on cloud technologies. He is currently working as a technical project manager and subject matter expert for Microsoft Office 365 cloud in Wipro. He gave us information on what is cloud computing and its types, features and its benefits. With some examples followed by a small video on data centres and azure of AWS.

E-conferences on Recent Trends in I.T. was successfully held on Microsoft Teams by five honourable speakers who are industry experts, wonderful audience of 350+ and CSI-VSIT committee from 21st September to 26th September 2020 at 4.30 pm to 6.30 pm. The first day of conference started with welcoming and opening ceremony on MS Teams with short welcoming speeches. The conference was inaugurated by principal of VSIT, Dr. Rohini Kelkar with the presence of honourable Vice Principal Mr. Asif Rampurawala, CEO Dr. Sarika Chouhan of CSI-VSIT conveners Prof. Sanjeela Sagar and Dr. Amita Jain along with this faculties of VSIT.

## Day 1: Machine learning on 21<sup>st</sup> September 2020

**Ms. Bharti Yadav**

### **INTRODUCTION:**

- Ms. Bharti Yadav is currently working as Java and Python Trainer in Coder Technologies (Division of Squad Infotech Pvt. Ltd.) from last 1.5 year.
- She has completed graduation with distinction in Information Technologies and currently pursuing master's in computer science.
- A Software Trainer by profession with two and half years of experience in training. Passionate software trainer with expertise in Java and Python technologies like Java Servlets, JSP, Angular, Django, Machine Learning Libraries. Has

### **CONFERENCE DETAILS:**

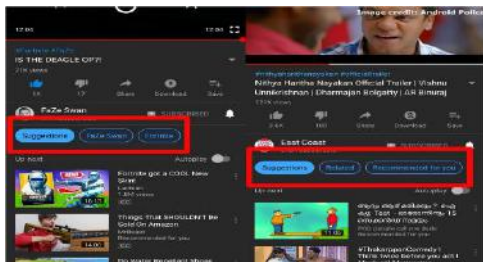

Machine Learning - The first day of E-Conference on “Recent Trends in IT” was held on Microsoft Teams under the guidance of VSIT and CSI-VSIT Committee on 21<sup>st</sup> September 2020. The conference was inaugurated by principal of VSIT, Dr. Rohini Kelkar.

Ms. Bharti Yadav, Trainer at Squad Infotech was the presenter for the day. She started with providing us with the agenda for the day. Including tools that are important for the students to get started with Machine Learning, ranging from IDE(s) to Libraries and skills required.

Machine Learning is a subset of AI. Before getting into AI we need to know machine learning. Deep Learning is based on multi- neuron concept, that is , let machine learn how we humans learn so they can be a substitute for human brain. Humans learn everything from experiences while machine learns from past data with the help of machine learning. To make a machine learn we need to feed them with data sets so they can learn from it.

Machine learning is a process of making the machine learn and process things how we humans do through providing them with data and appropriate algorithm combined in a modal through which they make human like predictions. Python is great tool to implement machine learning algorithms since it is easy to use and has a wide range of libraries and frameworks. NumPy and Pandas library are used in python for implementing machine learning modals. Matplotlib and Seaborn libraries are used to visualize the data created by the machine learning modals. This conference cleared all the students doubts about machine learning, it's uses, it's implementation and how to perfect it with practice. Bharti Yadav ma'am ended the session by saying that in the field of IT we never stop learning irrespective of our position or knowledge as there are always new technology coming up.

There were 220+ participants with a positive feedback.

### Types of Machine Learning – At a Glance

### Outcomes of this Conference:

- Knowledge about Machine Learning with some examples and types.
- Knowledge of implementing Python for Machine Learning.
- Some best libraries of Python for ML : NumPy, Pandas and Matplotlib with its uses and advantages.

## Day 2: Blockchain on 22<sup>nd</sup> September 2020

**Mr. Ajit Joshi**

### **INTRODUCTION:**

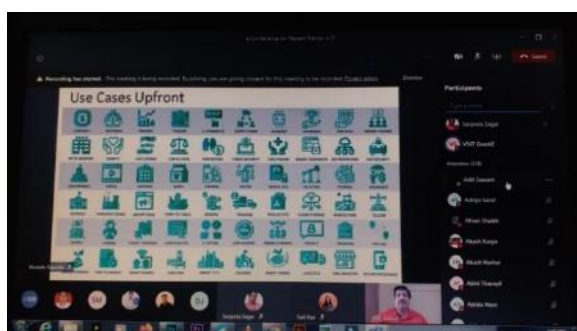

- Mr. Ajit Joshi is currently working as a National Alliance Manager at Red Hat for ISVs, IoT, embedded partners of India Region. Based at Mumbai. He is an engineer from VJTI Mumbai, TOGAF Foundations certified passionate about Blockchain technology.
- Former Secretary CSI Mumbai Chapter.
- Worked in Start-up ecosystem, regular speaker in academics and industry events. Also, a Channel Sales Professional, Experience in IT Distribution, and related Ecosystem of vars, Regional sis etc.

### **CONFERENCE DETAILS:**

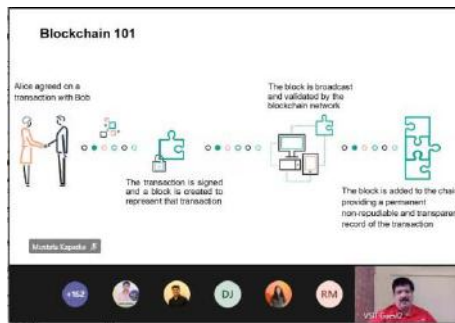

Blockchain Technology - The second day of E-Conference on “Recent Trends on IT” was held on Microsoft Teams under the guidance of VSIT and CSI-VSIT Committee on 21<sup>st</sup> September 2020.

Mr. Ajit Joshi, a National Alliance Manager at Red Hat was the presenter for the day. He started with providing us with the agenda for the day. He started the session by giving us a broad idea of blockchain, its use in smart contracts, consensus, immutability, and provenance and use cases.

Use cases of blockchain technology ranges from currency, e-commerce to smart cities and smart farms. Blockchain is a database that is decentralized and append only that is changes made to it cannot be reverted or corrupted. It records transactions between two parties in which both parties trust each other because of a distributed consensus protocol achieved by a network and ultimately secured through some cryptographic work.

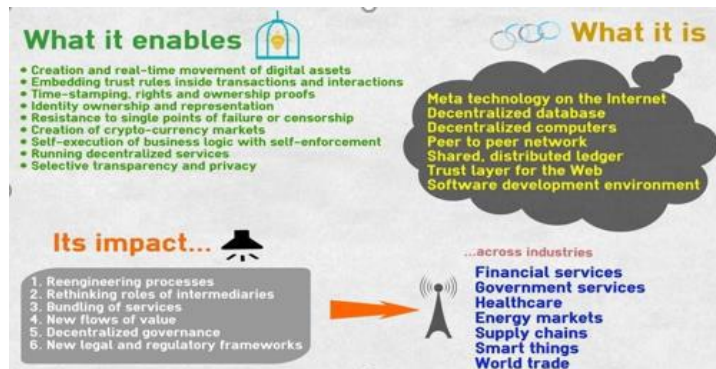

Then sir explains how a transaction takes place between two parties through blockchain technology. Let us take an example where Alice has agreed a transaction with Bob. The transaction is signed, and a block is created to represent that transaction. The block is broadcasted and validated by the blockchain network. The block is added to the chain providing a permanent and transparent record of the transaction.

### Features provided by blockchain technology:

Blockchain technology includes a mix of decentralized database, process logic, cryptographic security and transparency designed for value exchange. A blockchain is a distributed database network that maintains a continuously growing ledger of data records. These data records are organized into blocks, validated against past records by a system of peer computers, and then “chained” to the previous records using cryptography to make the resulting list of records impossible to overwrite. Then sir moved on to the topic of Distributed Ledger. Its components are: Independent permissioned blockchain, distributed virtual machine (Turing-complete), Smart contract governing off-chain assets and network achieves settlement finally. Then key elements of Blockchain are: Storing of digital records, exchanging digital assets, and executing smart contracts.

### Coming onto the impacts of blockchain technology:

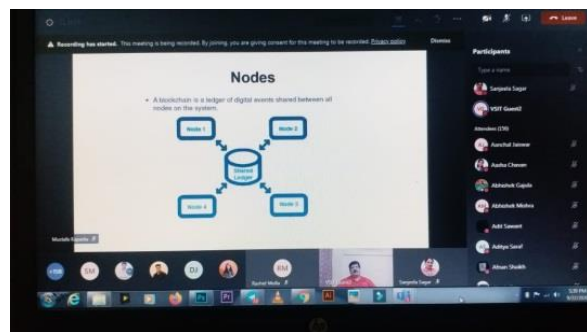

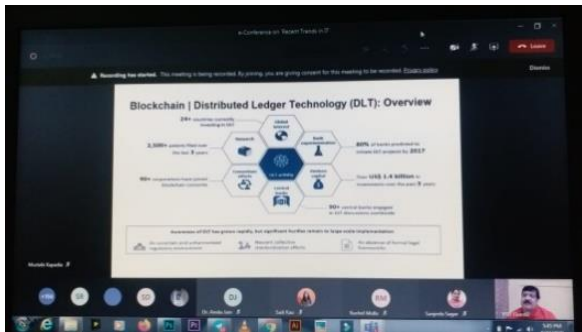

Basic Hash functions are discussed next though there are much complex hash functions used in practical use case. Distributed Ledger Technology (DLT) has grown rapidly but hurdles remain large-scale implementations. Then smart contracts implemented using blockchain technologies are compared with traditional contracts showing how more efficient smart contracts are.

Ajit sir then discusses consensus that is the process by which blockchain transaction are verified. Proof of stake, multi-signature and PBFT are some of its alternatives. Consensus is needed in a business network to share reference data and each member maintains their own nodes, forward changes to a central authority for collection and distribution. This is consolidated as consistent dataset reduces errors.

Immutability was discussed initially by Ajit sir, means that blockchain is append only that its previous transactions or records cannot be reverted or corrupted nor can be deleted form the database. Its use case is seen in financial sector where financial data in a large organization is

dispersed throughout many divisions and geographic where audit and compliance needs uncorrupted records of all key transactions occurred over a certain reporting period. This lowers the cost of audit and regulatory compliance.

To conclude, Ajit sir who is known as a knowledge factory gave the students an extensive introduction to much hyped blockchain technology and terms like consensus, immutability along with its extensive use cases today as well in the future of IT. Sir concluded his speech by addressing the criticisms and challenges face by the emerging blockchain technology such as it being a nascent technology, uncertain regulatory status, large energy consumption, control, security, privacy and cost and challenges associated with audit, taxes and compliance.

Total 205 participants attended the session and they have given very positive feedback and wants more session by Ajit Joshi Sir.

#### **Outcomes of this Conference:**

- Introduction to Block chain
- Smart Contracts
- Consensus , Immutability & Provenance Use Cases
- Criticism and Challenges

## Day 3: Emotional Intelligence on 23<sup>rd</sup> September 2020

**Mr. Saurabh Vaishya**

### **INTRODUCTION:**

- Mr. Saurabh Vaishya is currently working as a trainer, conducting corporate sessions on topics like Deep Learning, Data science, Artificial intelligence, Emotional intelligence, Machine Learning.
- Recently his team has developed India's first Internet controlled Robot. He has started career as a project developer for engineering students, developed engineering projects on website development, smart autonomous cars. Worked on different programming languages and have always upgraded his knowledge in programming languages by making new technology-based projects.
- He has conducted training for many private and Government Institutes including NIT's, IIT's. Done freelancing on Python, Artificial Intelligence, Machine Learning, Data science, Deep Learning and delivering Webinar series on newly introduced topic 'Emotional intelligence'.

### **CONFERENCE DETAILS:**

Emotional Intelligence - The third day of E-Conference on "Recent Trends in IT" was held on Microsoft Teams under the guidance of VSIT and CSI-VSIT Committee on 23<sup>rd</sup> September 2020.

Mr. Saurabh Vaishya has developed India's first internet-controlled robot, Coro-Bot along with his team. He started the session by discussing about the internet-controlled robot, Coro-Bot that his team has created, and it's use cases both in and outside hospitals and in places like hotels. Ward boys, nurses are the frontline Corona warriors in our society who probably met COVID-19 positive patients for many times and for the longest duration. It is with a noble thought of helping these warriors that PNT Solutions came out with the idea of developing a robot which would dispense food, water and medicines to corona patients in their wards without necessity of physical presence of nurses and other care-givers. Coro-bots are deployed in Thane Municipal Corporation as well as in Veg Planet Hotel, Kharghar.

Next project by PNT solutions is Kavach for Indian Navy. PNT Solutions has developed a prototype of 'Kavach' for Indian Navy. Automation part was totally designed, developed, programmed & managed by PNT. Kavach is a naval decoy system to distract radar-guided missiles from their targets and act as a system for self-defence. The Kavach decoy system releases chaff made up of silver coated glass fibre. The chaff forms a clutter which remains suspended in the air so that the incoming guided missile confuses the chaff as the actual target and gets locked onto the chaff instead of the actual target. They have also got second order for the prototype of Kavach. PNT solutions have also created Ornithopter, Flying Bird which could be used for military applications such as aerial reconnaissance without alerting the enemies that they are under surveillance

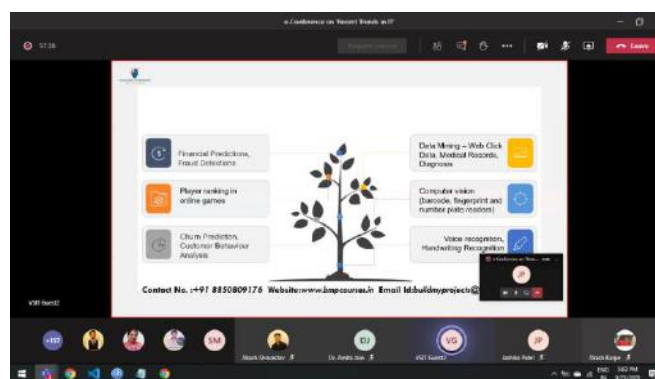

Next Saurabh sir talks about implementation of Emotional Intelligence using Artificial Intelligence and Machine Learning. He tells how knowing the programming and tools behind the artificial

Intelligence is just 30% of total skills required to implement AI. The bulk or the rest 70% is the math behind Machine Learning without which implementing ML is not possible. You don't need to know a lot of math or compute difficult equations yourself, but you need to know how the mathematical equations work and what are they used for.

Saurabh Sir then proceeds onto the categories of Machine Learning which are: Supervised Training, Unsupervised Training and Reinforcement Training. Then he provides the students with applications of Machine Learning.

Sir next shows live demonstration of how we can use Machine Learning to detect faces in a video. He uses Python and it's libraries NumPy and OpenCV to show us how it actually done.

## Day 4: Smart Home using Google Assistant on 24<sup>th</sup> September 2020

**Mr. Abhishek Paithankar**

### **INTRODUCTION:**

- Mr. Abhishek Paithankar has recently developed India's first Internet Controlled Robot i.e. CoRo-Bot in the fight against Covid-19. He has delivered trainings on IoT, Raspberry pi, Machine Learning, Artificial Intelligence, Deep Learning in IIT's, NIT's Private & Govt. Institutes. He is a certified Adobe trainer for IoT in GNI, college of Hyderabad. Started his career by delivering trainings on Robotics.
- A Technical expert and a passionate trainer having a vast experience in Research & Development, Technical Training and Project Management, and have a proven work record of delivering more than 75+ workshops and Technical Training in various technologies and domains including IITs, NITs and other premier educational organizations.

### **CONFERENCE DETAILS:**

Smart Home Using Google Assistant - The fourth day of e-conference on "Recent Trends In IT" organized by CSI-VSIT committee was held on Microsoft Teams on 24th September 2020.

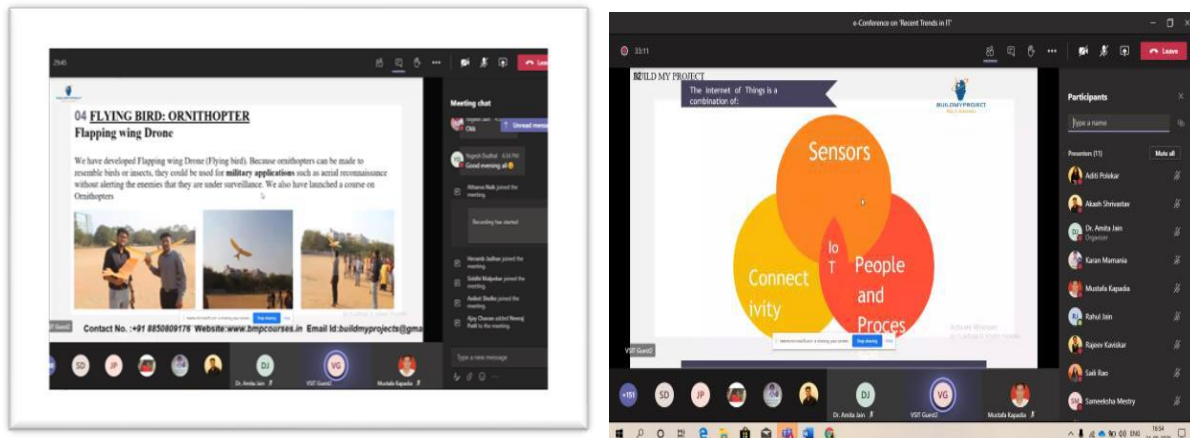

Mr. Abhishek Paithankar, a technical and project Management executive in BuildMyProject was introduced by CSI-VSIT committee member. He and his team had developed India's first internet-controlled robot called "CORO - BOT".

He started the session by giving us a broad idea of Google assistant, its uses and how the smart home could be built using Google assistant. He explained that "Smart Home" refers to the automatic and electronic control of household features, activities, and appliances. There are three main elements of a smart home system: sensors, controllers, and actuators. The utilities and features of our home can be easily controlled via internet.

Sir explained how the IOT is beneficial for inventions which is the concept behind the google assistant – controlled smart home. The Internet of Things (IoT) concept is used in connecting various types of objects like smart phones, personal computer and tablets to the internet, which brings new-fangled type of communication between things and things, and things and people. Internet of things is a combination sensors, connectivity, people and processes. The Internets of Things technology is used to come in with innovative idea and large development space for smart homes to improve the living standards of life.

**Sir discussed about the internet-controlled robot: "Coro-Bot"** which he along with his team had developed. He explained how this bot is serving to corona patients in hospitals. Ward boys, nurses are the frontline Corona warriors in our society who probably encounter COVID-19 positive patients for many times and for the longest duration. It is with a noble thought of helping these warriors that they came out with the idea of developing a robot which would dispense food, water and medicines to corona patients in their wards without the necessity of physical presence of nurses and other care-givers. Also, it is being used at various other places

like restaurants, hotels etc. Coro-bots are deployed in Thane Municipal Corporation as well as in Veg Planet Hotel, Kharghar.

#### Outcomes of this Conference:

- It was a well-planned and very informative session by Mr. Abhishek Paithankar.
- He gave the valuable information about the implementation of Internet of Things that students need to get started with new invention-ideas.
- He introduced some IOT devices like Arduino and Nodemcu Pinout to the participants and answered every query enthusiastically.

## Day 6: Cloud Technologies on 26<sup>th</sup> September 2020

**Mr. Jignesh Chheda**

### **INTRODUCTION:**

- Mr. Jignesh Chheda is currently working as technical project manager and Subject matter expert for Microsoft Office 365 cloud. He has more than 6 years completed in Wipro for Microsoft Business Unit in Wipro. He has pursued diploma in Electronics and Telecommunication from Shah & Anchor Kutchhi Polytechnic, BSc IT from Vidyalankar School of Information Technology and M Tech IT from Vellore Institute of Technology.
- In VSIT he was a Creative head for the year 2013 for Vigour, participated in all CSI events and started CSI community for the year 2015, Technical Secretary of Student council year 2014.
- In Wipro he was an Active Directory, Skype for Business, MS Teams, Microsoft Exchange server is the key area for MS technologies.

### **CONFERENCE DETAILS:**

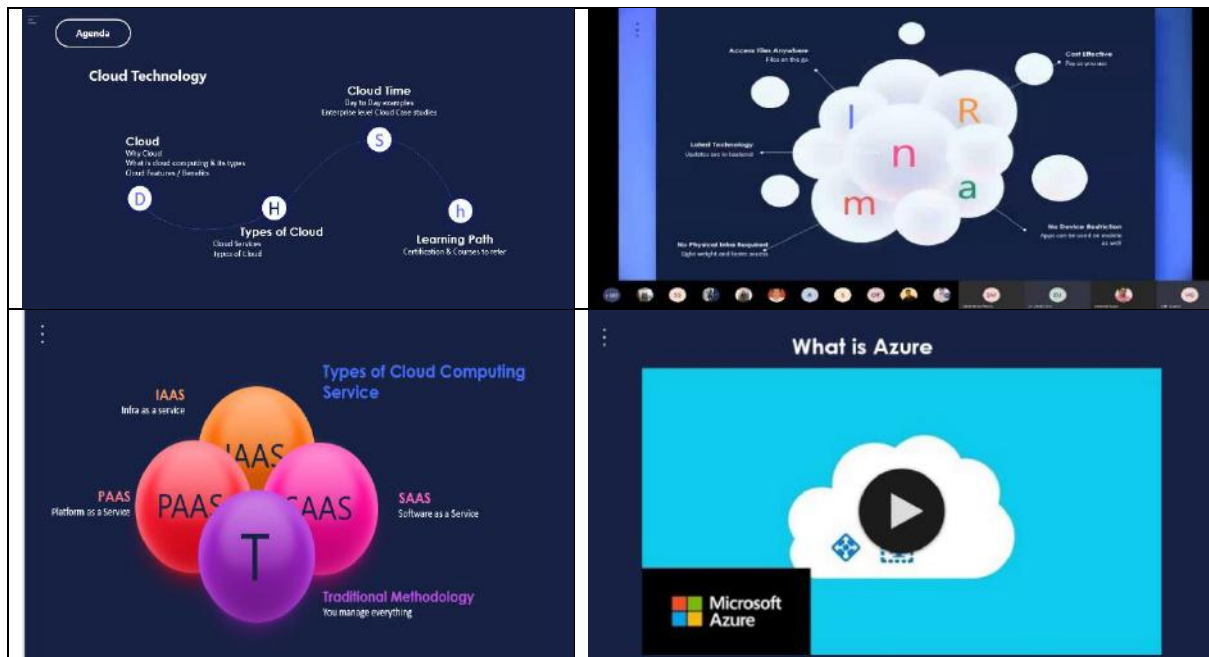

Cloud computing - It is the on-demand availability of computer system resources, especially data storage and computing power, without direct active management by the user. The term is generally used to describe data centres available to many users over the Internet. Cloud computing services cover a vast range of options now, from the basics of storage, networking, and processing power through to natural language processing and artificial intelligence as well as standard office applications. Almost any service that does not require us to be physically close to the computer hardware that we are using can now be delivered via the cloud.

He also explained the various features of using cloud technology i.e. flexibility, global scalability, reliability, cost efficient, more scalable and disaster recovery with more security. He also discussed some examples of cloud computing like Gmail or the cloud back-up of the photos on your smartphone. Netflix relies on cloud computing services to run its video streaming service and its other business systems too and have a number of other organisations.

Cloud computing can be broken down into three cloud computing models. Infrastructure-as-a-Service (IaaS) which refers to the fundamental building blocks of computing that can be rented: physical or virtual servers, storage, and networking. Platform-as-a-Service (PaaS) includes middleware, database management, operating systems, and development tools. Software-as-a-Service (SaaS) is the delivery of applications-as-a-service, probably the version of cloud computing that most people are used to on a day-to-day basis. He also explained types of cloud computing: public cloud, private cloud, hybrid cloud and multi-cloud.

It was very informative and interactive session by Mr. Jignesh Chheda. He provided useful knowledge to the students about the benefits and proper use of “Cloud Computing”. He solved every student’s doubt very enthusiastically and he ended the session by saying that in the field of IT we never stop learning irrespective of our position or knowledge as there are always new

technology coming up, so be explorer and a good learner. There were 185 participants in the session.

### Outcomes of this Conference:

- Brief information of what is Cloud Technology
- Very useful knowledge about the benefits and proper use of “Cloud Computing”.
- Sir solved every student’s doubt very enthusiastically and he ended the session by saying that in the field of IT we never stop learning irrespective of our position or knowledge as there are always new technology coming up, so be explorer and a good learner.

## Summary

Booklet of VSIT's first E-Conference on "Recent Trends in IT" is now ending. We as a Core-committee of CSI-VSIT Mumbai Chapter would like to take this opportunity to extend our sincere gratitude and appreciation to all of you, for your invaluable contributions in making this event a great success.

We had a wonderful journey of five days which was interesting and informative. Through a wide range of keynote speeches and discussions, we have been presented with current and upcoming trends in IT Industry. We hope that you liked the information shared and you will convey your experiences with others from near and far, and that a cordial relationship established among us during this Conference will further strengthen. But, of course, the real measure of this conference success lies in how it will affect you or more precisely, how it will affect the actions you will take while implementing these concepts.

We look forward to organize new events, workshops, and seminars for you all. We hope that all of us will imply the knowledge what we have gained through this conference. Before we conclude, we would like to invite all of you for all the events we are planning further. Thank you for attending this conference and have a safe journey ahead.

## HOLISTIC WELLNESS IN THE TIMES OF CORONA - DAY 2

### WELLNESS - WELLBEING WORKSHOP TIBETAN BOWL SOUND HEALING

<b>Date:</b>	<b>12<sup>th</sup> June, 2020</b>
<b>Time:</b>	<b>11:00am to 12:30pm</b>
<b>Platform:</b>	<b>Microsoft Teams</b>
<b>Arranged By:</b>	<b>WIE Affinity Group of IEEE-VSIT Student Branch</b>

@wieeevsit @IEEEWieVsit IEEE-VSIT Student Branch

Moving into Unlock 1.0, **WIE Affinity Group of IEEE-VSIT Student Branch** organized an amusing three-day Online sessions “**Holistic Wellness in the Times of Corona**” from 11<sup>th</sup> June to 13<sup>th</sup> June 2020. The guest speaker for day 2 was **Ms. Prathama Nemane** (Sound Healer, Reiki Master, Asst. Professor at VSIT) and the activity which she spoke on and conducted was “**Wellness - Wellbeing Workshop, Tibetan Bowl Sound Healing**”. The event saw a diverse pool of attendees which were **60+** in number consisting of VSIT’s own students and faculty.

The event was commenced by **Dr. Sarika Chouhan** (Advisor, WIE Affinity Group of IEEE-VSIT SB) by welcoming all the attendees and introducing Ms. Nemane to them. All the attendees were addressed by Ms. Nemane and were cordially welcomed to the event.

Ms. Nemane started her session with explaining to the attendees the six different aspects of her talk which are **Wellness, Wellbeing, Chakras, Nadayoga, Bij Mantras and Sound Healing**. She started by talking about Wellness. She quoted that Wellness is a dynamic process of change and growth. She shared that there are 6 different types of wellness which are: Social,

Emotional, Physical, Environmental, Financial and Spiritual. Ms. Nemane stated that Wellbeing is the experience of health, happiness and prosperity. She said that there are 10 different foundations of wellbeing which include Self-caring, Mindfulness, Learning, Vitality, Gratitude, Confidence, Calm, Motivation, Courage and Lastly Services. Ms. Nemane then emphasised that the human body consists of energy and it has different types of Chakras that are present. The Chakras from top to bottom are the Crown Chakra, 3rd eye Chakra, Throat Chakra, Heart Chakra, Solar Plexus Chakra, the Sacral Chakra and the final one the Root Chakra.

Ms. Nemane gave relaxation to the attendees by conducting sound therapy which is the Nadayoga. She advised everyone to close their eyes and go into the posture of meditation she then made them relax their mind and body by repeating the sound thrice by saying SAA for the root chakra, REE for the Sacral chakra, GAA which replenishes the solar plexus chakra, MAA for the heart chakra, PAA for the throat chakra, DHA which enhances the 3rd eye chakra, NII for improving the crown chakra and in the end SAA for the overall body replenishment. She then enriched the chakras by repeating the sound of LAAM for the root chakra, VAAM for the sacral chakra, RAAM replenishing the solar plexus chakra, YAAM for the heart chakra, HAAM to improve the throat chakra, OM incrementing the 3rd eye chakra and lastly AUM to augment the crown chakras. Ms. Nemane concluded by relaxing and cooling down everyone's mind and soul using different Tibetan bowl sounds.

The purpose of the event was to give everyone a feeling of relaxation and enhancement to busy minds and souls in this short span of time which was surely met.

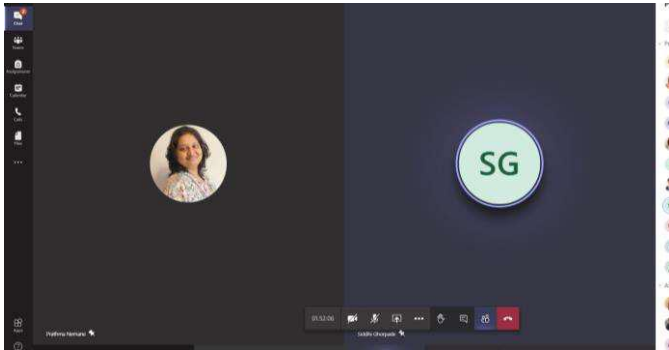

The event was brought to its conclusion by Siddhi Ghorpade (Vice Chair, WIE Affinity Group of IEEE-VSIT SB) presenting a vote of thanks to the speaker , Dr. Rohini Kelkar (Principal, VSIT), Mr. Asif Rampurawala (Vice-Principal, VSIT), Vidyalkar Dnyanapeeth Trust and the audience.

# WELLNESS

- Wellness is an active process of becoming aware of and making choices toward a healthy and fulfilling life.
- Wellness is a dynamic process of change and growth.
- A state of complete physical, mental, and social well-being.

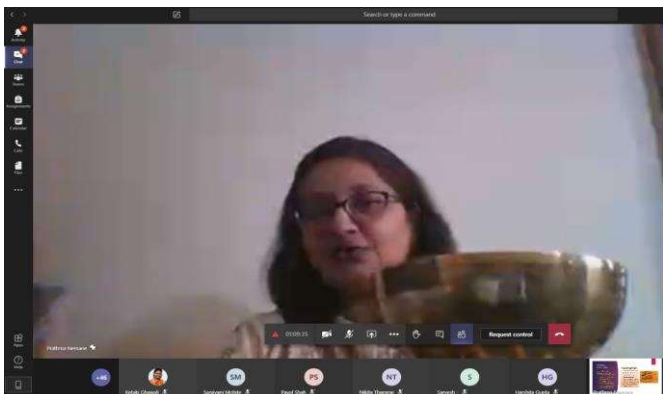

# CHAKRAS

- Chakras are the concentrated energy centres of the body.
- Chakras are spinning wheels of energy.
- Chakras have the loving responsibility of taking in, incorporating and emanating energy to keep us functioning at optimal levels.

Prathma Namane

**VSIT** | Vidyalankar School of  
Information Technology

CSI – VSIT Presents

**International E-Conference on**

**RECENT TRENDS IN IT 2.0**

**April 05 - 09, 2021**

Vidyalankar School of Information Technology, Vidyalankar College Marg,  
Wadala (East), Mumbai - 400037

One-week E-Conference on Recent Trends in IT 2.0 | 1

## About VSIT

Vidyalankar School of Information Technology is amongst the most popular colleges of the city offering undergraduate, postgraduate, and doctoral programmes in IT, Commerce, Management and Mass Media. Vidyalankar School of Information Technology is a college affiliated to the University of Mumbai and approved by the Government of Maharashtra.

Vidyalankar: The name synonymous with educational excellence and success is derived from the Sanskrit terms 'vidya' (knowledge) and 'alankar' (jewel). Team Vidyalankar focuses all its energies on spreading the radiance of the 'jewel' of knowledge and education globally.

The Vidyalankar Group of Educational Institutes is a prestigious education specialist that has established centrally recognized colleges and qualitative training institutes with branches across Maharashtra. Managed by the Vidyalankar Dnyanapeeth Trust established in 1960 by Prof. Chandrashekhar S. Deshpande, an academican par excellence, the Vidyalankar Group is marching ahead resolutely, ably steered by its current Chairperson Dr. Sanjeevani Deshpande and Mr. Vishwas Deshpande and Ms. Rashmi Deshpande (Managing Trustees).

The concept of aiming for 'student delight' nurtures a progressive student-centric learning environment at the institute. A well-planned curriculum offering the latest on the technological front, expert guidance from knowledgeable and proficient faculty, an aesthetically engaging campus equipped with all modern amenities, a full range of co-curricular and extra-curricular activities and a plethora of opportunities to enrich one's personality make the educational experience at Vidyalankar a truly rewarding one. Vidyalankar believes in a holistic methodology towards knowledge and education.

Vidyalankar was established in 1960 by Prof. Chandrashekhar S. Deshpande, a technocrat, visionary and a person blessed with extraordinary academic talent and immaculate engineering skills.

## **Vision**

Our Vision is to establish a leading centre of imparting Quality Education in the field of Science, Commerce and Management with emphasis on:

- a. Ensuring that students learn the fundamental concepts in various disciplines.
- b. Motivating students to apply the Scientific & Technological knowledge to develop problem solving capabilities.
- c. Making students aware of the societal and environmental needs with specific appreciation of the emerging global context.

## **Mission**

**Our mission is to provide:**

- a. An educational environment where students can reach their full potential in their chosen discipline and become responsible citizens without compromising in ethics.
- b. A scholarly environment where the talents of both, the faculty members and students are nurtured and used to create knowledge and technology for the benefit of the society.

## **Academics**

**M.Sc.IT | M.Com(B & F) | M.Com(AA) | Ph.D**

# About CSI -VSIT

## Overview

The Association strives to advance the theory, practice, and application of computer and information processing science and technology and maintains a high professional standard among its members. It promotes cooperation and exchange of technical information among its members, and to this end, holds various seminars and workshops, and, through its organization and other appropriate means. Students get exposed to latest technologies and industries through committee workshop and industry visits.

## Goal

The Computer Society of India is a non-Profit professional meet to exchange views and information learn and share ideas. The wide spectrum of members is committed to the advancement of the theory and practice of Computer Engineering and Technology Systems, Science and Engineering, Information Processing and related Arts and Sciences. The Society also encourages and assists professionals to maintain the integrity and competence of the profession and fosters a sense of partnership amongst members. Besides the activities held at the Chapters and Student Branches, the Society also conducts periodic conferences, seminars, etc.

## Scope

The mission of the CSI is to facilitate research, knowledge sharing, learning and career enhancement for all categories of IT professionals, while simultaneously inspiring and nurturing new entrants into the industry and helping them to integrate into the IT community. The CSI is also working closely with other industry associations, government bodies and academia to ensure that the benefits of IT advancement ultimately percolate down to every single citizen of India.

## Activities

- 'One Week E-Conference' conducted by CSI-VSIT which comprised of seminars and workshops
- *One day 'ICT Quiz Contest'* with interesting takeaways.
- Workshop on '*Augmented Reality and Virtual Reality*' was piloted.
- Workshop on '*ANDROID Application Development*' was carried out for the students. Practical implementation of application building was explained with demonstration.

## Preface

We are very pleased to introduce the preceding's of five-day E-conference on recent trends in I.T. v2.0 which was completed successfully by the help of our conveners, Prof. Sanjeela Sagar and Dr. Amita Jain. This E-conference was our second conference after a huge success with very First conference of the same subject and which was held on online platform by CSI-VSIT Committee during this covid pandemic. This E-conference was held to enlighten the young minds about the recent trends in Information Technology which will be very useful for the future upcoming technologies. Some of the major trending topics which were included in this e conference were Android Application Development, Angular JS, DevOps, Software Testing and Modern Security.

The first conference was on Android Application Development which was conducted by Mr. Niket Shah, who is a app developer and working with Hurix Digital Pvt. Ltd. as a Tech Lead. He gave us information about app development such as what is the process of getting started? Jumped into depths of Android Architecture and gave a close look at each component that constitutes the structure. Mr. Niket Shah ended the session with a perfect blend of knowledge that students need about Android Application Development alongside with the demonstration of a few sample codes that helped students relate with the context of the webinar.

Mr. Girish Boddu was the presenter for our second session on Angular JS who is senior software engineer and has also worked on ERP systems. He explained about prime features of Angular JS and a few commands. He even shared demonstrated his own software and its working in real time. Session ended with Mr. Boddu sharing references to courses handpicked by him so students can learn using digital platforms.

The next conference was on DevOps which was delivered by Mr. Ajit Joshi, who is a former secretary of CSI Mumbai chapter and now currently working at Red Hat Technologies. He started the session by giving a broad ideology of DevOps. Focused majorly onto failures of DevOps due to cultural problems & ways to overcome the limitations existing. He concluded his speech by a brief Q&A with the participants sharing his stories while growing alongside ever evolving DevOps and culminated.

The last session of the conference was held by Mr. Abhishek Pandey on Modern Security. He is currently working as cyber-security engineer at CyberSmithSECURE. He gave us information on how cyber-attacks take place. He showed around how attackers use vulnerabilities and expose data. In the end he shared his personal credentials for the ones interested to go more deeper and learn more about cyber security.

E-conferences on "Recent Trends in I.T." v2.0 was successfully held on Zoom Meetings by five honourable speakers who are industry experts, wonderful audience of 200+ and CSI-VSIT committee from 5th April to 9th April 2021 at 4.30 pm to 6.30 pm. The first day of conference started with welcoming and opening ceremony on Zoom Meetings with short welcoming speeches. The conference was inaugurated by principal of VSIT, Dr. Rohini Kelkar with the presence of honourable Vice Principal Mr. Asif Rampurawala, CEO Dr. Sarika Chouhan of CSI-VSIT conveners Prof. Sanjeela Sagar and Dr. Amita Jain along with this faculties of VSIT.

## Day 1: Android App Development on 5<sup>th</sup> April 2021

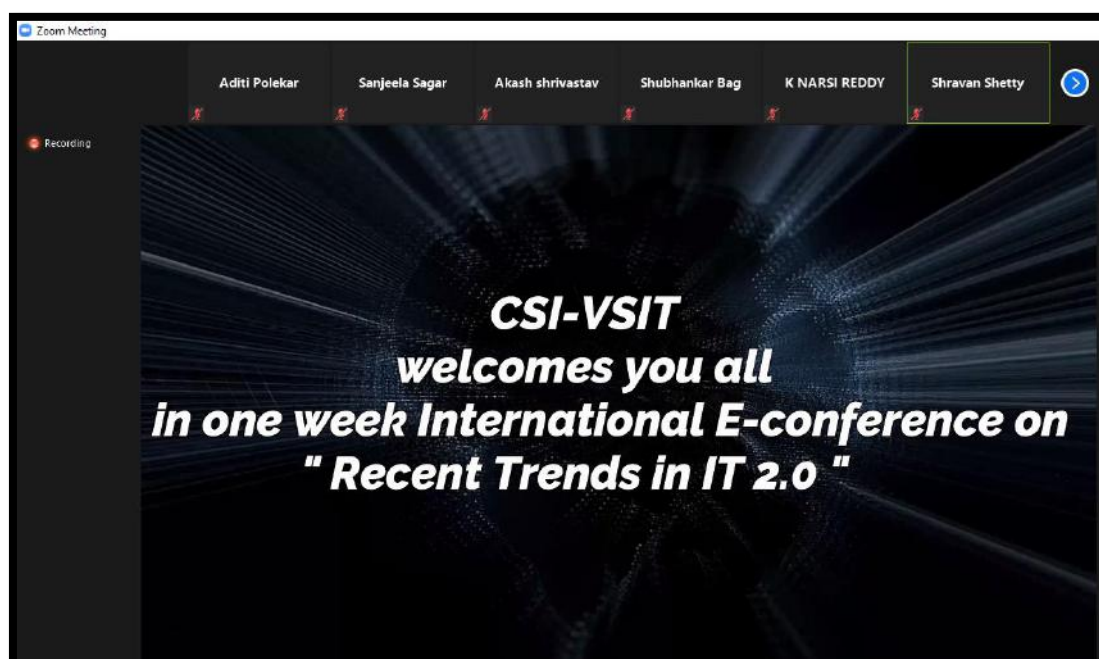

**Mr. Niket Shah**

### INTRODUCTION:

- Mr. Niket Shah has around 5 years of industry experience in Development with good exposure in mobile applications and advertising SDK.
- He has completed graduation with distinction in Information Technologies from VSIT itself
- He has worked as an Android Developer with Skynet Secure Solutions Pvt. Ltd., Andheri. He has also worked with Derby Group of Companies as an Android Developer. And right now, he is working with Hurix Digital Pvt. Ltd. as a Tech Lead.

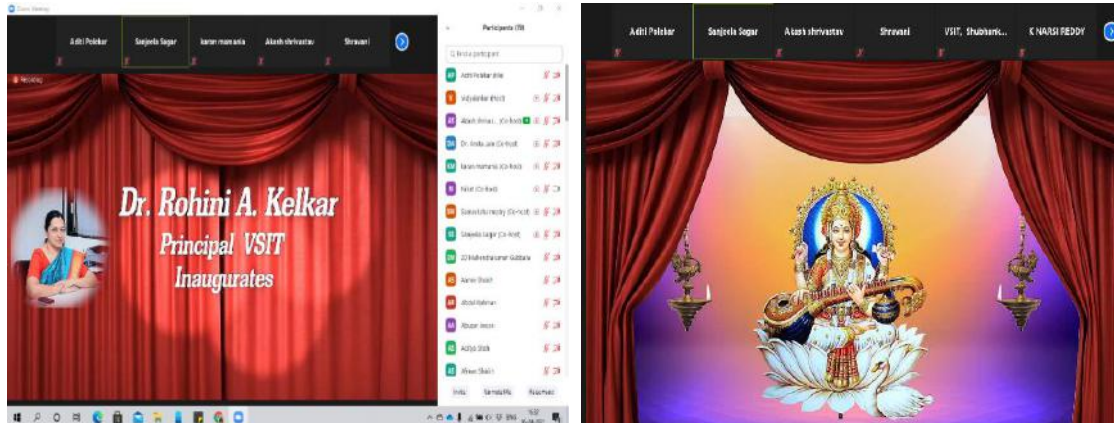

### CONFERENCE DETAILS:

The 1st Day of International Webinar on Recent Trends in IT v2.0 was held on Zoom Meetings under the guidance of VSIT and CSI-VSIT Committee on 5th April 2021. The goal of webinar was to take a peek into the world of Android Application Development.

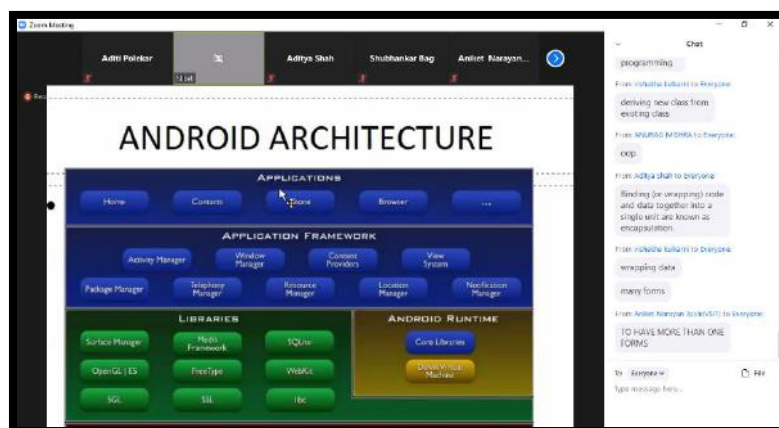

Day 1 begun with inauguration of these webinars which were held under the event “Recent Trends in IT v2.0” by Principal Dr. Rohini Kelkar followed by Sarasvati Vandana. After which Dr. Amita Jain ma’am took upon the stage & introduced the event’s purpose & highlights. As well as Vice Principal Mr. Asif Rampurawala expressed how overwhelmed he was to see such eminent speakers to accept VSIT’s invite to our event and welcomed our guest speaker Mr. Niket Shah.

Student: Ms. Tanmayee Asolkar, one of the core members of CSI VSIT introduced the speaker and welcomed all the participants.

Our guest speaker, Mr. Niket Shah is an Alumni member of VSIT. Mr. Shah started the session by discussing about how Android came into existence and its creator's history. Later took a glance into the various versions released so far with latest one being Android 12.0. He revisited a few concepts of OOP Methodology to put students at ease & make them understand without difficulty. Jumping further into Android Architecture and taking a close look at each component that constitutes the structure such as Libraries, runtime libraries, framework, etc. Next up into Security features offered by Android and introducing to concepts such as Security Sandbox. Not only that Mr. Shah tried much harder in a bold way to explain few other key components that form the basis of Android Development such as: palette, project view, toolbar, component tree, AVD manager, SDK manager, LOGCAT, etc.

Later at a point he showed us how to get started with Android Studio and installation of drivers and demonstrated a short code by connecting his smartphone with the Studio application. Named a few different types of layouts that are used in creating UI. Explained what Android Manifest file plays a part, various application components that are available in Android, Activity life Cycle and widgets. In all Mr Shah encouraged the participants to boost their interest into this field.

To conclude, it was a fantastic and a very catchy session by Mr. Niket Shah with 180+ participants. With a perfect blend of knowledge that students need about Android Application Development alongside with the demonstration of a few sample codes that helped students relate with the context of the webinar. He answered most of the student's doubts and questions most precisely. In the end Mr. Shah shared references to the code he had demonstrate on Android Studio so that the students can implement on their own. Some links provided by sir:

- <https://developer.android.com/training/index.html>
- <https://www.udacity.com/course/developing-android-apps--ud853>

## Day 2 : Angular on 6<sup>th</sup> April 2021

**Mr. Girish Boddu**

### INTRODUCTION:

- Mr. Girish Boddu is currently working as Software Developer at Learningmate Pvt.Ltd for an LMS system.
- Currently Working with Angular, Angular JS , Laravel.
- He has Exemplary problem-solving skills, ability to identify problems and implement corrective processes.
- Former Secretary CSI Mumbai Chapter.
- Sir has experience of working at One Leap Solutions Pvt.Ltd, Ixia Solutions Llp, and many more firms.

### CONFERENCE DETAILS:

The 2nd day of international E-conference for Recent trends in IT v2.0. was held in presence of esteemed teachers, participants, and Members of CSI-VSIT who were involved for the arrangement of the event. Student: Ms. Ishika Jaiswal; one of the members of CSI-VSIT hosted the event with a short introduction about the event to all the participants on 6th of April 2021.

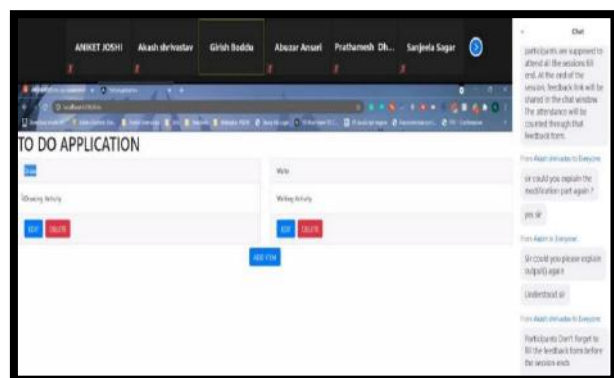

On day 2nd of 'Recent trends in IT 2.0', the purpose of meeting was to impart knowledge to the students about one of the most phenomenal topics i.e., 'Angular JS' by an articulate speaker Mr. Girish Boddu sir who put his time and endeavours to immensely make us understand about the topic Angular JS. He is a senior software engineer at one leap solutions he has also worked on an ERP system, with technologies like GraphQL, Laravel, Angular and Ionic. Worked on e-commerce websites worked on a real time audio video recorder using JavaScript.

Mr. Girish begun with some prior about Angular and its key features, how the installation of Angular is done & few of its command. He threw light on what is SPA (Single Page Application) which offers more dynamics resemblance to mobile apps and desktop apps. Later he explained the students about root module i.e. Components which provides good user experience, Templates, Metadata, Data binding and its type, some points about DOM (Document Object Model) also two-way binding concepts. Directives with its three types, Services, Routing, Input and Output and many more interesting concepts of what are the things present in Angular JS. Later he showed the compilation using his own created software and displayed us "To do application" example in real time.

```
import { Component } from '@angular/core';
import { RouterOutlet } from '@angular/router';

@Component({
  selector: 'app-root',
  templateUrl: './app.component.html',
  styleUrls: ['./app.component.css']
})
export class AppComponent {
  title = 'angular';
}

@NgModule({
  declarations: [AppComponent],
  imports: [RouterOutlet],
  providers: [],
  bootstrap: [AppComponent]
})
export default AppModule;
```

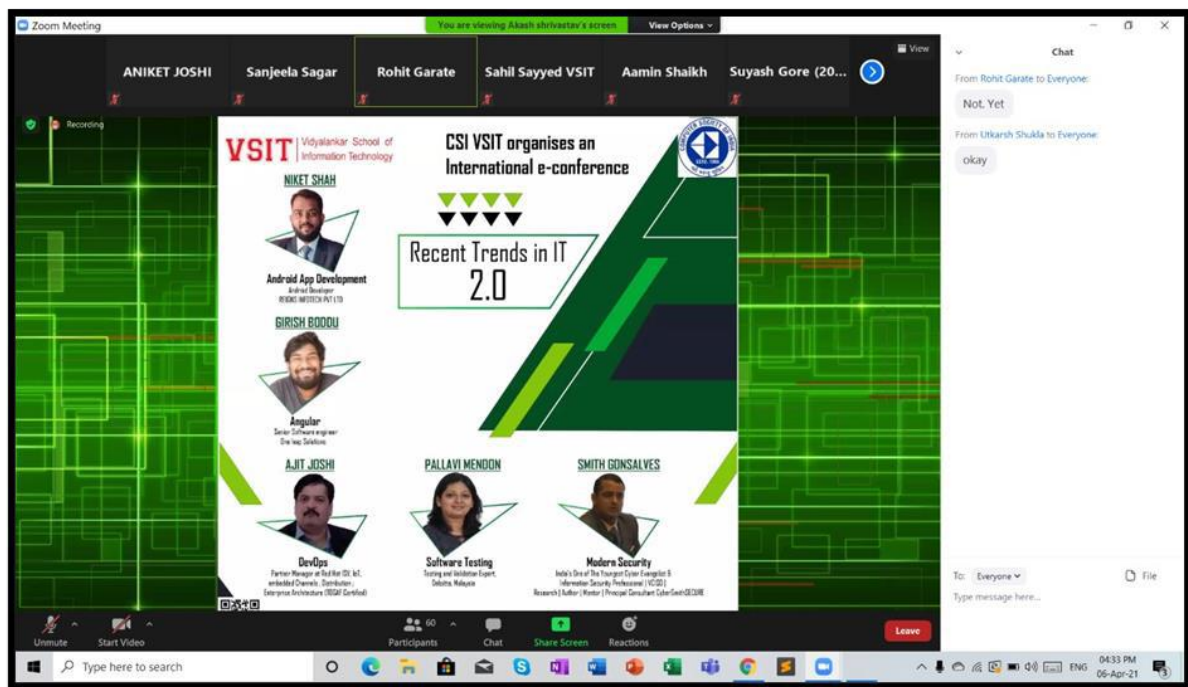

To conclude, it was an amazing and informative session by Mr. Girish Boddu as he offered tons of knowledge with 80+ participants. Demonstration of codes that helped students relate with context of the topic. He was ready to clear each student's doubts and questions more precisely. In the end Mr. Boddu also shared references to the code he used to demonstrate so that the students can implement on their own. And a few links to website so the students can learn from courses handpicked by Mr. Girish Boddu.

- <https://github.com/morphen225/to-do-application.git>

At last student: Jadyne Dias member of CSI-VSIT gave the vote of thanks to all the members participated and our special guest.

Some glimpse of moments captured by CSI-VSIT committee:

## Day 3: DevOps on 7<sup>th</sup> April 2021

**Mr. Ajit Joshi**

### INTRODUCTION:

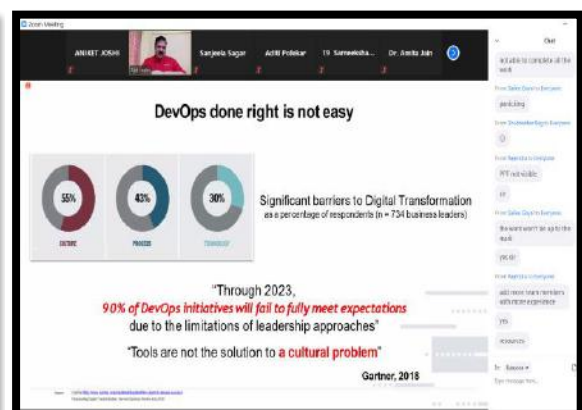

- Mr. Ajit Joshi is currently working as a National Alliance Manager at Red Hat for ISVs, IoT, embedded partners of India Region. Based at Mumbai. He is an engineer from VJTI Mumbai, TOGAF Foundations certified passionate about Blockchain technology.
- Former Secretary CSI Mumbai Chapter.
- Worked in Start-up ecosystem, regular speaker in academics and industry events. Also, a Channel Sales Professional, Experience in IT Distribution, and related Ecosystem of vars, Regional sis etc.

### CONFERENCE DETAILS:

Day 7th April 2021 marks as the 3rd Day of International Webinar on “Recent Trends in IT v2.0”. Arranged & organized by CSI-VSIT Committee on Zoom Meetings. The content of webinar was DevOps with Containers & Microservices.

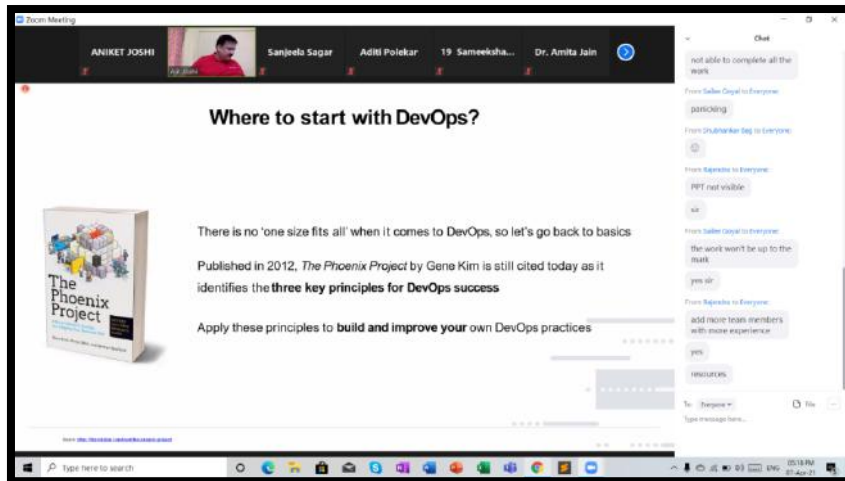

The stage was taken over by Mr. Ajit Joshi, an influential magnate with 25+ years of work experience in IT industry and receiving many highest accolades here at home as well as abroad. Mr. Joshi was the Former Secretary of CSI: Mumbai Chapter. Also, a Start-up Entrepreneur at Angel Network and acting National Alliance Manager (South Asia) at Red Hat Inc.

Session begun with a few questions put forth by Mr. Joshi in turn where he told a few stories relating to plays from movies to relate with the concepts he was about to showcase. Sir then begun with the explanation of evolution of the methodologies that the man has been using for development namely Waterfall method, Agile method and DevOps method. Moving onto failures of DevOps to grow from experience and overcome the limitations existing due to cultural problems.

Sir later expressed his biggest asset to get started in DevOps which lies in a novel by Gene Kim on “The Phoenix Project”. Majorly focusing on the principles of Systems Thinking, Amplifying Feedback Loop and Culture of Continual Experimentation and Learning; together these principles form the key to DevOps success.

Further as sir said, many small companies don't have enough budget set for innovations & experiments and succumb to the traditional means and to turn a new leaf over is like making an elephant dance for such IT companies as setting up DevOps on enterprise level is hard. That's where sir suggested another novel to get a different perspective by Gary Gruver in "Starting and Scaling DevOps in the Enterprise". This novel focuses heavily on real world problems. Using a keen set of practice tips one can develop a framework to make MVP (i.e. in this case, software development techniques)

With huge set of blocks clear for newbies trying to understand DevOps, Sir then hopped onto definition, factors for adoption and a few other peripheral concepts which added to a whole package of knowledge gained throughout the session.

Aimed at students from various walks of life, the webinar by Mr. Joshi was to discover the field of DevOps and interact with group of participants willing to take home a goodie bag full of treasures Mr. Joshi had to offer. To conclude Mr. Ajit Joshi was phenomenally remarkable during the session attended by over 60+ participants. At the near end Mr. Joshi had a QnA with the participants and culminated with many hankering for more such session with Mr. Ajit Joshi himself. Some glimpse of moments captured by CSI VSIT committee:

## Day 4 : Software Testing on 8<sup>th</sup> April 2021

**Mrs. Pallavi Mendon**

### **INTRODUCTION:**

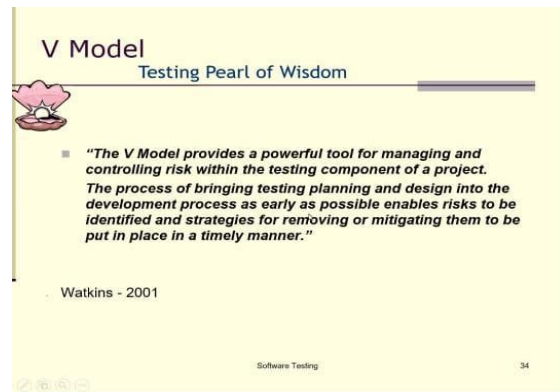

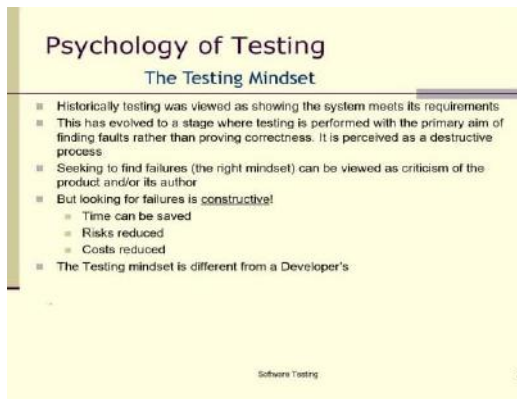

- Mrs. Pallavi Mendon has over 16 years of consulting experience in Application validation and Testing.
- She has worked with Mahindra and Mahindra, iGATE, Deloitte Consulting on different domain as Testing and Validation subject matter expert.
- Ma'am is proficient in requirement gathering, impact assessment, defining validation/ test strategy, planning,
- Testing and implementation for the different domain projects. She has managed and lead validation/testing work streams for multiple domains for leading industry clients.
- Pallavi ma'am holds 'M.Sc. in Information Technology' degree from University of Pune.

### **CONFERENCE DETAILS:**

The 4th day of international E-conference for "Recent trends in IT v2.0" and yet the trend goes relentless, a gracious event took place on Thursday evening on Zoom online platform under presence of Sanjeela Sagar madam & Dr. Amita Jain ma'am and Members of CSI-VSIT who arranged the event. Student: Ms. Shreya Sawant one of the core members of CSI-VSIT took the privilege to host the event with a brief of introduction about our guest and welcomed all the participants on 8th of April, 2021.

On day 4 of 'Recent trends in IT', a salient topic software testing was spoken upon by a very talented and adroit Ms. Pallavi Mendon, she has over 16+ years of consulting experience in applications validation and testing. She has worked with Mahindra, iGATE, Deloitte consulting on different domain as testing and validation subject matter expert. She is also proficient to gauge, assess and implement from leading expert of the industry.

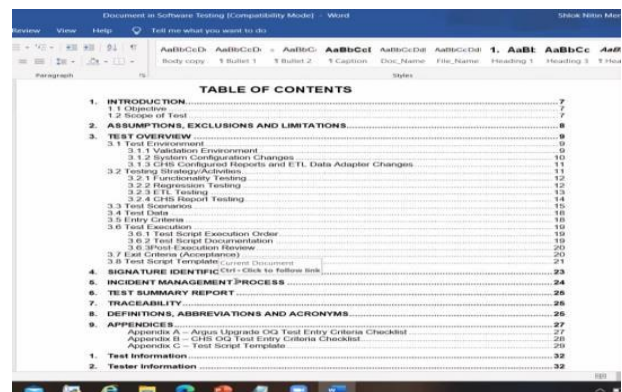

Ms. Mendon started the discussion with objectives of software testing, about its terminologies, a brief about fundamentals of testing, what are its five stages (i.e. test planning and controls, test analysis and design, test implementation and execution, Evaluating exit criteria and reporting & Test closure activities). Beside this she taught us what should be the psychology of a good Tester; what should be his/her mind-set. Later she proceeded with V model, iterative development model, Concept of components & system integration techniques. Continuing on to what are the requirements to handle test cases, some part of function requirement documents and many more facts about software testing!

Concluding, the two hours session was amazing and informative that the students participated enthusiastically. Ms. Pallavi Mendon offered a illuminating session, kicking off the event with 70+ no. of participants. Demonstration of some test case samples, test plans which helped the students understand the concept more precisely. She passionately answered student's doubts and questions. Also there was Mr Murali Anantha, one of her colleagues helping out the students to get their doubts cleared. Ms. Mendon ended up the session by putting a case scenario for students to solve.

At last, student Mr. Akash Shrivastav; marketing head of CSI-VSIT; gave the vote of thanks mentioning our special guest principal Madam, supervisors, teachers & members of CSI-VSIT and all the participants attended.

Some glimpse of moments captured by CSI-VSIT committee:

## Day 5: Modern Security on 9<sup>th</sup> April 2021

**Mr. Abhishek Pandey**

### INTRODUCTION:

- Mr. Abhishek Pandey is currently working as cyber security engineer for CyberSmithSECURE. He has pursued Bachelor of Engineering in IT from Shree L R Tiwari College of Engineering, Thane.
- At Ugam Company, Thane he has worked as Associate Analyst.
- He has also worked as Cyber Crime Officer, All India Anti-Corruption board at Thane.

### CONFERENCE DETAILS:

The 5th day of International E-conference for “Recent trends in IT v2.0” and the trend still goes relentless; a gracious event took place on Friday evening on Zoom online platform under presence of Sanjeela Sagar madam & Dr. Amita Jain ma’am and Members of CSI-VSIT who arranged the event. Student: Mr. Jadyndias one of the core member of CSI-VSIT took the privilege to host the event with a bit of introduction about our guest and welcomed all the participants on 9th of April 2021.

“Everyone is curious about security and no-one wants to be hacked by someone”; undertaking this aim Mr. Abhishek Pandey sir introduced the most trending and brain eating topic “The Modern Security”. Abhishek Pandey Sir is a Security enthusiast with a special interest in Cybersecurity and national security. He is working as a cybersecurity engineer at CyberSmithSECURE. His domain specialization is in OSINT, Threat Hunting, Social engineering, and Digital Forensics. He has completed his B.E. I.T. from the University of Mumbai and has a Diploma in Cyberlaw from Government Law College, Mumbai.

Session began with a twist of some shocking news from familiar platforms such MIDC, Facebook & Airtel being ransacked of millions of user’s data & sold off on Deep Net. Many participants didn’t know that such events even took place around them. With that enigma Mr. Pandey hopped onto

the very meaning of the word “Cyber”. Later Sir showed participants where most of the hacker’s hail from and their contributions towards launching cyber-attacks towards India with statistics since 2018.

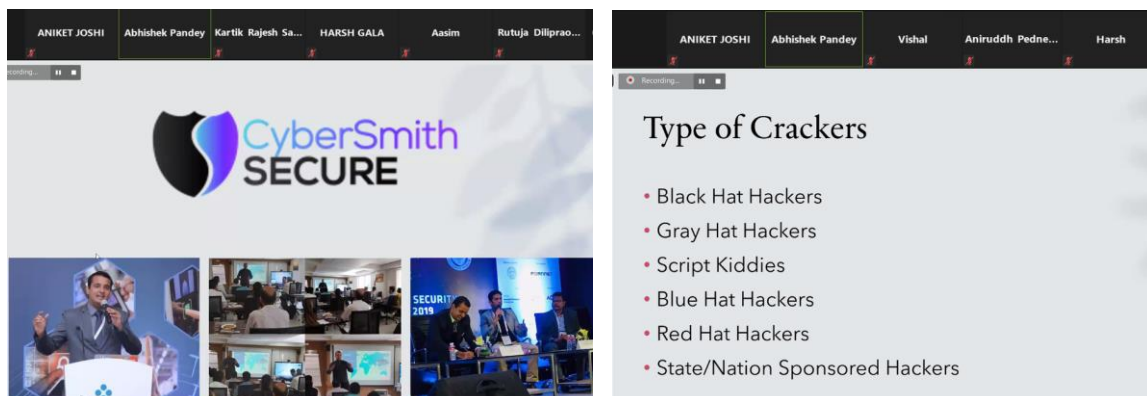

Abhishek sir also introduced some cyber laws like IPC and IT Act 2000/8. And also briefed on if the hacker does an unauthorized access or spreading virus or do an unauthorized downloading, copying or extracting data then what punishment and ACT will governed by the government. Had a brief explanation on various types of hackers like black hat, grey hat, script kiddies, blue hat, red hat and state/ nation sponsored hackers.

Mr. Pandey said India lies on top around the globe when it comes to hackers trying to crack the data. Moving ahead Sir explained how the hackers are scrutinized based on the crimes committed by them along with Cyber Laws drafted by main justice. As session progressed the more interesting it became. Sir showcased many live demonstrations like based on Google hacking such as webcams, unprotected passwords, etc. Mr. Pandey later switched-on Kali-Linux to demonstrate how hacking actually happens in real world where sir asked participants to click on a link and he was able to trace IP Address of every individual & their email IDs and passwords. This surely was the awe factor but that brought about goose bumps for many.

Concluding, the two hours session went amazing and informative the students participated enthusiastically Mr. Abhishek Pandey offered a grateful session with 60+ no. of participants. And a few links to website so the students can contact Abhishek sir:

- <https://www.instagram.com/pandeyabhishek1103/>
- <https://www.the420.in/here-is-how-aam-aadmi-can-fight-back-phishing/>
- <https://www.cybermomics.in/index.php/cnm/article/view/253>

At last student: Ms. Shreya Sawant; member of CSI-VSIT gave the vote of thanks mentioning our special guest speaker, principal Madam, supervisors, teachers & members of CSI-VSIT and all the participants attended.

## Summary

Booklet of VSIT's first E-Conference on "Recent Trends in IT" is now ending. We as a Core-committee of CSI-VSIT Mumbai Chapter would like to take this opportunity to extend our sincere gratitude and appreciation to all of you, for your invaluable contributions in making this event a great success.

We had a wonderful journey of five days which was interesting and informative. Through a wide range of keynote speeches and discussions, we have been presenting with current and upcoming trends in IT Industry. We hope that you liked the information shared and you will convey your experiences with others from near and far, and that a cordial relationship established among us during this Conference will further strengthen. But, of course, the real measure of this conference's success lies in how it will affect you or more precisely, how it will affect the actions you will take while implementing these concepts.

We look forward to organize new events, workshops, and seminars for you all. We hope that all of us will imply the knowledge what we have gained through this conference. Before we conclude, we would like to invite all of you for all the events we are planning further. Thank you for attending this conference and have a safe journey ahead.

## HOLISTIC WELLNESS IN THE TIMES OF CORONA - DAY 3

### VIRTUAL ZUMBA SESSION

<b>Date:</b>	<b>13<sup>th</sup> June, 2020</b>
<b>Time:</b>	<b>11:00pm to 12:00pm</b>
<b>Platform:</b>	<b>Microsoft Teams</b>
<b>Arranged By:</b>	<b>WIE Affinity Group of IEEE-VSIT Student Branch</b>
<b>Faculty in-charge:</b>	<b>Dr. Sarika Chouhan (Advisor, WIE Affinity Group of IEEE-VSIT SB) Ms. Ketaki Ghawali (Branch Mentor, IEEE-VSIT SB) Ms. Seema Bhatkar (Branch Mentor, IEEE-VSIT SB)</b>

@wieeevsit @IEEEWIEvsit IEEE-VSIT Student Branch

Moving into Unlock 1.0, **WIE Affinity Group of IEEE-VSIT Student Branch** organized an amusing three-day Online sessions “**Holistic Wellness in the Times of Corona**” from 11<sup>th</sup> June to 13<sup>th</sup> June 2020. The guest instructor for final day was **Mr. Lokesh Rane** (Licensed Zumba and Fitness Instructor, Founder - Dance Fitness with Loki) and the session which he conducted was “**Virtual Zumba Session**”. The event saw a diverse pool of attendees which were **60+** in number consisting of VSIT’s own students and faculty.

The event was commenced by **Ms. Seema Bhatkar** (Branch Mentor, IEEE-VSIT SB) by welcoming all the attendees and introducing Mr. Rane to them. All the attendees were addressed by Mr. Rane and were cordially welcomed to the event.

As it was a Zumba session Mr. Rane started it with some light warm-up exercises so that the body can ready itself for an interesting workout. A good warm-up session is necessary so that the body can relax itself and we can be ready for a healthy workout. Mr. Rane continued with

the dance form of Salsa. Salsa dance provides the body and heart various health benefits of an aerobic exercise. Mr. Rane encouraged everyone to groove into the sound of the music and let their body loose and enjoy the salsa moves. He then taught different moves which improves the health of the different parts of the body.

Mr. Rane then shifted to another famous dance form which is Bollywood style. Bollywood dance helps and Boosts coordination and rhythm of the body. He cheered everyone to let their body flow with the ecstatic bollywood songs which included ‘Ghenda Phool’, ‘Ladki Aankh Maare’ to name a few. Mr. Rane switched to Belly dancing. Belly Dance form increases the stability, balance and posture of your body. Mr. Rane concluded the workout by doing the Zumba stretching which helps the body relax.

The purpose of the event was to give everyone a feeling of enthusiasm, fitness, good health and energy to bodies in this short span of time which was surely met.

With this the 3-day event **“Holistic Wellness in the Times of Corona”** was brought to its conclusion by Karishma Bahl (Former Chair, WIE Affinity Group of IEEE-VSIT SB) presenting a vote of thanks to the instructor , Dr. Rohini Kelkar (Principal, VSIT), Mr. Asif Rampurawala (Vice-Principal, VSIT), Vidyalankar Dnyanapeeth Trust and the audience for their constant support and encouragement and it made this event a sure Success!

## MINDSWEEPER

### 24 HOUR NATIONAL LEVEL CODATHON COMPETITION

<b>Date:</b>	27 <sup>th</sup> & 28 <sup>th</sup> February, 2021
<b>Time:</b>	10:00am to 2:00pm
<b>Platform:</b>	Zoom
<b>Organised By:</b>	IEEE-VSIT Student Branch & Computer Society of India-VSIT
<b>Faculty in-Charge:</b>	<b>Dr. Sarika Chouhan</b> (Branch Counselor, IEEE-VSIT SB) <b>Ms. Ketaki Ghawali</b> (Branch Mentor, IEEE-VSIT SB) <b>Ms. Seema Bhatkar</b> (Branch Mentor, IEEE-VSIT SB) <b>Ms. Sanjeela Sagar</b> (Student Branch Coordinator, CSI-VSIT) <b>Dr. Amita Jain</b> (Faculty Mentor, CSI-VSIT)

**IEEE-VSIT Student Branch** in collaboration with **CSI-VSIT** organized a 24-hour national level codathon competition **MINDSWEEPER** (February 20 & February 27,28, 2021) with Day 1 being the Pre Codathon Workshop, Day 2 consisted a 24 hour coding challenge & On Day 3 contestants had to present their ideas. The prize pool was worth **Rs. 15,000**. The speakers for the pre - workshop were **Mr. Hannan Satopay**-IEEE Bombay Section TPAC Secretary, Tinkercad Advisor - Autodesk) & **Mr. Shashank Bale**-Technical Architect, Choice Techlab). They gave the contestants the importance of codathon events and various ways and platforms which can help an individual improve his coding skills. The event saw a diverse pool of attendees which were **130+** in number- from VSIT's own students and faculty to students from other institutes all over the country. There were a total of **25 teams** participating in the competition.

## Day 1

The event commenced by **Dr. Sarika Chouhan**-Branch Counselor, IEEE-VSIT SB introducing the guest speakers for the event to all the contestants. The first part of the workshop was carried by Mr. Satopay.

Mr. Satopay began with his topic to the contestants by explaining the meaning and benefits of coding competitions. He gave a short tour of various coding websites like Hackerrank, Codechef, HackerEarth, etc. Mr. Satopay showed the contestants how to solve challenges in the Hackerrank portal, how to select the level of difficulty, and what the best methods to solve them. He showed them various examples and concepts of codes which consisted of loops, problem statements, and outputs of complex questions. In the Q&A session Mr. Satopay addressed various questions from the contestants over the concepts of coding languages and methods.

For the second part of the workshop, **Ms. Sanjeela Sagar** - Student Branch Coordinator, CSI-VSIT introduced the speaker Mr. Shashank Bale. Mr. Bale spoke about the basics and how to solve the various difficulty levels of a code. He taught the contestant how not to worry about the complexity of the questions and always look for the basic ideas to start with. Mr. Bale showed them examples from the Hackerrank portal. He took questions from the contestants and solved them to give a gist of end-to-end thinking methodology. In the end Mr. Bale solved the doubts of the contestants in the Q&A session.

## Day 2

The second day of the event was commenced by **Khushi Sharma**-Vice Chairperson, IEEE-VSIT SB inviting the Vice Principal for a word of confidence for the contestants. **Mr. Asif Rampurawala**-Vice Principal, VSIT spoke a few words on how such codathon competition benefits young minds. He wished all the best for the competition and not worry about the results but focus on personal growth of knowledge.

The day was carried forward by **Vignesh Prabhu**-Treasurer, IEEE-VSIT SB, making the contestants aware of the guidelines of the competition and rules to be followed. The contestants were then given the link to the competition where there were 5 questions to solve which consisted of different difficulty levels and points. The maximum points were 30 and min being 10. The contestants had 24 hours to complete the challenge and present their ideas on Day 3.

## Day 3

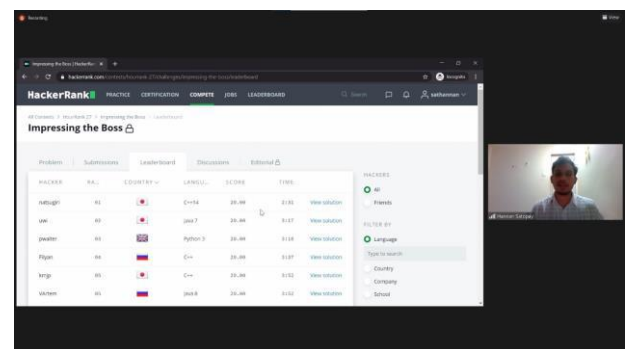

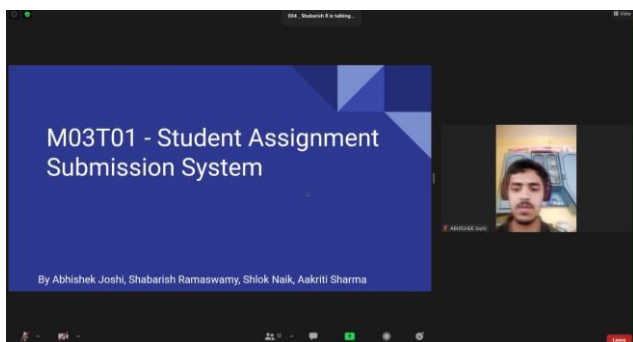

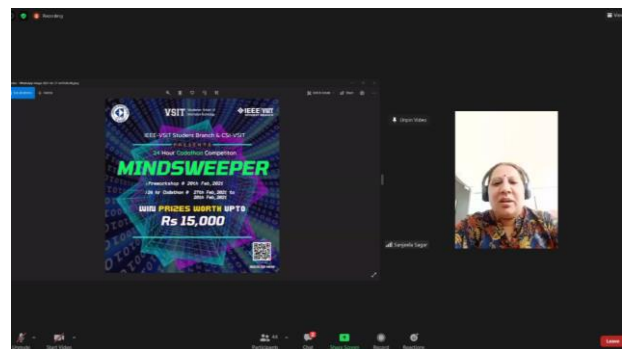

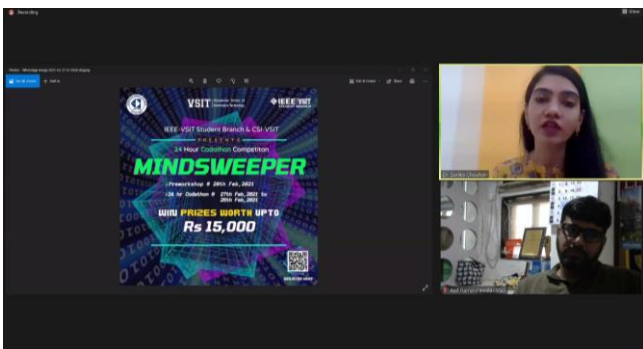

The day 3 of the event consisted of contestants presenting their ideas in front of the panel of judges. The judges were **Mr. Hannan Satopay, Mr. Shashank Bale, Ms. Sanjeela Sagar, Dr. Amita Jain, Ms. Seema Bhatkar & Dr. Sarika Chouhan.**

The first presentation was done by team code MT004 consisting of four students Abhishek Joshi, Shabarish Ramaswamy, Shlok Vivek Naik & Aakriti Sharma (SIES Graduate School of Technology, Mumbai, Maharashtra) showcasing their website for online assignment submission

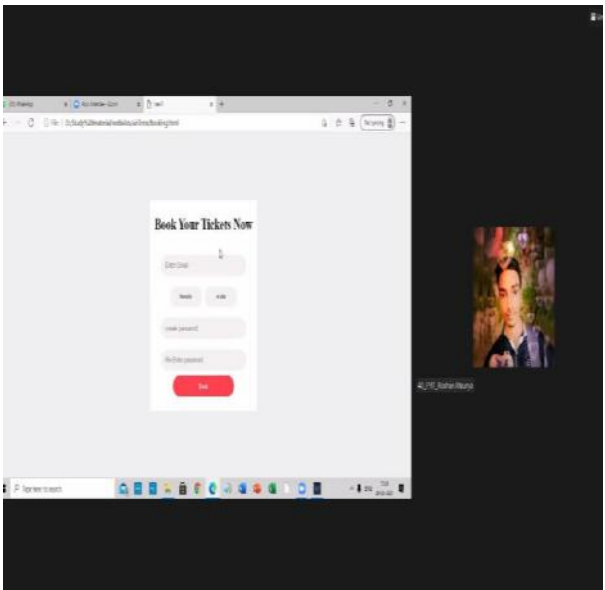

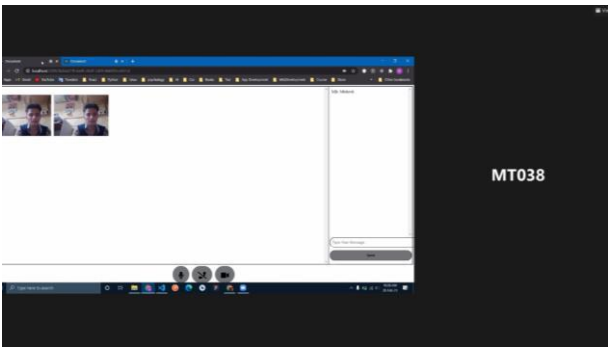

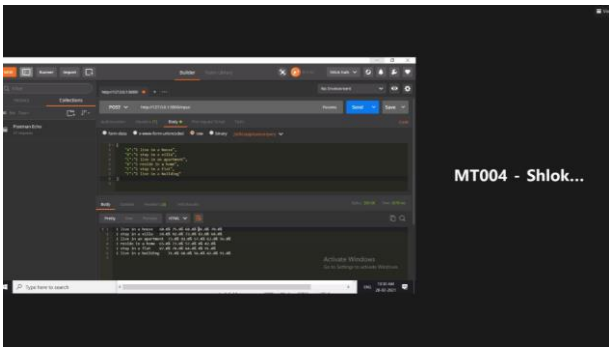

and evaluation. The second presentation was done by MT038 consisting of Mukesh Rajpurohit (Nagindash Khandwala College) presenting his Video conferencing Application. The third presentation was done by MT025 - Roshan Maurya, Devansh Vala (Nagindash khandwala college) displaying their website for Airline company.

The winners of the competition were graded on the basis of their code score, presentation skills & idea implementation. There were 10 positions and the **10th place** went to **Komal Menaria** (Nagindash Khandwala College). The **9th place** went to **Rahul Patil, Manish Gupta, Jainish Sakhidas** (Shah and Anchor Kutchhi Engineering College). The **8th place** went to **Pratik Gohil** (Kapol Vidyanidhi). The **7th place** went to the group of **Sankalp Betkar, Tejas Mahajan, Tejal Mahajan, Jagruti Katpara** (Patkar Varde College). The **6th position** went to the duo of **Om Navge, Rohit Mahadik** (VSIT). The **5th place** went to **Roshan Maurya, Devansh Vala** (Nagindash khandwala college). The **4th place** was given to **Prince Kumar Singh, Devesh Chalke** (VSIT). The **Second Runner Up** position went to **Mukesh Rajpurohit** (Nagindash Khandwala College). The **First Runner Up** went to **Vishak Gopukumar, Shreekant Kambl, Mehul Shah** (VSIT). The **Winner** of the **MINDSWEEPER - Codathon competition** was **Abhishek Joshi, Shabarish Ramaswamy, Shlok Vivek Naik & Aakriti Sharma** (SIES Graduate School of Technology, Mumbai, Maharashtra)

The event was brought to its conclusion by Dr. Sarika Chouhan presenting a vote of thanks to the speakers & wished the audience for their support in making the event a Grand Success.

## MANDALA ART WORKSHOP

<b>Date:</b>	<b>18<sup>th</sup> July, 2020</b>
<b>Time:</b>	<b>5:00pm to 6.30pm</b>
<b>Platform:</b>	<b>Microsoft Teams</b>
<b>Arranged By:</b>	<b>WIE Affinity Group of IEEE-VSIT Student Branch</b>
<b>Faculty in-charge:</b>	<b>Dr. Sarika Chouhan (Advisor, WIE Affinity Group of IEEE-VSIT SB) Ms. Ketaki Ghawali (Branch Mentor, IEEE-VSIT SB) Ms. Seema Bhatkar (Branch Mentor, IEEE-VSIT SB)</b>

Moving into Unlock 2.0, **WIE Affinity Group of IEEE-VSIT Student Branch** organized a Therapeutic Online workshop “**Mandala Art Workshop**” on 18<sup>th</sup> July 2020. The guest resource person for the event was **Ms. Pooja Lalwani** (Economics and Maths Faculty at HR College of commerce and economics, BMS coordinator). The event saw a diverse pool of attendees which were **60+** in number consisting of VSIT’s own students and faculty.

The event was commenced by **Dr. Sarika Chouhan** (Advisor, WIE Affinity Group of the IEEE-VSIT SB) by welcoming all the attendees and introducing Ms. Lalwani to them. All the attendees were addressed by Ms. Lalwani and were cordially welcomed to the event.

The Mandala art holds symbolic and meditative meaning beyond their vibrant appearance. It is a symbol of deeper connection with the self and the universe at large. Ms. Lalwani started the workshop by listing the essential things required for the workshop. She then started drawing the mandala art by first drawing circles for the outline. Starting with the inner circle design she instructed everyone to follow her. All the attendees were deeply engrossed in the mandala art.

Ms. Lalwani then explained about the history of the mandala art, how it was started in the ancient times and how it holds a symbolic meaning in the hindu and Buddhist culture. She then explained how the mandala art soothes our mind and soul after a busy day or work, how just looking at the spherical design of the art helps us be calm. The workshop was a very interactive session with attendees posing their doubts and curiosity about the Mandala Art form. Upon the completion of the design, the attendees were given a chance to showcase their artwork on the platform. Ms. Lalwani then thanked everyone for showing so much support for the mandala art. After the conclusion of the event the attendees were given an E-Certificate of Participation.

With this the event “Mandala Art Workshop” was brought to its conclusion by Khushi Sharma (Chair, WIE Affinity Group of IEEE-VSIT SB) presenting a vote of thanks to Ms. Lalwani, Dr. Rohini Kelkar (Principal, VSIT), Mr. Asif Rampurawala (Vice-Principal, VSIT), Vidyalankar Dnyanapeeth Trust and the audience for their constant support and encouragement and it made this event a sure Success!

## Online Training on Microsoft Office Tool – MS Word

<b>Date:</b>	25 <sup>th</sup> , 30 <sup>th</sup> July, & 8 <sup>th</sup> , 13 <sup>th</sup> August, 2020
<b>Time:</b>	5:00pm to 6.30pm
<b>Platform:</b>	Microsoft Teams
<b>Organised By:</b>	IEEE-VSIT Student Branch
<b>Faculty in-charge:</b>	Dr. Sarika Chouhan (Branch Councillor, IEEE-VSIT SB) Ms. Ketaki Ghawali (Branch Mentor, IEEE-VSIT SB) Ms. Seema Bhatkar (Branch Mentor, IEEE-VSIT SB)

Moving in the Trend of Online Sessions because of the Global Corona Pandemic, the **IEEE-VSIT Student Branch** organized a 4-Day Training workshop “*Online Hands-on Training on Microsoft Office Tool – MS Word*” held on 25th, 30th July, & 8th, 13th August, 2020 providing a online hands-on training to the participants about the working of Microsoft Word, from basics. The event saw a diverse pool of attendees each day which were **60+** in number - VSIT’s own students and faculty, from different branches which included **BSc-IT, MSc-IT, BAF, BMS, M.Com, BBI, and BFM.**

## Day 1

First day of the workshop “**Getting Started with Word**” was commenced by **Dr. Sarika Chouhan**, CAO & Branch Counsellor, IEEE-VSIT SB welcoming everyone to the workshop and introducing the benefits & importance of the workshop. Dr. Chouhan started from the basics of the topic like What is the working of MS Word? She taught about the different basic features of MS Word which were Taskbar of MS Word, the User Interface of MS Word to name a few and made the attendees comfortable with the working of MS Word. Continuing, **Ms. Seema Bhatkar**, Branch Mentor, IEEE-VSIT SB carried on the workshop by teaching how to Create and manage documents. Ms. Bhatkar demonstrated how to protect a document and how to save a document in different ways. She taught how to Enter, edit and write a text in a new document, how to give comments in the pages. With this the Day 1 of the workshop came to an end.

## Day 2

Second day of the workshop “**Create professional documents**” was commenced by Dr. Sarika Chouhan started with how to modify the structure and appearance of the text. She taught the coloring of texts, sizes and different formatting like Bold, Italic and Underline Heading, Subscript, Superscript and so on. Dr. Chouhan then demonstrated the List feature of MS Word which included Numbered and Bulleted List. She also went through the basic shortcuts of MS Word like ctrl+v for Paste and ctrl+c for Copy and many more. The next part was how to organize information in columns and tables. **Ms. Seema Bhatkar** demonstrated how to insert a table inside a document. The basic features of a table, how to insert rows and columns to a table, Formatting and coloring of tables were covered in this section. The third part of the day was Adding some simple graphic elements to the document. She gave a demo on how to add images to a document to beautify it or to provide more information for the topic. She also covered the formatting of the images, different styles and many more. With this the Day 2 of the workshop came to a closing stage.

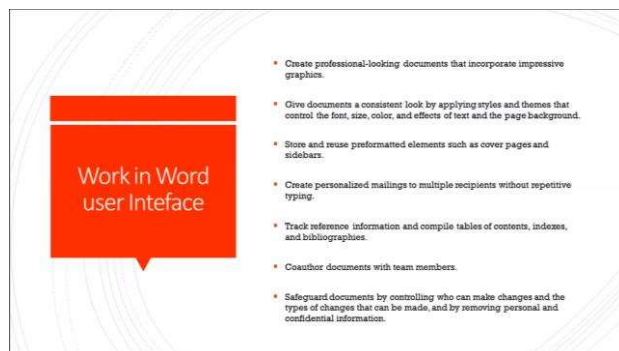

## Day 3

Third day of the workshop “**Enhance document content**” was brought to commence by **Ms. Ketaki Ghawali**, Branch Mentor, IEEE-VSIT SB welcomed everybody back to the workshop and introduced the topic of inserting and modifying diagrams. Ms. Ghawali started by teaching how to split a paragraph into different parts. She taught how to insert and modify charts from the basics. **Ms. Seema Bhatkar** gave different scenarios for creating different charts like Bar Graph, Pie Chart to name a few. Ms. Bhatkar taught how to add visual elements like videos. She continued teaching about how to organize and arrange content and to put watermarks into a document. With this an interactive 3<sup>rd</sup> Day of the workshop came to an end.

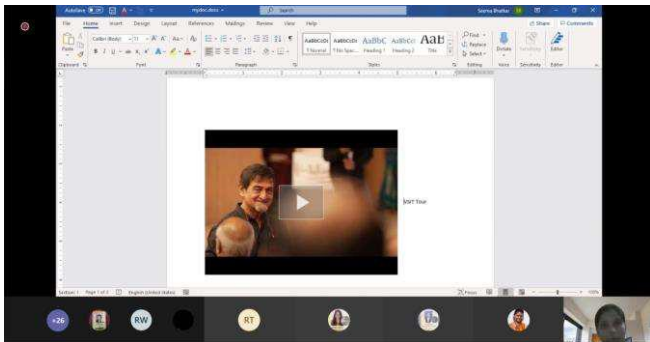

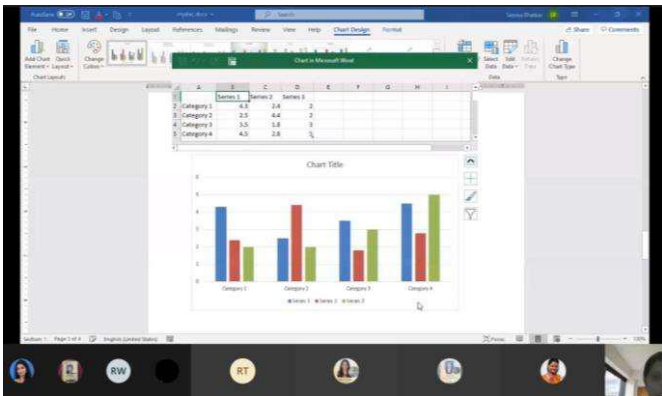

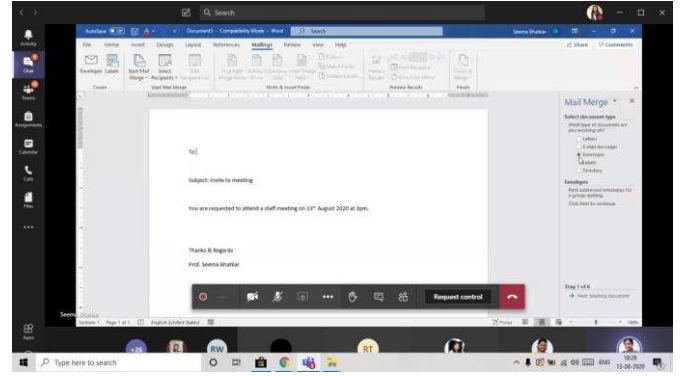

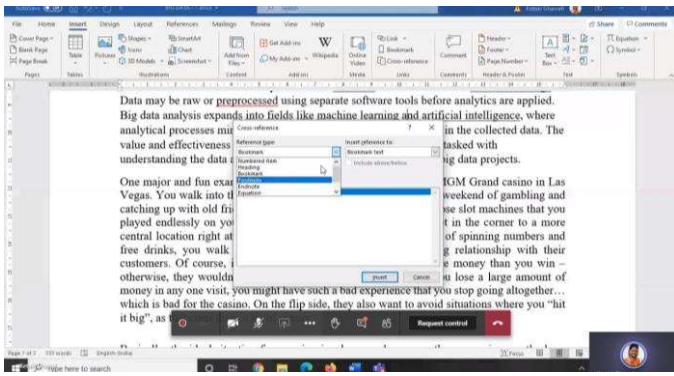

## Day 4

Fourth and the final day of the event “**Review and finalize documents, use advanced functions**” was started with Ms. Ketaki Ghawali, teaching how to collaborate on documents. She taught how one can compare two different documents in a single document. Ms. Seema Bhatkar continued by teaching how to finalize and distribute the documents. Dr. Sarika Chouhan gave a demo on how to insert different labels to documents and merge more than one documents together. Concluding the Workshop, all the three resource people Dr. Sarika Chouhan, Ms. Seema Bhatkar & Ms. Ketaki Ghawali thanked everyone for their support and coordination for the smooth functioning of the event.

The 4-day online hands-on training concluded with **Dr Rohini Kelkar**, Principal, VSIT giving a speech on how important such value added workshops are better for the students to improve their knowledge and learn new things and implement them in their life. All the attendees were provided with E-Certificates. The workshop overall received very positive feedback from the attendees, and all the attendees enjoyed the hands-on training to the utmost level. Dr. Sarika Chouhan congratulated all the attendees for their support throughout the training workshop, how active and enthusiastic they were which resulted in Grand Success of the event.

## Online Hands-on Workshop on Microsoft Excel

<b>Date:</b>	19 <sup>th</sup> , 26 <sup>th</sup> September, 3 <sup>rd</sup> , 10 <sup>th</sup> October, 2020
<b>Time:</b>	4:00pm to 5:30pm
<b>Platform:</b>	Microsoft Teams
<b>Arranged By:</b>	IEEE-VSIT Student Branch
<b>Faculty in-charge:</b>	Dr. Sarika Chouhan (Branch Councillor, IEEE-VSIT SB) Ms. Ketaki Ghawali (Branch Mentor, IEEE-VSIT SB) Ms. Seema Bhatkar (Branch Mentor, IEEE-VSIT SB)

Moving in the Trend of Online Sessions because of the Global Corona Pandemic, the **IEEE-VSIT Student Branch** organized a 4-Day **“Online Hands-on Workshop on Microsoft Excel”** on 19th, 26th September, 3rd, 10th October, 2020 to provide details about the working of Microsoft Excel, from basics. The event saw a diverse pool of attendees each day which were **50+** in number – VSIT students from different branches which included **BSc-IT, MSc-IT, BAF, BMS, M.Com, BBI, and BFM.**

## Day 1

First day of the workshop was commenced by Dr. Sarika Chouhan (Branch Counsellor, IEEE-VSIT SB) by welcoming everyone to the workshop and introducing the benefits & importance of the workshop. Ms. Seema Murkar (Branch Mentor, IEEE-VSIT SB) started the topic “**Excel introduction, Basic operations in excel**”. Ms. Murkar started from the basics of the topic i.e. What is the working of MS Excel? She taught about the different basic features of MS Excel which were Taskbar of MS Excel, the User Interface of MS Excel to name a few and made the attendees comfortable with the working of MS Excel. Continuing, Ms. Ketaki Ghawali (Branch Mentor, IEEE-VSIT SB) carried on the workshop by teaching the Basic Cell Formatting of MS Excel. Ms. Ghawali demonstrated how to customize the look and feel of the worksheet, which allows us to draw attention to specific sections and make the content easier to view and understand. She also taught how to apply number formatting to tell Excel exactly what type of data you’re using in the workbook, such as percentages (%), currency (\$), and so on. With this the Day 1 of the workshop came to an end.

## Day 2

Second day of the workshop “**Conditional formatting and graphics**” was commenced by Ms. Ketaki Ghawali starting with how to modify the structure and appearance of the sheet. She taught the coloring of texts, sizes and different formatting like Bold, Italic and Underline Heading, Subscript, Superscript and so on. Ms. Ghawali then demonstrated how to add a drop shadow to a text box, how to add AutoShapes, how to adjust picture appearance & changing Chart types. She also went through the basic shortcuts of MS Excel like ctrl+v for Paste and ctrl+c for Copy and many more. The next part were basic Excel functions conducted by Dr. Sarika Chouhan. Dr. Chouhan demonstrated how to use the SUM, SUB, DIV, MULTIPLY, MIN, MAX, IF, COUNT & AVG functions in the sheet. With this the Day 2 of the workshop came to a closing stage.

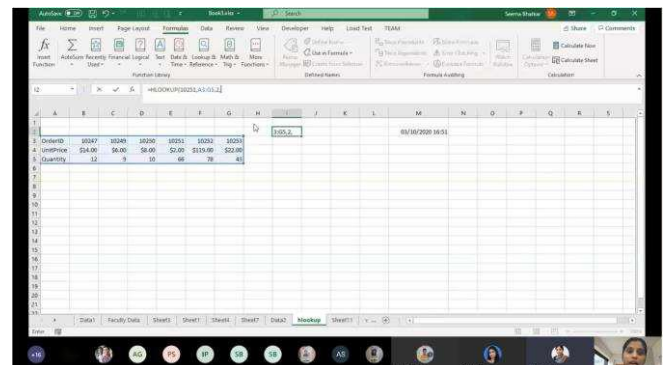

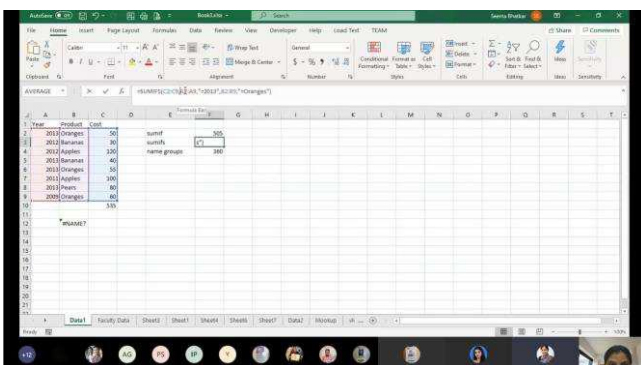

## Day 3

Third day of the workshop “**Advanced Excel functions**” was brought to commencement by Ms. Seema Murkar welcoming everybody back to the workshop and introducing the topic advanced functions. Ms. Murkar started by teaching the IF, SUMIF, COUNTIF, AND, OR Functions etc. Dr. Chouhan then taught about the Sorting and Filtering in MS Excel. She continued teaching how to isolate the key components we need and sort the sheet by date, number, alphabetic order and more. With this an interactive 3<sup>rd</sup> Day of the workshop came to an end.

## Day 4

Fourth and the final day of the event “**Data analysis with Charts**” was started with Ms. Ketaki Ghawali, teaching how to analyse the data using the chart features. Ms. Ghawali taught how one can create a chart and can use it to sort, view and compare different data. In the second part Ms. Seema Murkar taught Data analysis with pivot tables and working with multiple sheets. She gave a demo on how with a few sheets we can create a Pivot Table to compare the data added to the sheets. Further in the third part Dr, Sarika Chouhan taught all the attendees the concept of MACROS. Macros makes a user automate repetitive tasks according to one's convenience. Concluding the Workshop, all the three-resource person Dr. Sarika Chouhan, Ms. Seema Murkar & Ms. Ketaki Ghawali thanked everyone for their support and coordination for the smooth functioning of the event.

The 4-day online hands-on training concluded with this and all the attendees were provided with e-Certificates. The workshop overall received very positive feedback from the attendees, and all the attendees enjoyed the hands-on training to the utmost level. Dr. Sarika Chouhan congratulated all the attendees for their support throughout the training workshop, how active and enthusiastic they were which resulted in Grand Success of the event.

## Online Hands-on Workshop on Microsoft PowerPoint

<b>Date:</b>	9 <sup>th</sup> to 12 <sup>th</sup> November, 2020
<b>Time:</b>	3:00pm to 4:30pm
<b>Platform:</b>	Microsoft Teams
<b>Organised By:</b>	IEEE-VSIT Student Branch
<b>Faculty in-charge:</b>	<b>Dr. Sarika Chouhan</b> <b>(Branch Councillor, IEEE-VSIT SB)</b> <b>Ms. Ketaki Ghawali</b> <b>(Branch Mentor, IEEE-VSIT SB)</b> <b>Ms. Seema Bhatkar</b> <b>(Branch Mentor, IEEE-VSIT SB)</b>

IEEE-VSIT Student Branch organized a 4-Day Training on “*Online Hands-on Workshop on Microsoft PowerPoint*” from 9<sup>th</sup> November to 12<sup>th</sup> November, 2020 providing online hands-on training to the participants about the working of Microsoft PowerPoint, from basics. The event saw a diverse pool of attendees each day which were 40+ in number - VSIT’s own students and faculty, from different branches which included **BSc-IT, MSc-IT, BAF, BMS, M.Com, BBI, and BFM.**

## Day 1

First day of the workshop was commenced by **Dr. Sarika Chouhan**, Branch Counsellor, IEEE-VSIT SB starting with the topic “**Get Started with PowerPoint, insert and manage slide text**” by welcoming everyone to the workshop and introducing the benefits & importance of the workshop. Dr. Chouhan made the participants aware of the basics of the topic ie. What is the working of MS PowerPoint? She taught about the different basic features which were Taskbar, the User Interface of MS PowerPoint to name a few and made the attendees comfortable with the working of it. Continuing, **Ms. Seema Murkar**, Branch Mentor, IEEE-VSIT SB carried on the workshop by teaching how to create and manage the presentations. Ms. Murkar demonstrated how to create a slide as well as manage it. **Ms. Ketaki Ghawali**, Branch Mentor, IEEE-VSIT SB took the session forward by showing how one can enter or edit a text in the slides with different font styles and formats. This contributed to the look and feel of the presentation. Attendees were given a small quiz to get a better view of the understanding. With this the Day 1 of the workshop came to an end.

## Day 2

Second day of the workshop “**Insert and Manage Visual elements**” was commenced by Dr. Sarika Chouhan starting with how to insert and modify the text using the format of tables.. Ms. Seema Murkar then taught how to insert and manage simple graphics into a presentation. She also demonstrated the ways to insert the various graphic formats which included Picture files like ClipArt, Charts, WordArt which displays text as a colorful and adds style to it. Ms Ketaki Ghawali went through the business graphics which are used by pro presenters to make their presentation look great. The popular business graphics are SmartArt, Infographics, Different Shapes. By giving the quiz the Day 2 of the workshop came to a closing stage.

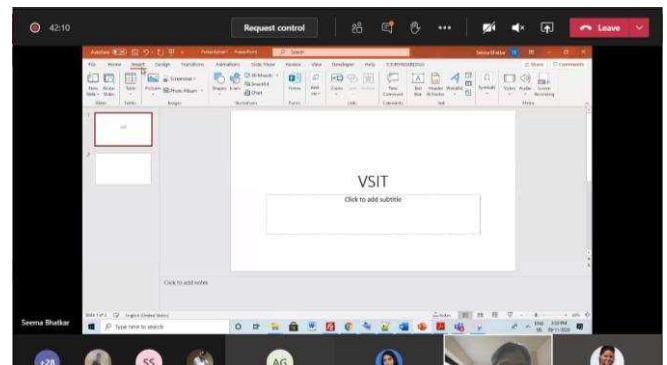

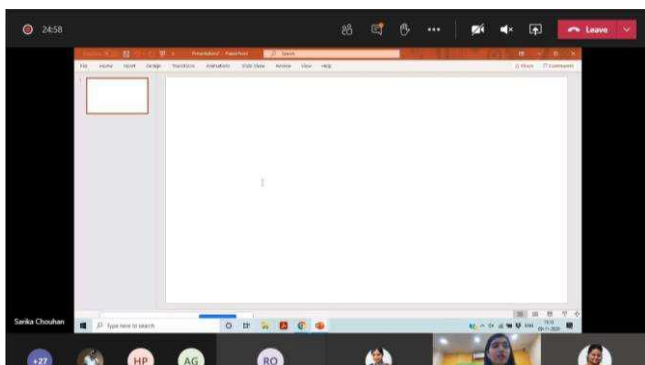

## Day 3

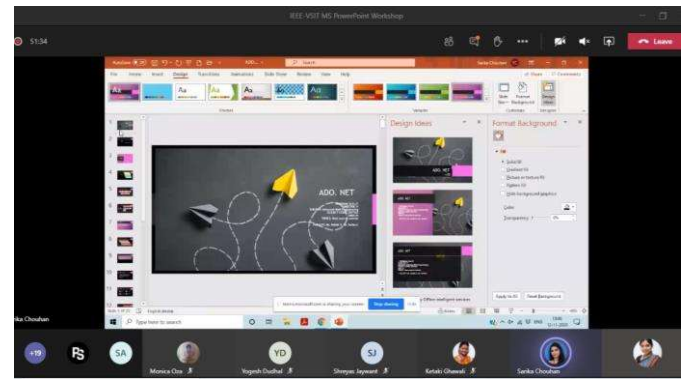

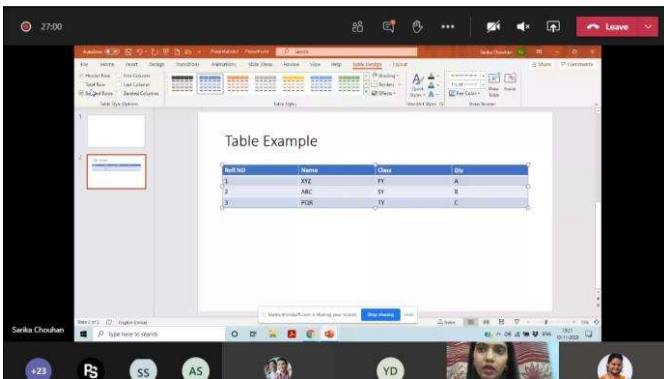

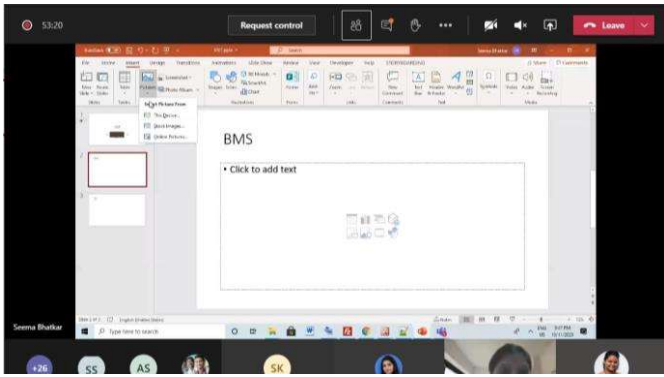

Third day of the workshop “**Finalize Presentations**” was brought to commencement by Dr. Sarika Chouhan welcoming everybody back to the workshop and introduced the topic of adding a plethora of sounds and movements to the slides. Dr. Chouhan started by teaching how to add transition effects to the slide and how to animate the shapes or characters in the slides. Ms. Seema Murkar then taught about the reviewing of the presentations. She continued by saying that one of the most important aspects of creating a presentation is to review it. Ms Ketaki Ghawali emphasized on how to prepare for a presentation and deliver it the right manner. After the quiz session an interactive 3<sup>rd</sup> Day of the workshop came to an end.

## Day 4

Fourth and the final day of the event **“Use advanced PowerPoint functions”** was started with Ms. Seema Murkar, teaching how to work in PowerPoint more efficiently. Ms. Murkar taught how one should keep their slides simple, use high definition photos, choose appropriate fonts and colour schemes and many more. In the second part Dr. Sarika Chouhan taught how to create Custom presentation elements and themes. She gave a demo on how with a few custom made themes and elements. Further in the third part Ms Ketaki Ghawali shows how to save a presentation and the various ways in which you can share them with people. Concluding the Workshop, all the three resource people Dr. Sarika Chouhan, Ms. Seema Murkar & Ms. Ketaki Ghawali thanked everyone for their support and coordination for the smooth functioning of the event.

The 4-day online hands-on training concluded with this and all the attendees were provided with E-Certificates. The workshop overall received very positive feedback from the attendees, and all the attendees enjoyed the hands-on training to the utmost level. Dr. Sarika Chouhan congratulated all the attendees for their support throughout the training workshop, how active and enthusiastic they were which resulted in Grand Success of the event.

## WIE First Anniversary Celebrations

### Webinar-Advancing Women through Engagement in Technical Activities during Corona Crisis

<b>Date:</b>	<b>14<sup>th</sup> August, 2020</b>
<b>Time:</b>	<b>6:00pm to 7:30pm</b>
<b>Platform:</b>	<b>Microsoft Teams</b>
<b>Organised By:</b>	<b>WIE Affinity Group of IEEE-VSIT Student Branch</b>
<b>Faculty in-charge:</b>	<b>Dr. Sarika Chouhan (Advisor, WIE Affinity Group of IEEE-VSIT SB) Ms. Ketaki Ghawali (Branch Mentor, IEEE-VSIT SB) Ms. Seema Bhatkar (Branch Mentor, IEEE-VSIT SB)</b>

On the 14<sup>th</sup> of August 2020, as a part of the celebratory event for its very first anniversary – “Celebrating One Year Empowering Women in Engineering,” the Women in Engineering Affinity Group of IEEE-VSIT Student Branch organized a webinar on “Advancing Women through Engagement in Technical Activities during Corona Crisis” delivered by international guest speaker, Dr. Celia Shahnaz of the Department of EEE, BUET, Dhaka, Bangladesh and current Chair of the IEEE Bangladesh Section.

The webinar saw a diverse pool of attendees- 63 registered participants with 44 present at the event; from VSIT’s own students and faculty to female students from various other colleges - VJTI, SPIT, Don Bosco, PCCOER, SIES and many more across Mumbai and Navi-Mumbai.

Ms. Siddhi Ghorpade Vice-Chairperson 2020-21 WIE Affinity Group, IEEE-VSIT SB was on hand to open the event by welcoming the guest of honour - Dr. Shahnaz, Principal of VSIT- Dr. Rohini Kelkar and all the attendees. Following her brief account of how

great of a platform WIE has been for the young aspiring women in their branch, a video was shown to all the participants on how WIE had grown over the year - all the achievements and the events conducted by WIE, IEEE-VSIT in the past year.

This was further expounded by Dr. Sarika Chouhan ,Chief Academic Officer-VSIT, Advisor, WIE Affinity Group, IEEE-VSIT SB, EXECOM Member, IEEE Bombay Section as she addressed the audience with how the WIE AG, IEEE-VSIT came to be, thanking all those who lent their help during its formation and how much it had grown over a year with the cumulative efforts of the former as well as the current student members of WIE in conducting various hands-on workshop, seminars, motivational and educational talks indeed with the support of IEEE Bombay Section and Vidyalkar School of Information Technology.

The audience then received a gracious introduction to the guest speaker provided by Ms. Seema Bhatkar, Branch Mentor, WIE Affinity Group, IEEE-VSIT SB. They learnt of Dr. Shahnaz's incredibly vast experience with leading many impactful Technical and Educational, Women Empowerment and Humanitarian Technology Projects at national as well as international levels and actively volunteering with IEEE, chairing many committees (Women in SIGHT Working Group, IEEE R10) and contributing to numerous others IEEE New Initiative Committee 2020, IEEE WIE Senior Member Elevation Drive. All of this while publishing 150 research papers at national and international conferences which have received best paper awards on multiple occasions. For her work with IEEE, she was awarded 2019 R10 Humanitarian Activities Outstanding Volunteer Award, 2015 WIE Inspiring Member Award and 2013 R10 WIE Professional Volunteer Award.

Prof. Shahnaz then began with her topic "Advancing Women through Engagement in Technical Activities during Corona Crisis" which she started by explaining how she studied in Canada and her association with IEEE by being a Senior Member of IEEE, an IEB Fellow and how she came back to Dhaka, Bangladesh where she started an IEEE branch in her region. Through her long spanning and incredibly vibrant journey of volunteering with IEEE members and committees at all levels, she imparted onto the audience the powerfully positive impact engaging in technical activities and associating with such societies can have on not just the personal and professional development of young women but also the community and how it can extend to the whole of humanity. It left everyone inspired to contribute to the development of the community alongside personal upliftment.

Prof. Shahnaz's talk was then followed by a question-answer session by Ms. Ketaki Ghawali ,Branch Mentor, WIE Affinity Group, IEEE-VSIT SB where she masterfully answered many questions about how she made differences being in the WIE Affinity Groups, how can the young aspiring women in WIE can make small differences and how they can encourage more women where there are less number of females in that technology section. She was graciously thanked by Ms. Ghawali for her truly remarkable contribution to the success of WIE AG's Anniversary.

The time was then turned to Karishma Bahl ,Chairperson 2019-20 WIE Affinity Group, IEEE-VSIT SB & Vaishnavi Ajila ,Vice-Chairperson 2019-20 WIE Affinity Group, IEEE-VSIT SB so they could share their experience on being associated with WIE and IEEE-VSIT on how they started a new branch of WIE within their IEEE-VSIT SB.

The event met its conclusion with the vote of thanks given by Khushi Sharma, Chairperson 2020-21 WIE Affinity Group, IEEE-VSIT SB as she thanked the guest speaker, the audience as well as the Principal of VSIT, Dr. Rohini Kelkar, Vice-Principal of VSIT, Mr. Asif Rampurawala and the management of Vidyalankar Dyanpeeth Trust.

## Xtreme Overflow : Event Report

<b>Date:</b>	<b>5<sup>th</sup> September - 4<sup>th</sup> October, 2020</b>
<b>Platform:</b>	<b>HackerRank</b>
<b>Organised By:</b>	<b>IEEE VSIT Student Branch in Collaboration with IEEE-SPIT, IEEE-APSIT, IEEE-TCOE, IEEE-BITS Goa</b>

### **Overview:**

Xtreme Overflow is a 5 week long competitive coding competition that aims to prepare participants for IEEE Xtreme. The competition consists of 4 coding challenges followed by a 6 hour long Grand Finale. Webinars will also be conducted each week by experienced industry professionals to guide participants along the way.

### **Student Branches Involved:**

1. IEEE Vidyalankar School of Information Technology (Mumbai Division)
2. IEEE Sardar Patel Institute of Technology (Mumbai Division)
3. IEEE A.P. Shah Institute of Technology (Mumbai Division)
4. IEEE Thakur College of Engineering and Technology (Mumbai Division)
5. IEEE BITS Goa (Goa Division)

## Speakers List:

Date & Time	Name	Profile	Topic
05/09/2020 7 - 8pm	Samarth Jain	The speaker for this event was Mr Samarth Jain. We had a great time having him as our speaker. He finished his Computer Engineering degree from BITS Pilani and now works at Google. Furthermore, he was an SDE intern at Amazon, a summer intern at Uber Bangalore. He has been the Winner of Singapore-India Hackathon 2019 along with Smart India Hackathon 2019 under ISRO. He has been an ICPC regionalist twice now. With being such a great personality already, he's was also the Founder of Algomania -ex coding club of BITS Goa	Getting started with Competitive programming and his journey
25/9/20 7-8pm	Mradul Bhatnagar	The speaker for this event was Mr Mradul Bhatnagar. He is a data science intern at fresh grab. He has been ranked 179 globally in google kickstart round C, rated 2111 master on code force and a 6 star on code chef.	Greedy Algorithms
2/10/20 7-8pm	Adwaith S	Adwaith S is the R-10 Asia-pacific lead for IEEE.	IEEE Xtreme introduction

## Summary of the Sessions:

### Vostok - Week 1

Event date:	Event Time:	No. of Views
05/09/20	7pm-8pm	663

**1) Webinar by Samarth Jain- Getting started with Competitive programming and his journey:**

The webinar started off with a brief introduction on Xtreme Overflow after which we dove into the depths of competitive programming and how to approach it as a beginner. A lot of online platforms and portals were shared with which the aspiring students could start their journey in the realms of programming. Failure is the stepping stone to success, it's always an indicator that you are exploring the field with the required commitment, but knowing about certain problems that are faced by people while doing competitive coding and not making the same mistakes seems like a good idea, doesn't it? Nearing the end of the event we shared a very crucial concept of Upsolve followed by a Q&A session with the speaker. It was a great event indeed.

## CODEFORCES

- One of the most popular portals for Competitive Programming.
- The finest quality of problems and a great community of coders and problem setters.
- Lay out the standard for rating.
- Contests:
  - Division 2 rounds
  - Division 3 rounds
  - Educational Rounds

## 2)Contest Number 1

### Topic-Complexity analysis and Math

**Date:13/09/2020**

**Time:4pm-7pm**

The event was a great start. It was on Sunday the 13<sup>th</sup> September from 4pm to 7pm, What could be a better time to sit back and enjoy coding? Complexity analysis and some foundational mathematics associated with it were the main concepts for the day. The questions that revolved around these concepts spurred the understanding of the concepts and provided an opportunity to go deeper with the increasing complexity that was offered by the 5 questions that were provided during the event. Also, The programmers had 30 different programming languages to choose from, on HackerRank, in order to solve the problems.

#### Leaderboard:

Sr. No.	Name	College	Score
1.	Shubham Kumar	BITS Goa	400
2.	Ritick Goenka	IIT Roorkee	371.43
3.	Makadiya Jenil	BITS Goa	333.33

## Apollo - Week 2

### Contest Number 2:

#### Topic-Strings

**Date: 20/09/20**

**Time:4pm-7pm**

Yet another awesome day, again the long awaited Sunday evening . Problems for the day were based on Strings. The platform was the same good old HackerRank. There were 5 questions in total which comprised 2 easy, 2 medium and 1 very challenging question. Like the last time, the programmers were given the freedom to choose from 30 different programming languages.

#### Leaderboard:

Sr. No.	Name	College	Score
1.	Ritick Goenka	IIT Roorkee	375
2.	Ram Kishan Vooka	BITS Pilani, Goa Campus	362.5

3.	Sarayu Miththira	PSG College of Technology	295.45
----	------------------	---------------------------	--------

## Voyager- week 3

Event date:	Event Time:	No. of Views
25/09/20	7pm-8pm	163

### 1) Webinar by Mradul Bhatnagar-Greedy Algorithms:

On the 25<sup>th</sup> of September, week 3 of Xtreme Overflow commenced with Mradul Bhatnagar introducing and explaining the concept of binary search in a very clear and concise manner. He also moved on to briefing about the concept of monotonic function with the help of a visual representation of an array. Being well aware of the fact that solving problems practically is always a better way to clear doubts and concepts in the minds of avid learners, the brief explanation was then followed by him solving a program as an example on the topics which he discussed. Apart from the method that he used to solve it, he also discussed the various other ways by which one could solve it, depending on their comfort and solution. The extremely informative session reached its end with the curious participants actively interacting with Mradul regarding their queries and doubts, which were cleared by him in a very effective manner.

### 2) Competition:

## Topic-Greedy Approach

Date:25/09/20

Time:4pm-7pm

Things were starting to get interesting and it was time to get greedy (algorithmically). As always, the round was conducted on Sunday evening on HackerRank and the problem statements were based on greedy algorithms. The five questions were crafted with an increasing level of understanding and a bolder taste of challenge with every proceeding question.

### Leaderboard:

Sr. No.	Name	College	Score
1.	Ritick Goenka	IIT Roorkee	1271.43
2.	Ram Kishan Vooka	BITS Pilani, Goa Campus	1190.83
3.	Kalyani Goyal	IIT Goa	907.88

## Chandrayan- Week 4

Event date:	Event Time:	No. of Views
02/10/20	7pm-8pm	75

### 1) Webinar by Adwaith- Xtreme and its changes:

The event was organized to give us a brief introduction about how IEEE Xtreme 14.0 was going to be this year. IEEE Xtreme is IEEE's premier programming competition. The speaker explained the importance of this competition and what makes this competition so special and unique. He then gave a quick history of IEEE Xtreme. He explained about what should be our team composition to participate in the event.

The speaker gave the participants the link where they could practice IEEEExtreme challenges. The speaker gave the participants his contact info and the ways they could contact him for any doubts. Finally the event concluded with the speaker answering the questions of the participants.

## 2) Competition:

**Topic: Dynamic Programming**

**Date: 4/10/20**

**Time: 4pm-7pm**

Dynamic Programming was the topic chosen to challenge the participants. The problem statements that were asked had the same progression in difficulty as the previous ones. They were crafted in a way that the participants could understand and apply the different strategies and techniques practiced in the field of dynamic programming. The participants had 30 different programming languages to choose from, on HackerRank, in order to solve the problems.

## Leaderboard:

Sr. No.	Name	College	Score
1.	Ritick Goenka	IIT Roorkee	1726.43
2.	Shreyasi Sinha	BITS Pilani, Goa Campus	1272.7
3.	Kalyani Goyal	IIT Goa	1265.02

# Cassini-Huygens - Week 5

## Final Competition:

The final day of the event was on 11th October which started at 4pm and ended at 10pm. Like every phenomenon, no matter how good, has an end. Xtreme Overflow was no different. Nonetheless, the end was spectacular. Everything that was taught was finally put to test. The competition was quite challenging. The contest contained 10 questions which summarized all major topics from the previous weeks. These 10 questions were divided into 2 major segments - 7 questions created by our volunteers from scratch and 3 questions taken from the Archives of IEEE XtremeOut. Of these 10 questions we had 2 easy questions, 5 medium questions and 3 hard questions. Again in this participants could choose to code in any one of the 30 coding languages. Xtreme Overflow made participants ready for Xtreme with full confidence and thus the main motto of this competition was completed.

## Winners:

Sr. No.	Name	College	Score
1.	Ritick Goenka	IIT Roorkee	3596.43
2.	Kalyani Goyal	IIT Goa	2745.02
3.	Ishan Vatsaraj	Vidyalankar Institute of Technology	1975.71

## Participant Demographic:

Week Number	Number of Participants in the Contest
Week 1	99
Week 2	66
Week 3	30
Week 4	23
Week 5	25

## Conclusion and Take away:

Xtreme Overflow was a massive event with over a hundred participants all with the aim of learning and practicing coding. The event provided the perfect opportunity for students to practice for IEEE Xtreme. They not only practiced but also learnt fundamental concepts like algorithms. The event was a great experience for both the participants as well as the organizers.

## IEEE-R10 SYWL Congress'2020

<b>Dates:</b>	22 <sup>th</sup> September to 4 <sup>th</sup> October,2020
<b>Time:</b>	3:00 PM to 4:30PM
<b>Platform:</b>	Microsoft Teams
<b>Organised By:</b>	IEEE-VSIT Student Branch
<b>Faculty in-charge:</b>	<p><b>Dr. Sarika Chouhan</b> (Branch Counselor, IEEE-VSIT SB)</p> <p><b>Ms. Ketaki Ghawali</b> (Branch Mentor, IEEE-VSIT SB)</p> <p><b>Ms. Seema Bhatkar</b> (Branch Mentor, IEEE-VSIT SB)</p>

Recently, IEEE-VSIT Student Branch was selected as one of the Student Branch Partners for IEEE R10 SYWL 2020. As a partner, a 10-Day telecast series was organised by IEEE-VSIT Student Branch to premier R10 SYWL'2020 Student Track. Each day had a unique telecast about how IEEE was a catalyst to one's professional life. Before each event the IEEE-VSIT members explained the attendees about the session. Not only the telecast but IEEE-VSIT also conducted a networking session with the newly joined IEEE student members each day followed by numerous activities.

On the **first day or the day 0, 22<sup>nd</sup> September** was the opening ceremony for the SYWLC'2020 of the R10. Dr. Zia Ahmed (General Chair) welcomed all the attendees to the event followed by the talks of Prof. Akinori Nishihara (IEEE Region 10 Director), Prof. Toshio Fukuda (IEEE President) and Prof. Kukjin Chun (IEEE MGA VP). Afterward, the inauguration of R10 SYWL Virtual Congress took place in the following order R10 Student Activities Committee moderated by Prof. Huynh Thi Thanh Binh / Saaveethya & addressed by MGA Student Activities Committee Chair Prof. Elisa H Barney Smith, R10 Young Professionals Committee moderated by Prof. Takuo Suzuki & addressed by IEEE Young Professional Committee Chair Flavia Maria Dinca, R10 Women In Engineering Committee moderated by Ms. Emi Yano & addressed by IEEE WIE Committee Chair Lisa Lazareck-Asunta and R10 Life Member Committee moderated by Dr. Rajendra Asthana & addressed by by IEEE Life Member Committee Chair T. Scott Atkinson. Lastly, a thank you note to all the attendees by the moderator of this session Prof Supavadee Aramvith (General Co-Chair). There were total of 41 attendees for this event.

**On day 1, 23<sup>rd</sup> September** the session was on HKN-IEEE Eta Kappa Nu, which is the honor society of IEEE and was formed on 28<sup>th</sup> October 1904 for the students of electrical engineering with the keynote speakers as Nancy M Ostin (Director, IEEE-HKN Eta Kappa Nu) welcoming all the attendees, Edward A Rezek (President 2020, IEEE HKN Society) on what IEEE HKN is, Prof. Lawrence (Past director, IEEE Region 10 and Director, Conference Operations) talked on the region-specific growth strategies for IEEE HKN and impactful programs for chapter management, Micheal L. Benson (Governor Region 3 & 4, Chair, membership & Chapters Committee) spoke about HKN's global perspective and best practices with few chapter success strategies and Sandro Sartoni (Student Governor, IEEE-HKN & corresponding Secretary, Mu Nu Chapter of IEEE-HKN) talked about Reflection of Triple EEs in student life. Also, there was a panel discussion with the speakers, Kundan Kumar (Chair, IISc Bangalore, HKN-Chapter president), Thittaporn Ganokratanaa (HKN-Chapter Past president, HKN Mu Theta Chapter) and Aobo Zhou (HKN-Chapter President, University of Queensland, Mu Kappa). The moderator as Dr. Supavadee Aramvith (Chair, IEEE Region10 Section/Chapter Committee). There were total of 37 attendees for this session.

**Day 2 (i.e. 24<sup>th</sup> September)** a panel discussion with 3 multinational companies on what they expect from fresh graduates explaining the demands of the industry, this was a great opportunity for the students of IEEE-VSIT as many members are from 1<sup>st</sup> and 2<sup>nd</sup> year giving them a head start in their careers. There were more than 34 attendees to this event. The speakers for day 2 were Nicolas Wigishoff (country manager-SUEZ), Mr. Sasanka Jayadasa (Senior Manager-Head of Factory Supply Chain-Nestle), Mr. Nuwan Samarasekera (Software Engineer-Google) and Mr. Samith Sirimanna (Intern-Motor Design at Tesla) with the moderator as Pasan Pethiyagoda (SPAX Coordinator for IEEE Asia Pacific -MGA Student Activities Committee).

**Day 3 (i.e. 25<sup>th</sup> September)** was about Best practices in Running Student Branches, how student branches are an integral part of IEEE, giving a platform and great opportunities to the young minds at university level by discussing various strategies for a smooth functioning of a

Student Branch. With more than 30 attendees the speakers for this session was Prof. Rajesh Ingle (Professor and Dean at Pune Institute of Computer Technology, also Former SAC Chair at IEEE Region 10 (Asia Pacific)) and the moderator as Prof. Huynh Thi Thanh Binh (SAC Chair at IEEE Regions 10 (Asia Pacific)).

For the **day 4 (i.e. 28<sup>th</sup> September)**, as many know that how entrepreneurship is promoted in the world lately, the session was on how Bridging the Gap: Career Development Employability and Entrepreneurship, the session was focused on how one can upskill and to find the perfect career option for themselves. The keynote speakers for this session were Dr. Dejan S. Milojicic (Distinguished Technology, Hewlett Packard Labs., also Past Chair, IEEE Industry Engagement Committee) spoke on the topics of “An Industrialist’s Perspective: Education & Employability”, Prof. Saman Halgamuge (Professor at university of Melbourne) on Motivating & Articulating a career in Academia and Mr. Ken Stauffer (Co-Founder & CEO, Technology Assurance Labs., 2020 Chair, IEEE Entrepreneurship) discussed about “The Third Way: Becoming an Entrepreneurial Star” with the moderator as Prof. Chris Gwo Giun Lee (IEEE Region 10 Industry Relations Committee Chair, Director at Bioinfotonics Research Center(BITS) and also Professor, Department of Electrical Engineering, National Cheng Kung University). There were total of 31 attendees for this session.

For the **day 5 (i.e. 29<sup>th</sup> September)**, the panelist talked on how IEEE Xplore a digital library is a magnificent place for students for academic and research content with over more than 5 million full-text documents for innumerable topics providing updates on the latest Technology in depth. Alex Liu (IEEE Client Service Manager (Asia)) was the honorable speaker for this session and Ewell Tan (Project Manager, IEEE Asia-Pacific Limited) as the moderator. There were total of 30 attendees for this session.

**On day 6 (i.e. 30<sup>th</sup> September)**, was one of the most needed sessions for the upcoming leaders and young students. The session was about a most underestimated skills that are leadership and soft skills for everyone. The keynote speakers Mr. Deepak Mathur (Director-Elect, IEEE Region 10) spoke on the topic of “Key Leadership Skills for Students enabling a successful Professional career after Graduation” and Mr. Rubén Barrera-Michel (MGA Training Committee Chair, 2020) talked about “IEEE CLE and IEEE VoLT Program”. This was followed by a panel discussion by Dr. Zia Ahmed (Vice Chair, Membership Activities, IEEE Region 10), Prof. Zuhaina Zakaria (Member of IEEE Admission & Advancement Committee, Member of IEEE PES Long Range Planning Committee and the Chapter Representative, IEEE Region 10 Power and Energy Society (South East)), Dr. Eddie Custović (Director, La Trobe Innovation & Entrepreneurship Foundry (LIEF), Founder/Director of the La Trobe Innovation & Entrepreneurship Foundry (LIEF) and Past Chair, IEEE Industry Engagement Committee), Mr. Kavinga Upul Ekanayaka (Chair of IEEE R10 SYLWC 2015, Member, IEEE MGA vTools Committee 2018 and VOLT Graduate), Mr. Mohammed Hussein (Winner, IEEE R10 SAC Outstanding Student Volunteer Award 2019) and Ms. Dimple Khilwani (Webinar and Training Committee Member, IEEE R10 SAC and Sectional Student Representative 2019/20, IEEE Bombay Section), with the moderator as Ms. Amanda Juila Isla (SAC Chair, IEEE Indonesia Section). There were total of 30 attendees for this session.

**Day 7 (1<sup>st</sup> October)** was concentrated on Sharing Session on Region 10 Funded projects for the covid-19, this session was all about how technology can be used to fight this deadly virus and easing the life of our frontline workers, the top 5 selected projects will then be executed by the SBs and Section SACs of the Region 10. There were over 20 attendees for this session. The speakers were Dr. Alpha Agape (Senior Lecturer, Monash University, Malaysia, Chair Student Activities Committee, Malaysia Section and Chair IEEE EMBS Malaysia Chapter) spoke on “Engaging with Industry – Leveraging on IR 4.0”, Mr. Jetson Joseph (Chair, IEEE VJCET Student Branch) on “Let’s unchain it by VJCET”, Mr Mallellu Sai Prashanth (Chair – IEEE Vardhaman College of Engineering, Social Media Co-ordinator, IEEE R10 SAC Media and Publicity Sub Committee, IEEE R10 Student Activities Committee) on “Covid19 AI Enabled Chat Bot”, Mr Syed Hasan Askari Rizvi (Chair, IEEE JSSATEN S.B.) on “Smart Temperature Monitoring and Automatic Sanitizer Dispenser” and Mr Subasing Manage Viraj Dhanushka (Student Member | University of Peradeniya Student branch) spoke on “Project Find Delivery” with the moderator as Vamsi Krishna Jadala (Vice Chair, India Council [ECIM & Newsletter], Virtual Speakers Bureau R10 Coordinator, MGA SAC and Chair, IEEE Young Professionals Hyderabad – Affinity Group).

**Day 8 (i.e. 3<sup>rd</sup> October)** was a live Facebook event of SAC & WIE coordination contest, final round live presentation. This contest was to give all the SBs, SACs and WIEs to portray best practices and activities organized to improve membership retention. The winners for the student branch category were IEEE SB College of Engineering Karungappally and the runners up were Silver Oak University IEEE SB. The winners for the Section Students Activities committee category were IEEE Malaysia Section Students Activities committee and the runners up were IEEE Bombay Section Students Activities committee. The winners for the Student Branch WIE category were BVP IEEE WIE and the runners up were The Northcap University WIE. The winners for the Section WIE Affinity Group category were IEEE Bangalore Section WIE AG and the runners up were IEEE Gujarat Section WIE AG. There were total 29 attendees for this live event.

**Day 9 (i.e. 4<sup>th</sup> October)** was a live Facebook event of the closing ceremony for R10 SYWLC’2020. There were total of 18 attendees for this event. The event was indeed a successful one despite the pandemic the spirits were still the same and hopefully we see a much bigger event next year with more members on a much bigger stage.

Influenced over 100 people and spread the message of IEEE to them resulting in more than 40 new members joining IEEE. The event resulted in a very fruitful interaction in the networking event amongst the members of the student branch. Helpful insights were provided to the new members about the IEEE eco-space. The event also encouraged a bond amongst the junior and the senior members. Important opportunities in IEEE were shared with the students.

## Ada Lovelace Day Celebration

### "Women in Technology - A Dire Need of the Hour"

<b>Date:</b>	<b>17<sup>th</sup> October, 2020</b>
<b>Time:</b>	<b>11:00am to 12:30pm</b>
<b>Platform:</b>	<b>Zoom</b>
<b>Arranged By:</b>	<b>WIE Affinity Group of IEEE-VSIT Student Branch in association with WIE Affinity Group of IEEE Bombay Section.</b>
<b>Faculty in-charge:</b>	<b>Dr. Sarika Chouhan (Advisor, WIE Affinity Group of IEEE-VSIT SB)          Ms. Ketaki Ghawali (Branch Mentor, IEEE-VSIT SB)          Ms. Seema Bhatkar (Branch Mentor, IEEE-VSIT SB)</b>

On account of Ada Lovelace Day, an International Celebration of the contribution and achievements of women in the field of Science and Technology created in memory of the first computer programmer, Ada Lovelace, the Women in Engineering Affinity Group of the IEEE-VSIT Student Branch in association with the WIE Affinity Group of IEEE Bombay Section organized a webinar to contribute to the WIE IEEE-VSIT belief of starting a woman-helping-woman movement and pursuing female empowerment at the grassroots level. The guest speaker, Ms. Aanchal Sharma, Software Development Engineer - Reliance Jio, WiDS Ambassador and Author was invited to deliver a most inspiring talk - "Women in Technology - a Dire Need of the Hour" on the 17th of October 2020.

The webinar saw a diverse pool of attendees - 58 registered participants with 40 present at the event; from VSIT's own students and faculty to students from various other colleges - SPIT, Don Bosco, SIES, etc. across the Bombay Section.

Ms. Siddhi Ghorpade (Vice-Chairperson 2020-21 WIE Affinity Group, IEEE-VSIT SB) commenced the event by cordially welcoming the guest of honour - Ms. Sharma and all the attendees and thanking WIE IEEE Bombay Section for granting the technical sponsorship for the event. Following her brief account of why we celebrate Ada Lovelace Day internationally and how it ties well with the IEEE WIE objective, Dr. Sarika Chouhan- Branch Counselor and Advisor, WIE Affinity Group, IEEE-VSIT, CAO-VSIT addressed the audience and thanked all those who were involved with bringing the event together - Dr. Varsha Turkar, Chair- WIE IEEE Bombay Section, Dr. Rohini Kelkar, Principal-VSIT, Vidyalankar Dnyanpeeth Trust and the team of WIE IEEE-VSIT.

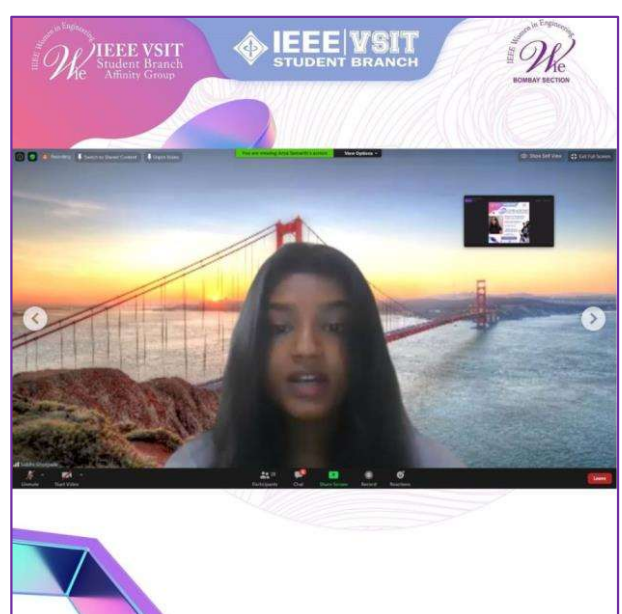

The audience then received a gracious introduction to the guest speaker provided by Ms. Khushi Sharma (Chairperson 2020-21 WIE Affinity Group, IEEE-VSIT SB). They learnt of Ms. Aanchal Sharma's incredibly vast experience working at Reliance Jio - starting out as an Android Developer working on Jio's chatbot, JioBolo to becoming a backend engineer contributing to the stability of many projects within Jio. Her involvement with various communities like Google Developers Groups, Women in Data Science, GirlScript Foundation, SheCodes, etc. and her work as an e-book author and tech blogger.

The speaker then began with her talk for the occasion which she kicked off by talking about the gendered world of global technology and why we need to combat the workplace gender bias. While speaking about her own experience as a woman pursuing a career in Engineering, she discussed what steps she has taken to address the problem she feels so passionately about. She then shared with us the various projects she has worked on at Jio, including JioInteract – World's First AI based Video Call Platform and JioCare – Jio's WhatsApp Customer Care Project through which she explained the steps involved in building a scalable ML Application. She carefully and concisely went over concepts such as Horizontal Scaling, Exposing Model's Through APIs, Load Testing, Stack Monitoring, etc. This very interesting segment was followed by a few encouraging words for young men and women starting their careers in Technology and how it falls onto us to progress the field for the benefit of humanity.

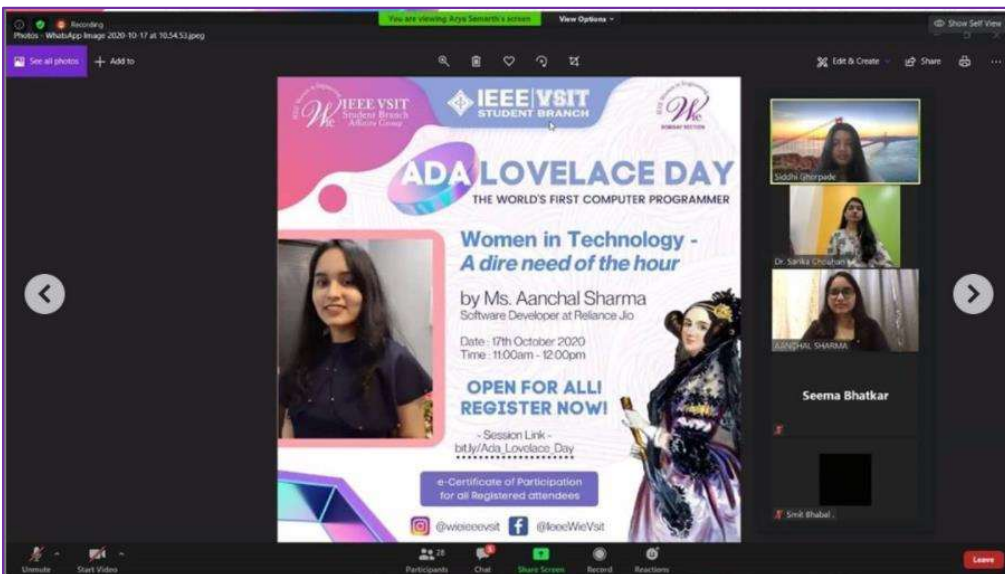

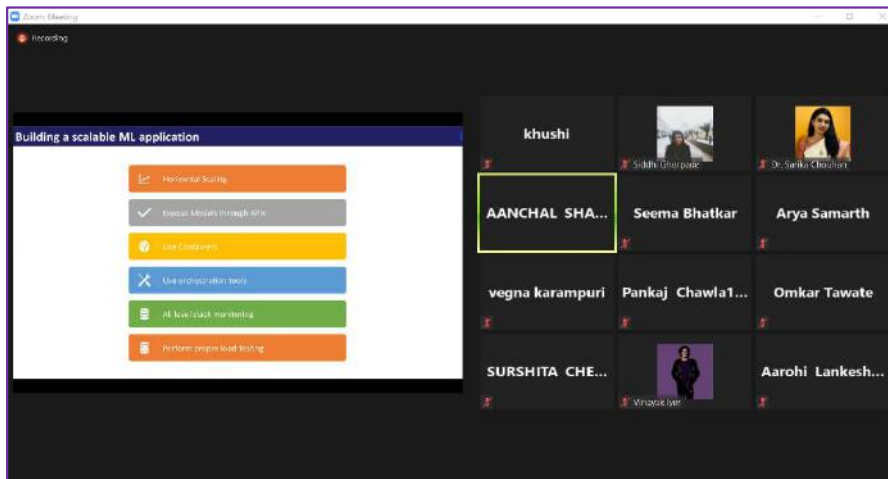

The speaker's talk was then followed by a question-answer session overseen by Ms. Khushi Sharma where she masterfully answered many questions about the various

technological aspects involved in developing her COVID Tracker Web App, what advice and insight she can provide to beginners to Android Development, the technologies used by companies at present and what changes they might make in the future in terms of making the shift from proprietary software to open source software. She also discoursed at length about the gender bias in the global technological sphere and humanitarian technology.

The event was brought to its conclusion by Ms. Khushi Sharma presenting the vote of thanks to the speakers and audience. Following the event, All the participants received e-certificates for their participation immediately after submitting their feedback through our certificate auto-generation.

## IEEE DAY 2020 CELEBRATIONS

<b>Date:</b>	10 <sup>th</sup> October, 2020
<b>Time:</b>	11:00pm to 2:00pm
<b>Platform:</b>	Microsoft Teams Google Meet Scribble.io
<b>Arranged By:</b>	IEEE-VSIT Student Branch
<b>Faculty in-charge:</b>	Dr. Sarika Chouhan (Branch Councillor, IEEE-VSIT SB) Ms. Ketaki Ghawali (Branch Mentor, IEEE-VSIT SB) Ms. Seema Bhatkar (Branch Mentor, IEEE-VSIT SB)

The poster features the IEEE Day 2020 logo with the tagline 'Celebrating Our Potential! Leveraging Technology for a Better Tomorrow'. It includes the VSIT and IEEE-VSIT Student Branch logos. A blue arrow points to the text 'E-certificate of participation will be provided to attendees!!'. Below this is a 'TECH SCRIBBLE' button. A circular portrait of Dr. Dhanukumar Pattanashetti is shown with his name and title: 'Senior IEEE Client Services Manager, IEEE India Operations Center, Bengaluru'. Below the portrait is the text 'A Talk on "IEEE - A Partner in Tech Professional's Journey"'. At the bottom, the date and time are listed as '10th OCTOBER 2020' from '11:00am to 12:00pm'. A joining link is provided: 'http://bit.ly/VSITIEEE-Day-Celebration'.

On account of the **11<sup>th</sup> International IEEE Day**, a Celebration of our global parent organization – IEEE’s Journey from its inception on the 1<sup>st</sup> of January, 1963 to it becoming the World’s Largest Technical Professional Organization working towards the benefit of humanity, the **IEEE-VSIT Student Branch** organized an **“IEEE Day Special Webinar and Tech Scribble Competition”** for our Student Branch’s IEEE Members on the 10th of October, 2020.

The guest resource person for the event **Dr. Dhanukumar Pattanashetti** - Senior IEEE Client Services Manager, IEEE India Operation Center, Bengaluru was introduced by **Dr. Sarika Chouhan** - Branch Counselor, IEEE-VSIT SB. The event saw a diverse pool of attendees which were **40+** in number consisting of VSIT’s own students.

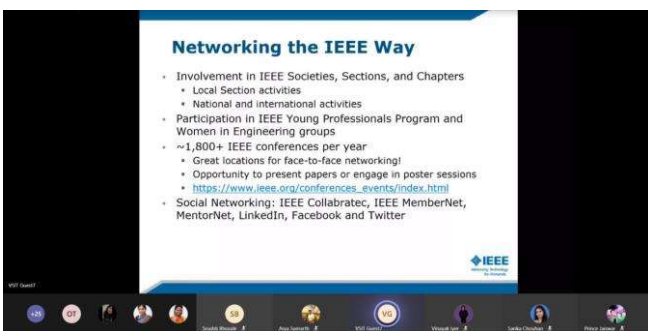

Dr. Pattanashetti delivered a talk on the topic **“IEEE- A Partner in Tech Professional’s Journey”**. He started by saying that this year's IEEE Day Celebration is very much different than what used to happen. He said that the theme for the day is **“Leveraging Technology for a Better Tomorrow”**. Dr. Pattanashetti then continued by giving an idea about the skills engineers should have that the employers look for in them which included Communication skills, Interpersonal skills, Technical knowledge, Organizational skills & enthusiastic, committed, self-directed learning. He then gave different examples about how people become successful in IEEE. He spoke about three people who started from the basics and are now gone to a big position in IEEE and in life. Dr. Pattanashetti spoke about the various scholarships IEEE is offering to the

people and its own members which are beneficial for future development. He then gave a gist about the various qualities that can help a person to grow in their job field. At the last Dr. Pattanashetti spoke how one can increase their network with the help of IEEE.

After the session a fun IEEE Day 2020 Contest was conducted in which participants had to answer various questions regarding IEEE, its history and knowledge. Participants went through various rounds of questions and in the end **Neeraj Vijaykumar Patil** was declared as the Winner of the Quiz Contest with **Smit Shreeram Bhabal & Mavi Pundir** coming in the 1st and 2nd Runners Up Position respectively.

The session was brought to its conclusion by Vinayak Iyer (General Secretary, IEEE-VSIT SB) presenting a vote of thanks to the speaker and wishing everyone a Happy IEEE Day 2020.

The attendees were introduced to the Tech Scribble Competition where participants had to take part in the scribble.io website, draw the word given to them and others had to guess which word was drawn. Participants enjoyed their very best and it contributed to the Grand Success of the Day.

## STEM AWARENESS DRIVE FOR THE STUDENTS OF ANGEL XPRESS FOUNDATION NGO

<b>Date:</b>	<b>28<sup>th</sup> November, 2020</b>
<b>Time:</b>	<b>3:00pm to 4.30pm</b>
<b>Platform:</b>	<b>Zoom</b>
<b>Organised By:</b>	<b>WIE Affinity Group of IEEE-VSIT Student Branch</b>
<b>Faculty in-charge:</b>	<b>Dr. Sarika Chouhan (Advisor, WIE Affinity Group of IEEE-VSIT SB) Ms. Ketaki Ghawali (Branch Mentor, IEEE-VSIT SB) Ms. Seema Bhatkar (Branch Mentor, IEEE-VSIT SB)</b>

On 28<sup>th</sup> November 2020, **WIE Affinity Group of IEEE-VSIT Student Branch** conducted an Online “**STEM Awareness Drive**” for the students of **Angel Xpress Foundation NGO**. With a view of providing information and creating awareness about the Science, Technology, Engineering, Mathematics (STEM) program, the WIE IEEE-VSIT team interacted with the students virtually. The event saw a diverse pool of attendees which were **54** in number consisting students of standard 8<sup>th</sup> to 10<sup>th</sup> from different parts of Mumbai.

The event was commenced by **Dr. Sarika Chouhan** - Advisor, WIE Affinity Group of IEEE-VSIT SB by welcoming all the students and introducing the topic to them. Dr. Chouhan gave an overview over what exactly was the drive all about.

The drive was divided into three parts of which the first part was giving information about the STEM program and its advantages. **Arya Samarth** - Chair, IEEE-VSIT SB started by speaking about **Science** and its evolution over the years. He gave examples about various inventions that changed the working of mankind, the variety of professions that have science in its roots like Doctor, Scientist, Astronomer, Dentist, to name a few. The examples of famous people who excelled in this field were also given to the students. Students asked various doubts as well as answered the questions asked to them emphatically. Awareness about Engineering was given by **Khushi Sharma** - Chair, WIE Affinity Group of IEEE-VSIT SB. The different streams of **Engineering**, their advantages and future scope were covered in this topic.

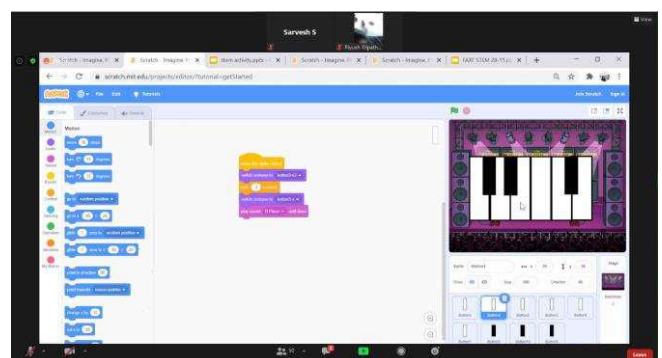

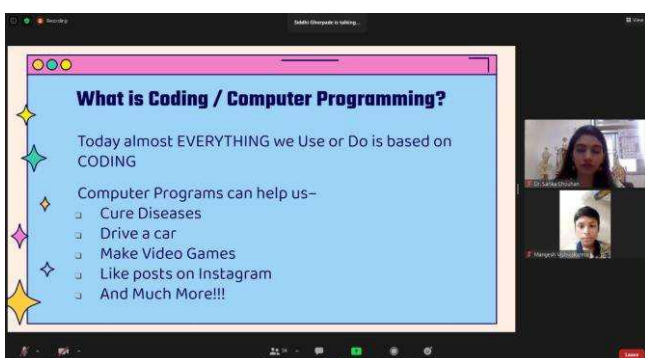

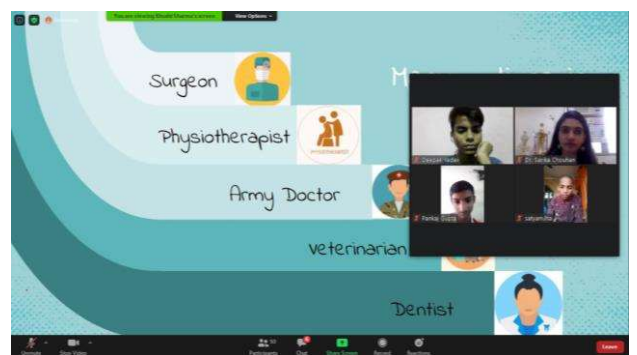

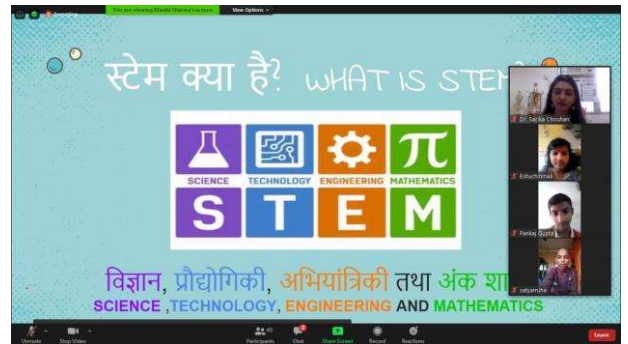

**Vignesh Prabhu** - Treasurer, IEEE-VSIT SB addressed about the **Importance of Technology**. Various fields like Robotics, Data Science, Network Security with their uses were taught to the students. Examples of famous people in the field like Sundar Pichai (CEO of Google Inc.), Narayan Murthy (Founder of Infosys) was given as well. The topic **Importance of Mathematics** covered by **Pradynesh Bhoir** - Publicity Head, IEEE-VSIT SB. Students were involved in a discussion about their career & future and what is the importance of mathematics in our career and life.

In Order to incorporate the interest of coding into the students, a fun-filled and informative activity was conducted. **Siddhi Ghorpade** - Vice Chair, WIE Affinity Group of IEEE-VSIT SB gave the students a gist about how important coding languages have become in today's world. An example of what coding can do in creating creative videos, games, music was given using **Scratch**. Ms. Ghorpade showed how to create a design of Piano and give a music to it which sounds like a real piano by joining simple code statements. The students were very excited to learn a tool in such a fun manner.

With a piece of advice to the students from **Ms. Seema Murkar** - Branch Mentor, IEEE-VSIT SB, the topic of career opportunities was taken forward by Pradynesh. He showed the students what opportunities they have after completing their 10<sup>th</sup> std exams in the field of Science. Knowledge about options in courses, different bachelor's degree programs were given.

As the fun-loving drive came to its closing stages, a plethora of pictures were clicked, and memories were made. The students were congratulated for their active participation in the topics and activity which made the drive a successful and interactive one. We thanked the Angel Xpress Foundation for their support in making this awareness drive triumphant. Finally, we bid them good-bye, with the promise of coming back again with more enjoyable and exciting activities.

**LIGHTSPEED**  
**Model United Nations**  
**Based in Future**

<b>Date:</b>	30 <sup>th</sup> January, 2021
<b>Time:</b>	11:00am to 2:00pm
<b>Platform:</b>	Microsoft Teams
<b>Organised By:</b>	IEEE-VSIT Student Branch
<b>Faculty in-charge:</b>	Dr. Sarika Chouhan (Branch Counsellor, IEEE-VSIT SB) Ms. Ketaki Ghawali (Branch Mentor, IEEE-VSIT SB) Ms. Seema Bhatkar (Branch Mentor, IEEE-VSIT SB)

**IEEE-VSIT Student Branch** sponsored by **IEEE Bombay Section** organized a one of its kind Online Model United Nations Conference *Lightspeed* on 30<sup>th</sup> January, 2021, the main topic of the conference was based 50 years in the future i.e. the year 2070 and the **Ethical use of Superintelligence & Artificial Consciousness: Self-Aware Androids & Weaponry**. The view was to engage the students in an activity which tests their knowledge over technology, leadership Skills and learn more about how the UN operates. The event saw 8 country delegates take part of which two were from VSIT and the rest from various regions including Sion, Pune, and Chandigarh.

The conference had three stages, which were: **1.** The delegates had to submit Position Paper beforehand. **2.** They had to present their views mentioned in the position paper during the Opening Speech. **3.** The last stage consisted of Debate, Discussions regarding the implementation of the topics and Voting round. The delegates were rated on the basis of their performance which included their views and how well they express it. In the end the top 3 country delegate with most points will be given prizes from a cash pool of **₹5000**.

The MUN began with **Dr. Sarika Chouhan** - Branch Counsellor, IEEE-VSIT SB welcoming all the delegates to the conference. **Arya Samarth** - Chair, IEEE-VSIT SB, gave an overview of the flow and explained the rules of the conference. Vinayak Iyer - General Secretary, IEEE-VSIT SB, took the position of the Chair of the conference and initiated it by taking the roll call of the countries present. The delegates recognized were Republic of **India**, People Republic of **China**, Kingdom of **Spain**, Dominion of **Canada**, Commonwealth Realm of **New Zealand**, The United States of **America**, The Kingdom of **Saudi Arabia**, The **Swiss** Confederation & they had an option to answer by Present or Present & Voting.

After the roll call, the MUN went forward with the agenda of the conference which was Ethical use of Superintelligence & Artificial Consciousness: Self-Aware Androids & Weaponry. In the General Speaker List (GSL), the delegates had 120 seconds to offer their views over the agenda and pose their position paper in front of other delegates and the Chair. The first country was New Zealand posing their views for the agenda. The next country was India, the views were in favour of the agenda. Third Country was China who posed their views against the topic. The next countries were Spain, Saudi Arabia, Canada, USA, & Switzerland with all the countries except Switzerland and Spain posing their ideas in favour of the agenda.

The conference moved forward to a Moderated Caucus, where the delegates had to raise their placards to discuss a specific topic for a short time. Discussion regarding the medical industry, disadvantages of AI and other issues were discussed as well as resolved in this stage. The next stage of the conference consisted of a voting round where the delegates had to vote 'for' or 'against' the resolutions and implementation of laws and rules regarding the agenda. The first topic up for voting was Academic Research using Super Intelligence, which was adopted with a clear majority of 8 v/s 0. The second topic was Use of Androids for General Tasks, which was again adopted without any objection of 8 v/s 0. The last topic was Self Aware Androids for use in the Armed Forces, it was adopted with a voting majority of 5 v/s 3.

With tight competition for the winner and runners-up places the results were announced. The **6th Place** went to the delegate of Saudi Arabia - **Mohammed Zahid Imtiyaz Wadiwale** (IEEE-VSIT, Wadala) with 67 points. The **5th Place** went to the delegate of Switzerland - **Dev Narayan Bharti** (Chandigarh) with 69 points. There was a triple tie for the **4th place** between the delegates of Canada - **Omkar Tawate** (IEEE-VSIT, Wadala), USA - **Ekansh Agarwal** (NMIMS, Mumbai), India - **Shantanu Gautam** (Chandigarh) all scoring 71 points each. The **Second Runners-Up** position went to **Mavi Pundir** (IEEE-VSIT, Wadala) who was the delegate of New Zealand and scored 74 points. The **First Runners-Up** place was given to the delegate of Spain - **Anuja Patil** (IEEE-PICT, Pune) who scored a great 80 points out of 100. The **Winners** of the **Lightspeed MUN Conference** were the duo delegates of China - **Shabarish Ramaswamy and Shlok Naik** (IEEE-SIESGST, Nerul) with a whooping score of 91 out of the possible 100.

Online Model United Nations was brought to its conclusion by Dr. Sarika Chouhan presenting a vote of thanks & congratulating all the delegates and the winners for their active participation and strong views regarding the topics of discussion, which contributed to the Grand Success of the first-ever MUN.

# Winner's Announcement

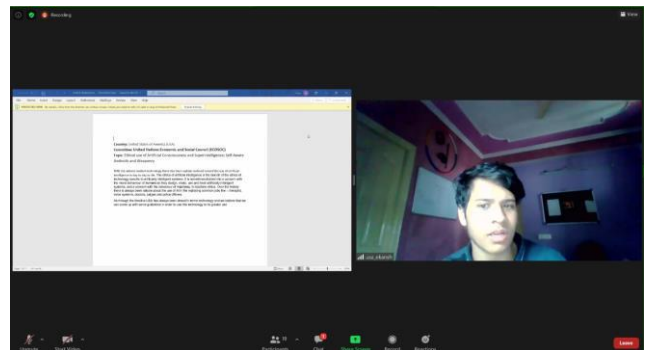

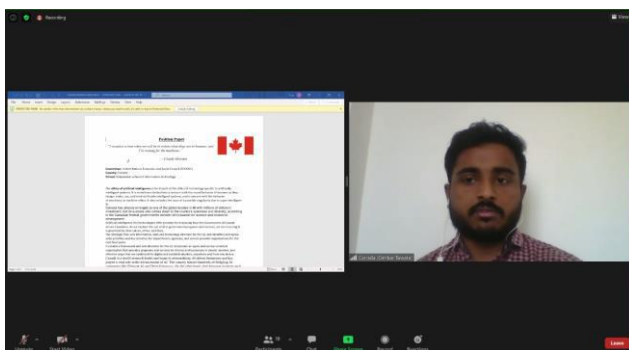

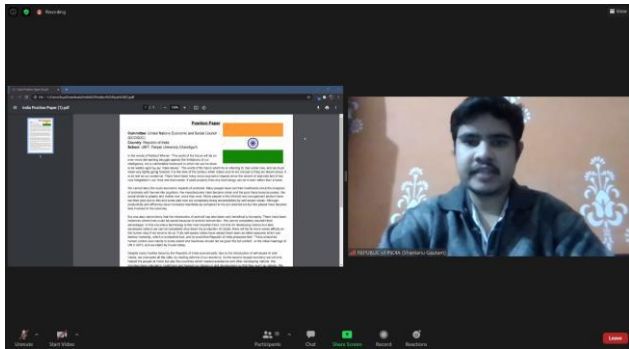

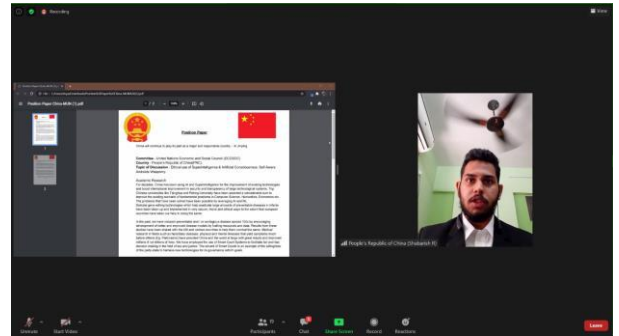

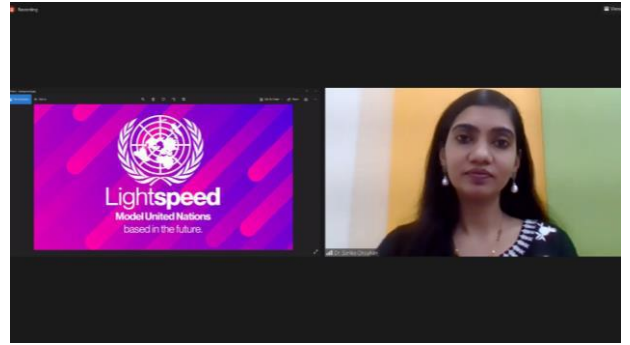

**1st: China**  
BEST DELEGATE  
Shabarish Ramaswamy / Shlok Naik

**2nd: Spain**  
BEST DELEGATE FIRST RUNNER UP  
Anuja Patil

**3rd: New Zealand**  
BEST DELEGATE SECOND RUNNER UP

## MINDSWEEPER

### 24 HOUR NATIONAL LEVEL CODATHON COMPETITION

<b>Date:</b>	27 <sup>th</sup> & 28 <sup>th</sup> February, 2021
<b>Time:</b>	10:00am to 2:00pm
<b>Platform:</b>	Zoom
<b>Organised By:</b>	IEEE-VSIT Student Branch & Computer Society of India-VSIT
<b>Faculty in-Charge:</b>	Dr. Sarika Chouhan (Branch Counselor, IEEE-VSIT SB) Ms. Ketaki Ghawali (Branch Mentor, IEEE-VSIT SB) Ms. Seema Bhatkar (Branch Mentor, IEEE-VSIT SB) Ms. Sanjeela Sagar (Student Branch Coordinator, CSI-VSIT) Dr. Amita Jain (Faculty Mentor, CSI-VSIT)

**IEEE-VSIT Student Branch** in collaboration with **CSI-VSIT** organized a 24-hour national level codathon competition **MINDSWEEPER** (February 20 & February 27,28, 2021) with Day 1 being the Pre Codathon Workshop, Day 2 consisted a 24 hour coding challenge & On Day 3 contestants had to present their ideas. The prize pool was worth **Rs. 15,000**. The speakers for the pre - workshop were **Mr. Hannan Satopay**-IEEE Bombay Section TPAC Secretary, Tinkercad Advisor - Autodesk) & **Mr. Shashank Bale**-Technical Architect, Choice Techlab). They gave the contestants the importance of codathon events and various ways and platforms which can help an individual improve his coding skills. The event saw a diverse pool of attendees which were **130+** in number- from VSIT's own students and faculty to students from other institutes all over the country. There were a total of **25 teams** participating in the competition.

## Day 1

The event commenced by **Dr. Sarika Chouhan**-Branch Counselor, IEEE-VSIT SB introducing the guest speakers for the event to all the contestants. The first part of the workshop was carried by Mr. Satopay.

Mr. Satopay began with his topic to the contestants by explaining the meaning and benefits of coding competitions. He gave a short tour of various coding websites like Hackerrank, Codechef, HackerEarth, etc. Mr. Satopay showed the contestants how to solve challenges in the Hackerrank portal, how to select the level of difficulty, and what the best methods to solve them. He showed them various examples and concepts of codes which consisted of loops, problem statements, and outputs of complex questions. In the Q&A session Mr. Satopay addressed various questions from the contestants over the concepts of coding languages and methods.

For the second part of the workshop, **Ms. Sanjeela Sagar** - Student Branch Coordinator, CSI-VSIT introduced the speaker Mr. Shashank Bale. Mr. Bale spoke about the basics and how to solve the various difficulty levels of a code. He taught the contestant how not to worry about the complexity of the questions and always look for the basic ideas to start with. Mr. Bale showed them examples from the Hackerrank portal. He took questions from the contestants and solved them to give a gist of end-to-end thinking methodology. In the end Mr. Bale solved the doubts of the contestants in the Q&A session.

## Day 2

The second day of the event was commenced by **Khushi Sharma**-Vice Chairperson, IEEE-VSIT SB inviting the Vice Principal for a word of confidence for the contestants. **Mr. Asif Rampurawala**-Vice Principal, VSIT spoke a few words on how such codathon competition benefits young minds. He wished all the best for the competition and not worry about the results but focus on personal growth of knowledge.

The day was carried forward by **Vignesh Prabhu**-Treasurer, IEEE-VSIT SB, making the contestants aware of the guidelines of the competition and rules to be followed. The contestants were then given the link to the competition where there were 5 questions to solve which consisted of different difficulty levels and points. The maximum points were 30 and min being 10. The contestants had 24 hours to complete the challenge and present their ideas on Day 3.

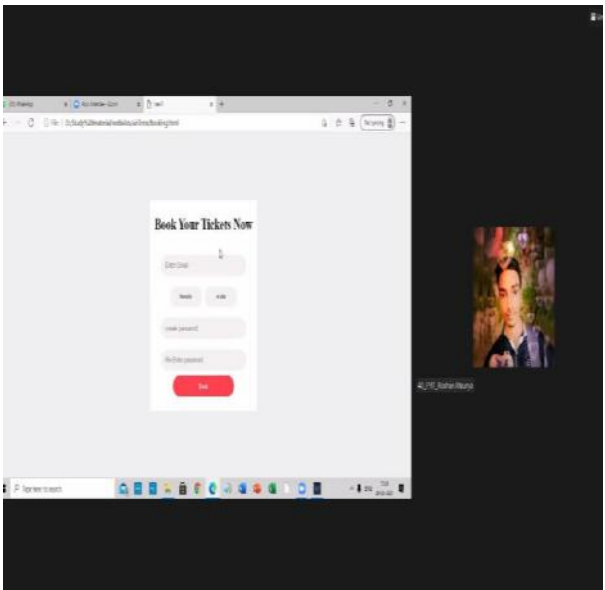

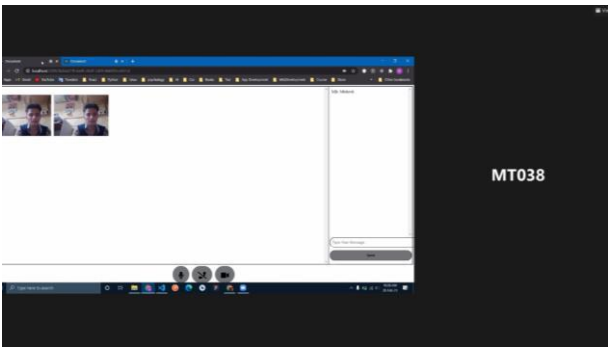

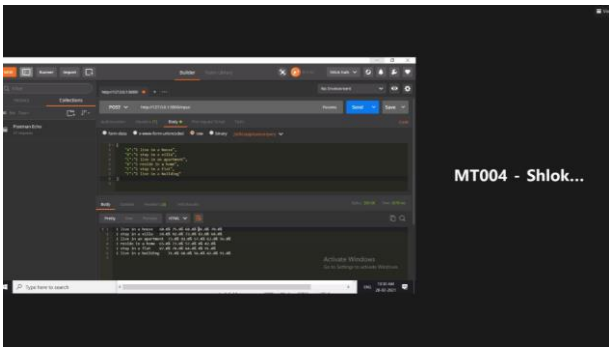

## Day 3

The day 3 of the event consisted of contestants presenting their ideas in front of the panel of judges. The judges were **Mr. Hannan Satopay, Mr. Shashank Bale, Ms. Sanjeela Sagar, Dr. Amita Jain, Ms. Seema Bhatkar & Dr. Sarika Chouhan.**

The first presentation was done by team code MT004 consisting of four students Abhishek Joshi, Shabarish Ramaswamy, Shlok Vivek Naik & Aakriti Sharma (SIES Graduate School of Technology, Mumbai, Maharashtra) showcasing their website for online assignment submission

## IEEE-VSIT SB's 3rd Anniversary Celebrations

<b>Date:</b>	26 <sup>th</sup> February, 2021
<b>Time:</b>	3:30 pm to 4:30 pm
<b>Platform:</b>	Zoom
<b>Organised By:</b>	IEEE-VSIT Student Branch
<b>Faculty in-charge:</b>	<b>Dr. Sarika Chouhan</b> (Branch Counsellor, IEEE-VSIT SB) <b>Ms. Ketaki Ghawali</b> (Branch Mentor, IEEE-VSIT SB) <b>Ms. Seema Bhatkar</b> (Branch Mentor, IEEE-VSIT SB)

The **IEEE-VSIT Student Branch** celebrated its 3<sup>rd</sup> anniversary on 26<sup>th</sup> February 2021. All the members of the Student Branch came together to celebrate this Milestone of **IEEE VSIT SB**. Firstly, the members were addressed by **Dr. Sarika Chouhan (Branch Counsellor IEEE VSIT SB)** who took them down memory lane with a presentation entailing the journey of the Student Branch in the past years. The event was also attended by Ex IEEE-VSIT members and 30+ IEEE members.

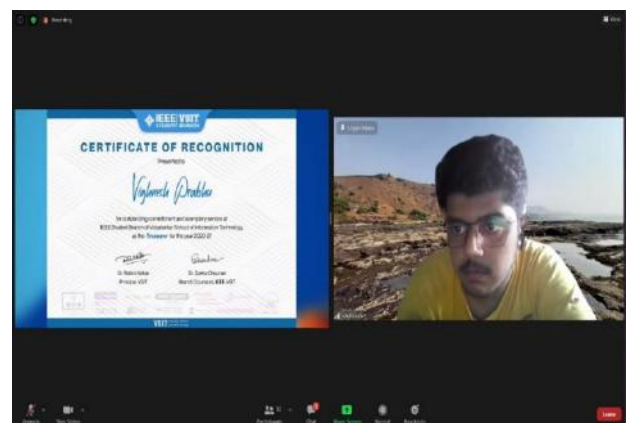

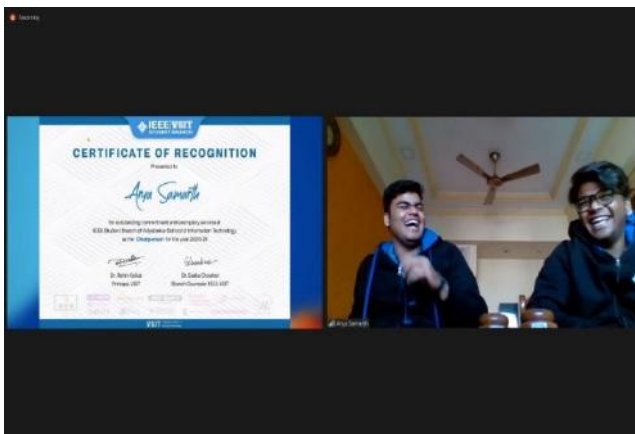

The event was taken ahead by **Vinayak Iyer**-General Secretary, IEEE-VSIT SB, explaining the various events conducted by IEEE-VSIT in the past years, followed a small presentation by **Mr. Jeet Dagha (Chair, Young Professionals, IEEE**

**Bombay Section) and Anjali Mishra (Section Student Representative, IEEE Bombay Section) sharing their few treasured experiences.**

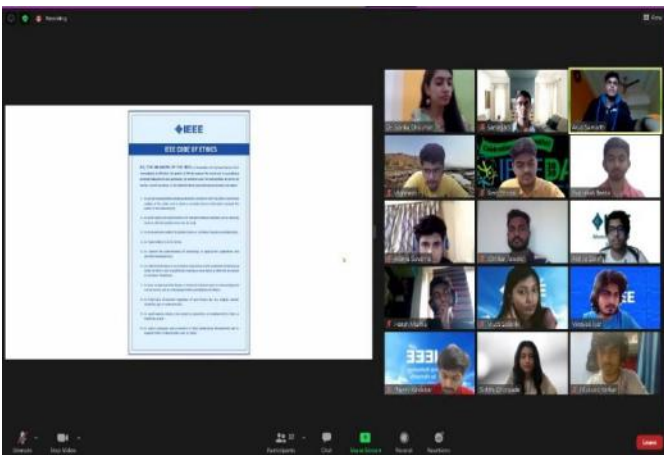

Moving forward certificates of recognition were presented by **Dr. Sarika Chouhan (Branch Counsellor IEEE VSIT SB) , Ms. Ketaki Ghawali (Branch Mentor, IEEE-VSIT SB) and Ms. Seema Bhatkar (Branch Mentor, IEEE-VSIT SB)** to the workforce members for their exceptional work in handling and executing events in these tough times. The workforce members shared their memories and experiences and thanked the Faculty members for their support. A virtual cake cutting ceremony followed.

The new committee of the Student Branch was introduced, with the former members passing the torch to their successors, with a short explanation by the current workforce of the responsibilities being passed on to the new committee. The new committee took a pledge from the IEEE code of ethics along with the former committee.

Finally, the event was concluded by **Dr. Sarika Chouhan (Branch Counsellor IEEE VSIT SB)** with a small virtual photo session with all the members gathered to celebrate this milestone in the signature IEEE sign.

## MINDSWEEPER

### 24 HOUR NATIONAL LEVEL CODATHON COMPETITION

<b>Date:</b>	27 <sup>th</sup> & 28 <sup>th</sup> February, 2021
<b>Time:</b>	10:00am to 2:00pm
<b>Platform:</b>	Zoom
<b>Organised By:</b>	IEEE-VSIT Student Branch & Computer Society of India-VSIT
<b>Faculty in-Charge:</b>	<b>Dr. Sarika Chouhan</b> (Branch Counselor, IEEE-VSIT SB) <b>Ms. Ketaki Ghawali</b> (Branch Mentor, IEEE-VSIT SB) <b>Ms. Seema Bhatkar</b> (Branch Mentor, IEEE-VSIT SB) <b>Ms. Sanjeela Sagar</b> (Student Branch Coordinator, CSI-VSIT) <b>Dr. Amita Jain</b> (Faculty Mentor, CSI-VSIT)

**IEEE-VSIT Student Branch** in collaboration with **CSI-VSIT** organized a 24-hour national level codathon competition **MINDSWEEPER** (February 20 & February 27,28, 2021) with Day 1 being the Pre Codathon Workshop, Day 2 consisted a 24 hour coding challenge & On Day 3 contestants had to present their ideas. The prize pool was worth **Rs. 15,000**. The speakers for the pre - workshop were **Mr. Hannan Satopay**-IEEE Bombay Section TPAC Secretary, Tinkercad Advisor - Autodesk) & **Mr. Shashank Bale**-Technical Architect, Choice Techlab). They gave the contestants the importance of codathon events and various ways and platforms which can help an individual improve his coding skills. The event saw a diverse pool of attendees which were **130+** in number- from VSIT's own students and faculty to students from other institutes all over the country. There were a total of **25 teams** participating in the competition.

## Day 1

The event commenced by **Dr. Sarika Chouhan**-Branch Counselor, IEEE-VSIT SB introducing the guest speakers for the event to all the contestants. The first part of the workshop was carried by Mr. Satopay.

Mr. Satopay began with his topic to the contestants by explaining the meaning and benefits of coding competitions. He gave a short tour of various coding websites like Hackerrank, Codechef, HackerEarth, etc. Mr. Satopay showed the contestants how to solve challenges in the Hackerrank portal, how to select the level of difficulty, and what the best methods to solve them. He showed them various examples and concepts of codes which consisted of loops, problem statements, and outputs of complex questions. In the Q&A session Mr. Satopay addressed various questions from the contestants over the concepts of coding languages and methods.

For the second part of the workshop, **Ms. Sanjeela Sagar** - Student Branch Coordinator, CSI-VSIT introduced the speaker Mr. Shashank Bale. Mr. Bale spoke about the basics and how to solve the various difficulty levels of a code. He taught the contestant how not to worry about the complexity of the questions and always look for the basic ideas to start with. Mr. Bale showed them examples from the Hackerrank portal. He took questions from the contestants and solved them to give a gist of end-to-end thinking methodology. In the end Mr. Bale solved the doubts of the contestants in the Q&A session.

## Day 2

The second day of the event was commenced by **Khushi Sharma**-Vice Chairperson, IEEE-VSIT SB inviting the Vice Principal for a word of confidence for the contestants. **Mr. Asif Rampurawala**-Vice Principal, VSIT spoke a few words on how such codathon competition benefits young minds. He wished all the best for the competition and not worry about the results but focus on personal growth of knowledge.

The day was carried forward by **Vignesh Prabhu**-Treasurer, IEEE-VSIT SB, making the contestants aware of the guidelines of the competition and rules to be followed. The contestants were then given the link to the competition where there were 5 questions to solve which consisted of different difficulty levels and points. The maximum points were 30 and min being 10. The contestants had 24 hours to complete the challenge and present their ideas on Day 3.

## Day 3

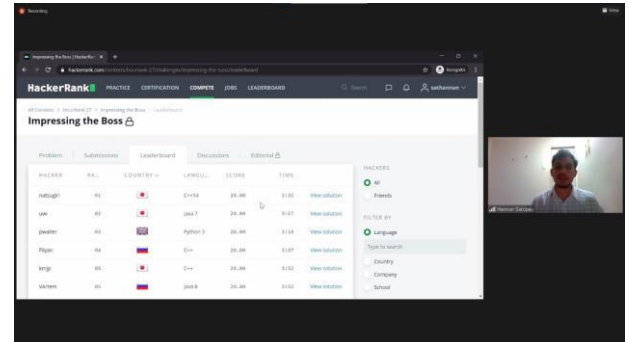

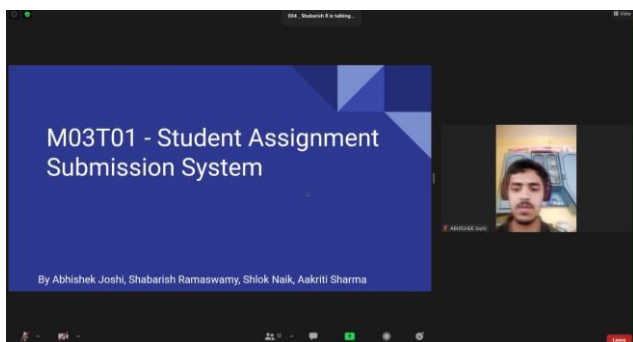

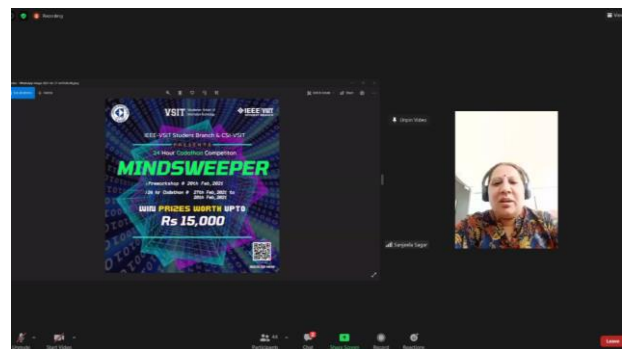

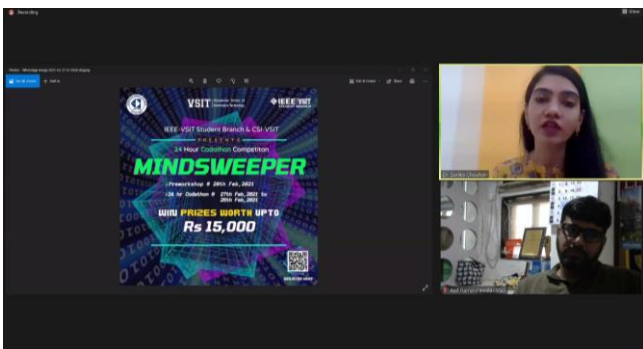

The day 3 of the event consisted of contestants presenting their ideas in front of the panel of judges. The judges were **Mr. Hannan Satopay, Mr. Shashank Bale, Ms. Sanjeela Sagar, Dr. Amita Jain, Ms. Seema Bhatkar & Dr. Sarika Chouhan.**

The first presentation was done by team code MT004 consisting of four students Abhishek Joshi, Shabarish Ramaswamy, Shlok Vivek Naik & Aakriti Sharma (SIES Graduate School of Technology, Mumbai, Maharashtra) showcasing their website for online assignment submission

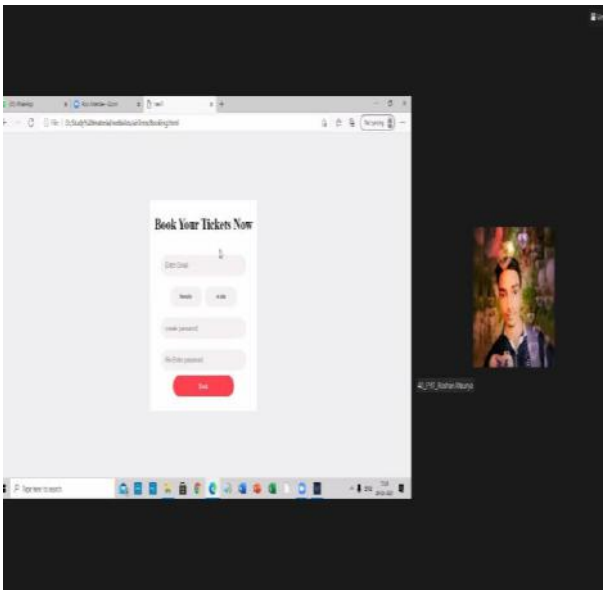

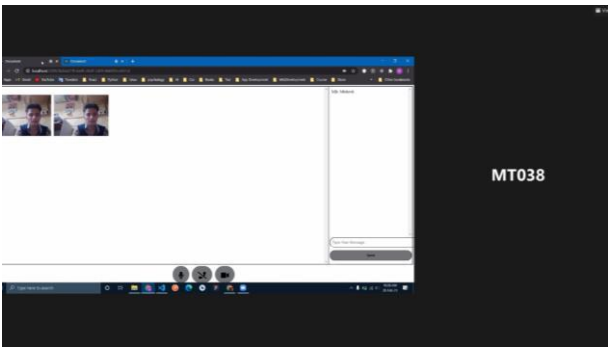

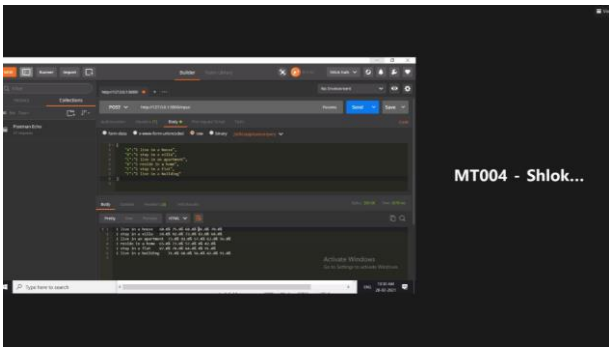

and evaluation. The second presentation was done by MT038 consisting of Mukesh Rajpurohit (Nagindash Khandwala College) presenting his Video conferencing Application. The third presentation was done by MT025 - Roshan Maurya, Devansh Vala (Nagindash khandwala college) displaying their website for Airline company.

The winners of the competition were graded on the basis of their code score, presentation skills & idea implementation. There were 10 positions and the **10th place** went to **Komal Menaria** (Nagindash Khandwala College). The **9th place** went to **Rahul Patil, Manish Gupta, Jainish Sakhidas** (Shah and Anchor Kutchhi Engineering College). The **8th place** went to **Pratik Gohil** (Kapol Vidyanidhi). The **7th place** went to the group of **Sankalp Betkar, Tejas Mahajan, Tejal Mahajan, Jagruti Katpara** (Patkar Varde College). The **6th position** went to the duo of **Om Navge, Rohit Mahadik** (VSIT). The **5th place** went to **Roshan Maurya, Devansh Vala** (Nagindash khandwala college). The **4th place** was given to **Prince Kumar Singh, Devesh Chalke** (VSIT). The **Second Runner Up** position went to **Mukesh Rajpurohit** (Nagindash Khandwala College). The **First Runner Up** went to **Vishak Gopukumar, Shreekant Kambl, Mehul Shah** (VSIT). The **Winner** of the **MINDSWEEPER - Codathon competition** was **Abhishek Joshi, Shabarish Ramaswamy, Shlok Vivek Naik & Aakriti Sharma** (SIES Graduate School of Technology, Mumbai, Maharashtra)

The event was brought to its conclusion by Dr. Sarika Chouhan presenting a vote of thanks to the speakers & wished the audience for their support in making the event a Grand Success.

On account of International Women's Day, The Women in Engineering affinity group of the IEEE-VSIT Student Branch in association with WIE Bombay Section organized "**Stree@2021: Choose to Challenge**". IEEE Women in Engineering (WIE) is a global network of IEEE members and volunteers dedicated to promoting women engineers and scientists, and inspiring girls around the world to follow their academic interests in a career in engineering and science. The Stree@2021 event saw an attendance of 50+ IEEE VSIT active members.

The event was commenced by everyone seeking the blessings of Goddess Sarasvati. The two guest speakers, **Dr. Valsa B, (ISRO Scientist)** and **Ms. Swaima Ahmad, (Entrepreneur & TEDx Speaker)** were welcomed by **Khushi Sharma (EX WIE Chairperson)** and the attendees were welcomed by **Priyadarshini Sawant (WIE Chairperson)**. **Dr. Sarika Chouhan (Branch Counsellor IEEE VSIT SB)** Launched **Stree@2021**, and said a few words about WIE Affinity Group of IEEE VSIT SB and gave short overview of the various events and panel discussions conducted in the past few years and also thanked WIE Bombay Section for their support. She also thanked our honourable **Principal Dr. Rohini Kelkar** for the support she provided to make this event possible.

The event was taken ahead by **Arya Shankarling (WIE Vice chairperson)** by introducing our first guest speaker **Dr. Valsa B – (Deputy Director of Systems Reliability Entity of Vikram Sarabhai Space Centre)**. She made us familiar with our guests incredible achievements in the field of science and engineering. **Dr. Valsa B** was presented with a small token of appreciation in the form of a sapling.

Dr. Valsa started her talk by firstly wishing everyone a Happy Women’s Day, she suggested that everyone should hold events where women can meet, discuss, celebrate, show love and respect and chart out plans to make this world a better place. She spoke about the year 2020 and how Women stood at the front lines of the Covid-19 crisis, as healthcare workers, caregivers, Innovators, community organizers and as some of the most exemplary and effective national leaders in combating the pandemic. She continued with a small presentation explaining the different workings of the Indian Space Research Organisations workings and various missions like the Chandrayaan 1, Mars Orbiter mission, Reusable launch vehicle, followed by a short video about the PSLV rocket and the efforts that go into launching a spacecraft.

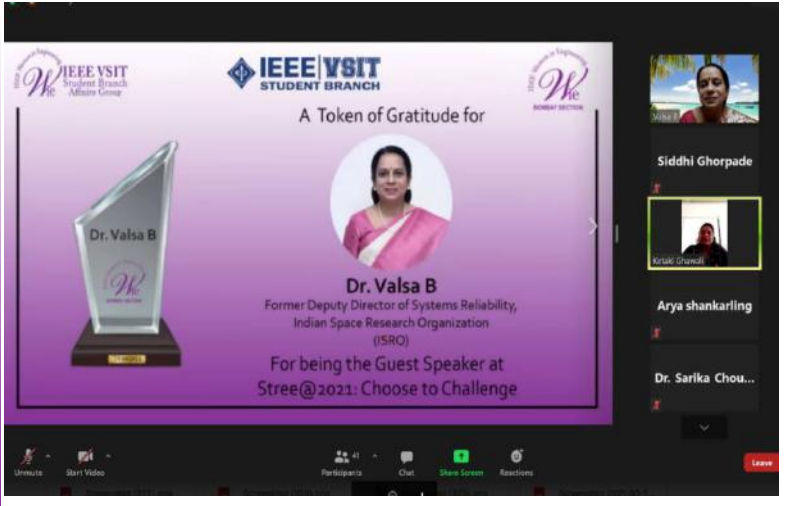

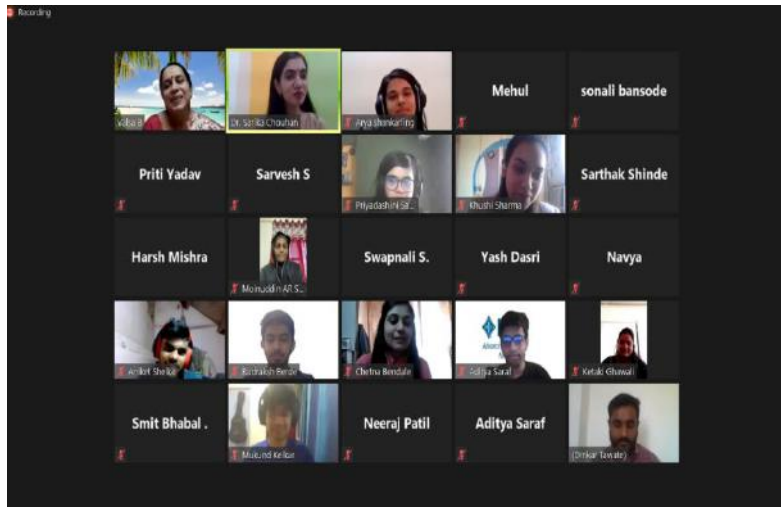

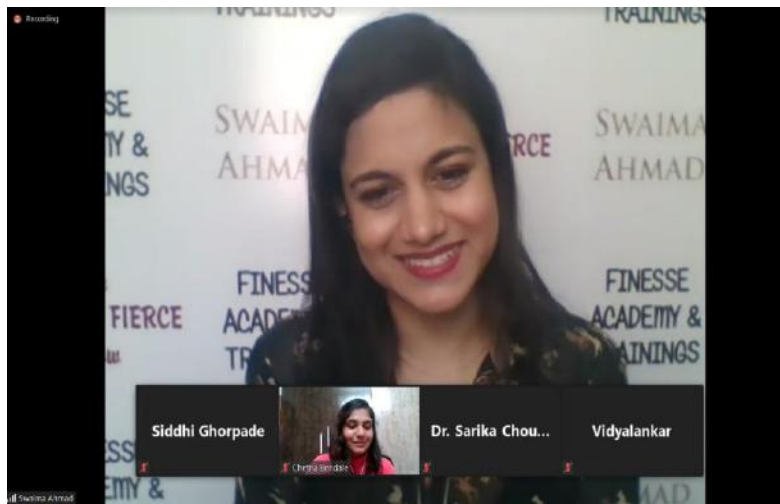

**Ms. Ketaki Ghawali (Branch Mentor, IEEE-VSIT SB)** thanked **Dr. Valsa B** for the wonderful oration and for being a part of our women’s day celebration by presenting her with a small e momento. Moving forward **Chetna Bendale (WIE VSIT General Secretary)** introduced our second guest for the afternoon **Ms Swaima Ahmad TEDx Speaker, Social Activist** along with a brief insight in our guests achievements and accomplishments.

**Ms. Swaima Ahmed** started her talk by speaking about the barriers in society that not only women but everyone faces in their lives on a day to day basis . She spoke about her experiences and told us about her journey which was certainly full of Ups and Downs. She inspired us by saying “no matter what lies in front of you , what lies behind you , what truly makes the difference is what lies within you”. A short QnA session followed .

**Dr. Sarika Chouhan (Branch Counsellor IEEE VSIT SB)** felicitated **Ms Swaima Ahmad** for the pivotal role she played in this event by inspiring us with her magnificent words.

The event was brought to its conclusion by **Priyadarshini Sawant (WIE Chairperson Affinity Group of IEEE-VSIT SB)** presenting a vote of thanks to the speakers with a small virtual photo session with all the members.

## "Hands-On Workshop on API 101 using POSTMAN."

The **IEEE-VSIT Student Branch** organized a fun and interactive workshop on 27<sup>th</sup> March 2021. The topic of the event was “**Hands-on Workshop on API 101 using POSTMAN**”. The workshop saw a great number of participants from VSIT as well as students from different colleges which totalled to around **70+** in number.

Speaker for this event was **Mr. Ali Mustufa Shaikh** who is a student committee manager at POSTMAN, which is one of the leading API development tools, used by over 98% of Fortune 500 companies. **Mr. Ali** is also the Lead Ambassador and Advisory member for IEEE Collabratec and has been Awarded with the **Larry K. Wilson Regional Student Volunteer Award (2020) for R-10 (Asia Pacific Region)** for showcasing an extraordinary accomplishment associated with Student Activities. He is also a Google for Education Certified Trainer and was one of the founding members of Google cloud developer’s community, Mumbai.

**Mr Ali Mustufa** started by explaining the agenda of the event. He continued by simplifying what API means and how everyone uses it in their day to day lives. He explained how Postman is a collaboration platform for API development. Postman's features simplify each step of building an API and streamline collaboration so one can create better APIs—faster. He made us familiar with API and its workings with a few simple examples and showed few basic workings needed for the workshop. Topics such as Basics of API, Requests & Responses and Variables were covered.

**Mr Ali Mustufa** started by explaining the agenda of the event. He continued by simplifying what API means and how everyone uses it in their day to day lives. He explained how Postman is a collaboration platform for API development. Postman's features simplify each step of building an API and streamline collaboration so one can create better APIs—faster. He made us familiar with API and its workings with a few simple examples and showed few basic workings needed for the workshop. Topics such as Basics of API, Requests & Responses and Variables were covered.

The hands-on session began after **Mr Ali** made the participants familiar with the interface of the website being used. The participants were given a task of writing jokes in public workspaces. Participants wrote their code, tried, and tested them to get the desired output and posted them. He concluded by giving a short recap of the session which included things which were covered in the session, the methods, addresses, parameters, Authorizations, and body data.

Moving forward **Mr Ali Mustufa** explained the benefits of Student Expert certification, and how it indicates that one is proficient in the essential skills involved in building and testing API requests in Postman. He mentioned students can get Postman Student Expert Certification after completing the training course. **Mr. Ali Mustufa** reviewed all the outputs received from the participants and the person with the most funny joke received a present from POSTMAN.

The poster is for a workshop titled "Hands-on Workshop on API 101 using POSTMAN". It features the IEEE VSIT Student Branch logo at the top left and the VSIT Vidyalankar School of Information Technology logo at the top right. The main title is "Hands-on Workshop on API 101 using POSTMAN" with the POSTMAN logo below it. A photo of the speaker, Ali Mustufa Shaikh, is shown in a blue suit. Text below the photo identifies him as the Student Community Manager, Postman Lead Ambassador, and Advisory Member for IEEE Collabratec. The topics listed are "API 101 using Postman" and "Learn the basics of API". It also mentions an "e-certificate of Participation". At the bottom, it provides the platform (Zoom), date (27th March 2021), time (11:30A.M. to 1:00P.M.), and a registration link (bit.ly/PostmanRegistration). A QR code is also present. The text "Event is Open for All" is written over a globe graphic. Social media handles for @ieeevsit and @ieee.vsit are listed at the bottom left.

# What is an API?

An **API** (Application Programming Interface) provides access to data and services.

A **client** (e.g. website or mobile app) makes **requests** to API endpoints on the server.

We'll be using Postman as a client and make requests to an API to retrieve, add, update, or delete data.

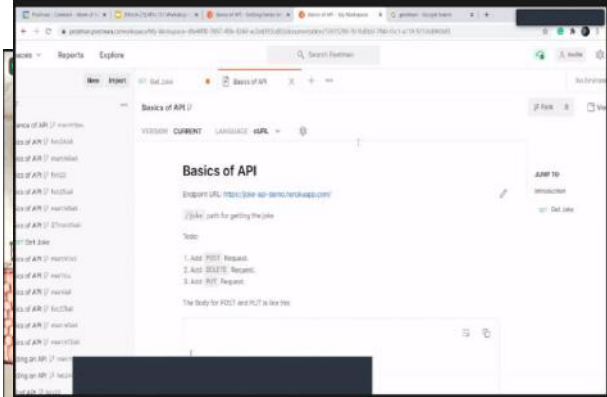

API 101 using Postman held on 27<sup>th</sup> March 2021

Seema Bhatkar

# Become a Postman Student Expert

Student Expert certification indicates that you are proficient in the essential skills involved in building and testing API requests in Postman, including:

- Sending more sophisticated requests in Postman.
- Editing documentation for a collection.
- Writing basic test scripts.
- Running collections, passing data between requests, and scripting request execution order.

# APIs: A bit Technical

# NOVUS

An International Symposium on Next-Gen Technology

<b>Date:</b>	<b>17<sup>th</sup> April, 2021</b>
<b>Time:</b>	<b>10:00 AM TO 5:30 PM</b>
<b>Platform:</b>	<b>ZOOM</b>
<b>Organised By:</b>	<b>IEEE-VSIT Student Branch</b>
<b>Faculty in-charge:</b>	<p><b>Dr. Sarika Chouhan</b> (Branch Counselor, IEEE-VSIT SB)</p> <p><b>Ms. Ketaki Ghawali</b> (Branch Mentor, IEEE-VSIT SB)</p> <p><b>Ms. Seema Bhatkar</b> (Branch Mentor, IEEE-VSIT SB)</p>

On 17<sup>th</sup> of March 2021, **IEEE-VSIT SB** conducted an International Symposium, “**NOVUS**” **Next-Gen Technologies**, in Collaboration with **IEEE Bombay Section SAC** to acquaint students with the concepts and applications of Next-Gen technology as well as give students an opportunity to learn from successful personalities in specialization of next-gen technology. The event saw a diverse pool of attendees which in total were 90+ in total, 60+ in number- from VSIT’s own students and 30+ participants from 43 different institutes.

**Aditya Saraf- Chair, IEEE-VSIT SB** welcomed all the participants and faculty members who were present for this symposium followed by seeking blessings of Goddess Saraswati. **Dr. Sarika Chouhan (Branch Counselor, IEEE-VSIT SB)** addressed all the participants and faculty members. She made the participants familiar with what IEEE as an organization stands for and thanked IEEE Bombay section for this collaboration. She gave a brief about IEEE-VSIT SB, about its history and the events conducted. She thanked our Principal of VSIT Dr. Rohini Kelkar and our Vice Principal Mr. Asif Rampuravala and the management of Vidyalankar Dnyanpeeth Trust to keep supporting in our endeavours. Our Principal Dr. Rohini Kelkar gave a short speech followed by a lamp lighting ceremony indicating the start of this International Symposium.

## *Session-1 AI/ML in Healthcare*

### **SPEAKER**

- Mr. Ashish Khare has 15+ years of experience in industry.
- He is an Alumni of IIT Roorkee and Indian School of Business.
- Played progressive leadership roles as Analytics Specialist, Solution Architect and Senior Manager for Data Science.
- Worked with Infosys, IBM Canada, and Canadian Pacific Railway in analytics area in Supply chain and Health Domain.

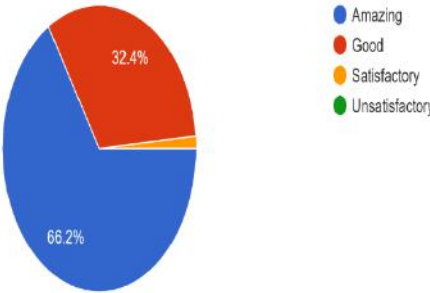

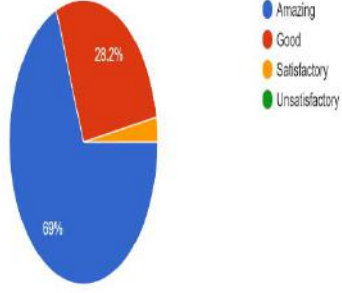

### **SESSION DETAILS:**

**Priyadarshini Sawant-Vice Chair, IEEE-VSIT SB** welcomed and introduced our first guest speaker for the day **Mr. Ashish Khare**.

Mr Khare started his session by explaining the use of data science in healthcare. He described it as Disciplined, Responsible and Research Based. He then explained how Healthcare and AI/ML work together with a diagram which explained how AI forms the skeleton which connects the Drug maker,

Reaserchers, Physicians, Radiologists and finally the patient. He then introduced the topic Heathcare use-cases which included Disease Progression- Age related macular degeneration problem (AMD). He shared a few pictures comparing the vision of a regular person and the vision of a person having AMD which appeared to have blurred patches in some places depending on the condition of the patient. He continued by explaining how machine learning can help in this case. Treatment can be given by computing eye length, macula radius, measuring rate of spread, density of spread, volume. Patient comorbities, Inpatient and Outpatient visits, Drugs taken, Visual acuity scores thereby training the machine learning models. At the end of the session Mr. Khare shared with the participants a few references and links of courses teaching AI in Heathcare.

**Dr. Sarika Chouhan (Branch Counselor, IEEE-VSIT SB)** took the opportunity to thank our guest MR. Ashish Khare for being a part of the International Symposium and felicitated him by presenting an E Memento.

<p><b>Takeaways from the Session</b></p> <ul style="list-style-type: none"> <li>• Very informative session on the upcoming disease progression through machine learning. It was well presented with the help of appropriate illustrations in real life.</li> <li>• This is something i would say was really amazing. Like i have attended other sessions on AI and ML but never thought from the medical point of view from it and also the application of that in such important field was really informative and also i got some ideas while watching how the modals might have been trained , so it was really informative.</li> </ul>	<p><b>Comments/Suggestions</b></p> <ul style="list-style-type: none"> <li>• It was a good events keep this in continue process so we can know about new things</li> <li>• Just would like to say that i really looking forward for such kind of more events which gave me new ideas and informations in the fields which i had never thought of. Because the event was really went awesome.</li> </ul>																				

IEEE NOVUS AN INTERNATIONAL SYMPOSIUM ON NEXT-GEN TECHNOLOGY

A Token of Gratitude for

Mr. Ashish Khare

Mr. Ashish Khare  
Senior Manager, Infosys, CloudTech

For Being a Speaker  
For the Session "AI/ML in Healthcare"  
At International Symposium  
NOVUS-Next Gen Technology  
On 17th April 2021

Dr. Sanka Chakrabarti

Time: 5min

Normal vs. Macular degeneration

	Patient 1 (Normal)	Patient 2 (Macular degeneration)	Patient 3 (Macular degeneration)
Retinal Structure	Clear, defined structures	Blurred, distorted structures	Blurred, distorted structures
Retinal Thickness	Normal	Abnormal	Abnormal
Retinal Area	Normal	Abnormal	Abnormal

How Machine Learning can help?!

Time: 2min

Use-Case #1

Age-related macular degeneration - When you have left with peripheral vision only!

Time: 7-8min

Healthcare and AI/ML

Flowchart showing the integration of AI/ML in healthcare, involving Drug Makers, Researchers, Physicians, Radiologists, and Patients.

Time: 2min

Predict Segment

- Ground truth vs predicted segmentation

**Session-2 Smart Contracts on Blockchain**

## SPEAKER

- Mr Chintan Oza is an Advisor at Lloyds Ventures and was the Chair of Technology and Engineering Management Society of IEEE Bombay Section.
- He has an Alumnus of Haas school of Business at UC Berkeley and IIT Bombay.
- Has worked on Technologies ranging from Wireline, CDMA, GSM, EVDO, 3G, 4G, AI, Machine Learning, Blockchain and Smart Cities.
- Telecom Portfolio Management Professional with 20+ years of experience in Government, Defence & Private Sectors.

## SESSION DETAILS:

**Soham Prabhu- Workforce IEEE-VSIT SB** welcomed and introduced our next guest speaker **Mr. Chintan Oza**.

**Mr. Chintan Oza** started his session by introducing what traditional contract is. He described it as a legally binding agreement, which is signed between two or more individual parties. He went on to explain the ways in which the traditional contract is usually done and went on to say that for this contract, the drafting and execution is complex and why the settlements between the parties might get delayed. He then started explained what a Smart Contract is. He explained that the contract is a self-executing contract where the terms are written directly in software code on the blockchain. He quoted The Chamber of Digital Commerce, “Computer code that, upon occurrence of a specified condition or conditions, is capable of running automatically according to prespecified functions. The code can be stored and processed on a distributed ledger and would write any resulting change into the distributed ledger.” He continued by giving a brief on Nick Szabo, the scientist who is known to have first mentioned the concept of Smart Contracts in 1997. The difference between the traditional contracts and smart contracts was then explained, where the advantages of smart contracts were explained. Then the working smart contract was elucidated. Then he went on to explain the eight different types of smart contracts, namely Digital Value Exchange, Smart Right & Obligation, Basic Smart Contract, Multiparty Smart Contract, distributed autonomous Business Unit, Distributed Autonomous Organisation, Distributed

Autonomous Government, Distributed Autonomous Society. He went on to explain the different Smart Contract Programming Languages and various Smart Contract Platforms. Then, he went on to explain the various uses of Smart Contracts, and various fields where Smart Contracts are in use. He recommended the participants, various e-books, and physical books where they can learn more about Smart Contracts. To conclude the session, he explained the various challenges limiting the adoption of smart contract. Lack of skilled coders, high cost of maintenance and privacy issues are some of the challenges he stated. A short Q&A session followed.

**Dr. Sarika Chouhan (Branch Counselor, IEEE-VSIT SB)** took the opportunity to thank our guest **Mr. Chintan Oza** for being a part of the International Symposium and felicitated him by presenting an E Memento.

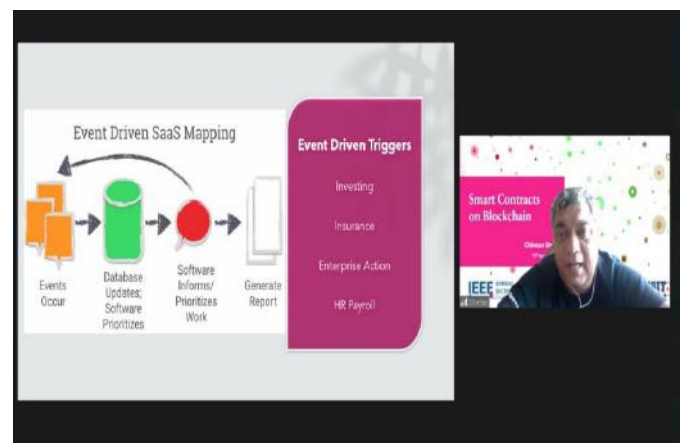

## Takeaways from the Session

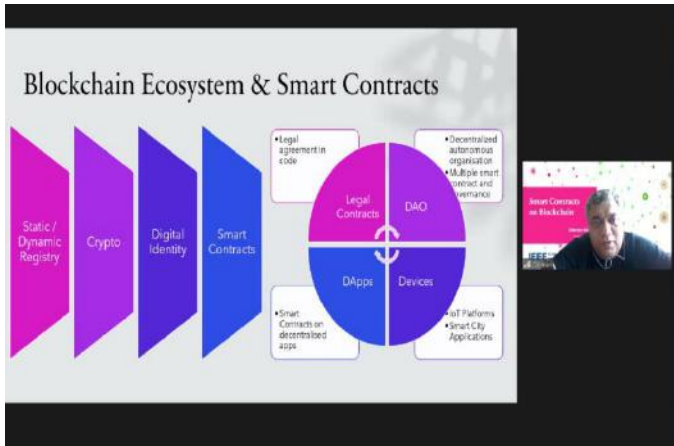

- Learnt about smart contracts and the fact that we can learn how to make them via ethereum, also learnt about how they can be used for different purposes.
- Blockchain and cryptocurrency is a topic i am really researching on and this session really give a lot of information accept some topics were like not able to cope but in session some other topics were also covered and importantly how to go about it startup and its applications were discussed which were really helpful as beginner
- Understood Smart contracts quite well and also the current research going regarding it.

## Comments/Suggestions

- Amazing session, one of the best webinars i have attended in a while.
- Hope to see lot of future session like this since this was an awesome informative event.
- Well Explained
  
- Fantastic session !!!

**Blockchain is a pizza base technology...**

It can easily be covered with other disruptive technologies to create new use cases...

## Session-3 IBM QUANTUM COMPUTING

The poster features a dark background with vibrant blue and purple light streaks. At the top, it displays the IEEE Bombay Section logo on the left and the IEEE VSIT Student Branch logo on the right. The central text reads 'NOVUS AN INTERNATIONAL SYMPOSIUM ON NEXT-GEN TECHNOLOGY'. Below this, the title 'IBM Quantum Computing' is prominently displayed. A circular badge on the left provides the date and time: 'Date: 17th April 2021 Time: 1:00pm to 2:00pm'. A portrait of Mr. Anbumunee Ponniah is shown in the center, with a blue callout box below it containing his name and title: 'Mr. Anbumunee Ponniah, Executive Architect and CTO, AI Applications Client Success CoE, IBM India Software Labs'. At the bottom, a white text box describes his extensive experience in establishing vision, selling, architecting, planning, designing and delivering AI and software solutions and services over a wide range of technologies including JavaEE and Service Oriented Architecture solutions over IBM and Oracle/BEA Middleware products for large e-commerce (retail) and insurance clients. Social media icons for Instagram, Facebook, and LinkedIn are located in the bottom left corner.

### SPEAKER

- **Mr. Ponniah** is an Executive Architect and CTO at IBM India Pvt. Ltd
- He has worked on IBM Watson in the past and has an alumnus of BITS Pilani.
- AI Applications Client Success CoE IBM India Software Labs.
- Extensive experience in establishing vision, selling architecting, planning, designing, and delivering AI and software solutions and services over a wide range of technologies like JavaEE, SOAS at IBM.

### SESSION DETAILS:

**Mukund Kelkar-LOGISTICS HEAD, IEEE-VSIT SB** welcomed and introduced our third guest speaker for the day **Mr. Anbumunee Ponniah**.

**Mr. Anbumunee Ponniah** started his session by speaking about what is Quantum computing. He described it as is the use of quantum phenomena such as superposition and entanglement to perform computation. He continued by talking about why quantum computing is beneficial and addressing the problems we have today and the problems we can address with quantum. Despite how sophisticated digital computing has become, there are many scientific and business problems for which we have barely scratched the surface. He explained how Quantum applications span three general areas namely, Simulating Quantum Systems, Artificial Intelligence, Optimization/Monte Carlo. The next topic he covered was Quantum Bits and Quantum circuits. A quantum bit or qubit is a controllable quantum object that is the unit of information and a quantum circuit is a set of gate operations on qubits and is the unit of computation. Then he gave the participants a brief view Inside an IBM Quantum chip, Scaling IBM Quantum technology and showed a few images of including the SUPERFRIDGE, IBM Quantum Computer 2019. He explained the Applications for Quantum

circuits, Quantum simulations in fields of Physics, Chemistry, Network analysis, Differential equations. Mr. Ponniah ended his session by giving some Key-takeaways. At the end of the session there was a short Q&A session which showed active participation, sir received many questions regarding the session and the participants received satisfactory answers.

**Dr. Sarika Chouhan (Branch Counselor, IEEE-VSIT SB)** took the opportunity to thank our guest MR. Anbumunee Ponniah for being a part of the International Symposium and felicitated him by presenting an E Memento.

### Feedback Highlights

Feedback for the Speakers  
53 responses

Feedback on the topics presented  
53 responses

#### Takeaways from the Session

- Got a short intro to quantum computing, and how they work

Like i attended a session on Quantum Computing earlier and it was like a good start with the topics . But this event is so awesome like i understood those concepts so clearly this time also the physics topics because the speaker was explaining it in a so beginner friendly way i really this session more.

- Quantum Network Structures clarification of theories based on quantum networks.
- It was an excellent session.

#### Comments/Suggestions

- Well organised
- It is very informative event for student which are intrested in computer technology!
- Really thankful for organizing such types of events which was really struggling to understand from web and really looking forward for more such types of events and hope i could be part of that. Thank you!!

IEEE NOVUS AS INTERNATIONAL SYMPOSIUM ON NEXT-GEN TECHNOLOGY

**A Token of Gratitude for**

**Mr. Anbumanee Ponniah**

**Mr. Anbumanee Ponniah**  
Executive Architect and CTO,  
Cloud and Cognitive Expert Labs,  
IBM India Pvt. Ltd.

For Being a Speaker  
For the Session "IBM Quantum Computing"  
At International Symposium  
NOVUS Next Gen Technology  
On 17th April 2021

Anbu Ponniah  
Dr. Senka Choudhan

We are in the early stages of a rapidly advancing new computing technology

IBM Quantum

Computer: 1944

Quantum Computer: 2019

Improved nitrogen-fixation process for creating ammonia-based fertilizer

New catalysts to make CO<sub>2</sub> conversion into hydrocarbons more efficient and selective

Better financial models to improve stability, predictability and growth of world economies

New classes of antibiotics to counter the emergence of multidrug-resistant bacterial strains

IBM Quantum Network Partnership Structures

IBM Quantum

Hubs: Hybrid/Quantum/Pro, Industry/Quantum

Industry: Digital/Quantum/Pro, Quantum/Pro

Ecosystem: Digital/Quantum/Pro, Quantum/Pro

This illustrates the partnership structure of the IBM Quantum Network. Use this slide along with the list of IBM Quantum

## Session-4 APPLICATION OF AR&VR IN EDUCATION

### SPEAKERS

- **Mr. Balaji Venkataraman** is the CEO and Co-Founder of EscaVel EdTech LLP.
- He has worked in the past with Oracle and Amdocs.
- Has worked as Sr Managing Consultant.
- Has done his MS, Management from Rensselaer- Lally School of Management.
- BE Electronics from Maulana Azad Institute of Technology

The poster features a central portrait of Mr. Balaji Venkataraman. At the top, it reads 'IEEE BOMBAY SECTION' and 'IEEE VSIT STUDENT BRANCH'. The main title is 'NOVUS AN INTERNATIONAL SYMPOSIUM ON NEXT-GEN TECHNOLOGY'. Below that, the subtitle is 'Application of AR & VR in Education'. A blue circular badge on the left contains the date and time: 'Date: 17th April 2021 Time: 3:00pm to 4:00pm'. Below the portrait, a blue box identifies him as 'Mr. Balaji Venkataraman, CEO and Co-Founder, EscaVel EdTech LLP'. At the bottom, there is a paragraph of text describing the 'ScholAR' product and its benefits for education, along with social media handles for @ieee.vsit and @ieeevsit.

- **Mr. Ravi Sharma** is the Head of Product Management at EscaVel EdTech LLP.
- He has an alumnus of IIT Kanpur.
- Has worked as Research Analyst for Su-Kam Power Systems LTD.
- Worked as Consultant at Flipick Pvt. Ltd.
- Has worked as an Analyst for Aspect Ratio

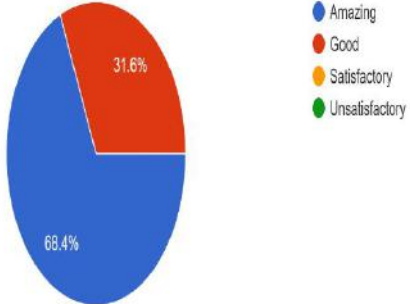

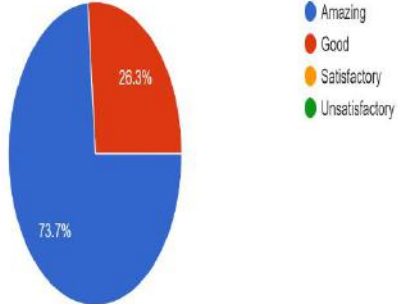

The poster features a central portrait of Mr. Ravi Sharma. At the top, it reads 'IEEE BOMBAY SECTION' and 'IEEE VSIT STUDENT BRANCH'. The main title is 'NOVUS AN INTERNATIONAL SYMPOSIUM ON NEXT-GEN TECHNOLOGY'. Below that, the subtitle is 'Application of AR & VR in Education'. A blue circular badge on the left contains the date and time: 'Date: 17th April 2021 Time: 3:00pm to 4:00pm'. Below the portrait, a blue box identifies him as 'Mr. Ravi Sharma, Head of Product Management, EscaVel EdTech LLP'. At the bottom, there is a paragraph of text describing the 'ScholAR' product and its benefits for education, along with social media handles for @ieee.vsit and @ieeevsit.

### SESSION DETAILS:

**Chetna Bendale, General Secretary WIE, IEEE-VSIT SB** welcomed and introduced our guest speakers **Mr. Balaji Venkataraman** and his colleague **Mr. Ravi Sharma**.

The session started by our speakers explaining us that in today's education approach there are a few things missing, things like One way communication, and he described that the education is not exciting and engaging. **Mr. Ravi** explained interactive and immersive video provide intense engagement and excitement. **Mr. Balaji** spoke about how AR/VR provides numerous advantages to the people, C helps avoiding damage for example Training pilots by using flight simulators. These kind simulators are extensively used to train aspiring pilots in the most cost-efficient way. The session continued as our guest speakers demonstrated Newtons Laws of motion and its applications in different scenarios with the help or AR/VR. They performed a few experiments in the fields of physics and chemistry using AR/VR. Concept of Magnetic Field Lines were taught. **Mr. Ravi** explained that there are choice of technology parameters including Immersiveness, Interactivity, Deployment and Distribution, Scalability. The session ended with a small Q&A session. **Dr. Sarika Chouhan (Branch Counselor, IEEE-VSIT SB)** took the opportunity to thank our guests **Mr. Balaji Venkataraman** and **Mr. Ravi Sharma** for being a part of the International Symposium and felicitated him by presenting an E Memento **Sharma** for being a part of the International Symposium and felicitated him by presenting an E Memento.

**Dr. Sarika Chouhan (Branch Counselor, IEEE-VSIT SB)** took the opportunity to thank our guests **Mr. Balaji Venkataraman** and **Mr. Ravi Sharma** for being a part of the International Symposium and felicitated him by presenting an E Memento **Sharma** for being a part of the International Symposium and felicitated him by presenting an E Memento.

<p><b>Takeaways from the Session</b></p> <ul style="list-style-type: none"> <li>• Informative and useful</li> <li>• Learnt a lot about the thing that VR device can be used in so many things and the event was so informative i really enjoyed it also come to know that such type of resources are available out there for teaching which never searched for.</li> <li>• Learned a lot of info on ar and vr.</li> <li>• How AR can be used to show visuals mimicking real life to help with education</li> </ul>	<p><b>Comments/Suggestions</b></p> <ul style="list-style-type: none"> <li>• Excellent organization</li> <li>• This was informational and full of knowledge thank you!</li> <li>• Only would like to say the event was went so nicely and really looking forward for such type of more events which gives lot of information about the latest things and topics going on present time.</li> <li>• Need more session like these.</li> </ul>																				

### 3D, Augmented, Virtual Reality (AR & VR) A new age Digital toolkit for Education

- 3D Visualizations & VR were put to use decades ago to train pilots in real life scenarios.

Even to this day *Flight Simulators* are extensively used to train aspiring pilots in the most cost-efficient ways.

- Such a technology can surely be a **Game Changer** for Education in general.

## Session 5 - Cyber Security- Identity and Access Management

### Using Sail Point

The poster is for an event titled "CyberSecurity – Identity and Access Management using Sail Point". It features a central portrait of Mr. Bhushan Chavan, a man in a suit and red tie. The background is dark with blue and purple light streaks. At the top, it says "IEEE BOMBAY SECTION Student Activities Committee" and "IEEE VSIT STUDENT BRANCH". The main title "NOVUS" is in large, stylized letters, with "AN INTERNATIONAL SYMPOSIUM ON NEXT-GEN TECHNOLOGY" underneath. The event details are: Date: 17th April 2021, Time: 4:30pm to 5:30pm. Below the portrait, it identifies Mr. Bhushan Chavan as a "Cyber Security Specialist" at "Big 4 Companies". A short bio at the bottom describes him as a "Quality and solutions-driven techno management and business analyst with 12+ years of achievements and rich experience in Identity & Access Management Domain and Risk Compliance for various processes. Expert in reviewing business operations and identifying business change needs, designing project costs and productivity benchmarks, as well as recommending technological solutions that can expedite in achieving company's goals." Social media handles for @veee.vsit and @veeevsit are listed in the bottom left corner.

### **SPEAKER**

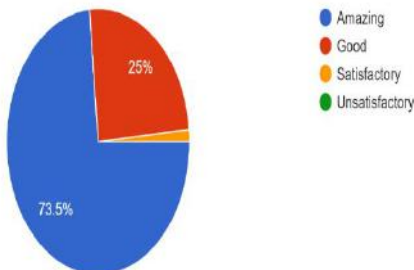

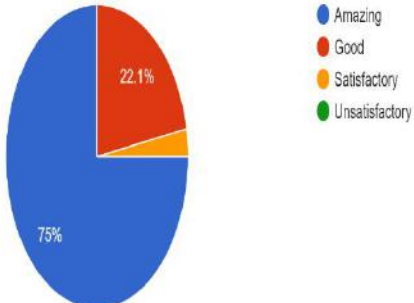

- Mr. Bhushan Chavan is a Cyber Security Specialist and Consultant at Big 4 Companies.
- He has had 12+ years of experience in the identity and access management domain.
- Expert in reviewing business operations and identifying business change needs, designing project costs and productivity benchmarks, as well as recommending technological solutions that can expedite in achieving company's goals.

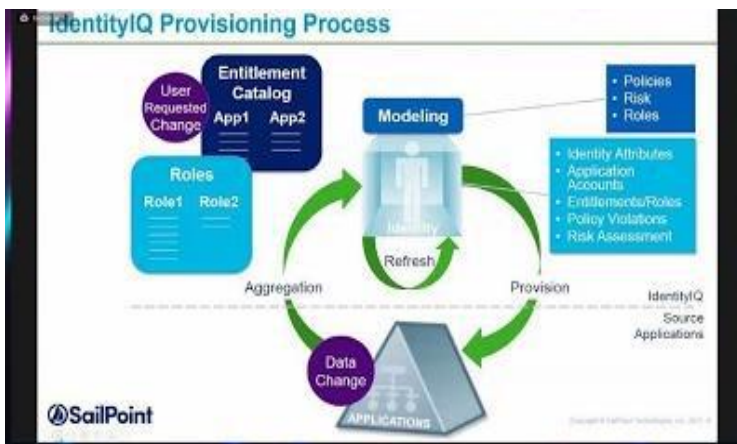

### **SESSION DETAILS:**

**Harsh Mishra, Workforce IEEE-VSIT SB** welcomed and introduced our fifth and final guest for the day, Mr Bhushan Chavan.

**Mr Chavan** started his session by explaining what SailPoint enables organisations to do. Provision access with confidence, protect business assets at scale, ensure compliance with certainty. He emphasised on why identity and access management are necessary. He explained the various uses of the topics mentioned above in security and regulatory compliance, Business Services, and IT efficiency. He went on to explain the difference between a compliance manager and a lifecycle manager. Later, he explained the various uses of the IdentityIQ Processes. He explained how this can be used to read data, how it can be used in business modelling, in governance process, and in provisioning process. He also showed a small video on the working of SailPoint in practice. To conclude, the participants were given a detailed overview of the entire architecture by **Mr. Chavan**.

**Dr. Sarika Chouhan (Branch Counsellor, IEEE-VSIT SB)** took the opportunity to thank our guest Mr. Bhushan Chavan for being a part of the International Symposium and felicitated him by presenting an E Memento.

<p><b>Takeaways from the Session</b></p> <ul style="list-style-type: none"> <li>• Very informative and interesting session.</li> <li>• First of all I am really thankful for organizing such event and sharing the invitation. I not even thought that from this session I would come to topics about sailpoint and the security management in application development in which i am a aspirant.</li> <li>• It was very good the speaker was absolutely speaking very well about Cyber security</li> </ul>	<p><b>Comments/Suggestions</b></p> <ul style="list-style-type: none"> <li>• Excellent session</li> <li>• Need more sessions like these!!</li> <li>• The whole day was superb and lot informative all the sessions were awesome and i am really pleased to know for future events like these. These types of events gives me a break from my daily curriculum and gives immense knowledge of what are the things going on in world, so looking forward for more such events. Thank you.</li> <li>• Thanks for all sessions.</li> </ul>																				

### Identity Security Solutions

SailPoint enables organizations to:

**Provision access with confidence**

Automate, manage and govern access in real-time, with AI-enhanced visibility and controls

**Protect business assets at scale**

Enable business to run with speed, security and scale in a cloud-centric, threat-intensive world

**Ensure compliance with certainty**

Govern access, track usage and enforce policy for all users, apps and data - continuously

Later, **Omkar Tawate- General Secretary, IEEE-VSIT SB**, concluded the International Symposium, NOVUS-Next Gen Technologies by giving a vote of thanks. The participants found the symposium very informative and interactive and thoroughly enjoyed the sessions.

<b>Date:</b>	12 <sup>th</sup> , 13 <sup>th</sup> May, 2021
<b>Platform:</b>	GOOGLE FORMS
<b>Arranged By:</b>	WIE Affinity Group of IEEE-VSIT Student Branch in association with WIE Affinity Group of IEEE Bombay Section.
<b>Faculty in-charge:</b>	Dr. Sarika Chouhan (Advisor, WIE Affinity Group of IEEE-VSIT SB) Ms. Ketaki Ghawali (Branch Mentor, IEEE-VSIT SB) Ms. Seema Bhatkar (Branch Mentor, IEEE-VSIT SB)

On account of International Nurse Day, The Women in Engineering affinity group of the IEEE-VSIT Student Branch organized an Online quiz. The quiz saw a diverse pool of attendees which in total were 90+ in total, 10+ in number- from VSIT's own students and 80+ participants from different institutes including Sinhgad Institute of Technology (Lonavla), I Square it, (Pune), Shri Shankaracharya Group of Institutions, Sanjivani College of Engineering, (Kopergaon), Institute of Nursing Education Bambolim, (Goa), Pimpri Chinchwad College Of Engineering and Research, (Ravet)

The Quiz was open for the participants on 12<sup>th</sup> and 13<sup>th</sup> May. The total questions to be attempted were 10, Total marks were 20. The questions were based on nurses and their contribution towards humanity & some interesting facts about them. More than 15 people scored 20. The top 15 winners were given E-certificates.

## What an Idea 2.0!!

<b>Date:</b>	12 <sup>th</sup> April 2021
<b>Time:</b>	10 am to 10 pm
<b>Platform:</b>	Google forms
<b>Organized By:</b>	IEEE PES DAY 2021, IEEE VSIT-SB and IEEE BOMBAY SECTION
<b>Faculty in charge:</b>	Dr. Sarika Chouhan (Branch Counsellor, IEEE VSIT-SB)
<b>Student in charge:</b>	Pradynesh Bhoir (Publicity Head IEEE-VSIT SB (2020-2021) & PES Day 2021 Ambassador)

In association with **IEEE PES DAY 2021 & IEEE PES Bombay Section, IEEE VSIT Student Branch** arranged an online problem-solving competition “**WHAT AN IDEA 2.0!!**” on 12<sup>th</sup> of April 2021 from 10:00 am to 10:00 pm. The PES also known as Power and Energy Society is a society of IEEE focused on the scientific and engineering knowledge about electric power and energy. The vision of PES is “**More Power to Future**”. Every year **PES day** is celebrated throughout the world in the month of April and May where the selected Ambassadors conduct events on Student Branch level or Section Level. **Pradynesh Bhoir (PES Day 2021 Ambassador)** is one of the few Ambassadors in the IEEE Bombay Section who is conducting activities at the section level. These activities will have participants from all over India. The theme of this years IEEE PES DAY was “**Clean Energy Revolution**”. “**More Power to the Future with Clean Energy Revolution.**”

The event focussed on bringing out the best of the ideas from the contestants. The event saw a diverse pool of students which were a total of **50+**, from VSIT’s own students which were **20+** in number and students from other **20+** institutes, including institutes from outside Maharashtra, contestants from other parts of India like Lucknow, Ghaziabad, Kerala, Jabalpur, Indore, Dehradun, Delhi, Durg, Hyderabad, Mysore and International participation from Bangladesh as well. The event was judged by **IEEE - VSIT SB Core Committee 2021**.

The contest consisted of some problem statements which were based on problems faced by people during quarantine. They were given 12 hours to present their ideas. The word limit was 500-700 words. The students were e-mailed four questions out of which they had an option to attempt anyone. The contest was divided into 5 parameters which were: **1.** Basic Introduction about their idea **2.** The second parameter was that how did they came up with the idea? **3.** The third parameter was that how will they implement their idea? **4.** The fourth parameter was the advantages of the idea **5.** The final parameter was the disadvantages of the idea.

The contestants were given 4 problem statements and they had to solve any 1 of them. The most solved problem statements were based on power consumption in residential sector and clean energy revolution. Finally, the event came to closure at 10:00 pm & it was time for the judges to take a look at the brilliant ideas and declare the winners of the contest. After a lot of analysis, the judges announced the winners. **The Consolation** prize went to **Ramasani Sathwick** (VNR VJIET, Hyderabad). The **Third Runners-up** prize went to **Harsh Mali** (Vidyalankar School of Information Technology, Mumbai). The **Second Runners-up** Prize went to **Akshat Runwal** (Shri Govindram Seksaria Institute of Technology and Science, Indore). The **First Runners-up** Prize went to **Yog Gupta** (UIET, PU Jabalpur). Last but not the least the **Winner** of “**WHAT AN IDEA 2.0!!**” competition was **Muskan Gupta** (Vidyalankar School of Information Technology, Mumbai).

The event was concluded and was appreciated by both the participants as well as the judges for the great opportunity & for different learning experiance. This event was indeed a great success.

## WORKSHOP ON REACT JS BY SONNY SANGHA

<b>Date:</b>	<b>8<sup>th</sup> - 10<sup>th</sup> February, 2021</b>
<b>Platform:</b>	<b>Zoom</b>
<b>Organised By:</b>	<b>IEEE-VSIT Student Branch</b>

The poster features the logos of VSIT (Vidyalankar School of Information Technology) and IEEE VSIT Student Branch at the top. A central text box provides the workshop details: "Dates: 8th to 10th February", "Time: 7pm", and "Platform: Zoom". Below this, there is a photo of Sonny Sangha, a man with sunglasses and a white shirt, and a circular profile picture of him. Text identifies him as "SONNY SANGHA" and "YOUTUBER/MENTOR & CEO OF PAPA BY PAPA REACT". The background includes an illustration of people working at computers with code on screens. Logos for React JS, Firebase, mongoDB, Next.js, Redux, and TS are also present.

**IEEE-VSIT SB** in collaboration with other Student Branches organized a workshop on web development programming language ReactJS on 8<sup>th</sup> to 10<sup>th</sup> February at 7:00 PM. The workshop was conducted by **Mr. Sonny Sangha** (Youtuber/Mentor & CEO of Papa by PapaReact). The workshop was attended by more than **1000 people** from all around Maharashtra.

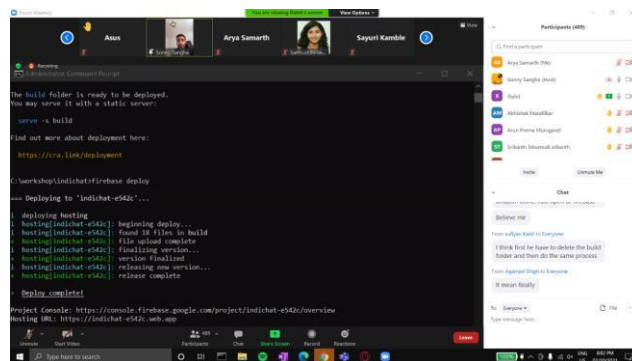

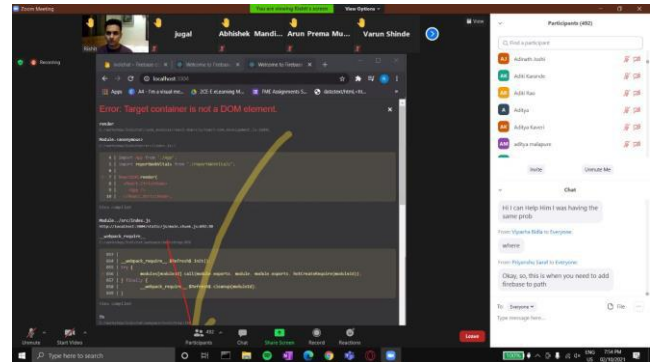

Mr. Sonny commenced the workshop by first introducing the topic of website development to the audience. He said that website development has become one of the most booming industries in the recent world and one of the reasons is the popularity of JavaScript languages. The popular JS languages are Angular, Express, Next, Node, Vue and React. He started by

showing a small example website created using ReactJS. He stated that ReactJS is an open-source, front end, JavaScript library for building user interfaces or UI components and can be used as a base in the development of single-page or mobile applications.

Mr. Sonny continued by showing short HTML codes for creating tables, boxes, and font styles. He covered various topics concerning React like JSX (javaScript XML), conditional statements, nested elements, and numerable functions used to make an application attractive. He continued the workshop by showcasing the uses of React which included creating UI of a website, creating a mobile application, creating plugins for third party website builders. Mr. Sonny then spoke about the benefits of React over other JS languages. He phrased that according to a survey conducted by famous coding website Stack overflow ReactJS is the most loved and easiest languages among others with more than 74.3% percentile people voting in the survey.

Mr. Sonny then spoke about the database to host a website. The database in question is MongoDB. He said that MongoDB is an open source-available cross-platform document-oriented database program. Classified as a NoSQL database program, MongoDB uses JSON-like documents with optional schemas. MongoDB is developed by MongoDB Inc. Mr. Sonny then gave a few examples of another JavaScript language NextJS and explained its uses and benefits. He then interacted with the audience on a one-on-one basis and solved the various intriguing doubts in the Q & A session.

The event was concluded by all the student branch representatives giving a Vote of Thanks to Mr. Sonny and hailing the spirit of the audience for being very enthusiastic and helping in the Huge Success of the Workshop.

## *Skill & Knowledge Enhancement Programme-SKEP on “Cyber Security & Ethical Hacking”*

<b>Date:</b>	<b>6<sup>th</sup> February to 3<sup>rd</sup> April 2021</b>
<b>Time:</b>	<b>02:00 PM TO 4:00 PM</b>
<b>Platform:</b>	<b>ZOOM</b>
<b>Organized By:</b>	<b>IEEE-VSIT Student Branch</b>
<b>Faculty in-charge:</b>	<b>Dr. Sarika Chouhan (Branch Counselor, IEEE-VSIT SB)</b>

The poster features a dark blue background with glowing blue and red digital patterns, including a brain outline and a globe. At the top left, it says 'VSIT | Vijayalankar School of Information Technology'. At the top right is the 'IEEE | VSIT STUDENT BRANCH' logo. The main text reads: 'IEEE -VSIT Student Branch ORGANIZES SKILL & KNOWLEDGE ENHANCEMENT PROGRAMME-SKEP ON "CYBER SECURITY & ETHICAL HACKING"'. Below this, 'CYBER SECURITY' is written in large, stylized letters. The dates '6th, 13th, 20th February, 2021 & 6th, 13th, 20th March, 2021' and time '2:00 P M-4:00 P M' are listed. A circular portrait of the trainer, Yasir Shaikh, is shown on the right. At the bottom, his name 'YASIR SHAIKH' is printed, followed by his credentials: 'Founder Macksofy Technologies & Information Security Trainer, CCNA, CEH, CEI, ECSA, CHFI, OSCP Certified.'

The **IEEE-VSIT Student Branch** has organised 6 days long Skill & Knowledge Enhancement Programme-SKEP on “**Cyber Security & Ethical Hacking**” from the 6<sup>th</sup> of February 2021 to 3<sup>rd</sup> of April 2021. The workshop saw a great number of participants from IEEE-VSIT SB which totaled to around **55+** in number.

On Day 1 of SKEP **Dr. Sarika Chouhan**, Branch Counsellor, IEEE-VSIT SB welcomed all the participants and faculty members who were present for the event. She introduced our Guest speaker for this event **Mr. Yasir Shaikh** (Founder Macksofy Technologies & Information Security Trainer, CCNA, CEH, CEI, ECSA, CHFI, OSCP Certified). Mr. Yasir has multiple certifications CCNA, CEH, ECSA, CHFI, OSCP in his account. With over 4 plus years of experience in

training. He is continuously engaged in providing cyber security training to students and corporates all over the world. He has been continuously taking cyber security workshops and seminars all over India. Mr. Yasir has trained more than 3000 Students and more than 1000 corporates. Mr. Yasir has been invited as speaker in many International Conferences motivating everyone who see cyber security as a need and as a career option. Mr. Yasir is awarded as "Best Individual in Providing Cyber Security Training" By CSI in 2018. Multiple Agencies, Multinational Companies, Nationalized and International Banks are availing his cyber security solutions for deploying cyber security for their services. The 6-day event was commenced by Dr. Sarika Chouhan (Branch Counsellor, IEEE-VSIT SB) introducing to the attendees about the event and its benefits & importance.

### **Day-1**

Mr. Yasir started by explaining the agenda of the event. He continued by simplifying what Ethical Hacking means and how people use it in their lives and jobs. Topics such as, Information Gathering, Scanning, Vulnerability Analysis were covered throughout the workshop.

The hands-on session began after Mr. Yasir made the participants familiar with Ethical Hacking. The participants were given a task of writing codes and performing them. He concluded each session by giving a short recap of it which included things which were covered in the session. Ethical hacking concepts, information security controls, Information security laws and standards were briefed.

### **Day-2**

Session was started with brief revision on topics covered on day 1 followed by practical session where he taught students system hacking where practical were performed on Kali Linux. Malware Threats, theory and practical hands-on on various worms, Trojans, viruses were taught. How backdoors are created and how they are used to get the keystrokes of the victim as well as how to trace the origin of the Trojan horse or backdoor was taught.

Sniffing Attacks which covered how information is transferred over internet as well as how packets are theft and manipulated. Man In The Middle Attack was performed.

Social Engineering attack concept was explained which is a psychology to manipulate the victim in order to reveal sensitive data.

### **Day-3**

Denial-Of-Service Attack, Session Hijacking, Evading IDS, Firewalls, and Honeypots topics were covered on Day-3. Denial –of-service Attack: How do attack is performed how to make a machine or network resource unavailable to its intended users by temporarily or indefinitely disrupting services of a host connected to the Internet. Session Hijacking: Session hijacking is an attack where a user session is taken over by an attacker. A session starts when you log into a service, for example your banking application, and ends when you log out. Firewall- Honeypots: Session where how the firewalls are configured how honeypots are setup in order to prevent a hacking attack

### **Day-4**

Hacking Of Web Servers and Web Applications where student were taught on how to hack web servers, installing vulnerable web application on virtual system and how xss attack are performed was covered.

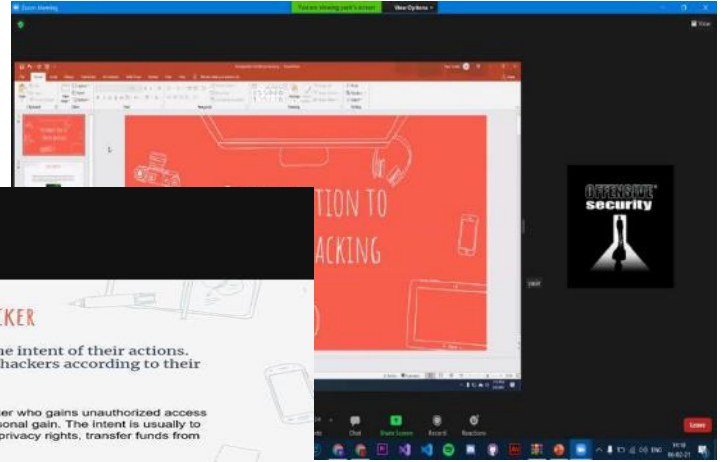

### **Day-5**

A CTF challenge for students where they were taught to hack the system and web applications located on another system that was virtually connected and Cloud Computing, Cryptography giving knowledge on various encryption and decryption methods, various tools and techniques used to hide data were covered.

### **Day -6**

SQL Injection, Hacking Wireless Networks, Hacking Mobile Platforms, IoT and OT Hacking topics were covered. Also a brief walkthrough of all the topics covered so far was given and doubts of all the students were solved concluding the 6 days training program.

The 6-day event concluded by **Mr. Yasir** giving the feedback on the whole event and awarding 2 students from our branch, **Mr. Omkar Tawate** and **Mr. Hardik Dagha**, free CEH & CSCU EC Council certification from Macksofy.

### TYPES OF HACKER

Hackers are classified according to the intent of their actions. The following list classifies types of hackers according to their intent:

-  **Cracker (Black hat):** A hacker who gains unauthorized access to computer systems for personal gain. The intent is usually to steal corporate data, violate privacy rights, transfer funds from bank accounts etc.
-  **Ethical Hacker (White hat):** A security hacker who gains access to systems with a view to fix the identified weaknesses. They may also perform penetration testing and vulnerability assessments.

### WHAT IS HACKING?

Hacking is the activity of identifying weaknesses in a computer system or a network to exploit the security to gain access to personal data or business data. An example of computer hacking can be: using a password cracking algorithm to gain access to a computer system.

### WHO IS A HACKER?

A Hacker is a person who finds and exploits the weakness in computer systems and/or networks to gain access. Hackers are usually skilled computer programmers with knowledge of computer security.

## Feedback Analysis

Did you find the session informative?

49 responses

How would you rate the quality of the session?

How well did this session meet your expectation?

How well was the session delivered by the speaker?

### What are your takeaways from the session?

Very useful session enjoyed a lot

Excellent

Hacks links

Learned how trojan works and affects the machine

Knowledge

I learned a lot about professions related to hacking, their scope, their differences, uses (both, good and bad) and the moral code.

All about Ethical hacking

A lot

how the hacking is done by different ways

Cyber security detailed info

I learned more about cyber security

Skills

I learned how to get access using Kali Linux to other device using windows machine.

brief and informative session

Got to know about Hacking and what is ethical hacking and many more stuff

The session was informative.

Learnings of kali linux

Informative sessions

Brief and informative session

About different ways of attacking and finding info by using vmware

very informative

Learned the basics oncepts of ethical hacking.

Very informative.Satisfied with the information learn through the session

It was good

ibgot info about trojan

Viruses injection

Learned how to find vulnerabilities in a system and how hackers use it to gain access to systems.

Many different hacking methods such as creating my own virus , website hacking , pentesting , brute force attacks and also clearance of many other doubts . Thanks for all these .

How to test the security of the website

Yep improved my knowledge

Great information about cyber security including the basics of it.

Learned a lot about hackers , types of hackers , what is hacking , different types of attacks ,etc.

Such a informative session which play the important role in Cyber Security and IT filed. It shows the diversity of the core subjects and area of interest..!!

I got to know the different types of hackers and how they can use they exploits

It was interesting to learn about this topic. Looking forward to next session

about the basics of Ethical hacking

Information session

Types of hackers

Very informative

### **Comment/suggestion**

It was very interesting and informative, learned a lot and enjoyed the learning process as well.

Sir is amazing, i just loved the way of teaching of sir, and also he's very very friendly

Awesome

I just was to thank Yasir sir for the knowledge I gained through him.

I loved the session. Learned lot of different things about hackers.

Glad to attend these session Thanks for your valuable knowledge and opportunity..!!

## **A Report on the CII Webinar “HR Trends: Importance of social media in Talent Acquisition.”**

Platform: - Cisco Webex

Date: - 11<sup>th</sup> July, 2020(Saturday).

Organized by: - BMS Department of VSIT, in association with CII.

Managed by Enactus, Management Club of VSIT.

Time: - 12:00 pm to 1:30 pm.

Total Participants: 95

Guest Speaker: - Ms. Vinu Pillai

The webinar **HR Trends: The importance of social media in Talent Acquisition** was organized by BMS department of VSIT in association with CII. And managed by Enactus.

Our Speaker for the day Ms. Vinu Pillai a dynamic HR professional with rich experience of 20+years in devising and effectuating HR policies, systems, and practices; track record of having established HR processes (small / mid-sized) from germination level. She has expertise in talent acquisition, manpower planning & integrated talent management, transformation and development with honed skills in sourcing the best talent from diverse sources, as well as strong business acumen and insightful knowledge of business analysis and proficient in driving change management.

In her current role, she is **Head- HR** at **Smart Connect Technologies**, a digital transformation company. UNFYD® Suite is transforming digital processes across multiple BFSI, Telco companies with Artificial Intelligence, Website Collaboration, Mobility and CRM led capabilities

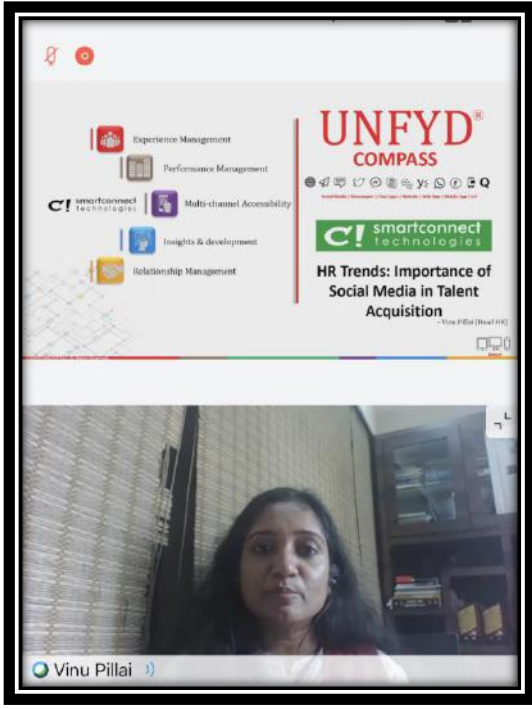

Our VSIT Faculty member commenced the event by a warm welcome speech addressing our beloved Principal madam Dr. Rohini Kelkar and the two dignitaries, Moderator for the day, Dr. Mohan B Rao sir, who is actively associated with CII and is

co-chair of CII Education taskforce and also YUVA advisor for CII young Indians. And our guest speaker Ms Vinu Pillai.

Ms. Pillai covered the following topics, talent acquisition and the changes in it in today's world. And how hiring onboarding and employee engagement has drastically changed with the changes in technology and the emergence of social media. She explained the importance of social media from an employer's perspective and how social media platforms should be leveraged. She enlightened the students as to how they can develop their professional social media accounts especially their LinkedIn profile and make it more appealing to create an impact on recruiters. She expressed the significance of building your network. The students of VSIT posted some questions for the speaker. Ms. Pillai and Dr. Rao addressed these questions and solved their doubts.

The event came to an end around 1.20 pm and the vote of thanks was given by Prof Pooja Kesharwani which uttered gratitude towards CII, Dr. Rao, Ms. Pillai and the BMS department, the faculties, the Management of VSIT and the ones who attended the session. Such a productive session is bound to help our VSIT students in the foreseeable future and the lecture ended with unleashing a band of youth who are going to be the future of the country.

## **Panel Discussion on -“Safety of working women at the workplace”**

Women’s Development Committee with the intervention of Confederation of Indian Industry organized a Panel Discussion, the details of which are as under -

**Topic: Panel Discussion on Safety of working women at the Work place**

**Date: 12 September, 2020**

**Timing: 11:30 am – 12:30 pm**

**Platform: CISCO WebEx**

**Attended by: Around 60**

**Resource Persons:**

**Moderator** – Dr. Mohan Rao

**Panelists** – 1) Ms. Bhavana Issar

2) Ms. Trupti Lahiri

3) Ms. Ravija Shrivastava

4) Ms. Pushpa Priya

**The welcome address was given by** Dr Ashwini Joshi on behalf of the Women’s Development Committee of Vidyalankar School of Information Technology. She introduced the Moderator Dr. Mohan Rao and welcomed all the dignitaries and the participants. The session was then handed over to the Moderator.

**Moderator: Dr Mohan Rao**

Dr Mohan Rao gave introduction of all the panelists and invited them all to share their views & experiences being working women & the challenges they faced at the workplace and how they handled the same. He moderated the discussion well and at the end questions were asked to individual Panelists for their views.

**Panelist 1: Ms. Bhavana Issar**

She narrated her story of being a young rider in 1980’s & the way she was looked upon by the society. She also gave her a viewpoint on safety of women in the organization. She discussed various challenges & constraints faced by working women and also the role of the organizations as well as the Government for ensuring a safe work culture. She focused on strong resolve by women could make a huge difference.

### **Panelist 2: Ms.Ravija Srivastava**

She spoke about unconscious biasness. She put forth the various issues faced by the victims when filing a complaint with the Internal Complaints Committee. The various flaws which does not make the POSH Act effective and the objective being defeated. The delay in the justice, the complicated & tedious inquiry process etc. which acts as a barrier to file a complaint & get justice. According to her a lot of energy, money, and time is wasted in the entire process. The real issue is also the social stigma faced by a women who is a victim and also who complains. She reiterated the need for a paradigm shift to tackle this major challenge.

### **Panelist 3: Ms. Pushpa Preeya**

Madam acknowledged that women bring healthy competition to the environment & according to her every women is extra-ordinary. Violence against women is quite prevalent in the society. Men and women are no means equal. They have their unique qualities. She focused on gender discrimination, societal thinking, deep rooted bias against women. The challenge of being at the same level with the male counterpart and the issues arising from it. The challenge of glass ceiling along with the casual approach of the Management & Government towards the safety of women at the workplace.

### **Panelist 4: Ms. Trupti Lahari**

She shared her viewpoint of Safety of Women are now gaining higher positions and form a big/huge section of any working sector around the globe. Women now are more independent in every sense. They are competent enough to take care of themselves and their families. They are more able to make their own life choices and live according to their own terms. She spoke on various acts and small little nuances were discussed about an individual's opinion on safety and security of oneself. She also gave information about various laws in India for the safety of women.

The general conclusion was that the woman should equip themselves to be a part of the system, if any safety issue is faced she should be vocal about the incident, ensure that she approaches the authorities and does not suffer in silence fearing social stigma.

The organizations and the top management too should play a proactive role in ensuring safety at the workplace. The POSH Act provisions to be implemented in true spirit. More awareness programs to be conducted so that working women know about their rights. A full proof and unbiased procedure of inquiry and justice to be implement at the Organizational level.

The Government should ensure compliance of the POSH Act, constitution of the Internal Complaints Committee and oversee the working of the same. Regular audits to be conducted to ensure fair & unbiased inquiry without the fear of social stigma or vindictive action against the complaint.

The questions posed by the participants were duly responded by the Panellists. An informative & interesting session on a subject which needs to be considered and dealt with seriously on a priority.

The session was concluded by proposing of the vote of thanks by Ms. Pooja Jogu on behalf of Women's Development Committee and Vidyalankar School of Information technology.

The participants gave a positive feedback on the event.

We, the members of Women's Development Committee express our gratitude towards Principal, Dr. Rohini Kelkar for giving us an opportunity to organize this event with the intervention of Confederation of Indian Industry.

- **Dr. Ashwini Joshi**

DATED 1<sup>st</sup> OCTOBER 2014

REG/13/160

ARTICULATION AGREEMENT FOR THE ENTRY OF STUDENTS TO ASTON  
UNIVERSITY PROGRAMMES

BETWEEN

ASTON UNIVERSITY, BIRMINGHAM, UNITED KINGDOM

AND

VIDYALANKAR DNYANAPEETH TRUST, INDIA

This Agreement is made the 1<sup>st</sup> day of OCTOBER 2014

**BETWEEN**

**ASTON UNIVERSITY** whose administrative offices are at Aston Triangle, Birmingham B4 7ET ("Aston"); and

**VIDYALANKAR DNYANAPEETH TRUST** whose Colleges are at the Vidyalankar campus at Vidyalankar College Marg, Wadala (E), Mumbai 400 037 India ("VDT")

**SECTION 1 - SUMMARY**

Aston and VDT hereby agree to cooperate on the following activities in a collaborative agreement from the Effective Date and for the period stated in Part 3 below. The collaboration is on the basis of the terms and conditions set out in Section 2 (*Terms and Conditions*) below.

**PART 1: PURPOSE OF COOPERATION**

This Agreement is intended to further the mutual interests and to foster and develop cooperation between the two parties in accordance with their individual mission and objectives.

**PART 2: STATEMENT OF INVOLVEMENT**

This Agreement will include the recognition of awards for University entry and an agency arrangement.

**PART 3: AGREEMENT**

The Agreement will be effective for a period of five years from the Effective Date unless terminated earlier or extended in accordance with the terms of the Agreement.

The terms of such mutual assistance and necessary budget for each activity shall be discussed and agreed upon in writing by both parties prior to the initiation of the particular activity.

The subjects of this Agreement are the Programmes.

This Agreement comprises

- Section One: Summary
- Section Two: Terms and Conditions
- Section Three: Financial Memorandum

## SECTION 2 - TERMS AND CONDITIONS

### 1. Scope of the Agreement

1.1 This Agreement sets out the arrangements whereby the relevant Courses delivered by VDT and validated by an Affiliate Body are suitable preparation to enable appropriately qualified students to Articulate to the applicable stage of the Programmes as set out in the following table:

Course run in VDT's Colleges	Aston Programme to which Articulation is approved	Progression of students – number of years		Details of progression and/or Prior Credit arrangement
		At VDT's Colleges	At Aston, UK	
BSc (Information Technology), affiliated to University of Mumbai	BSc Software Engineering, final stage	2 (or 1 year for students who have completed Engineering Diploma and are directly admitted to second year of the BSc IT course)	1	<p>Students who have achieved an average of 55% marks (or the equivalent according to the University of Mumbai's Grading Scheme) averaged over years 1 and 2 on the BSc Information Technology together with a pass (at 40%) in both the modules CS1410 (Java Programme Development) and CS2010 (Group Project) will be admitted to the final stage of the Aston programme*</p> <p>Diploma students entering directly onto the 2<sup>nd</sup> year of the BSc IT who have achieved an average of 55% marks (or the equivalent according to the University of Mumbai's Grading Scheme) in year 2 of the BSc Information Technology together with a pass (at 40%) in both the modules CS1410 (Java Programme Development) and CS2010 (Group Project) will be admitted to the final stage of the Aston programme*</p>
BSc (Information Technology), affiliated to University of Mumbai	MEng Software Engineering, Third stage	2 (or 1 year for Students who have completed Engineering Diploma and are directly admitted to second year of the B.Sc. IT course)	1+1 or 1+1+1 (with Internship)	<p>Students who have achieved an average of 60% marks (or the equivalent according to the University of Mumbai's Grading Scheme) averaged over years 1 and 2 on the BSc Information Technology together with a pass (at 40%) in both the modules CS1410 (Java Programme Development) and CS2010 (Group Project) will be admitted to the third stage of the Aston programme**</p> <p>Diploma students entering directly onto the 2<sup>nd</sup> year of the BSc IT who have achieved an average of 60% marks (or the equivalent</p>

Course run in VDT's Colleges	Aston Programme to which Articulation is approved	Progression of students – number of years		Details of progression and/or Prior Credit arrangement
		At VDT's Colleges	At Aston, UK	
				according to the University of Mumbai's Grading Scheme in year 2 on the BSc Information Technology together with a pass (at 40%) in both the modules CS1410 (Java Programme Development) and CS2010 (Group Project) will be admitted to the third stage of the Aston programme**
Electronics and Telecommunication Engineering Diploma Program [EJ], affiliated to Maharashtra State Board of Technical Education	MEng Electrical and Electronic Engineering (accelerated), second stage	3	3 [1+1+1 (with internship)]	<p>Students who have achieved 60% in the final year on the Electronics and Telecommunication Engineering Diploma will be admitted to the second stage of the Aston programme***</p> <p>Continuation on the MEng route is dependent on students achieving an average of 60% in the second stage at Aston and securing a suitable industrial or study placement. The MEng Electrical and Electronic Engineering programme specification outlines alternatives for Aston students who are unsuccessful in achieving these requirements.</p>
Electronics and Telecommunication Engineering Diploma Program [EJ], affiliated to Maharashtra State Board of Technical Education	MEng Electronic Engineering and Computer Science (accelerated), second stage	3	3 [1+1+1 (with internship)]	<p>Students who have achieved 60% in the final year on the Electronics and Telecommunication Engineering Diploma will be admitted to the second stage of the Aston programme. Students will have to have studied existing Vidyalankar modules Java Programming and Advanced Java Programming and passed them at 40%.****</p> <p>Continuation on the MEng route is dependent on students achieving an average of 60% in the second stage at Aston and securing a suitable industrial or study placement. The MEng Electronic Engineering and Computer Science programme specification outlines alternatives for students who are unsuccessful in achieving these requirements.</p>

\*Pending Semester IV results, students who have scored an average of at least 55% marks (or the equivalent according to the University of Mumbai's Grading Scheme) in the first, second and third semester will provisionally be admitted to Aston.

\*\* Pending Semester IV results, students who have scored an average of at least 60% marks (or the equivalent according to the University of Mumbai's Grading Scheme) in the first, second and third semester will provisionally be admitted to Aston.

\*\*\* Pending Semester VI results, students who have scored at least 60% marks in the semester V will provisionally be admitted to Aston.

\*\*\*\* Pending Semester VI results, students who have scored at least 60% marks in semester V together with the additional grade requirements stated for the Java Programming and Advanced Java Programming modules will provisionally be admitted to Aston.

\*\*\*\*\* Pending Semester VI results, students who have scored at least 60% in semester V together with the additional grade requirements stated for the Linear Integrated Circuits, Electronic Components and Applications, Java Programming and Advanced Java Programming modules will provisionally be admitted to Aston

1.2 This Agreement also sets out the basis on which VDT will provide Agency Services to Aston.

1.3 The parties may collaborate in other respects as more particularly set out in clauses 6.2 and 9 of Section 2 (*Terms and Conditions*) of this Agreement.

1.4 Subject to clause 3 of Section 2 (*Terms and Conditions*), this Agreement will be effective for a period of five years from the Effective Date, after which it will be formally reviewed by the Parties and if the Parties agree it may be extended or renewed, as appropriate.

## 2. **Signatories**

2.1 The signatories for Aston are Mrs Judith Whitaker, Chief Operating Officer and Professor Bjorn Birgisson, Executive Dean of The School of Engineering & Applied Science, who have the authority to act on behalf of Aston with regard to this Agreement.

2.2 The signatory for VDT is Professor Ravindra R. Nadkarni, Dean (Academics), Vidyalankar Group of Educational Institutes, who has the authority to act on behalf of VDT with regard to this Agreement.

## 3. **Approval of Affiliate Bodies**

VDT warrants and represents that each of its Courses are affiliated to an Affiliate Body and Aston hereby confirms its approval of the Affiliate Bodies as affiliates for the Courses.

## 4. **VDT's Obligations**

4.1 VDT shall:

4.1.1 provide its Courses and Agency Services in accordance with:

- (i) the terms of this Agreement,
- (ii) all Applicable Law, and
- (iii) all reasonable care, diligence and skill;

4.1.2 obtain and maintain at all times at its own expense any licences, permits, approvals or consents (whether governmental, regulatory or otherwise) required or advisable to enable VDT to deliver the Courses and provide the Agency Services under the terms of this Agreement and shall indemnify and keep indemnified Aston from and against all claims, losses, damages and expenses in respect of any breach of this obligation;

4.1.3 follow and comply with the Policies and Regulations;

4.1.4 use its best endeavours to promote the Programmes;

4.1.5 promptly inform Aston of any matters generally likely to be relevant in relation to the marketing of and recruitment to the Programmes within India and all enquiries concerning the Programmes which it receives from potential students outside India;

- 4.1.6 comply with the terms of Aston's admissions policy (for each Programme) as notified to it under clauses 5.1.4 and 7.4 of Section 2;
- 4.1.7 assist prospective students in completing applications for admission to the Programmes but to exclude any students who do not possess the minimum academic qualifications required by Aston;
- 4.1.8 promptly forward to Aston all application forms completed by potential students together with all of the necessary supporting documentation;
- 4.1.9 where practical and where required by Aston, to provide individual students and potential students with additional tests of competence as part of the admission process and forward the results of such tests to Aston for assessment;
- 4.1.10 where material contains the name, logo or anything similar thereto of Aston or which refers to Aston in connection with a Programme only to use that material to market such Programme where Aston has provided its prior written consent;
- 4.1.11 only provide, publicise and disseminate such information and material relating to the Programmes as Aston may from time to time select or approve in writing prior to use;
- 4.1.12 provide sympathetic and accurate guidance to prospective students on all aspects of living and studying at Aston and in Birmingham, including notifying the students of the admissions policy operated by Aston and the procedure for applying to Aston and appropriate follow-up in respect of student visa requirements to meet the criteria of the UKBA;
- 4.1.13 prepare and issue to each student an official transcript of that student's performance on the applicable Course to support the award of Prior Credit by Aston;
- 4.1.14 notify Aston of any changes to the curriculum of any Course to ensure that an appropriate match between the Courses and Programmes is maintained;
- 4.1.15 make students that are Articulating fully aware of the financial resources they will need to undertake their studies in the UK;
- 4.1.16 provide Aston, as and when required, with an interim report of students and/or potential students counselled in respect of whom VDT intends to recover payment as part of the Fee; and

- 4.1.17 promptly inform Aston of any complaint received from a student or potential student by VDT and co-operate fully in dealing with any such complaint.
- 4.2 VDT shall not:
- 4.2.1 undertake any promotion which may be counterproductive to any advertising campaign or publicity drive undertaken by Aston;
  - 4.2.2 seek or accept any payment, bribe, gift, hospitality or inducement from any potential student or body for carrying out the Agency Services which are intended to be performed hereunder for payment of the Fee, except for any administrative fees agreed with Aston of which the student shall be notified by VDT at the initial point of contact (although charges for additional services provided direct to potential students may be made where Aston has given its prior written consent to VDT);
  - 4.2.3 delegate or subcontract any duties or obligations arising under this Agreement to any third party unless previously expressly approved by Aston (in writing);
  - 4.2.4 describe itself as agent or representative of Aston except as expressly authorised by this Agreement and in particular not to represent itself as capable of admitting students for the Programmes or as being able to guarantee enrolment and/or in any way hold itself out as being authorised to bind Aston in any way or do any act which might reasonably create the impression that it is so authorised nor enter into any contract whatsoever on behalf of Aston;
  - 4.2.5 pledge the credit of Aston in any way;
  - 4.2.6 make or give any promises, warranties, guarantees or representations on behalf of Aston other than as previously authorised by Aston; and
  - 4.2.7 engage in any conduct which in the reasonable opinion of Aston is prejudicial to Aston and/or its reputation and/or the promotion of or the Programmes generally.

**5. Aston's Obligations**

- 5.1 Aston shall:
- 5.1.1 accept students in each academic year who Articulate from a Course for entry to the Programmes detailed in Section 3 (*Programme Specifications*) subject to payment by the student of the relevant Programme Fee in accordance with the Policies and Regulations, on condition that each student has:

- (i) successfully completed the relevant Course and achieved the average marks as specified in clause 1.1 of Section 2 (*Terms and Conditions*) and received a satisfactory academic transcript issued by VDT's College confirming this;
- (ii) satisfied any other conditions set out in the table in clause 1.1 of Section 2 (*Terms and Conditions*);
- (iii) submitted an acceptable academic reference from VDT;
- (iv) met with one of the following English Qualifications:
  - Indian standard 12<sup>th</sup> English at 70% or above,
  - IELTS 6.0 overall, or
  - TOEFL: 78 overall.Students not achieving any of the above qualifications will be considered on a case by case basis. A telephone interview or a written report may be required depending on the circumstances; and
- (v) completed and submitted the necessary application form.

5.1.2 provide a Liaison Officer;

5.1.3 monitor the academic content and standard of the VDT Courses to ensure that the amount and level of Prior Credit recognised in respect of the Courses remains appropriate;

5.1.4 notify VDT of the admissions criteria for each Programme and Policies and Regulations by publication on the Aston's website, including student visa requirements to meet the criteria of the UKBA and if requested by VDT, conduct a session via videoconference for the students on such requirements;

5.1.5 notify VDT of any changes to the curriculum of the Programmes to ensure that an appropriate match between the Courses and Programmes is maintained; and

5.1.6 pay the Fee and any reimbursement of marketing costs to VDT in accordance with the provisions of Section 3 (*Financial Memorandum*).

5.2 As at the Effective Date, VDT will provide Aston with a complete copy of the Course Specifications and Aston will provide VDT with a complete copy of the Programme Specifications. Any changes to the Programme Specifications are subject to approval in accordance with Aston's procedures before they are implemented. Aston will promptly provide the amended Programme Specifications to VDT. The Course Specifications may not be amended without the prior written approval of such changes by Aston. VDT will promptly provide the amended Course Specifications to Aston.

5.3 Entry to Aston Programmes of any students shall occur in the first or second academic year following completion of the relevant Course at VDT. Entry at

any later date shall be at the discretion of the Associate Dean for Undergraduate programmes, Engineering and Applied Science at Aston.

- 5.4 Aston's continued approval of VDT's Courses for entry to the specified Aston Programmes is subject to VDT maintaining affiliation of the Courses by its Affiliate Bodies. VDT agrees to inform Aston immediately should its Affiliate Bodies withdraw affiliation of the Courses or change the content of any Course. In the event that affiliation is withdrawn this Agreement will automatically terminate forthwith unless Aston agrees in writing to any alternative affiliation that is secured by VDT.
- 5.5 Both parties shall be responsible for maintaining a record of all formal decisions relating to changes to the Courses and/or Programmes.
- 5.6 Aston shall offer a limited number of bursaries for students that Articulate from VDT who score 70% or above (in either Semester IV of the BSc or Semester VI of the Diploma) or the equivalent according to the University of Mumbai's Grading Scheme.

## 6. Programme Management

- 6.1 The Executive Dean of the School of Engineering & Applied Science will appoint a Liaison Officer to be responsible for the management of the Articulation arrangement.
- 6.2 Where agreed by Aston and VDT in writing, teaching staff from the relevant Aston and VDT subject groups may collaborate over the production of teaching, learning and assessment materials and the delivery of syllabus material.

## 7. Recruitment and Registration of Students

- 7.1 VDT is responsible for promoting and marketing the Programmes in India and for providing information requested by prospective students. The cost of publicity and promotional material associated with the Programmes will be shared in accordance with clause 3 of Section 3 (*Financial Memorandum*). All advertisements and publicity material naming Aston must be agreed in writing by Aston's Liaison Officer prior to its use.
- 7.2 Agreement must be obtained, in writing in advance, for the use of Aston or VDT's name and/or logo by the other institution in any printed or electronic publicity and promotional material. A party using the other's name and/or logo may only do so in relation to this Agreement and shall comply with any requirements as to the use of that name and/or logo notified to it by the other party, and shall forthwith on demand by the other party cease any use of that name or logo which the other party believes is damaging to its reputation. Neither party will do anything which, in the reasonable opinion of the other, would damage the other's reputation and/or business.
- 7.3 The Executive Dean of The School Of Engineering & Applied Science (or nominee) and VDT will agree target enrolment numbers well which will be reviewed annually.

- 7.4 Aston will provide VDT with a copy of its admissions policy and guidelines, and Aston's Admissions Tutors will ensure that their VDT counterparts are fully appraised of the Aston admissions policy and practice.
- 7.5 VDT acknowledges Aston's duties under the Equality Act 2010 and each party shall comply with all equality legislation including the Equality Act 2010 in force from time to time ("Equality Legislation"). Neither party shall engage in discrimination and/or harassment and/or victimisation including on the grounds of sex, race, disability, sexual orientation, age, religion or belief, gender reassignment and pregnancy and/or maternity.
- 7.6 Where an application to a Programme is made by a person with special needs Aston shall consider such an application in compliance with the Equality Legislation and in relation to the appropriate facilities required. Aston must consider whether it can accommodate a particular student's disability or needs prior to that student being made an offer of a place on the relevant Programme.

**8. Assessment Arrangements**

<b>Aston Programme</b>	<b>Percentage split of credits for accredited prior learning and modules taught at Aston</b>
BSc Software Engineering (no placement)	25% VDT 2 <sup>nd</sup> Stage 75% Aston F stage
MEng Software Engineering (with placement)	30% Aston 3 <sup>rd</sup> stage 10% Aston P stage 60% Aston F stage
MEng Software Engineering (no placement)	10% VDT 2 <sup>nd</sup> stage 30% Aston 3 <sup>rd</sup> stage 60% Aston F stage
MEng Electrical and Electronic Engineering (4 year accelerated with placement)	15% Aston 2 <sup>nd</sup> stage 35% Aston 3 <sup>rd</sup> Stage 50% Aston F stage
MEng Electronic Engineering and Computer Science (4 year accelerated with placement)	15% Aston 2 <sup>nd</sup> stage 35% Aston 3 <sup>rd</sup> Stage 50% Aston F stage

- 8.1 VDT will forward to Aston samples of Programme assignments and student work if required by Aston.
- 8.2 The VDT samples of Programme assignments and student work provided pursuant to clause 8.1 of Section 2 (*Terms and Conditions*) will, where applicable, be reviewed annually by Aston's external examiners appointed to the Programmes.
- 8.3 The language of teaching and assessment shall be English.

**9. Collaborative teaching**

Aston may from time to time accept teaching staff from VDT's Colleges on short staff development secondments related to the delivery and assessment of modules that are part of a Programme or Course. Such staff development secondments will be subject to the prior written agreement of Aston at the

relevant time and VDT shall be responsible for all costs associated with the visits.

#### 10. **Funding and Charges**

- 10.1 The arrangements for funding, charges and payment will be as specified in Section 3 (*Financial Memorandum*).
- 10.2 Fees will normally be subject to UK Value Added Tax. The Fees payable under clause 1.1 of Section 3 (*Financial Memorandum*) will be inclusive of VAT and any relevant taxes.
- 10.3 All payments made under this Agreement shall be in pounds sterling.

#### 11. **Intellectual Property Rights**

- 11.1 The Programme materials, Policies and Regulations, and any Intellectual Property Rights in them, whether in existence at the date of this Agreement or created during the programme of it, shall belong to Aston.
- 11.2 Unless otherwise agreed in writing, any other materials relating to the Agreement, and any Intellectual Property Rights in such materials, whether in existence at the date of this Agreement or created during the Term, shall belong to the party creating it. Following completion of such materials, each party will grant to the other a non-exclusive, non-transferable royalty-free licence to use such material for teaching purposes within a Programme only, but prohibiting the licensing or selling of the materials to any third party or from making copies of the materials except insofar as is reasonably necessary for the operation of such Programme.
- 11.3 If a party ("the Notifying Party") becomes aware of any actual or potential infringement or misuse of the other party's ("the Owning Party") name, logo or Intellectual Property Rights, or becomes aware of any allegation that any of the Owning Party's materials infringe the rights of a third party, the Notifying Party shall immediately inform the Owning Party in writing. The Notifying Party shall not settle or compromise any claims arising out of any such potential infringement, misuse or allegation. The Owning Party shall, at its own cost, have the conduct of any proceedings relating to its rights under this clause 11.3. The Notifying Party will provide the Owning Party with such reasonable assistance as the Owning Party may request in connection with any action the Owning Party takes under this clause 11.3.

#### 12. **Data Protection**

- 12.1 Each party will ensure that all student records and Personal Data relating to students covered by this Agreement are held securely and confidentially. Each party will further ensure that:
- 12.1.1 no such data is used or disclosed for any purpose other than so far as is necessary in connection with the administration of the Agreement; and

- 12.1.2 it takes appropriate technical and organisational measures against unauthorised or unlawful processing of Personal Data and against loss or destruction of, or damage to, Personal Data processed by either party under this Agreement.

### 13. Confidentiality

- 13.1 Each party shall keep and ensure that their employees keep strictly confidential all Confidential Information received or obtained as a result of entering into or performing this Agreement, and shall use such Confidential Information only for the purposes of this Agreement.
- 13.2 Either party may disclose information which would otherwise be Confidential Information if and to the extent:
- 13.2.1 required by law or by any relevant regulatory body;
- 13.2.2 disclosed on a strictly confidential basis to the professional advisers, auditors or bankers of that party;
- 13.2.3 the information has come into the public domain through no fault of that party; or
- 13.2.4 the other party has given prior written approval of the disclosure.

### 14. Freedom of Information

- 14.1 VDT acknowledges that Aston is subject to the requirements of the Freedom of Information Act 2000 ("the FOIA") and of the Environmental Information Regulations 2004 ("the EIR") and shall assist and co-operate with Aston to enable Aston to comply with these information disclosure requirements. Where a request for information under the FOIA and/or the EIR submitted to Aston concerns information held by VDT on behalf Aston, VDT shall provide Aston with a copy of all the information requested in its possession or power in the form that Aston requires within a reasonable time of Aston requesting the information.
- 14.2 VDT further acknowledges that Aston may be required to disclose information concerning VDT and/or this Agreement in discharging its obligations under the FOIA and/or the EIR. Aston, having used reasonable endeavours to consult VDT and having considered VDT's views, shall be responsible for determining at its absolute discretion, whether the information should be disclosed under the FOIA and/or the EIR or whether an exemption from disclosure applies.

### 15. Limitation of Liability

- 15.1 Nothing in this Agreement shall exclude or restrict the liability of either party to the other for death or personal injury caused by its negligence or the negligence of its employees, contractors or agents or for liability for any fraudulent misrepresentation or dishonesty by it, its employees, contractors or agents.

15.2 Subject to clause 15.1 of Section 2 (*Terms and Conditions*), the total liability of each party to the other for any loss or damage, costs or expenses whether in contract, tort (including negligence), breach of statutory duty or otherwise arising out of or in connection with this Agreement, shall be limited in aggregate to the sum of £50,000 (fifty thousand pounds sterling).

15.3 Subject to clause 15.1 of Section 2 (*Terms and Conditions*), in no circumstances shall either party be liable to the other whether in contract, tort (including negligence), breach of statutory duty or otherwise in respect of loss of profits, revenue, business opportunity, loss of or cost of restoration of data or any other indirect, consequential, financial or economic loss or damage, costs or expenses whatsoever or howsoever arising out of or in connection with this Agreement.

## 16. Term and Termination of the Agreement

16.1 The Agreement will take effect on the Effective Date and will continue for the duration of the Term.

16.2 If in Aston's reasonable opinion the academic standards of VDT's awards, the learning opportunities provided to students or Aston's name and/or reputation are at serious risk, Aston will notify VDT in writing. Such notice will require VDT to remedy the breach as soon as practicable and no later than 14 days after receipt and if VDT fails to remedy the breach in accordance with this clause 16.2 Aston may terminate this Agreement with immediate effect by notice in writing to VDT.

16.3 Arrangements for termination, howsoever caused, must include provision by VDT and Aston for continuing students to complete their studies on a Programme and any period of notice should take account of any re-examination/re-assessment requirements that may be outstanding in respect of such students.

16.4 Without prejudice to any other right or remedy, either Aston or VDT may terminate this Agreement at any time by notice in writing to the other if:

16.4.1 the other party is in material breach of this Agreement (which may, without limitation, consist of a series of minor breaches capable of remedy) it fails to remedy within 30 days of a notice in writing given by the aggrieved party to the party in default, specifying the breach and requiring the breach to be remedied; or

16.4.2 the other party suffers an Insolvency Event;

16.4.3 the other party suffers a reduction or withdrawal of funding; or

16.4.4 the other party has caused damage to the terminating party's reputation; or

16.4.5 the other party is subject to a change of control.

16.5 Upon the expiry or termination of this Agreement for whatever reason, VDT shall:

- 16.5.1 forthwith cease to operate the Agreement save except in respect of all students already offered a place on a Programme prior to the date of termination of this Agreement. Students shall be supported by VDT and Aston so as to ensure completion of their studies on the Programme;
- 16.5.2 immediately discontinue the use of Aston's name, trademark and any logo associated with Aston;
- 16.5.3 deliver to Aston all stationery, literature, manuals, papers and other documents, items and materials relating to the Programmes which are the property of Aston;
- 16.5.4 hold Aston harmless and indemnify Aston in respect of losses, damages, costs and expenses incurred by Aston arising from the negligent act or omission or breach of this Agreement by VDT.
- 16.6 Termination or expiry of this Agreement shall not prejudice the rights of a party already accrued as at the date of termination or expiry.
- 17. Notices**
- 17.1 All notices under this Agreement shall be in writing and may be served upon the other party by sending the notice by post or facsimile transmission addressed to the other party at the address given above or at such other address as a party shall from time to time by notice in writing give to the other for the purpose of service of notices hereunder.
- 17.2 Every such notice given under clause 17.1 above shall be deemed to have been served if served by post at the expiration of 4 days after dispatch of the same or, if sent by facsimile transmission, at 10:00 hours local time on the next normal business day of the recipient following dispatch, and in proving service it shall be sufficient to show in the case of a letter that the same was duly addressed prepaid and posted in the manner aforesaid and, in the case of a facsimile transmission, that it was sent to the correct telephone number. Saturdays, Sundays and Bank Holidays shall not in any event be treated as a day on which service is effected, and service shall be deemed to take place on the next normal business day of the recipient thereafter.
- 18. Force Majeure**
- 18.1 If either party is affected by Force Majeure which prevents or hinders it in the performance by it of its obligations under the Agreement it shall immediately provide the other party with details in writing and shall keep the other party fully informed of the continuance of the Force Majeure and of any change in circumstances.
- 18.2 If the Force Majeure continues for longer than three months, such that a party is prevented or hindered in the performance by it of its obligations under the Agreement, either party may at any time, whilst such Force Majeure continues, terminate this Agreement by notice in writing.

18.3 Save as provided for in this clause 18, Force Majeure shall not entitle either party to terminate this Agreement and neither party shall be in breach of this Agreement, nor otherwise liable to the other, by reason of any delay in performance, or non-performance of any of its obligations due to Force Majeure.

**19. Law and Jurisdiction**

19.1 This Agreement shall be governed and construed in accordance with English law in every particular, including formation and interpretation and non-contractual disputes or claims, and shall be deemed to have been made in England.

19.2 The parties irrevocably agree that the courts of England shall have exclusive jurisdiction to settle any dispute or claim that arises out of or in connection with this agreement or its subject matter or formation (including non-contractual disputes or claims) and the parties waive any objection to proceedings in such courts on the grounds of venue or on the grounds that proceedings have been brought in an inappropriate form.

**20. Resolution of Disagreements**

20.1 The parties shall attempt to resolve in good faith any dispute arising between them out of the operation of or in connection with this Agreement. In the first instance, VDT's relevant Head of School/Department and the Aston Executive Dean of the School will seek to resolve any dispute relating to the Agreement. Where necessary or appropriate disagreements may be referred to the Senior Pro-Vice-Chancellor of Aston and the Principal of VDT.

20.2 If the matter is not resolved through negotiation either party may refer the matter to mediation, and the parties will attempt in good faith to resolve the dispute through mediation in accordance with the model procedure of the Centre for Effective Dispute Resolution.

**21. Anti-Bribery**

Each party will comply with Anti-Bribery Law and not engage in any activity, practice or conduct which would constitute an offence under section 1, 2 or 6 of the Bribery Act 2010 if such activity, practice or conduct has been carried out in the UK. Each party shall maintain policies and procedures to ensure compliance with Anti-Bribery Law and shall ensure that all of its employees, agents and/or subcontractors comply with such policies and procedures.

**22. Miscellaneous Provisions**

22.1 The headings in this Agreement are for ease of reference and do not form part of this Agreement nor affect its construction.

22.2 This Agreement shall not constitute and shall not be deemed to constitute a partnership and no party shall act nor purport to act as an agent for the other but solely as an independent contractor.

- 22.3 This Agreement may only be varied or amended in writing, signed on behalf of each of the Parties.
- 22.4 No party shall assign transfer or charge its rights and responsibilities under this Agreement or any of them, nor appoint any sub-contractor or agent without the prior written consent of the other.
- 22.5 The provisions of this Agreement are severable and distinct from one another, and if at any time any provision is or becomes invalid, illegal or unenforceable, the validity, legality or enforceability of the other provisions shall not in any way be affected or impaired.
- 22.6 This Agreement may be executed by each party on separate counterparts, each of which when executed and delivered will constitute an original but the counterparts will together constitute but one and the same Agreement.
- 22.7 Nothing in this Agreement shall confer on any third party any benefit or the right to enforce any provision of this Agreement.
- 22.8 The waiver by a party of any breach of any provision of this Agreement shall not prevent the subsequent enforcement of that provision and shall not be deemed to be a waiver of any subsequent breach of that or any other provision.
- 22.9 Each party shall comply with all Applicable Laws.
- 22.10 The English language version of this Agreement and any other written material of Aston shall be regarded as the authoritative version notwithstanding that they may be translated into another language.
- 22.11 This Agreement and any document referred to herein constitute the entire agreement between the parties in connection with its subject matter and supersede all prior representations, communications, negotiations and understandings concerning the subject matter of this Agreement.
- 22.12 In this Agreement the following expressions will have the following meanings unless the context otherwise requires:

“Adequate Procedures”	will be determined in accordance with section 7(2) of the Bribery Act (and any guidance issued under section 9 of that Act);
“Affiliate Body”	the affiliates of VDT, namely the University of Mumbai and the Maharashtra State Board of Technical Education;
“Agency Services”	the promotion of the Programmes in India and the introduction of students from India to the Programmes by VDT on behalf of Aston;
“Agreement”	this agreement, which comprises Section 1 ( <i>Summary</i> ), Section 2 ( <i>Terms and Conditions</i> ) and Section 3 ( <i>Financial Memorandum</i> );

“Anti-Bribery Law”	all Applicable Laws, statutes, regulations and codes relating to anti-bribery and anti-corruption including the Bribery Act;
“Applicable Law”	the laws of England and Wales and the European Union and any other laws or regulations, regulatory policies, guidelines or industry codes which apply to the obligations under this Agreement including Ant-Bribery Law;
“Articulation”	means the process whereby a student who has successfully completed a Course with VDT and achieved the required credits and other requirements set out in the table in clause 1.1 of Section 2 ( <i>Terms and Conditions</i> ) will have guaranteed progression to the applicable Programme provided by Aston and a record is made of the individual modules (if any) which he or she will be undertaking, and “Articulate” and “Articulating” will be construed accordingly;
“Associated Persons”	the meaning given to it in section 8 of the Bribery Act and will include any employees, agents and/or subcontractors of the parties;
“Bribery Act”	the Bribery Act 2010 (as amended or supplemented from time to time);
“Confidential Information”	any data and other information provided or disclosed by either party to the other party (whether before, on or after the Effective Date and whether provided in writing, orally or otherwise) that has been designated in writing as confidential, stated to be confidential, or that ought reasonably in the circumstances of disclosure to be considered as confidential;
“Courses”	the following courses run in VDT’s colleges as more particularly specified in the Course Specifications: <ul style="list-style-type: none"><li>• BSc (Information Technology), affiliated to University of Mumbai,</li><li>• Electronics and Telecommunication Engineering Diploma Programme, affiliated to Maharashtra State Board of Technical Education, and</li><li>• Computer Engineering Diploma or Information Technology Diploma, affiliated to Maharashtra State Board of Technical Education,</li></ul>

and “Course” shall refer to any one of them;

“Course Specifications”	means the specifications for the Courses as amended and updated from time to time;
“Data Controller”	the meaning given to it in the DPA;
“Data Processor”	the meaning given to it in the DPA;
“DPA”	the Data Protection Act 1998 and any subordinate legislation made under it from time to time together with any guidance and/or codes of practice issued by the Information Commissioner or relevant government department in relation to such legislation;
“Effective Date”	1 April 2013;
“Equality Legislation”	the meaning given to it in clause 7.5 of Section 2 ( <i>Terms and Conditions</i> );
“Fee”	the fees payable by Aston to VDT in accordance with clause 1 of Section 3 ( <i>Financial Memorandum</i> );
“FOIA”	the Freedom of Information Act 2000 and any subordinate legislation made under that Act from time to time together with any guidance and/or codes of practice issued by the Information Commissioner or relevant government departments in relation to such legislation;
“Force Majeure”	in relation to either party, any circumstances beyond the reasonable control of that party including any strike, lock-out, or other form of industrial action, war, riot, civil commotion, malicious damage, compliance with any law or governmental order, rule, regulation or direction, accident, breakdown of plant or machinery, fire, flood, storm or Act of God;
“Insolvency Event”	any of the following events in respect of a party: <ul style="list-style-type: none"><li>(a) a notice being issued to propose a resolution for winding up or dissolution, or such a resolution being passed;</li><li>(b) a petition for winding up or an administration or a bankruptcy order is presented or such an order is made;</li><li>(c) a proposal for a voluntary arrangement or an application for an interim order is made under the Insolvency Act 1986;</li><li>(d) a party takes any action (including starting negotiations) with a view to readjustment, rescheduling or deferral of any part of its</li></ul>

indebtedness;

- (e) a party proposes or makes any general assignment, composition or arrangement with or for the benefit of all or some of its creditors;
- (f) a party suspends or threatens to suspend making payments to all or some of its creditors;
- (g) a party becomes subject to any type of voluntary arrangement;
- (h) a receiver (administrative or otherwise) is appointed over all or part of a party's assets; or
- (i) the other party has reasonable grounds for believing that any of the foregoing is imminent;

"Intellectual Property Rights"

all intellectual property rights throughout the world for the full term of the rights concerned, whether or not registered and whether or not registrable, including without limitation, copyright, database rights, patents, rights in inventions, know-how and technical information, design rights, registered and unregistered designs, trade marks (including business and brand names, devices and logos), domain names, and the rights to apply for any of the foregoing anywhere in the world;

"Liaison Officer"

the person appointed in accordance with clause 6.1 of Section 2 (*Terms and Conditions*) to carry out the task as specified therein;

"Notifying Party"

the meaning given to it in clause 11.3 of Section 2 (*Terms and Conditions*);

"Owning Party"

the meaning given to it in clause 11.3 of Section 2 (*Terms and Conditions*);

"Personal Data"

the meaning given to it in the DPA;

"Policies and Regulations"

the published policies, procedures and regulations (including those relating to academic and quality assurance) of Aston including the Tuition Fees Charging Policy as amended and/or updated from time to time;

"Prior Credit"

the credit awarded by VDT to a student in respect of a Course which is recognised by Aston in respect of the student's admission to a Programme;

"Programme Fee"

the tuition fees payable by the students to Aston in

---

	respect of the relevant Programme;
"Programme Specifications"	means the specifications for the Programmes as amended and updated from time to time;
"Programmes"	the following programmes at Aston as more particularly described in the Programme Specifications: <ul style="list-style-type: none"><li>• BSc Software Engineering,</li><li>• BSc Computing Science,</li><li>• MEng Software Engineering,</li><li>• MEng Electrical and Electronic Engineering (accelerated), and</li><li>• MEng Electronic Engineering and Computer Science (accelerated),</li></ul>
	and "Programme" shall refer to any one of them; and
"Term"	the period from the Effective Date until this Agreement expires or is terminated in accordance with its provisions.

**SECTION 3 - FINANCIAL MEMORANDUM**

This section of the Agreement sets out the financial framework and arrangements for charges and payments within the scope the Agreement.

1. FEES

1.1 Aston will pay a Fee to VDT in respect of its support and recruitment of its students Articulating to Aston under this Agreement at the following rates:

<b>Number of students</b>	<b>Percentage of the Programme Fee received by Aston in the first year of the Programme only</b>
1-10	15%
11-20	17.5%
21 and above	20%

1.2 Where a student Articulating from VDT under this Agreement enrolls at Aston and then withdraws from the Programme, Aston will pay VDT a pro-rata amount of fees paid by the student in accordance with the Policies and Regulations.

2. PAYMENTS

Payments of the Fees to VDT will become due 4 months after the enrolment of the student Articulating from VDT subject to receipt of a valid invoice from VDT. Such fees will normally be paid in pounds sterling, be subject to UK Value Added Tax and will be deemed to be inclusive of VAT and all relevant taxes in India.

3. MARKETING COSTS

Aston and VDT will jointly share expenses for promotion of the Programmes in Mumbai. Annually, Aston will, subject to receipt of valid invoices, reimburse VDT 60% of the total cost of advertising or £3,750, whichever is less.

IN WITNESS THEREOF the representatives of the parties have offered their signatures:

## MEMORANDUM OF UNDERSTANDING

The **University of the Fraser Valley**, (UFV) located in Abbotsford, British Columbia, Canada and **Vidyalankar School of Information Technology**, (VSIT) Mumbai, India wish to enter into this Memorandum of Understanding ("MOU") to promote international and intercultural understanding and academic cooperation and collaboration.

### Purpose

The purpose of this MOU is to provide a framework for the future development of academic and educational cooperation.

1. The parties will explore academic and educational activities of mutual interest on the basis of equality and reciprocity and will encourage the following:
  - a) Exchange visits of faculty members, researchers, and administrative staff;
  - b) Exchange of students, student visitation and the development of study abroad programs;
  - c) Assessing the potential for transfer and degree completion programs;
  - d) Organization of conferences, seminars, symposia or lectures;
  - e) Exploration of common research interests and other forms of academic collaboration.
2. Initial areas of collaboration and cooperation may include, but not be limited to, the following:
  - a) The development of a Letter of Agreement (LOA) for transfer credit detailing the student pathway from VSIT's Bachelor of Science, Information Technology Studies to complete UFV's Bachelor of Computer Information Systems degree after two years of study at VSIT.
  - b) The assessment of the potential for transfer from VSIT's Bachelor of Management Studies to UFV's Bachelor of Business Administration for degree completion.
  - c) Acceptance of VSIT's third year and graduated students to complete UFV's BSc-Information Technology program as individual applicants whose transcripts will

- d) be individually assessed for transfer credit. Such students will typically take 3 to 4 terms at UFV to graduate and will not be covered by the LOA referred to in Article 2. a).
  - e) The development of protocols for faculty collaboration and short term visitation by faculty, staff and administrative personnel.
3. The details of any specific activities based on this MOU will be separately negotiated between the parties and set out in a separate agreement.
  4. The parties understand that the implementation of any activities stated in Clause 1 or 2 above shall depend upon the availability of resources and the financial support of each party.
  5. **REPRESENTATION:** UFV will work with the VSIT representatives with regard to academic programs, but will also operationalize this MOU through its Representative - M/s Computrain, represented by Mr. Zachariah Samuel. Computrain's Address is 104 Hubtown Solaris, N S Padke Road Andheri East Mumbai 400069 India. Tel. +91 22 6103 6700 Cell +91 98210 96513.
  6. This MOU is a statement of understanding and is not intended to create a legally binding contract.
  7. This MOU may be amended or modified by a written agreement signed by both parties hereto.
  8. This MOU will be effective from the date of the last signature below and shall remain in effect for a period of five (5) years from the date of signing, unless earlier terminated as outlined below. This MOU may be renewed, in writing, upon the mutual agreement of the parties.
  9. Either party reserves the right to terminate this MOU upon six months' written notice to the other party. Students enrolled in this program at VSIT prior to such termination of the agreement will be allowed to complete their study at UFV should they meet admission requirements.
  10. This MOU shall be executed in English. In the event, a translated copy of this MOU exists, the parties agree that the English version shall prevail for the purposes of interpretation.
  11. This MOU shall be signed in duplicate originals and each party shall retain one original.

## MEMORANDUM OF UNDERSTANDING

### Parties

*Between:* **Estero New Zealand Limited**, located at B-2B/14, First Floor, Janak Puri, New Delhi 110058, India

*And:* **Vidyalankar Educational Services (VES)** located at Peal Center Building, Senapati Bapat Marg, Dadar West Mumbai 400028

*On:* September 2, 2020

---

### 1. Understanding:

The parties are entering into this memorandum of understanding (MOU) on the premises of identifying, creating and managing strategic partnerships with New Zealand universities. Estero New Zealand which is an Education New Zealand Recognized Agency and an official representative of all the 8 New Zealand universities\* commits to provide collaboration opportunities to VES in the form of, but not limited to:

- Articulation programs with New Zealand universities at undergraduate and/or postgraduate level
- Direct enrolment in undergraduate and/or postgraduate programs with at least one of the 8 New Zealand universities
- Guest lecture programs from the academics of at least one of the 8 New Zealand universities
- Student and faculty exchange programs with at least one of the 8 New Zealand universities
- Assistance with recruitment of domestic students for the articulation program.

### 2. General

2.1 No party gives any representation or warranty with respect to any information other than that it has the right to disclose such information.

2.2 This MOU stands effective from September 2, 2020 for a period of 5 years.

2.3 This MOU may be signed in counterparts, including by facsimile or email, all of which when read together shall constitute one and the same document.

### 3. Role & Responsibilities of Estero New Zealand

3.1 Maintain communication with the concerned university on behalf of VES

3.2 Assist and process applications of the students of VES for admissions/enrolment at the partner New Zealand university.

3.3 Assist and process the student visa applications for New Zealand, of the students of VES

3.4 Organize seminars, education fairs, career counselling sessions for the students of VES as per a schedule mutually agreed with VES.

3.5 Make an accurate assessment of each prospective student's needs and advising them whether they need to enrol in a programme such as Foundation studies or English Language Training;

3.6 Provide adequate supplies of current promotional material, information brochures and other documentation as required.

Estero New Zealand Limited  
B-2B/14 First Floor, Janak Puri, New Delhi  
Phone: 9773774165, 9773757416  
Email: [info@estero.co.nz](mailto:info@estero.co.nz)  
Website: [www.estero.co.nz](http://www.estero.co.nz)

- 3.7 Allow the right to use the Estero New Zealand's name, logo and other trademarks in agreed promotional activities.
- 3.8 Provide regular updates and briefing documents on changes to courses, entry requirements, tuition fees, living conditions and any other information to prospective students.

#### 4. Role & Responsibilities of Vidyalkar Educational Services

- 4.1 Ensure that no information is misinterpreted to mislead the prospective students;
- 4.2 Communicate and seek approval from Estero New Zealand of any marketing and promotional activity in regards to the articulation program or education in New Zealand;
- 4.3 Incorporate the logo and presence of Estero New Zealand Limited in all marketing activities, publications, that VES wishes to pursue in regards to study opportunities in New Zealand;
- 4.4 Provide branding opportunity to Estero New Zealand on the VES campus.
- 4.5 Recognise Estero New Zealand as an official partner with exclusive rights for any commercial and recruitment activity related to New Zealand education providers. This will include:
  - (i) Direct enrolment in New Zealand university programs
  - (ii) New Zealand university faculty visits
  - (iii) Seminars/guest lectures/education fairs at VES campus.

#### 5. Fees & Charges

- 5.1 Estero New Zealand will not charge any processing fee to the students of VES for their admission applications as well as visa applications for New Zealand universities.
- 5.2 The students will need to pay for the charges related to immigration fee and any other fee as advised by the Immigration New Zealand and/or the NZ university.
- 5.3 For each student enrolled by VES via Estero New Zealand with a New Zealand institution, Estero New Zealand will pay VES a professional fee as below after deducting any appropriate fee (visa fee, courier charges, New Zealand GST) as per the regulations of country laws:
  - (i) 70% of the commission received from the New Zealand institution in the case of direct admission for a full program at a UG/PG Level in a New Zealand institution.
  - (ii) 50% of the commission received from the New Zealand institution in the case of admission via articulation program in a New Zealand institution.
- 5.4 No commission is payable:
  - (i) Unless the student has duly enrolled for the course in question in the intended semester of the academic year; and
  - (ii) Unless the student has duly paid the tuition fee for the course of study; and
  - (iii) Unless the student has begun the course of study and remained enrolled for 4 weeks from the date the course commences; and
  - (iv) Unless the student has not received a refund for course cancellation.
- 5.5 Payment will be made on receipt of an official invoice from the Partner Agent containing relevant student information. Commission payment by the Partner Agent will be made within 15 days following the commission received by the Agent for student's enrolment.

#### 6. Communication

All formal communications and notices shall occur through the registered office of Estero New Zealand Limited. All notices must be in writing, and sent by facsimile or mail to the address as specified below or any other address which from time to time is notified by Estero New Zealand Limited:

**Estero New Zealand Limited**  
B-2B/14 First Floor, Janak Puri, New Delhi  
Phone: 9773774165, 9773757416  
Email: [info@estero.co.nz](mailto:info@estero.co.nz)  
Website: [www.estero.co.nz](http://www.estero.co.nz)

Telephone: +91 8447838452  
Email: [kshitij@estero.co.nz](mailto:kshitij@estero.co.nz)

## 7. Termination

- 7.1 This MOU can be terminated at any time, by either party giving three months' notice in writing.
- 7.2 Estero New Zealand Limited reserves the right to terminate this MOU if VES is found to be engaged in any false, misleading, or deceptive conduct: or otherwise failed to abide by the terms of this agreement. Depending on the severity of the breach, Estero New Zealand Limited, acting in its absolute discretion, will advise VES in writing, to cease the activity and give VES a limited period to rectify that breach. If VES fails to cease the activity within the given period, Estero New Zealand will immediately stop accepting students referred by VES.
- 7.3 In the event of termination of the agreement, the students who are enrolled in the program will be allowed to complete their qualification.
- 7.4 In the event of termination of the agreement, VES will only be entitled to payment for work that has already been completed.

## 8. Ending this Agreement:

- 8.1 **Counterparts:** The agreement may be executed in any number of counterparts with the same effect as if all parties had signed the same document. All counterparts will be constructed together and will constitute one and the same agreement.
- 8.2 **Delivery:** This agreement or any counterparts may be executed by a party and delivered by facsimile or electronically in portable document format (pdf) and if so executed and delivered this agreement or such counterpart will for all purpose be as effective the party had executed and deliver the agreement or a counterpart bearing an original signature.

**FIRST AMENDMENT  
TO THE  
MEMORANDUM OF AGREEMENT  
BETWEEN  
THE UNIVERSITY OF TOLEDO  
AND  
VIDYALANKAR DYANAPEETH TRUST'S VIDYALANKAR INSTITUTE OF TECHNOLOGY  
(VIT) MUMBAI, INDIA**

**THIS FIRST AMENDMENT** (“Amendment”) is entered into by and between The University of Toledo (hereinafter “University”), a public institution of higher education and Vidyalankar Dyanapeeth Trust’s Vidyalankar Institute of Technology (VIT) Mumbai, India (hereinafter, “VIT”).

**RECITALS**

**WHEREAS**, the University and VIT entered into a Memorandum of Agreement effective July, 20, 2015 (“Primary Agreement”). The parties wish to amend the Primary Agreement as set forth below.

**NOW THEREFORE**, in consideration of the promises and the mutual covenants herein contained, the parties hereto agree to amend the aforementioned Primary Agreement, as follows:

Article 4: General Program Requirements is hereby amended to add the following subsections:

10. Requirements for the Transfer Admission are:

a) English qualification

TOEFL minimum 80 in iBT; 550 (paper based); or 213 (computer based)

b) Entrance Test Qualification (Any one)

- Score in MH-MBA-CET 82 or above
- Score in MAT 550 or above

Students not achieving both of the above qualifications will be considered on a case by case basis. A telephonic interview or a written report may be required.

11. Documents required for the Transfer Admission are

- Mark sheets of Undergraduate Degree Qualification
- Undergraduate Degree Certificate
- At least one (1) Letter of Recommendation

12. All 5000 Level courses or equivalent will be taught at VIT by VIT faculty in the Year 1.

13. Five (5) of 6000 level courses given below will be taught by VIT faculty in the Year 1

UT Course Code	UT Course Name
BAUD 6100	Accounting for Strategic Decision Making
BAUD 6300	Strategic Marketing Analysis
BAUD 6900	Strategic Management in the Global Environment
BAUD 6400	Results Based Management
BAUD 6600-001	Supply Chain Management

14. Out of the above five (5) mutually agreed core courses (6000 Level) credits for two (2) of these courses will be transferred and the other three (3) will be taught under UT course number by VIT faculty.

15. First year fee of \$2500 only is to be paid to The University of Toledo which will cover all the courses taken at VIT (i.e. All the 5000 and 6000 level courses).

16. Students attending UT will be granted a scholarship equivalent to the out-of-state surcharge in USD as applicable and as specified in this Agreement. Students will be responsible for paying all fees including acquisition of their visas. Students will be responsible for paying their tuition, living expenses, health insurance, and other expenses while in the U.S.

IN WITNESS WHEREOF, the parties have executed this AMENDMENT as of the date of the last signature below.

## Extension of Memorandum of Agreement

between

The Pennsylvania State University  
Commonwealth Campuses  
United States of America

and

Vidyalankar School of Information Technology  
India

This EXTENSION is made to the Education and Training Agreement originally signed on September 20, 2006 between the Pennsylvania State University (Penn State) through its York campus, and Vidyalankar School of Information Technology (VSIT), collectively referred to as "Parties."

Pursuant to Section VII of the agreement (attached to this Extension as Appendix A), the Parties agree to the following:

### 1. Extension of Agreement

The Parties agree that the Agreement which commenced on September 20, 2006 shall be extended until it expires two years from the date of the last signature of this Extension.

### 2. Terms of Extension

This Extension shall be on the same terms and conditions as contained in the original Agreement and its existing Addenda (attached to this Extension as Appendix B and Appendix C) with the following points listed below:

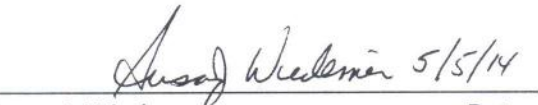

1. The agreement will be extended from Penn State York to include the following Penn State campuses: Penn State Abington, Penn State Altoona, Penn State Beaver, Penn State Berks, Penn State Brandywine, Penn State Dubois, Penn State Erie, Penn State Fayette, Penn State Greater Allegheny, Penn State Harrisburg, Penn State Hazleton, Penn State Lehigh Valley, Penn State Mont Alto, Penn State New Kensington, Penn State Schuylkill, Penn State Shenango, Penn State Wilkes-Barre, Penn State Worthington-Scranton, and Penn State York.
2. Students from VSIT will be assigned in groups of two (2) or three (3) to one (1) of the above campuses by VSIT as potential students for admission to the respective campuses in order to facilitate conversations and engagement with the student during their first two (2) years of study in India.
3. Students from VSIT may have access to on-campus housing at the sole discretion of each individual campus.
4. The Parties will explore the extension of this agreement to include the Bachelor of Business degree in management and marketing. Any such extension will require a separate agreement or addendum to this agreement.
5. Neither Party may use the name, logo, or mark of the other in any promotional material (including, but not limited to, website postings, public announcements and print materials) without the prior written consent of the other Party pursuant to each institution's policies.

All other terms and provision of said Agreement shall remain in full force and effect. In witness whereof, the Parties hereto have offered their signatures:

## MEMORANDUM OF UNDERSTANDING

**THIS MEMORANDUM OF UNDERSTANDING** is between

**MONASH UNIVERSITY** ABN 12 377 614 012 Wellington Road, Clayton, Victoria 3800, Australia

**(Monash)**

**AND**

**VIDYALANKAR SCHOOL OF INFORMATION TECHNOLOGY** of Vidyalankar College Marg, Wadala  
(East), Mumbai - 400037

**(VSIT)**

Monash and VSIT may use the following protocols to govern their collaboration on academic and research-related activities.

### **Scope**

The scope of collaboration on academic and research activities included in this Memorandum of Understanding (MOU) includes the following categories:

1. Research collaboration in the areas of mutual interest;
2. Exchange of academic materials which are made available by both parties;
3. Exchange of scholars;
4. Exchange of students;
5. Cooperative seminars, workshops and other academic activities.

### **Implementation**

To implement this MOU, the following is mutually understood:

6. Proposals for collaborative work under this MOU will be submitted for approval through the normal procedures of each party.
7. Individual collaborative activities developed under this MOU will be the subject of separate agreements in writing.
8. The final approval of any activity will depend on the availability of the guaranteed support funds.
9. Each party is liable for its own acts and omissions under this MOU including for the prevention of doubt, any liability to a third party arising from its acts or omissions.

### Non-binding

10. This MOU is not intended by the parties to be legally binding and nothing in this MOU prevents either party from entering into collaborative arrangements with other organisations covering the same subject matter.

### Commencement, renewal, termination and amendment

11. This MOU is effective as of the date of signing by the appropriate officer of the last party to sign.
12. This MOU shall remain in force for a period of five (5) years from the date of the last signature, with the understanding that it may be terminated earlier by either party giving at least six months' notice to the other party in writing.
13. The MOU may be amended or extended by mutual consent in writing of the two parties.
14. If this MOU were translated into another language, both texts would be authentic but the English text would prevail in the event of a dispute.

### Counterparts & Electronic Communications

15. Each Party agrees that this Agreement may be executed by electronic signature (regardless of the form of electronic signature utilised) and that this method of signature is conclusive of the parties' intention to be bound by this Agreement as if physical signing had occurred.
16. This Agreement may be executed in any number of counterparts and by the parties on separate counterparts. Each counterpart constitutes the agreement of each party who has executed and delivered that counterpart. Each party may communicate its execution of this Agreement by successfully transmitting an executed copy of the Agreement by an electronic method to each party.

## **BLOCK TRANSFER AGREEMENT**

between

**Vidyalankar School of Information Technology**  
**Mumbai, India**

and

**Royal Roads University**  
**Victoria, BC**

This memorandum of understanding constitutes an agreement between Royal Roads University (RRU) and Vidyalankar School of Information Technology. The participating units at the respective institutions are the Faculty of Management at RRU and Vidyalankar School of Information Technology.

### Objective of the Agreement

RRU agrees to facilitate the block transfer of students from Vidyalankar School of Information Technology with appropriate prerequisite qualifications into the third year of the Bachelor of Business Administration in Business and Sustainability degree program at RRU. By this agreement, applicants from Vidyalankar School of Information Technology who meet the requirements outlined below will be eligible for admission to RRU with full block transfer, provided all other entrance criteria are met (per the program admission requirements on the RRU website) and space remains available in the Bachelor of Business Administration in Business and Sustainability degree program. Entrance to all programs at RRU is on a competitive basis.

Successful completion, with a minimum "B" (3.00/4.33) GPA, of the:

- Bachelor of Management Studies Years 1 & 2
  - Students must complete:
    - 1.1 Introduction to Financial Accounts
    - 3.1 Accounting for Managerial Decisions

As a partner to this agreement, Vidyalankar School of Information Technology agrees:

- to make information about this agreement and the RRU Bachelor of Business Administration in Business and Sustainability degree options available to students. Prospective students should be apprised of the significant focus the program places on social and environmental sustainability in business and responsible management;

- to provide opportunity for representatives of RRU to visit appropriate forums at Vidyalankar School of Information Technology to disseminate information about the RRU Bachelor of Business Administration in Business and Sustainability program;
- to notify RRU with as much lead time as possible of any curriculum changes to degree outlined above.

As a partner to the agreement, RRU agrees:

- to provide students from Vidyalankar School of Information Technology who have met the academic and program requirements as noted above academic acceptance into the third year of the Bachelor of Business Administration in Business and Sustainability program at RRU, provided all other entrance criteria are met (per the program admission requirements on the RRU website) and space remains available in the Bachelor of Business Administration in Business and Sustainability program;
- whenever possible, to count any undefined transfer credits towards the Bachelor of Business Administration in Business and Sustainability requirements to prevent students having to unnecessarily take additional courses to qualify for graduation;
- to notify Vidyalankar School of Information Technology with as much lead time as possible of any curriculum changes to the Bachelor of Business Administration in Business and Sustainability program;
- to notify Vidyalankar School of Information Technology with as much lead time as possible about any changes to the Bachelor of Business Administration in Business and Sustainability requirements that are anticipated or approved;
- to waive any credential evaluation fees for students from Vidyalankar School of Information Technology applying to RRU's Bachelor of Business Administration in Business and Sustainability program through this Block Transfer Agreement.

Liaison

Implementation of this agreement will be through the Registrar's Office at each institution, in consultation with the appropriate authorities in the respective programs.

Term of the Agreement

This agreement is effective on the last signature date set forth below and will be in place for a period of five years. At the end of this time, the agreement will be subject to review and renewal by RRU. If there are impediments to renewal, RRU will notify the transfer partner of the impediments, with the goal of negotiating a new agreement. Final approval of the agreement will remain with the President of RRU.

RRU retains the right to limit the number of students admitted under this agreement. The number of students may be established by RRU before each academic year. Students enrolled under this agreement prior to the termination of this agreement will be allowed to complete their program at RRU should they meet admission requirements.

## **MEMORANDUM OF AGREEMENT FOR STUDENT TRANSFER**

**Between**

**RUTGERS, THE STATE UNIVERSITY OF NEW JERSEY  
CAMDEN COLLEGE OF ARTS AND SCIENCES, USA**

**and**

**VIDYALANKAR DNYANAPEETH TRUST'S  
VIDYALANKAR SCHOOL OF INFORMATION TECHNOLOGY, INDIA**

The Camden College of Arts and Sciences of Rutgers University (hereafter "CCAS") and the Vidyalankar School of Information Technology, affiliated with the University of Mumbai, operating under the auspices of Vidyalankar Dnyanapeeth Trust, India (hereafter "VSIT") are pleased to cooperate in a student transfer agreement subject to the following guidelines:

1. Students from VSIT's B.Sc. IT program who select this transfer program will complete a pre-approved series of courses at VSIT that are parallel and are substantially equivalent to B.S. (Computer Science) courses offered by CCAS. Satisfactory completion of this specific program will enable students to transfer into Rutgers as juniors for completion of their B.S. degree, which they will receive from Rutgers University. Thus, a typical student will complete 2 years of the B.Sc. IT program of the University of Mumbai at VSIT along with general education courses taught at VSIT, equivalent to 60 credits, followed by 2 years of study (a minimum of 60 credits) at Rutgers. It is expected that transferring students will complete the requirements to receive the Bachelor of Science in Computer Science from Rutgers University.
2. Students from VSIT must meet the transfer requirements for Rutgers including completion of all preparatory course work and a minimum GPA of 2.0. Students need a good command of English and it is expected that applicants will meet certain English proficiency examination requirements (TOEFL: a score of 550 or above on the paper test or 79 or above on the internet based test; or IELTS: a score of 6 or higher on either the academic paper and pencil test or the academic computer-based test).
3. Admission to Rutgers will follow the standard Rutgers procedure for transfer students, and will include an endorsement of the student by VSIT. Completed applications for admission should be submitted to Undergraduate Admissions before the deadline. No more than 20 students may be admitted into CCAS each year through this agreement.
4. Admission to Rutgers University is based on academic qualifications. However, an appropriate visa is required to enable international students to study in the U.S. Eligibility for the visa ultimately is decided by a U.S. visa officer pursuant to the requirements of U.S. immigration law. Neither CCAS nor VSIT is responsible for

obtaining a visa for the transferring student from a U.S. embassy or consulate. The student is solely responsible for obtaining a visa.

5. Students at Rutgers University will be subject to the academic standards of CCAS. A cumulative grade point average (GPA) of 2.0 or above must be maintained for Rutgers coursework. Students at Rutgers University who are not in good academic standing according to the standards and policies of CCAS may be dropped from the program at the discretion of CCAS. In such instances, there will be appropriate consultation as early as possible with VSIT before such action is taken. In addition, all Rutgers students must meet expectations for campus behavior as set forth in the University Code of Student Conduct.
6. A Rutgers faculty member in the appropriate major will advise transfer students for the duration of their studies at Rutgers.
7. Transfer students from VSIT will be charged tuition at the out-of-state rate for the duration of their studies at Rutgers.
8. All participating transfer students will be required to carry health insurance at a level equivalent to or greater than the coverage offered at Rutgers for international students. Transfer students must provide evidence of an insurance policy that is compliant with the Affordable Care Act, or purchase the Rutgers Student Insurance program available at the time of enrollment. They will be exempted from purchasing Rutgers health insurance only upon providing acceptable evidence of equivalent insurance. Rutgers shall bear no responsibility for any health-related expenses incurred by a transfer student.
9. Rutgers will assist transfer students in locating suitable accommodations, but does not guarantee the availability of such housing nor its proximity to the host institution's campus.
10. Upon successful completion of the program at Rutgers University, the student will be awarded the appropriate Rutgers baccalaureate degree.
11. This agreement will start immediately after all signatures have been obtained and will be effective for five years, subject to revision or modification by mutual written agreement, unless terminated by either party in the form of a written notice submitted at least eight months in advance of the academic year in which the termination is to become effective. Students enrolled in this program at VSIT prior to such termination of agreement will be allowed to complete their studies at Rutgers should they meet admission requirements.
12. Students who meet certain academic performance requirements have the option of taking a fifth year of studies at Rutgers University to obtain a joint BS/MS degree in Computer Science. **The GRE is not required.** (See Appendix C.)
13. The top two students transferring from VSIT each year with the highest cumulative GPA from their courses taken at VSIT will be offered a scholarship from CCAS of \$1,500 per

year for two years to pursue their studies at CCAS.

14. The responsible coordinator for Rutgers for purposes of administering the terms of this MOU is Rajiv Gandhi, Associate Professor, Department of Computer Science. The responsible coordinator for VSIT for purposes of administering the terms of this MOU is Shweta Apte, Academic Advisor. Any change in the coordinator for one party shall be communicated in writing to the coordinator of the other party within 30 days of any such change.

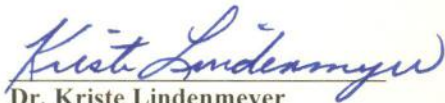

By signing below, each party acknowledges its agreement with the terms and conditions of this Agreement and each signatory represents and warrants that he/she is authorized to sign on behalf of and to bind his/her party to all the terms and conditions of this Agreement.

### Computer Science Course Articulation Rutgers University and Vidyalkar School of Information Technology (VSIT)

Rutgers Courses		VSIT Courses		
<u>1) Computer Science</u>				
50:198:111	Programming Fundamentals	4.0 cr	Introduction to C++ Programming	3.0 cr
50:198:113	Object-Oriented Programming	3.0 cr	Object-Oriented Programming with C++	3.0 cr
50:198:171	Math. Foundations of CS	3.0 cr	<b>To be completed at Rutgers University</b>	
50:198:211	C and Systems Programming	3.0 cr	<b>To be completed at Rutgers University</b>	
50:198:213	Data Structures	3.0 cr	<b>To be completed at Rutgers University</b>	
50:198:231	Intro. to Computer Organization	3.0 cr	Fundamentals of Digital Computing	3.0 cr
50:198:323	Software Engineering	3.0 cr	Software Engineering	3.0 cr
50:198:341	Operating Systems	3.0 cr	<b>To be completed at Rutgers University</b>	
50:198:371	Design and Analysis of Algorithms	3.0 cr	<b>To be completed at Rutgers University</b>	
50:198:451	Database Systems	3.0 cr	Advanced SQL	3.0 cr
50:198:476	Theory of Computation	3.0 cr	<b>To be completed at Rutgers University</b>	
50:198:___	CS Elective 1	3.0 cr	<b>To be completed at Rutgers University</b>	
50:198:___	CS Elective 2	3.0 cr	<b>To be completed at Rutgers University</b>	
50:198:EC	CS Elective Credit	3.0 cr	Web Technology	3.0 cr
50:198:EC	CS Elective Credit	3.0 cr	Microprocessor and Microcontrollers	3.0 cr
50:198:EC	CS Elective Credit	3.0 cr	DBMS	3.0 cr
50:198:EC	CS Elective Credit	3.0 cr	Data Communication and Network Standards	3.0 cr
50:198:EC	CS Elective Credit	3.0 cr	Computer Graphics	3.0 cr
50:198:EC	CS Elective Credit	3.0 cr	Modern Operating Systems	3.0 cr
50:198:EC	CS Elective Credit	3.0 cr	Multimedia	3.0 cr
50:198:EC	CS Elective Credit	3.0 cr	Java and Data Structures	3.0 cr
<u>2) Natural Science and Mathematics</u>				
50:640:EC	Mathematics Elective Credit	9.0 cr	Applied Mathematics 1	3.0 cr
			Applied Mathematics 2	3.0 cr
			Quantitative Techniques	3.0 cr
50:640:250	Linear Algebra	3.0 cr	<b>To be completed at Rutgers University</b>	
50:750:131	Elements of Physics I	3.0 cr	<b>To be completed at Rutgers University</b>	
50:750:132	Elements of Physics II	3.0 cr	<b>To be completed at Rutgers University</b>	
50:750:133	Elements of Physics I Lab	1.0 cr	<b>To be completed at Rutgers University</b>	
50:750:134	Elements of Physics I Lab	1.0 cr	<b>To be completed at Rutgers University</b>	
50:750:EC	Physics Elective Credit	4.0 cr	Electronics and Communication Technology	3.0 cr
<u>3) Language Skills</u>				
50:350:101	English Composition I	3.0 cr	Rhetoric and Composition	3.0 cr
50:350:102	English Composition II	3.0 cr	<b>To be completed at Rutgers University</b>

## Appendix B:

### Recommended Courses to be Taken in Third and Fourth Year at Rutgers University

All Rutgers students are allowed to take extra courses beyond the minimum necessary to meet graduation requirements. It is recommended that VSIT students take advantage of Rutgers' curricula to meet their academic goals by taking extra courses as general or technical electives.

Year 3 (Fall)	50:198:171	Mathematical Foundations of Computer Science	3.0 cr
	50:198:211	C and Systems Programming	3.0 cr
	50:198:213	Data Structures	3.0 cr
	50:640:250	Linear Algebra	3.0 cr
	__ : __ : __	Civilizations and Heritages	3.0 cr
			<b>15.0 cr</b>
Year 3 (Spring)	50:198:341	Operating Systems	3.0 cr
	50:198:371	Design and Analysis of Algorithms	3.0 cr
	50:350:102	English Composition II	3.0 cr
	__ : __ : __	Humanities Course	3.0 cr
	__ : __ : __	Diversity or Global Studies Course	3.0 cr
			<b>15.0 cr</b>
Year 4 (Fall)	50:198: __	CS Elective 1	3.0 cr
	50:750:131	Elements of Physics I	3.0 cr
	50:750:133	Elements of Physics I Lab	1.0 cr
	__ : __ : __	Foreign Language I	3.0 cr
	__ : __ : __	Writing Intensive Course	3.0 cr
	__ : __ : __	Free Elective	3.0 cr
			<b>16.0 cr</b>
Year 4 (Spring)	50:198:476	Theory of Computation	3.0 cr
	50:198: __	CS Elective 2	3.0 cr
	50:750:132	Elements of Physics II	3.0 cr
	50:750:134	Elements of Physics II Lab	1.0 cr

	__ : __ : __	Free Elective	3.0 cr
			<b>16.0 cr</b>

## Appendix C:

### Recommended Courses to be Taken for Joint BS/MS

Students who meet certain academic performance requirements have the option of taking a fifth year of studies at Rutgers University to obtain a joint BS/MS degree in Computer Science. **The GRE is not required.**

Year 3 (Fall)	50:198:171	Mathematical Foundations of Computer Science	3.0 cr
	50:198:211	C and Systems Programming	3.0 cr
	50:198:213	Data Structures	3.0 cr
	50:640:250	Linear Algebra	3.0 cr
	_: : _	Civilizations and Heritages	3.0 cr
			<b>15.0 cr</b>
Year 3 (Spring)	50:198:341	Operating Systems	3.0 cr
	50:198:371	Design and Analysis of Algorithms	3.0 cr
	50:350:102	English Composition II	3.0 cr
	_: : _	Humanities Course	3.0 cr
	_: : _	Diversity or Global Studies Course	3.0 cr
			<b>15.0 cr</b>

At the end of Year 3, students must meet the following requirements:

- completion of at least 30 credits at Rutgers University with a cumulative GPA of 3.0 or higher; and
- completion of required computer science courses (50:198:171, 50:198:211, 50:198:213, 50:198:341, and 50:198:371) with a GPA of 3.0 or higher.

Year 4 (Fall)	50:198:___	CS Elective 1	3.0 cr
	50:750:131	Elements of Physics I	3.0 cr
	50:750:133	Elements of Physics I Lab	1.0 cr
	_: : _	Foreign Language I	3.0 cr
	_: : _	Writing Intensive Course	3.0 cr
	_: : _	Free Elective	3.0 cr
			<b>16.0 cr</b>
Year 4 (Spring)	50:198:476	Theory of Computation	3.0 cr
	50:198:___	CS Elective 2	3.0 cr
	50:750:132	Elements of Physics II	3.0 cr
	50:750:134	Elements of Physics II Lab	1.0 cr
	_: : _	Foreign Language II	3.0 cr
	_: : _	Free Elective	3.0 cr
			<b>16.0 cr</b>

At the end of Year 4, students must ensure that their overall GPA on all computer science undergraduate courses remains above 3.0.

Year 5 (Fall)	56:198:561	Optimization Methods	3.0 cr
	56:198:701	Research in Computer Science	3.0 cr
	56:198:___	Graduate CS Elective 1	3.0 cr
	56:198:___	Graduate CS Elective 2	3.0 cr
			<b>12.0 cr</b>
Year 5 (Spring)	56:198:562	Big Data Algorithms	3.0 cr
	56:198:702	Research in Computer Science	3.0 cr
	56:198:___	Graduate CS Elective 3	3.0 cr
	56:198:___	Graduate CS Elective 4	3.0 cr
			<b>12.0 cr</b>

**ARTICULATION AGREEMENT**  
**between**  
**California State University, Monterey Bay**  
**and**  
**Vidyalankar School of Information Technology,**  
**Vidyalankar Dnyanapeeth Trust**

This Agreement is entered into between the Trustees of the California State University on behalf of California State University, Monterey Bay (collectively "CSUMB"), and Vidyalankar School of Information Technology, Mumbai, India ("VSIT"). CSUMB and VSIT are referred to collectively as the Parties.

This Agreement sets forth the terms and conditions pursuant to which the Parties agree to collaborate to provide a quality education to students in India and assist them to successfully matriculate to CSUMB through an "Articulation Agreement."

**ARTICLE I: INTRODUCTION**

Section 1. CSUMB is an accredited campus of the California State University, located in Monterey Bay, California, United States. CSUMB's College of Extended Education and International Programs ("EEIP") offers an Articulation in which students from VSIT can articulate up to 66 credits to a CSUMB degree. EEIP offers academic courses that lead to Bachelors and Masters degrees.

Section 2. VSIT is an accredited college affiliated with Mumbai University in Mumbai, India, with the proper recognition of the Indian Ministry of Education, and desires to form a collaborative relationship with CSUMB to provide general education and major-related course work to those students in India who wish to study at and eventually graduate from CSUMB. This program is restricted to Information Technology – Computer Science majors.

Section 3. VSIT and CSUMB hereby agree to form a collaborative relationship to enroll students in CSUMB through an "Articulation Agreement." The "Articulation Agreement" is an academic collaborative program which allows students in India to attend CSUMB upon successful completion of a set of general education and major-related course work offered by VSIT in India, which have been pre-approved and articulated by CSUMB (in its entirety, the "Program").

Section 4. VSIT shall offer a two-year program of English, general education and other major-related courses which have been pre-approved and articulated by CSUMB (see Attachment C) as degree-applicable transfer courses. VSIT students shall be admitted to CSUMB as upper division transfer students subject to earning a minimum grade point average (GPA) as outlined in Attachment A as well as satisfying the English proficiency requirement as outlined in Attachment B (and meeting all other requirements in accordance with CSUMB admission requirements in existence at the time of a student's application for admission to

CSUMB through the Program). It is further agreed that CSUMB shall assist students who lack English proficiency to enroll at CSUMB via the ALCP program.

Section 5. VSIT is an accredited educational institute in Mumbai, India with government approval to offer courses that transfer credit to schools abroad. VSIT will offer a program mirroring the GE course work accredited through Kanda Institute of Foreign Languages (KIFL)/Center for Advanced Studies (CAS) in Tokyo, delivered in India but overseen (compliance and due diligence relating to course syllabi and transcripts) by the Director of the Center for Advanced Studies in Tokyo, Japan. VSIT will additionally offer specific major-related course work pre-approved by CSUMB. VSIT desires to form a collaborative relationship with CSUMB to provide both pre-approved major-related and general education courses to those students in India who wish to study at and eventually graduate from CSUMB. VSIT and CAS guarantee that VSIT will continue to use the approved KIFL/CAS GE and CSUMB pre-approved major course curriculum and will notify CSUMB immediately of any changes.

## **ARTICLE II: REPRESENTATIONS AND WARRANTIES**

Section 1. CSUMB represents and warrants that it is the State of California, acting in its higher education capacity, and has the legal capacity to enter into this Agreement.

Section 2. VSIT represents and warrants that it:

- a. is an educational entity in good standing in the country of India;
- b. has the legal authority to enter into this Agreement; and
- c. has obtained all necessary approvals and rights required by applicable laws, rules and regulations necessary to enter into, and perform under, this Agreement.

## **ARTICLE III: RESPONSIBILITIES OF VSIT**

Section 1. VSIT shall maintain and offer general education and other major-related courses pre-approved by CSUMB to VSIT Information Technology major students (see Attachment C). Any modification to Attachment C must be mutually agreed to by the Parties in writing through CAS.

Section 2. VSIT shall maintain academic records of all students in the Program and shall issue transcripts upon students' request.

Section 3. VSIT shall provide an equal level of academic rigor, standards and benefits to the students in the Program as it does to VSIT's other students, including but not limited to issuing student identification cards and providing full access to the library and other student facilities and resources.

Section 4. At no time shall VSIT:

- a. Represent itself as a CSUMB entity, partner, agent or representative.
- b. Suggest to prospective students or students that they can come to the United States on a student visa with a primary purpose other than full-time study.
- c. Make any false or misleading comparisons (or claims of association) between CSUMB and any other educational institution.
- d. Make any representation that CSUMB is or is not associated with any other educational institution.
- e. Facilitate applications for prospective students who do not satisfy or comply with CSUMB admission requirements.
- f. Offer any guarantees to prospective students or students about uncertainties such as whether they will be granted a student visa; whether they will be admitted to the Program; or the likelihood of obtaining financial aid or scholarships.
- g. Give to any third parties, including but not limited to students or prospective students, any promotional or other Program-related information that has not been pre-approved in writing by CSUMB.
- h. Commit CSUMB to accept any prospective student or student into the Program.
- i. Undertake any advertising or promotional activity (including distributing or otherwise publishing any materials) about CSUMB or the Program without CSUMB's prior written consent.
- j. Use any registered or unregistered California State University or CSUMB Marks without prior written authorization from CSUMB. "Marks" means logos, trademarks, service marks, designs, and other intellectual property that belong to, are owned by, are licensed to, or carry the name of CSUMB and/or the California State University, or any other name protected by California Education Code section 89005.5, whether registered or not registered.

**ARTICLE IV: RESPONSIBILITIES OF CSUMB**

Section 1. CSUMB, through its Admission and Records office and EEIP, shall review student applications and issue acceptance to CSUMB to qualified applicants for undergraduate studies in Business or Computer Science. Through EEIP, CSUMB shall review student applications of any students who do not meet requirements for full admission. Such students may be admitted conditionally to CSUMB's ALCP program and CSUMB may work with VSIT to coordinate administrative procedures to be performed in India.

Section 2. Upon meeting the requirements of English language, general education and other courses offered by VSIT, students who have not satisfied the English proficiency requirement shall then enroll into ALCP at CSUMB and attend the appropriate level of ALCP based on their individual ALCP placement assessment. The English language admission requirement to CSUMB shall be met upon a student's successful completion of the ALCP – University Bridge Level-A

courses ("TOEFL Waiver"). CSUMB will assure the conditionally accepted students' eligibility to matriculate to CSUMB without needing any further English requirements other than the conditions mutually agreed to herein or by addendum.

Section 3. CSUMB shall grant and allow students to transfer up to sixty-six (66) academic semester (or equivalent term) units for all pre-approved academic courses completed by students with satisfactory grades from VSIT, as described in Attachment C.

#### **ARTICLE V: FINANCIAL RESPONSIBILITIES**

No monetary or other consideration will be exchanged between the Parties.

#### **ARTICLE VI: DISCONTINUANCE OF THE PROGRAM**

Section 1. This Agreement shall remain in force for five years from the date of signing. It may be terminated "at will" by either Party with thirty (30) days' written notice.

Section 2. Should this Agreement expire or be terminated, students issued full or conditional acceptance letters and/or those currently enrolled in the Program at VSIT shall be allowed to complete their education at CSUMB under the terms and conditions of this Agreement.

Section 3. Within thirty (30) days of expiration or termination of this Agreement, each Party shall return to the other Party all of such other Party's Program materials (including photocopies) by registered mail or reputable international courier. Each Party shall then permanently destroy any electronic copies of the other Party's materials. It is the intent of this Agreement that upon expiration or termination, neither Party shall retain any of the other Party's Program materials, Program-related materials or proprietary information.

Section 4. Subject to Section 2 above, upon the expiration or termination of this Agreement, each Party shall immediately cease making any representations of any collaboration between the Parties, except as is necessary to conclude pending application(s). The expiration or termination of this Agreement does not affect any accrued rights or remedies of either Party.

#### **ARTICLE VII: MISCELLANEOUS**

Section 1. Compliance with Indian Law. Compliance with the law of India is the sole responsibility of VSIT. VSIT agrees to obtain and maintain all permits, licenses and other approvals required in connection with the operations contemplated herein.

Section 2. Privacy. CSU and VSIT will keep confidential at all times any and all information and personal data received from the other relating to teaching strategy, students and tutors, and their performance and progress. Unless compelled by law, no personal data received from the other Party will be divulged to any third party without the prior written approval of the individual to whom such personal data relates. The CSU is, and VSIT may be, subject to various privacy, freedom of information and public records laws, and CSU and VSIT agree that they will co-operate and provide all necessary assistance within the legal limits of each country in order to comply with these legal obligations.

Section 3. Governing Law. This Agreement shall be construed in accordance with and governed by the laws of the State of California. The Parties agree that all actions or proceedings arising in connection with this Agreement shall be tried and litigated exclusively in the state courts located in the County of Monterey, State of California. The aforementioned choice of venue is intended by the Parties to be mandatory and not permissive in nature, thereby precluding the possibility of litigation between the Parties with respect to or arising out of this Agreement in any jurisdiction other than that specified in this paragraph. Each Party hereby waives any right it may have to assert the doctrine of forum non conveniens or similar doctrine or to object to venue or jurisdiction with respect to any proceeding brought in accordance with this paragraph, and stipulates that the state courts located in the County of Monterey, State of California shall have in personam jurisdiction and venue over each of them for the purpose of litigating any dispute, controversy, or proceeding arising out of or related to this Agreement. Any final judgment rendered against a Party in any action or proceeding shall be conclusive as to the subject of such final judgment and may be enforced in other jurisdictions in any manner provided by law.

Section 4. Insurance.

Under Indian law, VSIT confirms that it is permissibly self-insured for damages, claims or actions in amounts sufficient to support the indemnifications set forth above. VSIT also confirms that its self-insurance shall be primary in connection with all indemnification and/or hold harmless obligations set forth in this agreement.

Section 5. Non-Exclusive Agreement. This is a non-exclusive Agreement, and either Party may contract with third parties to provide other similar programs.

Section 6. No Agency or Partnership Relationship. It is expressly understood that no employee, agent, partner or representative of either Party is an employee, representative, partner or agent of the other Party:

- a. Each Party performs under this Agreement as an independent contractor, and has no authority to represent or bind the other Party.
- b. No Party's employees are entitled to unemployment or workers' compensation benefits from the other Party.

- c. VSIT shall require its Program staff and instructors to acknowledge in writing that (i) they are not employees, representatives, partners or agents of CSUMB; (ii) they shall not represent themselves as such; and (iii) they have no authority to represent or bind CSUMB.

Section 7. Assignment. VSIT shall not assign this Agreement or any right or duty under this Agreement without the prior written consent of CSUMB, which can be withheld at its discretion. Any request for such consent shall be accompanied by the proposed written assignment. VSIT hereby requests the inclusion of the Center for Advanced Studies (CAS) in Tokyo Japan, into this agreement, with specific duties to be added as Attachment D.

Section 8. Subcontracting. VSIT shall not subcontract to any other person, entity or agency the performance of any of its obligations under this Agreement without the prior written consent of CSUMB, which may be withheld at its discretion. Any request for such consent shall be accompanied by the proposed written agreement between VSIT and the third party in question, as outlined in Attachment D.

Section 9. No Endorsement. Nothing contained in this Agreement shall be construed as conferring on any Party, any right to use the other Party's name as an endorsement of any product or service or to advertise, promote or otherwise market any product or service without the prior written consent of the other Party. Furthermore, nothing in this Agreement shall be construed as an endorsement of any commercial product or service by CSUMB, its officers, employees or agents.

Section 10. No Third-Party Beneficiaries. Nothing in this Agreement shall be construed to create a legal right in any Program participant or other third party to enforce its terms or to subject either Party to liability to any participant or other third party for any failure to comply with its terms.

Section 11. Authoritative Version. The English version of this Agreement shall be the authoritative version of the Agreement for all purposes. In the event of a conflict between the English version and any translation of this Agreement, the English version shall control.

Section 12. Entire Agreement. This Agreement sets forth the entire agreement between the Parties with respect to the subject matter herein. No modification or amendment to this Agreement shall be binding upon the Parties unless made in writing and duly executed by authorized representatives of both Parties.

Section 13. Force Majeure. Neither Party shall be liable for any delays in the performance of any of its obligations hereunder due to causes beyond its reasonable control, including but not limited to fire, strike, war, riots, acts of any civil or military authority, acts of God, judicial action, unavailability or shortages of labor, materials or equipment, impaction or enrollment restrictions ordered by

the California State University, or failure or delay in delivery by suppliers or delays in transportation.

Section 14. Invalidity and Severability. If any of the provisions of this Agreement are determined to be invalid, illegal or unenforceable by a court of competent jurisdiction, such provisions shall be severed from the Agreement, and the remaining provisions shall remain in full force and effect; provided, however, that with respect to any material provision so severed, the Parties shall negotiate in good faith to achieve the original intent of such provision.

Section 15. Incentive Payments. VSIT certifies that it has not given any incentive benefit directly or indirectly (monetary or in kind) to any employee of CSUMB, for the purpose of obtaining, or in connection with, this or any other agreement.

#### **ARTICLE VIII: INDEMNIFICATION**

Section 1. VSIT shall defend, indemnify and hold harmless California State University and each of their trustees, officers, employees, agents and volunteers from and against any and all liability, loss, expense, or claims for injury or damages arising out of, resulting from, or in connection with the performance of this Agreement, but only in proportion to and to the extent such liability, loss, expense, or claims for injury or damages are caused by or result from the negligence or intentional acts or omissions of VSIT, its officers, subcontractors, assignees, appointees, agents, or employees.

Section 2. California State University shall defend, indemnify and hold harmless VSIT and its trustees, officers, employees, subcontractors, appointees, agents and volunteers from and against any and all liability, loss, expense, or claims for injury or damages arising out of, resulting from, or in connection with the performance of this Agreement, but only in proportion to and to the extent such liability, loss, expense, or claims for injury or damages are caused by or result from the negligence or intentional acts or omissions of California State University, its officers, agents, or employees.

#### **ARTICLE IX: NOTICES**

All notices under this Agreement must be in writing and sent by prepaid airmail and electronic mail as follows:

### **ADMISSION REQUIREMENTS FOR UPPER DIVISION TRANSFER** (more than 60 semester transfer units)

- 1) GPA requirement: College overall 2.0 or above
- 2) For students currently attending US colleges or universities, complete the lower division general education requirements with a grade of C or above in
  - a) English composition
  - b) Oral communication
  - c) Logic/critical thinking
  - d) 3 semester units of math above intermediate algebra
- 3) International online application: [csumentor.edu](http://csumentor.edu)
- 4) \$55 application fee; credit card, check or money order (payable to CSUMB)
- 5) Bank / financial statement showing required balance in excess of yearly cost estimate
- 6) Official college transcript sealed in an envelope by the school
- 7) Copy of passport
- 8) Good standing in the last college/university attended

NOTE: VSIT students will have completed over 60 units in the VSIT program, therefore the above criteria apply. The above four GE courses will have been completed in the VSIT program. Satisfaction of the "C or above" requirement will be on an individual basis.

### **FRESHMAN REQUIREMENTS FOR INTERNATIONAL STUDENTS**

- 1) GPA requirement: High school overall 3.0 or above
- 2) English requirement: TOEFL or IELTS (taken within two years)
  - a) TOEFL: Internet based 61 or above. Paper-based 500 or above, OR completion of ALCP Program Level A
  - b) IELTS band 5.5 or above

The English requirement may be waived if the student has attended an English-speaking institution for over three years.

- 3) English translation of all non-English documents
- 4) International online application: [csumentor.edu](http://csumentor.edu)
- 5) \$55 application fee; credit card, check or money order (payable to CSUMB)
- 6) Bank / financial statement showing required balance in excess of yearly cost estimate
- 7) Official high school and VSIT transcript sealed in an envelope by the school
- 8) Copy of passport

NOTE: VSIT students will, in most cases, meet criteria to be admitted as upper division transfer students. Should a student apply for admission with fewer than 60 transfer units, that student will be treated as a freshman applicant and all above conditions are required.

## **Attachment B**

### **CSUMB ENGLISH LANGUAGE REQUIREMENT**

In addition to meeting all the academic and financial requirements pursuant to the CSUMB admission requirements in existence at the time of a student's application for admission to CSUMB:

Students who fulfill the existing CSUMB English admission requirement; i.e., TOEFL score of 61 or IELTS score of 5.5 or grade of "C" or above in English 10, may apply for direct admission to CSUMB.

Students who apply through the Program and have completed English language preparation in the VSIT Program may transfer to ALCP.

Upon arrival at CSUMB, students who do not meet the English language requirement will be given the standard ALCP placement assessment:

Students who place at the ALCP – Academic Skill level 5 or greater will begin their English language study at ALCP – University Bridge Level A. Upon successful completion of ALCP University Bridge Level A, students will be matriculated in a degree program at the beginning of the next available term.

Students who place below ALCP – Academic Skill level 5 will be registered in an appropriate level of ALCP – University Bridge Level and shall advance from level to level according to ALCP's level-advancement protocol.

Any student who achieves a TOEFL or IELTS score that meets the CSUMB English proficiency requirement may matriculate in a CSUMB degree program at the beginning of the next available term.

**Total Transfer units in VSIT program                            66**

NOTE: Some courses are double counted as fulfilling **both GE and Major** requirements – such courses are indicated with an asterisk above. Transfer units not applied to fulfill GE requirements shall be counted as Elective or Major units

CSUMB will provide each student a list of remaining degree requirements at time of transfer.

## Attachment D

**Roles Assigned to the Center for Advanced Studies (CAS) under contractual agreement between CAS and VSIT**

- 1) CAS will arrange special summer seminars to be taught by (a) visiting instructor(s) at VSIT one time every two years. These courses will include the articulated GE course ENGLISH 10 – Accelerated Academic Literacy. Such courses will be listed on standard VSIT transcripts.
- 2) CAS will review VSIT student transcripts prior to submission by VSIT to CSUMB, to ensure compliance with CSUMB standards and regulations.
- 3) CAS will act as the liaison office between CSUMB and VSIT on all matters relating to the Agreement made between CSUMB and VSIT and the course work completed at VSIT and accepted in transfer by CSUMB, as listed in Appendix C. Where communications including conference calls are arranged or take place between VSIT and CSUMB, CAS shall minimally be asked to take part, and CAS will be copied on all e-mails between VSIT and CSUMB. Where site visits to/from VSIT and CSUMB are arranged, CAS shall minimally be invited to take part in any and all such meetings or visits.
- 4) Any and all financial obligations incurred by CAS due to the above roles assigned to CAS shall be at the expense (subject to pre-approval by) of VSIT.

## LETTER OF ENGAGEMENT

Southern Illinois University Edwardsville, USA

And

Vidyalankar Dnyanapeeth Trust's Vidyalankar School of Information Technology, India

### **A. PURPOSE AND OUTCOMES OF THIS LETTER OF ENGAGEMENT**

The Board of Trustees of Southern Illinois University, a body politic and corporate of the State of Illinois, governing Southern Illinois University Edwardsville (SIUE), Edwardsville, Illinois, U.S.A., and Vidyalankar Dnyanapeeth Trust's Vidyalankar School of Information Technology (VSIT), Mumbai, India, agree to enhance international collaboration between their institutions. This agreement shall comply with all policies of Southern Illinois University and Vidyalankar School of Information Technology.

It is agreed in principle that the relationship between the two institutions shall include negotiation and discussion leading to a Specific Agreement in at least one of the following areas: faculty exchange, student exchange and mobility, research collaboration, teaching collaboration, curriculum and materials development. Anticipated outcomes of this process include:

- Facilitate student and faculty mobility between the institutions.
- Promote the opportunity for qualified students and faculty members to come to SIUE for graduate degree programs.
- Explore the possibility of establishing a 2+2 transfer program that would allow qualified VSIT undergraduate students to transfer into a program at SIUE in their 3<sup>rd</sup> year of undergraduate studies. Programs in business, engineering, and communications can be explored.
- Discuss the possibility for joint academic programs and research opportunities.
- Discuss reduced tuition rates for VSIT students who study at SIUE.

Below is a description of the negotiation and discussion process to be implemented.

Using direct discussions, the faculty will identify students and faculty interested in joint academic projects, map coursework for a possible 2+2 undergraduate transfer program, and facilitate the transfer from VSIT to SIUE for degrees. Direct discussions will include reduced tuition rates.

### **B. EXPENSES INCURRED**

Those who participate in travel under this Letter of Engagement, faculty or student, will be responsible for arranging and financing their own transportation, lodging, and the payment of living expenses. The host institution will assist the participant with making these arrangements, as in the securing of accommodation or housing for faculty or students. However, the expenses in this regard will be borne by the visiting faculty or student. Final arrangements are the responsibility of the participant. In addition, participants who travel to the host institution for the duration of one semester or longer, shall acquire or show proof of major accident and medical insurance at least equivalent to SIUE approved

international health insurance from either host institution or private carriers approved to provide coverage in the United States or in the country of the host institution.

**C. TERMS OF AGREEMENT**

Further detail about such activities shall be specified in a formal Specific Agreement. Nothing shall preclude informal exchanges prior to completion of this final agreement.

This Letter of Engagement is for a period of two (2) years, but either party will be entitled to terminate the agreement by way of two (2) months written notice to the other party.

By signing this Letter of Engagement, SIUE and VSIT agree to strive in good faith toward long-term international collaboration that will benefit both institutions.

**D. EVALUATION**

SIUE and VSIT establish the following plan to annually evaluate the agreed upon outcomes.

At the end of the term of the Letter of Engagement, both institutions will assess if any of the following are feasible.

- Are any of the engineering, business, or communications programs compatible for a 2+2 transfer program?
- Are students interested in matriculating to SIUE master's degree programs?
- Are students and/or faculty interested in developing joint academic or research projects?

If the answer is "yes" to 1 of 3 questions, an agreement will be drafted.

**E. NON-DISCRIMINATION**

Neither Party will discriminate against any person on the basis of race, color, sex, religion, national origin, age, marital status, sexual orientation or disability and will comply with all of their own relevant national and local discrimination laws, policies, and practices.

**F. AMENDMENTS**

No alteration or amendment to this agreement shall be valid unless it is in writing and has been signed by both parties. No modification agreed on orally but which has not been incorporated in the written agreement shall be binding.

**G. EXECUTION**

As proof of agreement, the under mentioned sign this document in duplicate. Each party represents that the person executing this Agreement has the full authority to execute such Agreement.

**H. ASSIGNMENT**

Neither Party may assign this Agreement, or any portion of it without prior written consent of the other party.

**I. ENTIRE AGREEMENT**

This Agreement supersedes all previous contracts, agreements or understandings between the Parties with respect to the same subject matter and constitutes the entire agreement between the Parties hereto.

**J. SEVERABILITY**

If any term, covenant or condition contained in this Agreement is deemed to be invalid, illegal or unenforceable, then the rights and obligations of the parties hereto shall be construed and enforced with that term, covenant or condition limited so as to make it valid, legal or enforceable to the greatest extent allowed by law, or, if it is totally invalid, illegal or unenforceable, then as if this Agreement did not contain that particular term covenant or condition. In such event, the remaining provisions of the Agreement shall be valid and enforceable to the extent permitted by law.

**IN WITNESS WHEREOF**, the Parties, through their duly authorized officers, accept the above terms effective the day and year first above written.

# **ARTICULATION AGREEMENT**

**(Bachelor of Arts)**

between

**THOMPSON RIVERS UNIVERSITY (TRU)**

and

**VIDYALANKAR SCHOOL OF INFORMATION  
TECHNOLOGY (VSIT)**

**2019**

## **ARTICULATION AGREEMENT**

THIS AGREEMENT is dated for reference the 1<sup>st</sup> day of Sept., 2019.  
BETWEEN:

**THOMPSON RIVERS UNIVERSITY**

Represented by its international education division, TRU World,  
With a mailing address of  
805 TRU Way, Kamloops, BC, CANADA V2C 0C8  
(hereinafter called "TRU")

AND

**VIDYALANKAR SCHOOL OF INFORMATION TECHNOLOGY**

Vidyalankar College Marg  
Wadala East, Mumbai 400037, India  
(hereinafter called "VSIT")

### **A BACKGROUND**

- A.1 TRU is a degree granting public university operating in Kamloops, B.C., Canada.
- A.2 VSIT is a National Assessment and Accreditation Council (NAAC) accredited private college affiliated to University of Mumbai operating in Mumbai, India.
- A.3 VSIT offers to its students the Bachelor Degree in Mass Media affiliated to University of Mumbai (hereinafter called "VSIT Program").
- A.4 TRU offers to its students the Bachelor of Arts Program (hereinafter called "TRU Program") and is empowered to grant degrees to the graduates of TRU Program.

### **B OBJECTIVES**

The objectives of this articulation agreement include, but are not limited to:

- B.1 Ensuring access by eligible students from VSIT Program to TRU Program.
- B.2 Establishing criteria to determine eligibility of students from VSIT Program to TRU Program.
- B.3 Determining the transferability and applicability of certain courses offered by VSIT to TRU Program.
- B.4 Establishing of processes to encourage, review and expand, as appropriate, this Agreement between TRU and VSIT.

## **C AGREEMENT**

C. 1. TRU agrees to accept up to 10 VSIT students into the TRU Program annually on the following basis:

- VSIT students must meet the criteria set out in Schedule A of this Agreement.
- VSIT students must complete TRU application packages with required documentation (including VSIT transcript, English language test result, TRU application form, and application fee) and they must be received by TRU International Admissions Office by March 31 for transfer to Fall Semester, and July 31 for transfer to Winter Semester.
- TRU receives full tuition payment for at least the first year of study at TRU.

C.2 Both VSIT and TRU agree to encourage VSIT students to participate in this articulation program by providing information and assistance to prospective transfer students. Current transferability and applicability of the VSIT Program to the TRU Program is set out in Appendix A and B to this Agreement.

C.3 Both VSIT and TRU will designate a program representative at their respective campuses to facilitate coordination of this Agreement.

## **D TERM OF AGREEMENT**

D.1 This Agreement will become effective on the date first written above and shall have an initial term of five (5) years. The term shall be extended on a year by year basis unless either party notifies the other in writing at least six (6) months before the end of the then-current term of its desire to terminate the Agreement. If either party breaches a material term herein, this Agreement may be terminated by the other party upon giving six (6) months' written notice of such breach.

D.2 In the event of the termination of this Agreement under Section D.1, both parties acknowledge and agree that, subject to Section C.1 above, all students enrolled in VSIT Program as at the date of the written notice of such termination shall be entitled to admission to the TRU Program under this Agreement despite its termination upon their graduation from VSIT so as to ensure the fulfillment of the reasonable expectations of such students.

D.3 Each institution must notify the other as soon as reasonably possible when making material changes to curriculum of the VSIT Program or the TRU Program as the case may be. Depending on the nature of the curriculum

change, adjustments to the attached Schedule A, Appendix A and Appendix B of this Agreement may be necessary.

## **E GENERAL**

E.1 Any notice or other communication between the parties may be delivered by courier, mail, facsimile or electronic mail to the respective addresses of the parties set out below:

If to TRU:

TRU World  
805 TRU Way, Kamloops, BC, Canada V2C 0C8

Attention: Baihua Chadwick, Associate Vice-President International and  
CEO, TRU World Global Operations

Facsimile: 1-250-828-5140

E-mail: bchadwic@tru.ca

If to VSIT:

VIDYALANKAR SCHOOL OF INFORMATION TECHNOLOGY  
Peal Center Building, Senapati Bapat Marg, Dadar (W) Mumbai 400028,  
India

Attention: Shweta M Apte - Associate Dean - International Programs

Phone: +91 22 4232 4232

Email: shweta.apte@vidyalankar.org

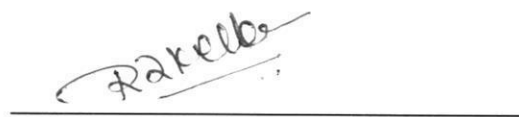

E.2 This Agreement shall be construed in accordance with the laws of the Province of British Columbia and any legal proceedings arising out of this Agreement shall be brought in Kamloops, B.C.

E.3 Neither party to this Agreement shall be liable to the other party for any failure or delay in performance caused by circumstances beyond its control including, but not limited to, acts of God, fire, labour difficulties, unusually severe weather or governmental action. If TRU ceases offering the TRU Program, VSIT will stop accepting new students into the VSIT program immediately upon receiving written notice from TRU. Both TRU and VSIT will work collaboratively to explore alternative educational pathways for students who are registered in the VSIT Program.

IN WITNESS WHEREOF TRU and VSIT have executed this Agreement on the dates set out below:

**Thompson Rivers University**

**Vidyalankar School of Information Technology**

Dr. Brett Fairbairn  
President and Vice-Chancellor

Dr. Rohini Kelkar  
Principal

Baihua Chadwick  
Associate Vice-President International  
CEO TRU World Global Operations

Prof. Asif Rampurawala  
Vice Principal

Date: \_\_\_\_\_

Date: 1<sup>st</sup> Sept 2019

## Schedule A

### Articulation Agreement between TRU and VSIT

VSIT Program: Bachelor Degree in Mass Media  
TRU Program: Bachelor of Arts, Communication Major, PR Stream

#### TRU Bachelor of Arts

##### Admission Requirements:

1. BC Grade 12 or Adult Dogwood or mature student status or equivalent
2. English 12/English 12 First Peoples with a minimum of 73% or equivalent
3. Mathematics 11 or higher is strongly recommended for students pursuing Education or a major in Geography and Environmental Studies, Sociology or Psychology

These are the minimum requirements. Admission to each major Program may have specific requirements. See TRU Academic Calendar for details.

#### TRU Bachelor of Arts, Communication Major, PR Stream Degree Program Requirements

##### Lower level requirements 33 credits

###### First-year requirements 12 credits

CMNS 1160 Introduction to Communication  
CMNS 1290 Introduction to Technical Writing  
ENGL 1100 Introduction to University Writing  
ENGL 1110 Introduction to Fiction

###### Second-year requirements 12 credits

CMNS 2160 Mass Communication and the Popular Culture Industry  
CMNS 2170 Interpersonal Communication  
CMNS 2290 Professional and Business Writing  
JOUR 2060 Introduction to Multimedia

###### Event management and marketing requirements 9 credits

EVNT 2260 Managing Special Events  
EVNT 2070 Staging Special Events

One of the following:

MKTG 2430 Marketing  
MKTG 3430 Marketing Management  
TMGT 1150 Marketing and Customer Service

##### Lower level electives 27 credits

## **Lower level electives 27 credits**

### **Upper level requirements 39 credits**

#### **Core requirements 12 credits**

CMNS 3000 Communication Research Methods  
JOUR 3550 Media and Public Relations  
CMNS 4530 Organizational Communication  
JOUR 2800 (1 credit) Journalism Career Preparation 1  
JOUR 3800 (1 credit) Journalism Career Preparation 2  
JOUR 4800 (1 credit) Journalism Career Preparation 3

#### **Required electives: 27 credits choose nine of the following courses**

CMNS 3020 Travel Media  
CMNS 3050 Communication, Marketing and Design  
CMNS 3230 Information Design  
CMNS 3240 Advanced Professional Communication  
CMNS 3500 Selected Topics in Communication and Public Relations  
CMNS 3510 Intercultural and Cross-cultural Communication  
JOUR 3700 Media Law and Ethics  
JOUR 3110 Layout and Design for Newspapers and Magazines  
JOUR 3160 Online Journalism  
JOUR 4130 Advanced Online and Multimedia Journalism  
MKTG 3470 Consumer Behaviour  
MKTG 4470 International Marketing  
MKTG 4480 Integrated Marketing Communications  
TMGT 4050 Event Tourism  
TMGT 4090 Culture of Events

### **Upper level electives 21 credits**

Note:

1. To earn a TRU Bachelor degree, transfer students from VSIT Program will need to complete all TRU Program requirements.
2. Students must meet specific course prerequisites as set out in the TRU calendar.
3. TRU Program requirements are subject to change. In case of any material changes, TRU will inform VSIT as soon as reasonably possible.
4. After transfer to TRU, students are responsible for consulting with their TRU program advisor to ensure courses selected are appropriate for their program of study or to meet future educational goals.

## Appendix A

### Articulation Agreement between TRU and VSIT

#### Transfer Credits

- Upon successful completion of two years of the VSIT Program, course credits will transfer to the TRU Program, of which a maximum of 60 credits can be used towards meeting TRU Program requirements.
- VSIT transfer students must have a minimum cumulative grade point average (CGPA) of 2.0 or C.

## Appendix B

### English Language Proficiency Requirements for Academic Study

Students will take an English Placement Test (EPT) upon arrival and will be placed in the appropriate level of English language study as indicated.

If a student has a TOEFL or other test score they may elect to enter ESL or academic courses without taking the TRU English Placement Test for the following scores:

TRU Placement	TOEFL iBT	TOEFL paper-based	IELTS	MELAB	CanTEST	CAEL
Direct entry to academic programs	88+ with no section below 20	570+ TWE 4.5+	6.5+ with no bands below 6.0	81+	4.5+ with no component score below 4.0	Overall 70+ No subtest below 60
Direct entry into Level 5 ESL	80+	550-569 TWE 4.0+	6.0+ with no band below 5.5	77+	4.0+ with no component score below 4.0	Overall 60+ No subtest below 50
Direct entry into Level 4 ESL	71+	530-549	5.5+ with no band below 5.0	74+	4.0+ with no component score below 3.5	Overall 50+ No subtest below 40
Direct entry into Level 3 ESL	61+	500-529	5.0+	69+	3.5+	Overall 40+

\*A student must meet or exceed the required level on all aspects to be at any specific level (for example, for the TOEFL, direct entry students must have an overall score of 88+ and all sections at least 20). When sub-scores are used, a good mark in one area will not compensate for a poor mark in another. We recommend that students who do not meet the requirements for direct entry write the TRU placement test to determine their appropriate placement in ESAL.

**Common European Framework of Reference for Languages** - TRU will consider the CEF C1 and C2 for direct entry into academic programs. We will also consider CEF B2 and B2+ as equivalent to the IELTS 5.0+ for placement purposes.

**Cambridge ESOL** - TRU will consider the CAE (Certificate in Advanced English) and CPE (Certificate of Proficiency in English) for direct entry into academic programs. The **FCE** (First Certificate in English) will be considered at the IELTS 5.0+ for placement purposes.

## **Memorandum of Understanding**

### **Introduction**

Believing in the significance of academic and cultural understanding and cooperation, Vidyalankar Dnyanapeeth Trust's Vidyalankar School of Information Technology, Mumbai, India, and the University of South Carolina Aiken, Aiken, South Carolina, USA, have agreed to initiate the process to enhance relations, exchange of expertise, and boost academic development for both the Institutions which will also be in the general interest of students and staff at both the Institutions. This memorandum of understanding (MOU) is a step in the said direction and delineates the main features of cooperation between the two organizations, particularly in academic development, research, exchange of students, faculty, and staff; and development of educational opportunities to enrich campus internationalization at each Institution. While this memorandum is not to be considered a contract, the following articles shall be explored and discussed by both parties in good will and in good faith.

### **Article 1**

Vidyalankar School of Information Technology (VSIT), hereinafter shall be referred to as "the First Party" and the University of South Carolina Aiken (USC Aiken), hereinafter shall be referred to as "the Second Party," have agreed to explore the possibility of establishing a relationship in order to advance global understanding, research, teaching relationships and faculty and student exchanges.

### **Article 2**

The two parties shall endeavor to encourage faculty and staff from both Institutions to explore possible areas where instruction can be enriched through an electronic forum between classes. The purpose of the electronic forum would be to connect undergraduate or graduate students in India to students in the United States around a specific course topic, problem, or research project for the purpose of providing students with greater global perspectives on the course content or discipline. Both the Parties will

discuss the mechanism, technicalities of delivering video conferencing, an electronic forum, and/or web-based chat rooms and if the terms and conditions, financial implications are mutually agreed by and between the two parties, an agreement shall be executed between the parties incorporating all the agreed terms and conditions, which will be signed by the designated authorized persons from both the parties.

### **Article 3**

Both the parties shall explore the feasibility of developing a select number of academic curriculum partnerships. These may ultimately be in the form of Transfer Program (2+2 or similar configuration), or other creative curriculum partnerships to enrich undergraduate and/or graduate study opportunities.

### **Article 4**

Both parties will explore the possibility of creating awareness of the undergraduate and graduate programs available at the partner institution, advising students as to the criteria and deadlines for admission, and accordingly assist students with the submission of applications to the graduate / undergraduate programs.

### **Article 5**

The Second Party will negotiate a discounted non-resident tuition rate for students from the Partner institution. The scholarship will be extended for a total of (to be negotiated) semesters provided the student is making adequate progress (2.0 GPA in courses taken at USC Aiken and earning at least 12 semester hours credit each semester taken at USC Aiken) in the program.

### **Article 6**

The two parties shall encourage the exchange of faculty and staff from both Institutions for teaching, professional development, and/or research endeavors; and/or encourage staff to carry out non-residential partnerships to develop academic and scientific research in areas and fields of interest to both parties.

### **Article 7**

The two parties agree to encourage the offering of short, specialized courses and training sessions at Undergraduate and Graduate Level in areas needed by both

Institutions (for example, through short-term summer "Discovery" Programs hosted on the campus).

#### **Article 8**

The two parties shall encourage student visits from both Institutions. However before implementing, all procedures, mechanisms to study, the cost and share of both the parties to implement these visits, terms and conditions including financial implications for the Institutions if mutually agreed by and between the parties hereto shall be incorporated in an agreement to be executed between the parties.

#### **Article 9**

The two parties will encourage exchanges of ideas, processes and procedures in student life and campus leadership.

#### **Article 10**

One liaison officer from each Institution will be appointed to follow up the implementation of the MOU and to brief the officials in both Institutions about progress achieved.

#### **Article 11**

Notwithstanding anything to the contrary stated herein, the parties herein agree that before implementing any program/activities under this MOU/arrangement, the parties will, negotiate, discuss all the terms and conditions including financial and other implications on both the Institution and if the parties mutually agree, the agreed terms and conditions shall be so recorded in writing in an agreement to be executed by and between the parties and shall be signed by the authorized representative of the parties herein.

#### **Article 12**

This Memorandum of Understanding is typically valid for one (1) year from the date signed by both parties and is automatically renewed on a year to year basis unless otherwise revoked by either party in writing by giving 180 days prior notice to the other party for termination of the agreement. Students enrolled in this program at VSIT prior

to such termination of the agreement will be allowed to complete their study at USC Aiken should they meet admission requirements.

UNIVERSITY OF  
**SOUTH CAROLINA**  
BEAUFORT

**Memorandum of Understanding**

**Introduction**

Believing in the significance of academic and cultural understanding and cooperation, Vidyalankar Dnyanapeeth Trust's School of Information Technology, Mumbai, India and the University of South Carolina Beaufort, Bluffton, South Carolina, USA have agreed to initiate the process to enhance relations, exchange expertise, and boost academic development for both institutions which will also be in the general interest of students and staff. This memorandum of understanding (MOU) is a step in the said direction and delineates the main features of cooperation between the two organizations, particularly in academic development, research, exchange of students, faculty, and staff; and development of educational opportunities to enrich campus internationalization at each institution. While this memorandum is not to be considered a contract, the following articles shall be explored and discussed by both parties in good will and in good faith.

**Article 1**

Vidyalankar School of Information Technology (VSIT) and the University of South Carolina Beaufort (USCB) "have agreed to explore the possibility of establishing a relationship in order to advance global understanding, research, teaching relationships and faculty and student exchanges.

**Article 2**

The two parties shall endeavor to encourage faculty and staff from both institutions to explore possible areas where instruction can be enriched through an electronic forum between classes. The purpose of the electronic forum would be to connect undergraduate or graduate students in India to students in the United States around a specific course topic, problem, or research project for the purpose of providing students with greater global perspectives on the course content or discipline. Both the Institutions will discuss the mechanism, technicalities of delivering video conferencing, an electronic forum, and/or web-based chat rooms and if the terms, conditions and financial implications are mutually agreed by and between the two Institutions, an agreement shall be executed between the parties incorporating all the agreed terms and conditions, which will be signed by the designated authorized persons from both the parties.

*Rab*

**Article 3**

Both the Institutions shall explore the feasibility of developing a select number of academic curriculum partnerships. These may ultimately be in the form of dual-degree (2X2 or similar configuration), or other creative curriculum partnerships to enrich undergraduate and/or graduate study opportunities.

**Article 4**

Both parties will explore the possibility of creating awareness of the undergraduate and graduate programs available at the partner institution, advising students as to the criteria and deadlines for admission, and accordingly assist students with the submission of applications to the graduate programs.

**Article 5**

The Second Party will negotiate a discounted non-resident tuition rate for students from the Partner institution. The scholarship will be extended for a total of (to be negotiated) semesters providing the student is making adequate progress in the program.

**Article 6**

The two parties shall encourage the exchange of faculty and staff from both institutions for teaching, professional development, and/or research endeavors; and/or encourage staff to carry out non-residential partnerships to develop academic and scientific research in areas and fields of interest to both parties.

**Article 7**

The two parties agree to encourage the offering of short, specialized courses and training sessions in areas needed by both institutions (for example, through short-term summer "Discovery" Programs hosted on the campus).

**Article 8**

The two parties shall encourage student visits from both institutions. However before implementing, all procedures, mechanisms to study, the cost and share of both the parties to implement these visits, terms and conditions including financial implications for the Institutions if mutually agreed by and between the parties hereto shall be incorporated in an agreement to be executed between the parties.

*Rab*

**Article 9**

The two parties will encourage exchanges of ideas, processes and procedures in student life and campus leadership.

**Article 10**

One liaison officer from each institution will be appointed to follow up the implementation of the MOU and to brief the officials in both institutions about progress achieved.

**Article 11**

Notwithstanding anything to the contrary stated herein, the parties herein agree that before implementing any program/activities under this MOU/arrangement, the parties will negotiate all the terms and conditions including financial and other implications on both the institutions; if the parties mutually agree, the agreed terms and conditions shall be so documented in an agreement to be executed by and between the parties and shall be signed by the authorized representative of the parties herein.

**Article 12**

This Memorandum of Understanding is typically valid for one (1) year from the date signed by both parties and is automatically renewed on a year to year basis unless otherwise revoked by either party in writing by giving 180 days prior notice to the other party for termination of the agreement.
