PODCAST EPISODE-2, "Dreamers of today, Achievers of tomorrow"

Date of activity:	28th November 2020
Target Audience:	VSIT Students
Time:	2:00 pm to 4:00 pm
Faculty Members	J Gunasundari, Rohini D

Pod Cast Episode -2 "Dreamers of Today Achievers of Tomorrow"

In this pandemic situation the student of E-cell VSIT provided the students with an entrepreneurial environment by holding a Podcast Episode 02. The podcast was held on November 28, 2020. The podcast was conducted on Zoom.

The speaker of the podcast was Mr. Yash Kadakia. He is the owner of Security Brigade InfoSec Pvt. Ltd. The host of the event was Ex- student of VSIT and Founder of E-Cell Mr. Akhil Dalvi and the student and Vice-President of E-Cell VSIT Zainab Kanchwala.

The podcast started at 2pm. The host (Zainab Kanchwala) of the event greeted and welcomed the audience and the speaker. She started the podcast by the introduction and the other host (Akhil Dalvi) started with the questions. Mr. Yash Kadakia introduced the students. He told the students about his journey of entrepreneurial success. Mr. Yash Kadakia was really articulate with his answers and explained his experience of working from his college life. He told the students about the Security Brigade and what do they do out there. He gave information about his college journey. He also told the students about his venture plan. His work area (Dead Bolt Technologies) before Security Brigade was also highlighted. He told the students about his difficulties and how did he overcome those. At the end there was a small rapid-fire round by the hosts of the event. After the session with Mr. Yash Kadakia, the webinar was then headed by the Vote of thanks speech (Zainab Kanchwala).

The session was so informative; it gave students new energy and allowed them to think with different perspective. The event was a great success for all the E-Cell conveners and the organizing committee.

Guest Lecture in the subject of AI on "Blockchain"

Date of activity	22nd July 2020
Venue	Online Using Microsoft Teams
Guest Speaker:	Mr. Naveen Reddy (CEO and Founder of Telusko EduTech Pvt Ltd)

Networking and Systems cluster has organized a guest lecture on "Blockchain" for T.Y.B.Sc – IT students on 22nd July 2020.

The session started with the introduction of Guest by Ms. Sanjeela Sagar.

The Guest was Mr. Mr. Naveen Reddy (CEO and Founder of Telusko EduTech Pvt Ltd).

He started the session with Introduction to Blockchain, Why Blockchain.

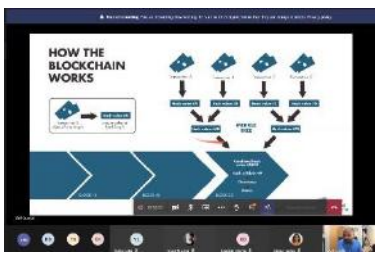
Following topics were discussed in detail:

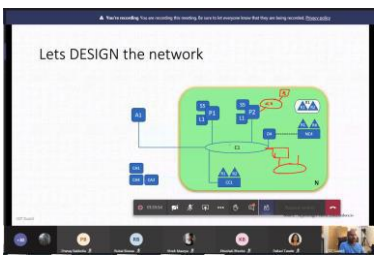
- Public vs Private Blockchain
- Uses cases like Supply chain management, etc.
- Hyperledger Fabric
- Designing a network using ledger

The vote of thanks was given by Pallavi Tawde.

There were 56 students, ten faculty members, 1 Technical staff member and Placement Officer Murali Anantha who attended the session. (Total: 68 participants)

Students appreciated the session a lot.





Guest Lecture – Implementation of Testing Tools

Date of activity	9th March, 2021
Venue	MS-Teams
Time	3:00 pm to 4:00 pm
Target audience	T.Y. B.Sc. IT students
No. of benefeciaries	Students-41, Faculty-4

Final Year Project Quality Assurance Committee and Software Quality Assurance of Software Development Cluster of Vidyalankar School of Information Technology had organised a guest lecture on "Implementation of Testing Tools" for TYBSc.IT students on 9th March, 2021. It was an online session, conducted on MS-Teams Platform. The guest speaker of this session was Mr. Shwetank Prasad who is our alumni and now working as Senior Business Analyst in Larsen and Toubro Infotech Limited (LTI).

The session began sharp at 3.00 pm. Ms. Janhavi Vadke introduced the guest speaker, Mr. Swetank Prasad to the students. Mr. Swatank had his presentation ready which he used to explain the testing techniques for a project. He effectively explained testing of project using conventional models like waterfall model. Mr. Swetank also elaborated the difference between Manual Testing and Automated Testing and suggested Selenium to be one of the best tools for automation testing. Mr. Swetank explained how to do functional as well as performance testing in limited resources that students have being undergraduates. He explained the scope in industry as a software tester and software developer after B.Sc. IT.

Students were asking their doubts in chat-box and Mr. Swetank helped students in solving all their doubts and queries about testing a project as well as about industry projects. The vote of thanks was given by Ms. Pushpa Mahapatro. Feedback form of the session was shared, after which the session came to end.

Workshop on Graphics & Animation March 2021

Date: 6th March & 20th March 2021

Time: 12.00 noon to 5.00 pm

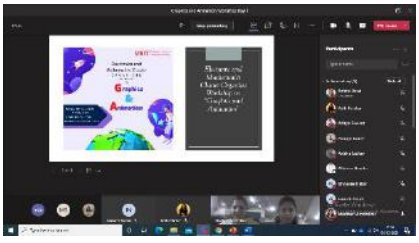
Detailed report:

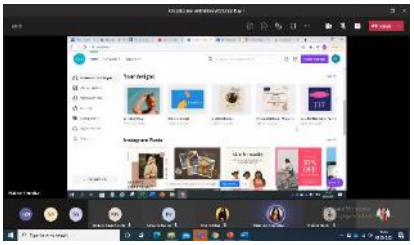
Electronics & Mathematics Cluster of VSIT has organised a workshop on Graphics & Animation for Second Year BSc. IT students. The focus of the course was to make students aware of various Open Source software available for Graphics & Animation.

With growing demand of digitization, it is very important to develop new skills from a student perspective. Our Cluster always focused on developing & designing courses or workshop which will benefit student. Under the guidance of our Cluster Mentor Mr. Umesh Koyande, we proposed to have this workshop for our students. We divided the content of the course over 2 days.

Day 1:

The session began at 12 pm with 65 attendees. Ms. Madhavi Amondkar started with her session on LIVE demonstration of Canva. She demonstrated various templates available for graphics. Later, she gave an example of Instagram Post using the available templates. Students tried from their machines and created beautiful graphics & various posts. The session further carried on by Amitesh Narvekar who is Youtuber and our SYBAMMC student. He guided students on how to create YT channel, how to find content, animate, subscriptions etc. It was a very interactive session as students had few queries regarding creating their own YT channel. We received a very good response in the chat box. Day 1 ended by thanking the Trainers & students for attending the session & performing their assignments.





Day 2:

The day 2 began at 1 pm with 40 attendees. The trainer was Mr. Talha Ansari, who is our alumni. He started his session with introduction & installation of Blender software. Talha at first explained all the functions that are available in Blender and what transformations we will be performing in the activity. The sessions were interactive throughout and all the students were performing simultaneously, attaching a snapshot of their respective outputs in the chat box. At the end of the session, Ms. Rohini Desai thanked all the trainers as well as students for their participation. She also thanked Cluster mentor & VSIT for giving this opportunity.

Guest Lecture on Covid Insurance

Department of B.Com (Banking and Insurance) has organised a **Guest Lecture on Covid Insurance** for BBI students of VSIT. The main objective of this session was to spread awareness importance of Covid Insurance in the current pandemic situation.

The speaker for the session was alumni of VSIT **Ms. Sandhya Nagarepelli**, Direct Sales Manager – Aditya Birla Insurance. Ms. Sindhu Krishnan, HOD of BBI Dept introduced the speaker.

Ms. Sandhya started the session explaining about her journey from college life to corporate life, her experience about Insurance company. She then explained the meaning, importance, types of Insurance in India along with its principles. She also explained why one should buy Covid Insurance. She explained about Covid Kavach Policy in detail along with statistical data in India. There were total **114** participants who attended the session, out of which there were **5** faculty members. Feedback was also conducted at the end of the session and all students gave a very good feedback.She also guided Namira and Simran P for TY Project

Day & Date of activity:	**Fri, 23rd October 2020**
Timing:	**11:30 am to 12:30 pm**

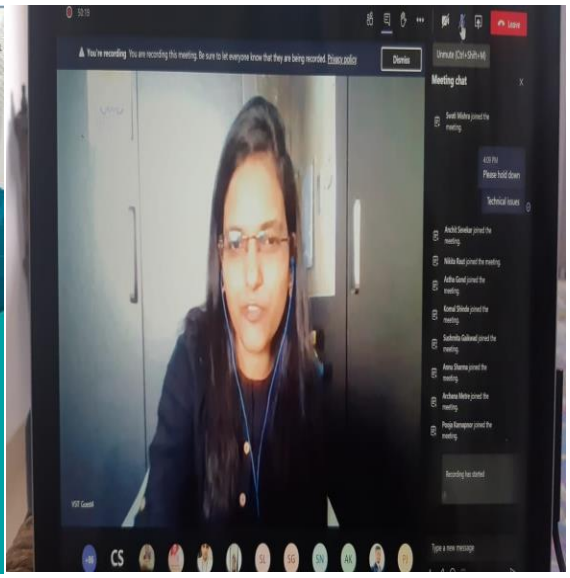
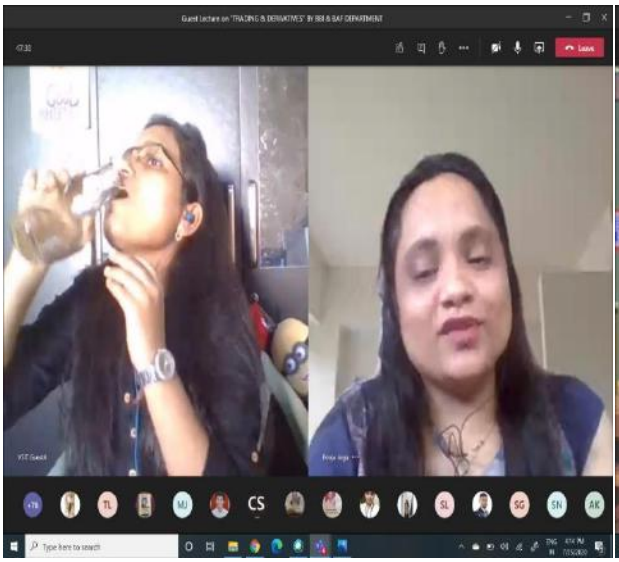
GUEST LECTURE ON TRADING AND DERIVATIVES

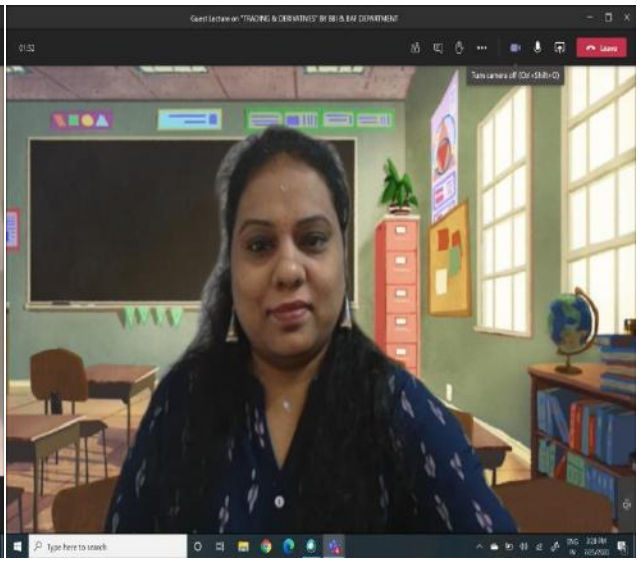
Date of activity	25th July ,2020
Day	Saturday
Timings	4:00 pm to 5:00 pm



Commerce Department of Vidyalanakar School of Information Technology organized a guest lecture on TRADING AND DERIVATIVES for its students. The speaker was none other than the very own alumni student of VSIT Ms. Pancharatna Ahinave. She completed her graduation in BCom (Financial Markets) in 2016 from VSIT and her master's degree from NISM (National Institute of Securities Markets). Currently, she is working as a Deputy Manager in the Treasury Department of National Stock Exchange.

The session was attended by about 100 students from BAF, BBI, BFM and BMS. It was also attended by faculties of Commerce Department.





It started with a welcome address and introduction of the speaker by Ms. Pooja Jogu (Assistant Professor from BAF department) followed by an interactive session with the students and faculties. Faculties like Ms. Sindhu Krishnan (Head of BBI department) and Mr. Amit Kabra (Assistant Professor from BFM department) also interacted to motivate the speaker and students. The speaker shared her immense knowledge on Stock Markets, Derivatives, Hedging, Arbitraging, Option trading, various strategies like Straddle, Strangle, Candlestick useful for trading in derivatives. She also shared some useful tips which will be helpful for the students in choosing the desired profiles for their career in stock markets. Students also asked questions which were fairly answered by Ms. Pancharatna.

The session ended by Vote of Thanks rendered by Ms. Pooja Jogu and Ms. Sindhu Krishnan

A Report on "FYBMS Induction Day 5 – Alumni Meet and Virtual Desk"

Organized by – Vidyalankar School of Information Technology.

Venue/Platform – MS Teams.

Date – 12/09/2020 (Friday).

Time – 3pm to 4pm

Student Attendees – 143

Faculty Attendees – 10

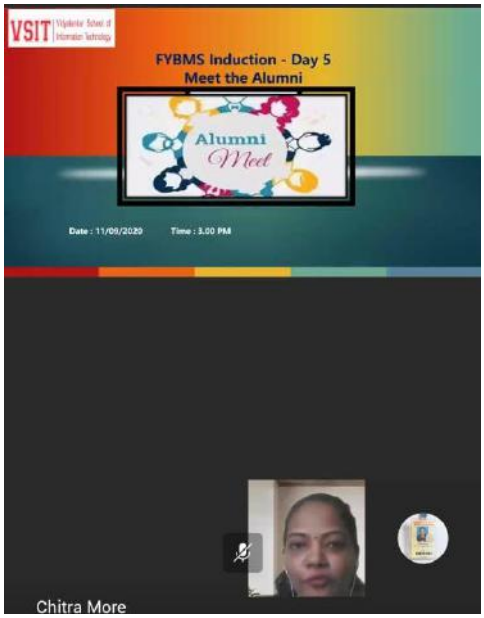
VSIT Senior Speakers – TYBMS – Cheshta Phull, Anne Khan, Sayma Kazi

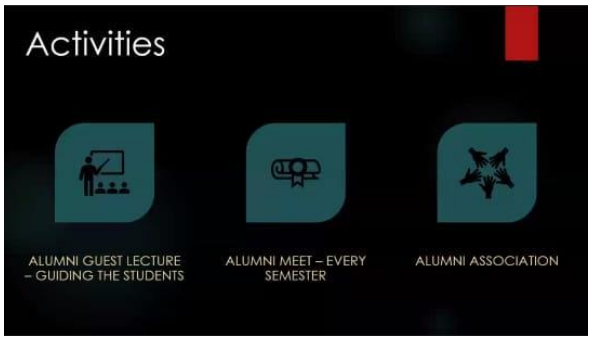
Alumni Speakers – Sanket Shah, Varun Chinchalkar, Hansel Desa

The session was conducted for the FYBMS students. It began at 3 pm with an introduction by Chitra More ma'am. She started with introducing the word alumni to the FY students. She also shared about the different type of activities that take place with the alumni students. She also introduced alumni association to the FY students. Then she introduced and spoke about some star alumni of the college. Further she asked the current TYBMS batch students to speak to the FY's. Anne Khan was the first TY Marketing student to speak, she spoke about her interest in marketing and the internships, the student council work she did. She spoke about her experience in VSIT and also stressed upon the fact that one should be an allrounder. Next was Cheshta Phull TY Finance student. She started by introducing the beautiful college campus. She then spoke about the faculty and their corporate experience that helps the students to have more of practical knowledge. She even told the FY students about her not being a part of VSIT family in FY and how changing the college in SY helped her gaining more good grades and an all-round experience. She shared the reason why she took finance as her specialization and even introduced Enactus – The Management club of BMS. She even spoke about the series of webinars and workshops that the faculties had arranged during the lockdown. The next TY student was Sayma Kazi from HR. She introduced the various clubs and committees where the FY's can take part, gain experience and groom them self. She introduced the NSS unit and the DLLE unit and how one can be a part of it and the advantages of joining them. Next up were the Ex- students at the college. Chitra ma'am introduced the alumni to the FY's and asked the alumni i.e Sanket Shah to speak. He started

off with a stroll down the memory lane of the times when he was a student. He then spoke about how after attending a guest lecture at VSIT inspired him and his friend to start a company and be an entrepreneur. He also said that he still is in touch with many of the faculties. He spoke about his company and how it has expanded from domestic to international borders. The next alumni was Varun Chinchalkar. He started speaking about his journey in the college and how his friends motivated him. He also spoke about E- cell and how that helped him to grow. He also said that one of his friends from the college is his colleague. He shared his experience in the college with friends and the faculties. Next up was Hansel Desa. He started by speaking about his experience in the college and how he loved talking to people and socialise. Even he spoke about the importance of having good group of friends in the college. Further he spoke about his recent designation at the company which was different from his specialization as he was a finance BMS student and was working under the marketing section of the company. He then mentioned his take away points from the college and they were to enjoy college, read a lot, it's okay if you don't know what to do in life at the start, have networks as that matters a lot and last but not the least to be a part of at least one committee in the college. Further Harish Noula sir took over the session and introduce virtual office desk to the FY students. He showed them how to use it and for what reasons and queries one can use the virtual desk. He then thanked the alumni students for joining and sharing their experience with the FY students by giving a vote of thanks and the session ended by 4:15pm.

Here are the glimpses of the session, have a glance through it –





VSIT | Vidyalankar School of Information Technology

FYBMS Induction

Series: Chapter-2
Name: Event-Company Management
Date: 27th March 2021
Time: 10 am to 11.30 am
Platform: MS Teams

The Alumni committee of Vidyalankar School of Information Technology, organized a webinar on Alumni Lecture Series chapter 2: "**Event Management to Company Management: Senior to Junior**" with the objective to gain insight and information that would remain effective in Student's life. The webinar was successfully held on Microsoft Teams under the guidance of conveners Prof. Rohini Desai and Prof. Pallavi Tawde, Prof Abhijit Rane teaching staff and non-teaching staff.

The panellists for the webinar were as follows:

Jignesh Chheda, Working in Softline India pvt ltd and Technical Specialist at Microsoft Office 365.

Mrunali Kadam, human resources partner, Operations lead

Aniket Singh, he is a Senior manager at Marsh and McLenan.

Abhishek Desai, at HERE solutions India pvt ltd designation search annotator.

Ali Mukadam, he is a Digital Marketing Expert with this Ali sir is marketing automation and AI enthusiast

Mr. Ali sir started the webinar with a question on "what is event management in day to day life?". He replied that our day starts with so many events, we first do planning and according to priorities we start doing things in proper systematic way. The alumni introduced first themselves then their current work position, they shared how they enjoyed college life. A big discussion held on what is event management and company management? How time factor is effective? What can be the successful event? What are the

factors for event to become as successful? also they cleared most of the doubts and questions of students.

The webinar was attended by around 40 participants. Mrunal kadam Alumni of VSIT ended the webinar by quote by saying that do not underestimate the opportunities, opportunities give you an experience even when you get fail; so keep on updating yourself with new trends and do the things systematically.

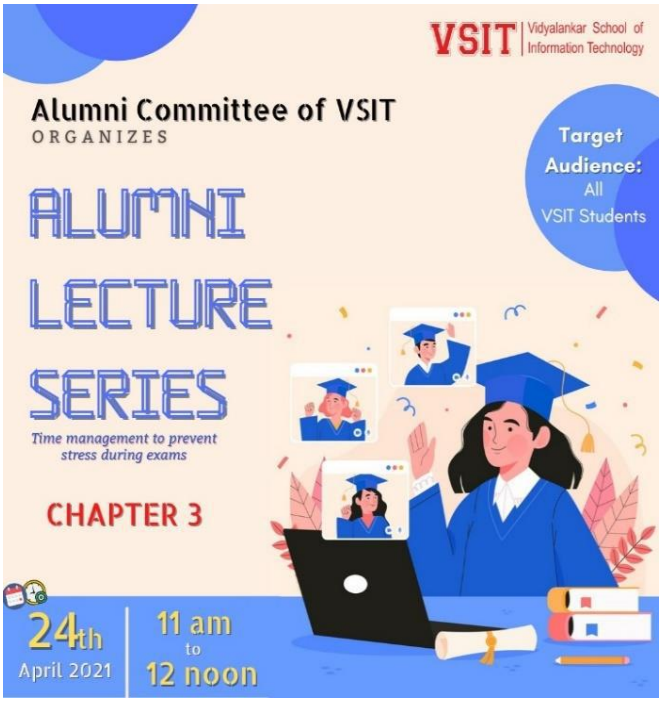
Series:	Chapter-3
Name:	Time-management to prevent stress during final exams
Date:	24th April 2021
Time:	11 am to 12.30 pm
Platform:	MS Teams



The Alumni committee of Vidyalankar School of Information Technology, organized a webinar on Alumni Lecture Series chapter 3: "**Time Management to prevent stress during final exams**" with the objective to gain insight and information that would remain effective in Student's life. The webinar was successfully held on Microsoft Teams under the guidance of conveners Prof. Rohini Desai and Prof. Pallavi Tawde, teaching staff and non-teaching staff. The webinar started with an opening remark delivered by Prof. Rohini Desai, followed by welcome address from student Ms. Aditi Polekar.

The panellists for the webinar were as follows:

Ms. Shruti, Software Engineer at JP Morgan chase & company

Mr. Ayush, Cloud-Engineer, and Infrastructure Services at LTI

MS. Supriya, at Here Solutions India Pvt. Ltd.

Ms. Gojiri, IT Analyst at Tata Consultancy Services

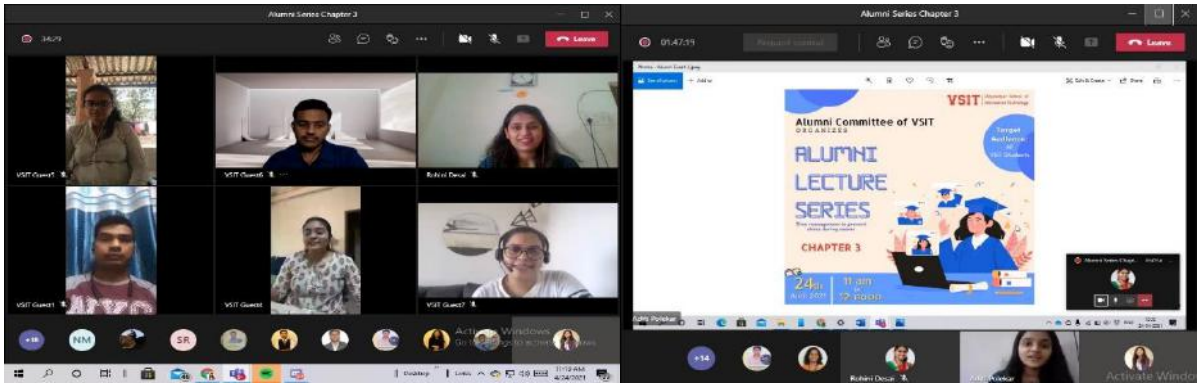
Mr. Aniket, Digital Analyser and Copywriter

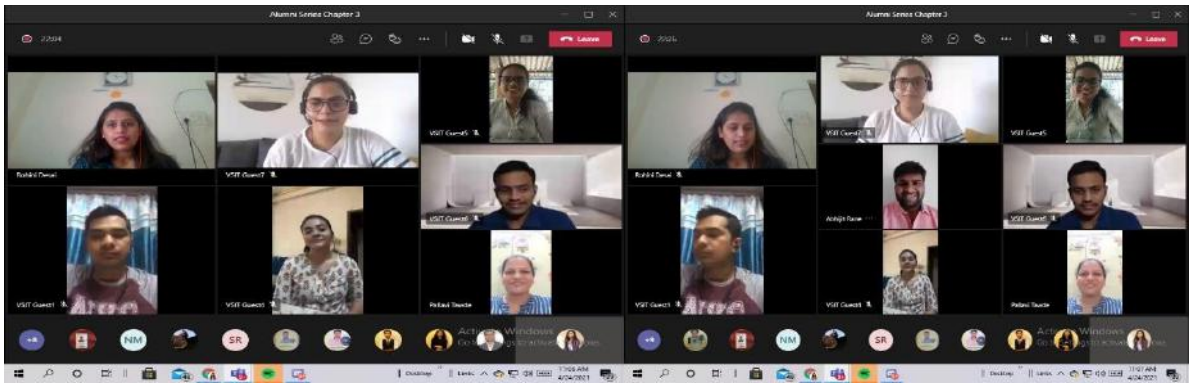
Shruti ma'am started the webinar by her remarkable thoughts on time management for final exams. She said that You simply don't let both of them come in each other's way, do one thing at a time but do it with all your interest. You never want to let any of the two empower each other. If your personal life is taking more of your mindset, take a break from work, give

yourself some time to calm down., do it when you are actually ready to but don't take days or weeks or months that you get fired from your work. Further Aniket sir gives 3 basic things which students should to do in their college life and they are: 1. Grow network, 2. get added skills, 3. focus on self-development. All the alumni were kept the webinar more interactive and fruitful for everyone present there. They excellently answered to the questions and doubts of students.

To conclude, it was a fantastic, interactive and a very catchy webinar with 20+ participants. It was the perfect blend of knowledge and guidance by our Vidyalankar alumni family. Supriya ma'am concluded the webinar with four A's to the students: Avoid, Alter, Accept and Adapt. She also said that try using one of the four A's, you will never give up on any thing in life.

Remarkable moment with Alumni:



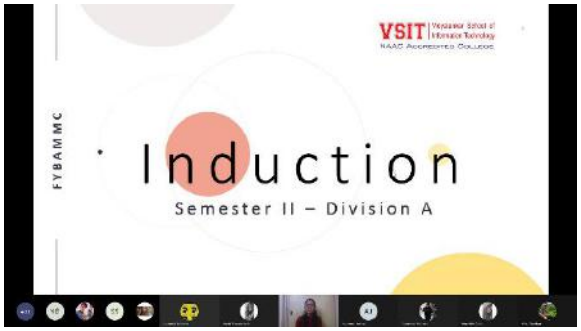


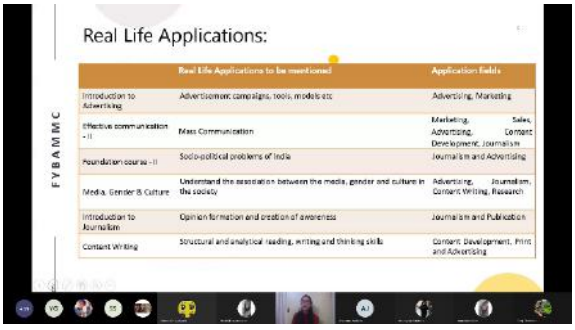
FYBAMMC Class Induction Report

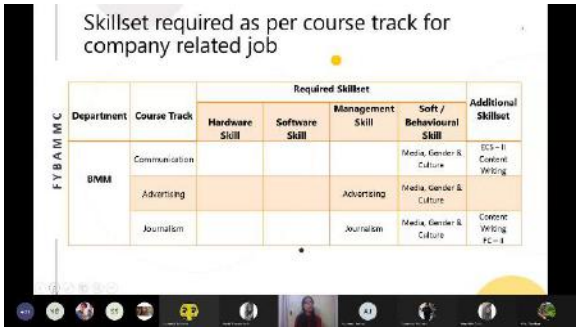
Date of activity	18.01.2021
Platform	Microsoft Teams
Time	10:15 am – 11:15 am

An Induction session was conducted for the students of FYBAMMC to initiate them into the academic schedule and program of FYBAMMC semester II. The induction was conducted by the FYBAMMC Class teacher and Year In-charge, Ms. Lakshmi Pillai between 10:15 am and 11:15 am on January 18, 2021. The objective of the induction was to familiarise the students with the subjects for the new semester and the faculty members who would be teaching the subjects.

Each subject was charted on both, a knowledge and skillset map to help student gain a better perspective about the outline of the subject and align the subjects' learning outcomes with industry expectations. The students were informed that two subjects – Introduction to Advertising and Introduction to Journalism – would help them to decide their major for the final year by providing them with a little insight of what each field entails. The students were also introduced to the new Internal Evaluation Pattern and reminded that internals are an important criterion for their semester credits and therefore, parameters such as attendance, assignment submissions and projects are deciding factors of their internal evaluation. The students were also informed about the Internal Complaint Committee, a mechanism that exists to assists students in times of need.







Report on Value-added Course on Adobe Photoshop and Adobe Premier Pro

Date of activity	15-2-21
Venue	X- 103
Time	2:00 PM to 4:00 PM
No. of students participated	60
Resource Person	Vinay Darekar & Ashni Methe

A Session on the topic "Value added course on Adobe Photoshop and Adobe Premier Pro" was held on 15th January 2021 at 2.00 pm which was the last day of the session. The Session was conducted by Vinay Darekar, Ashni Methe .It was organized by the Department of BMM for the SYSBMM students.

The resource persons Vinay Darekar and Ashni Methe are the ex-students of VSIT. Both were extremely talented and experienced in Adobe Suite as they had come across many internships.

The highlights of the session were:

- Poster making
- Video footages, the uses and importance of various blending and editing modes.

. Lastly, the Session ended with some assignments on the discussed topic given by the supervisor.

CSI – VSIT Presents

International E-Conference on

RECENT TRENDS IN IT 2.0

April 05 - 09, 2021

Vidyalankar School of Information Technology, Vidyalankar College Marg,

Wadala (East), Mumbai - 400037

About VSIT

Vidyalankar School of Information Technology is amongst the most popular colleges of the city offering undergraduate, postgraduate, and doctoral programmes in IT, Commerce, Management and Mass Media. Vidyalankar School of Information Technology is a college affiliated to the University of Mumbai and approved by the Government of Maharashtra.

Vidyalankar: The name synonymous with educational excellence and success is derived from the Sanskrit terms ‘vidya’ (knowledge) and ‘alankar’ (jewel). Team Vidyalankar focuses all its energies on spreading the radiance of the ‘jewel’ of knowledge and education globally.

The Vidyalankar Group of Educational Institutes is a prestigious education specialist that has established centrally recognized colleges and qualitative training institutes with branches across Maharashtra. Managed by the Vidyalankar Dnyanapeeth Trust established in 1960 by Prof. Chandrashekhar S. Deshpande, an academician par excellence, the Vidyalankar Group is marching ahead resolutely, ably steered by its current Chairperson Dr. Sanjeewani Deshpande and Mr. Vishwas Deshpande and Ms. Rashmi Deshpande (Managing Trustees).

The concept of aiming for 'student delight' nurtures a progressive student-centric learning environment at the institute. A well-planned curriculum offering the latest on the technological front, expert guidance from knowledgeable and proficient faculty, an aesthetically engaging campus equipped with all modern amenities, a full range of co-curricular and extra-curricular activities and a plethora of opportunities to enrich one's personality make the educational experience at Vidyalankar a truly rewarding one. Vidyalankar believes in a holistic methodology towards knowledge and education.

Vidyalankar was established in 1960 by Prof. Chandrashekhar S. Deshpande, a technocrat, visionary and a person blessed with extraordinary academic talent and immaculate engineering skills.

Vision

Our Vision is to establish a leading centre of imparting Quality Education in the field of Science, Commerce and Management with emphasis on:

a. Ensuring that students learn the fundamental concepts in various disciplines.
b. Motivating students to apply the Scientific & Technological knowledge to develop problem solving capabilities.
c. Making students aware of the societal and environmental needs with specific appreciation of the emerging global context.

Mission

Our mission is to provide:

a. An educational environment where students can reach their full potential in their chosen discipline and become responsible citizens without compromising in ethics.
b. A scholarly environment where the talents of both, the faculty members and students are nurtured and used to create knowledge and technology for the benefit of the society.

Academics

B.Sc.IT | B.M.S | B.A.F | B.B.I | B.F.M | B.A.M.M.C(B.M.M) |

M.Sc.IT | M.Com(B & F) | M.Com(AA) | Ph.D

About CSI -VSIT

Overview

The Association strives to advance the theory, practice, and application of computer and information processing science and technology and maintains a high professional standard among its members. It promotes cooperation and exchange of technical information among its members, and to this end, holds various seminars and workshops, and, through its organization and other appropriate means. Students get exposed to latest technologies and industries through committee workshop and industry visits.

Goal

The Computer Society of India is a non-Profit professional meet to exchange views and information learn and share ideas. The wide spectrum of members is committed to the advancement of the theory and practice of Computer Engineering and Technology Systems, Science and Engineering, Information Processing and related Arts and Sciences. The Society also encourages and assists professionals to maintain the integrity and competence of the profession and fosters a sense of partnership amongst members. Besides the activities held at the Chapters and Student Branches, the Society also conducts periodic conferences, seminars, etc.

Scope

The mission of the CSI is to facilitate research, knowledge sharing, learning and career enhancement for all categories of IT professionals, while simultaneously inspiring and nurturing new entrants into the industry and helping them to integrate into the IT community. The CSI is also working closely with other industry associations, government bodies and academia to ensure that the benefits of IT advancement ultimately percolate down to every single citizen of India.

Activities

- 'One Week E-Conference' conducted by CSI-VSIT which comprised of seminars and workshops
- *One day 'ICT Quiz Contest'* with interesting takeaways.
- Workshop on '*Augmented Reality and Virtual Reality'* was piloted.
- Workshop on '*ANDROID Application Development*' was carried out for the students. Practical implementation of application building was explained with demonstration.

Preface

We are very pleased to introduce the preceding's of five-day E-conference on recent trends in I.T. v2.0 which was completed successfully by the help of our conveners, Prof. Sanjeela Sagar and Dr. Amita Jain. This E-conference was our second conference after a huge success with very First conference of the same subject and which was held on online platform by CSI-VSIT Committee during this covid pandemic. This E-conference was held to enlighten the young minds about the recent trends in Information Technology which will be very useful for the future upcoming technologies. Some of the major trending topics which were included in this e conference were Android Application Development, Angular JS, DevOps, Software Testing and Modern Security.

The first conference was on Android Application Development which was conducted by Mr. Niket Shah, who is a app developer and working with Hurix Digital Pvt. Ltd. as a Tech Lead. He gave us information about app development such as what is the process of getting started? Jumped into depths of Android Architecture and gave a close look at each component that constitutes the structure. Mr. Niket Shah ended the session with a perfect blend of knowledge that students need about Android Application Development alongside with the demonstration of a few sample codes that helped students relate with the context of the webinar.

Mr. Girish Boddu was the presenter for our second session on Angular JS who is senior software engineer and has also worked on ERP systems. He explained about prime features of Angular JS and a few commands. He even shared demonstrated his own software and its working in real time. Session ended with Mr. Boddu sharing references to courses handpicked by him so students can learn using digital platforms.

The next conference was on DevOps which was delivered by Mr. Ajit Joshi, who is a former secretary of CSI Mumbai chapter and now currently working at Red Hat Technologies. He started the session by giving a broad ideology of DevOps. Focused majorly onto failures of DevOps due to cultural problems & ways to overcome the limitations existing. He concluded his speech by a brief Q&A with the participants sharing his stories while growing alongside ever evolving DevOps and culminated.

The last session of the conference was held by Mr. Abhishek Pandey on Modern Security. He is currently working as cyber-security engineer at CyberSmithSECURE. He gave us information on how cyber-attacks take place. He showed around how attackers use vulnerabilities and expose data. In the end he shared his personal credentials for the ones interested to go more deeper and learn more about cyber security.

E-conferences on "Recent Trends in I.T." v2.0 was successfully held on Zoom Meetings by five honourable speakers who are industry experts, wonderful audience of 200+ and CSI-VSIT committee from 5th April to 9th April 2021 at 4.30 pm to 6.30 pm. The first day of conference started with welcoming and opening ceremony on Zoom Meetings with short welcoming speeches. The conference was inaugurated by principal of VSIT, Dr. Rohini Kelkar with the presence of honourable Vice Principal Mr. Asif Rampurawala, CEO Dr. Sarika Chouhan of CSI-VSIT conveners Prof. Sanjeela Sagar and Dr. Amita Jain along with this faculties of VSIT.

Day 1: Android App Development on 5th April 2021

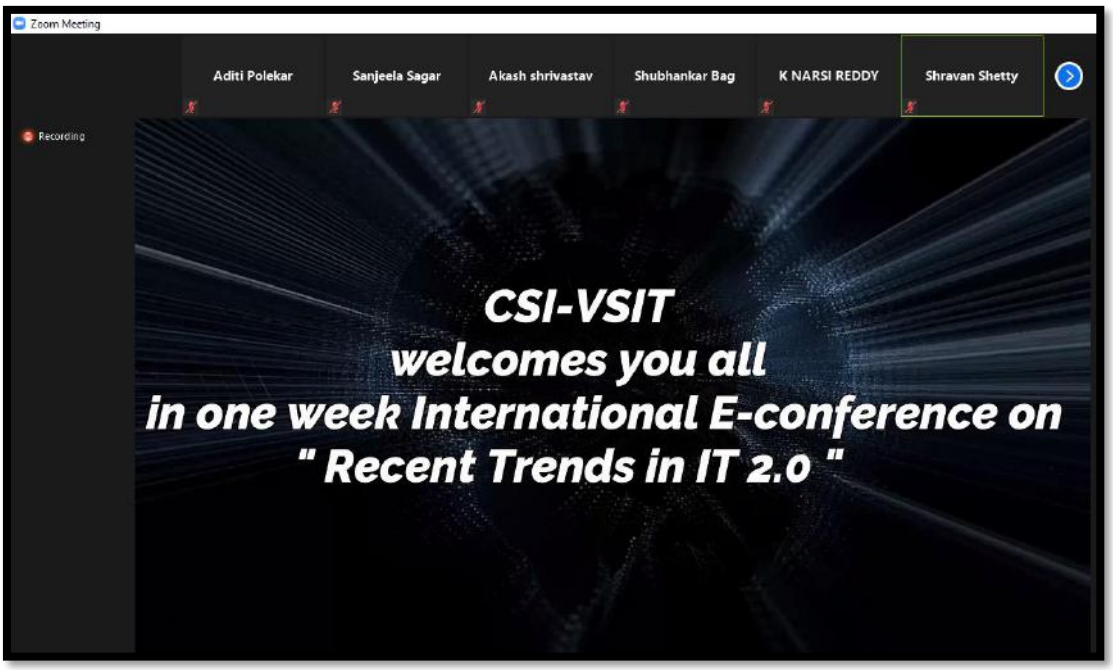
Mr. Niket Shah

INTRODUCTION:

- Mr. Niket Shah has around 5 years of industry experience in Development with good exposure in mobile applications and advertising SDK.
- He has completed graduation with distinction in Information Technologies from VSIT itself
- He has worked as an Android Developer with Skynet Secure Solutions Pvt. Ltd., Andheri. He has also worked with Derby Group of Companies as an Android Developer. And right now, he is working with Hurix Digital Pvt. Ltd. as a Tech Lead.

CONFERENCE DETAILS:

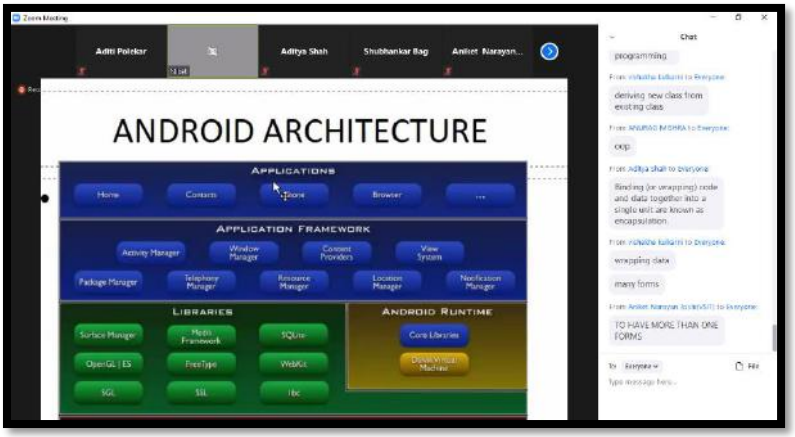
The 1st Day of International Webinar on Recent Trends in IT v2.0 was held on Zoom Meetings under the guidance of VSIT and CSI-VSIT Committee on 5th April 2021. The goal of webinar was to take a peek into the world of Android Application Development.



Day 1 begun with inauguration of these webinars which were held under the event “Recent Trends in IT v2.0” by Principal Dr. Rohini Kelkar followed by Sarasvati Vandana. After which Dr. Amita Jain ma’am took upon the stage & introduced the event’s purpose & highlights. As well as Vice Principal Mr. Asif Rampurawala expressed how overwhelmed he was to see such eminent speakers to accept VSIT’s invite to our event and welcomed our guest speaker Mr. Niket Shah.

Student: Ms. Tanmayee Asolkar, one of the core members of CSI VSIT introduced the speaker and welcomed all the participants.

Our guest speaker, Mr. Niket Shah is an Alumni member of VSIT. Mr. Shah started the session by discussing about how Android came into existence and its creator's history. Later took a glance into the various versions released so far with latest one being Android 12.0. He revisited a few concepts of OOP Methodology to put students at ease & make them understand without difficulty. Jumping further into Android Architecture and taking a close look at each component that constitutes the structure such as Libraries, runtime libraries, framework, etc. Next up into Security features offered by Android and introducing to concepts such as Security Sandbox. Not only that Mr. Shah tried much harder in a bold way to explain few other key components that form the basis of Android Development such as: palette, project view, toolbar, component tree, AVD manager, SDK manager, LOGCAT, etc.



Later at a point he showed us how to get started with Android Studio and installation of drivers and demonstrated a short code by connecting his smartphone with the Studio application. Named a few different types of layouts that are used in creating UI. Explained what Android Manifest file plays a part, various application components that are available in Android, Activity life Cycle and widgets. In all Mr Shah encouraged the participants to boost their interest into this field.

To conclude, it was a fantastic and a very catchy session by Mr. Niket Shah with 180+ participants. With a perfect blend of knowledge that students need about Android Application Development alongside with the demonstration of a few sample codes that helped students relate with the context of the webinar. He answered most of the student's doubts and questions most precisely. In the end Mr. Shah shared references to the code he had demonstrate on Android Studio so that the students can implement on their own. Some links provided by sir:

- https://www.udacity.com/course/developing-android-apps--ud853

Day 2 : Angular on 6th April 2021

Mr. Girish Boddu

INTRODUCTION:

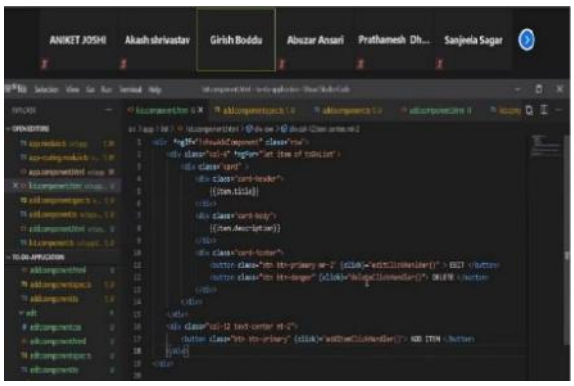
- Mr. Girish Boddu is currently working as Software Developer at Learningmate Pvt.Ltd for an LMS system.
- Currently Working with Angular, Angular JS , Laravel.
- He has Exemplary problem-solving skills, ability to identify problems and implement corrective processes.
- Former Secretary CSI Mumbai Chapter.
- Sir has experience of working at One Leap Solutions Pvt.Ltd, Ixia Solutions Llp, and many more firms.

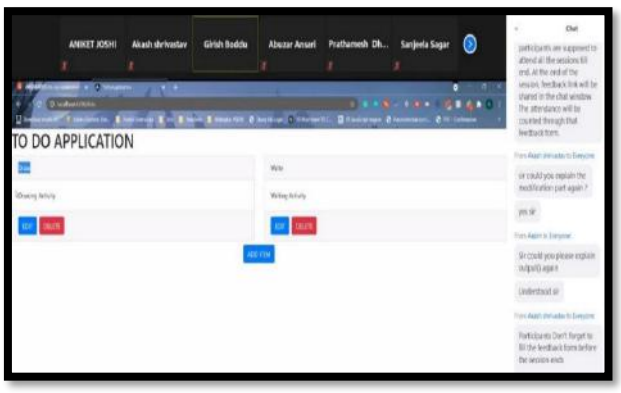
CONFERENCE DETAILS:

The 2nd day of international E-conference for Recent trends in IT v2.0. was held in presence of esteemed teachers, participants, and Members of CSI-VSIT who were involved for the arrangement of the event. Student: Ms. Ishika Jaiswal; one of the members of CSI-VSIT hosted the event with a short introduction about the event to all the participants on 6th of April 2021.

On day 2nd of 'Recent trends in IT 2.0', the purpose of meeting was to impart knowledge to the students about one of the most phenomenal topics i.e., 'Angular JS' by an articulate speaker Mr. Girish Boddu sir who put his time and endeavours to immensely make us understand about the topic Angular JS. He is a senior software engineer at one leap solutions he has also worked on an ERP system, with technologies like Graphql, Laravel, Angular and Ionic. Worked on e-commerce websites worked on a real time audio video recorder using JavaScript.

Mr. Girish begun with some prior about Angular and its key features, how the installation of Angular is done & few of its command. He threw light on what is SPA (Single Page Application) which offers more dynamics resemblance to mobile apps and desktop apps. Later he explained the students about root module i.e. Components which provides good user experience, Templates, Metadata, Data binding and its type, some points about DOM (Document Object Model) also two-way binding concepts. Directives with its three types, Services, Routing, Input and Output and many more interesting concepts of what are the things present in Angular JS. Later he showed the compilation using his own created software and displayed us "To do application" example in real time.



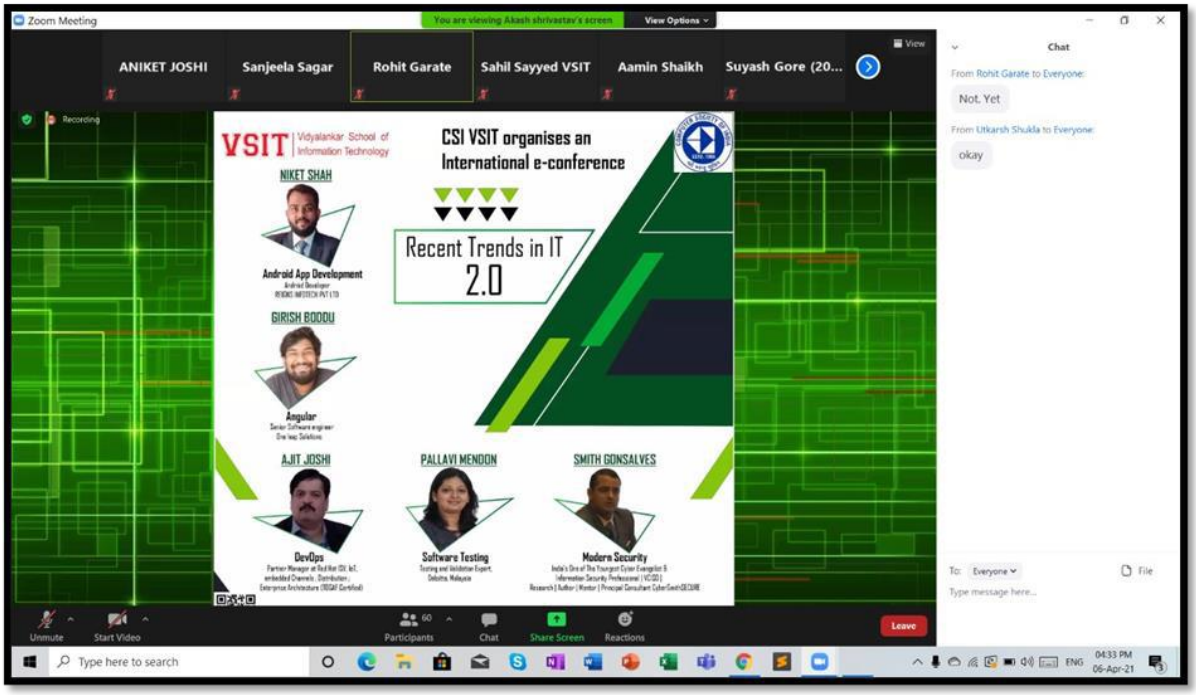


To conclude, it was an amazing and informative session by Mr. Girish Boddu as he offered tons of knowledge with 80+ participants. Demonstration of codes that helped students relate with context of the topic. He was ready to clear each student's doubts and questions more precisely. In the end Mr. Boddu also shared references to the code he used to demonstrate so that the students can implement on their own. And a few links to website so the students can learn from courses handpicked by Mr. Girish Boddu.

- https://github.com/morphen225/to-do-application.git

At last student: Jadyn Dias member of CSI-VSIT gave the vote of thanks to all the members participated and our special guest.

Some glimpse of moments captured by CSI-VSIT committee:



Day 3: DevOps on 7th April 2021

Mr. Ajit Joshi

INTRODUCTION:

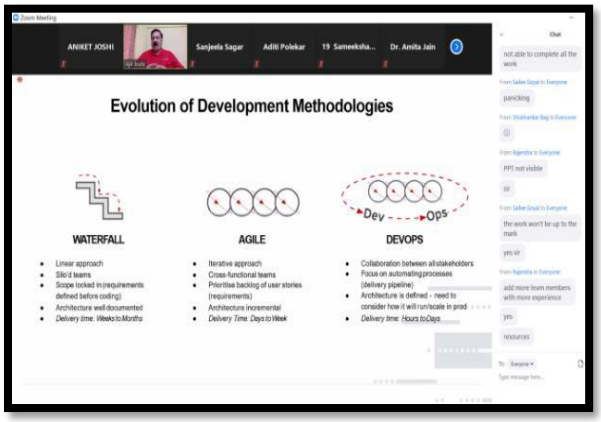
- Mr. Ajit Joshi is currently working as a National Alliance Manager at Red Hat for ISVs, IoT, embedded partners of India Region. Based at Mumbai. He is an engineer from VJTI Mumbai, TOGAF Foundations certified passionate about Blockchain technology.
- Former Secretary CSI Mumbai Chapter.
- Worked in Start-up ecosystem, regular speaker in academics and industry events. Also, a Channel Sales Professional, Experience in IT Distribution, and related Ecosystem of vars, Regional sis etc.

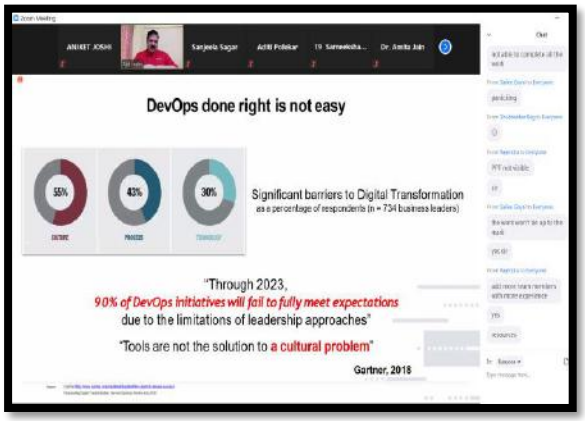
CONFERENCE DETAILS:

Day 7th April 2021 marks as the 3rd Day of International Webinar on "Recent Trends in IT v2.0". Arranged & organized by CSI-VSIT Committee on Zoom Meetings. The content of webinar was DevOps with Containers & Microservices.

The stage was taken over by Mr. Ajit Joshi, an influential magnate with 25+ years of work experience in IT industry and receiving many highest accolades here at home as well as abroad. Mr. Joshi was the Former Secretary of CSI: Mumbai Chapter. Also, a Start-up Entrepreneur at Angel Network and acting National Alliance Manager (South Asia) at Red Hat Inc.

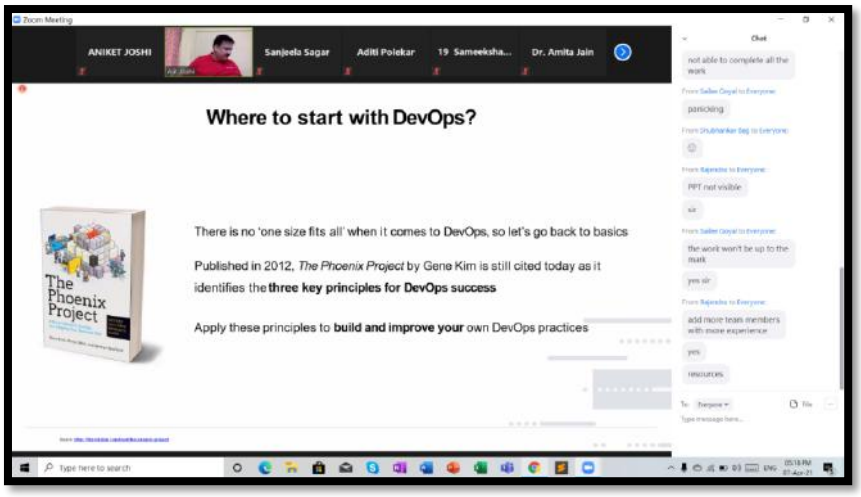
Session begun with a few questions put forth by Mr. Joshi in turn where he told a few stories relating to plays from movies to relate with the concepts he was about to showcase. Sir then begun with the explanation of evolution of the methodologies that the man has been using for development namely Waterfall method, Agile method and DevOps method. Moving onto failures of DevOps to grow from experience and overcome the limitations existing due to cultural problems.





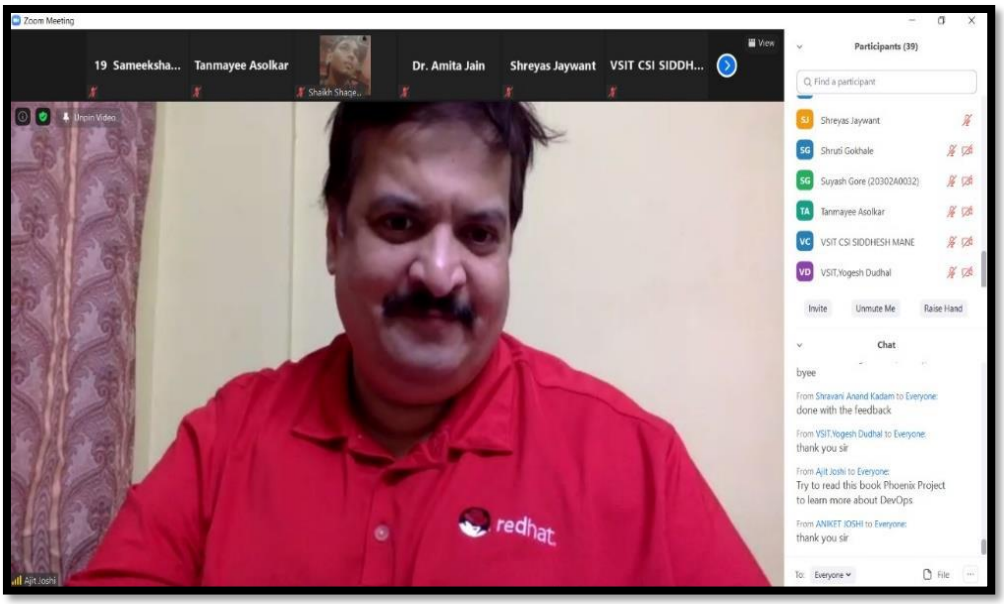
Sir later expressed his biggest asset to get started in DevOps which lies in a novel by Gene Kim on "The Phoenix Project". Majorly focusing on the principles of Systems Thinking, Amplifying Feedback Loop and Culture of Continual Experimentation and Learning; together these principles form the key to DevOps success.

Furthers as sir said, many small companies don't have enough budget set for innovations & experiments and succumb to the traditional means and to turn a new leaf over is like making an elephant dance for such IT companies as setting up DevOps on enterprise level is hard. That's where sir suggested another novel to get a different perspective by Gary Gruver in "Starting and Scaling DevOps in the Enterprise". This novel focuses heavily on real world problems. Using a keen set of practice tips one can develop a framework to make MVP (i.e. in this case, software development techniques)



With huge set of blocks clear for newbies trying to understand DevOps, Sir then hopped onto definition, factors for adoption and a few other peripheral concepts which added to a whole package of knowledge gained throughout the session.

Aimed at students from various walks of life, the webinar by Mr. Joshi was to discover the field of DevOps and interact with group of participants willing to take home a goodie bag full of treasures Mr. Joshi had to offer. To conclude Mr. Ajit Joshi was phenomenally remarkable during the session attended by over 60+ participants. At the near end Mr. Joshi had a QnA with the participants and culminated with many hankering for more such session with Mr. Ajit Joshi himself. Some glimpse of moments captured by CSI VSIT committee:



Day 4 : Software Testing on 8th April 2021

Mrs. Pallavi Mendon

INTRODUCTION:

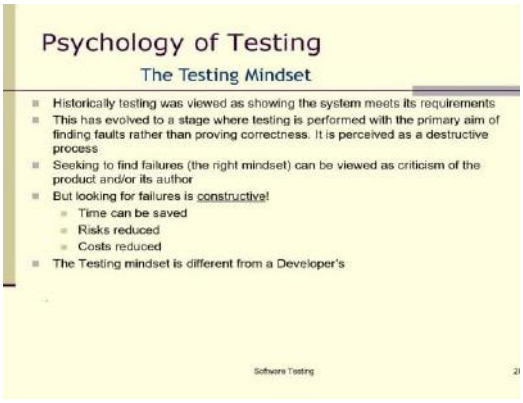
- Mrs. Pallavi Mendon has over 16 years of consulting experience in Application validation and Testing.
- She has worked with Mahindra and Mahindra, iGATE, Deloitte Consulting on different domain as Testing and Validation subject matter expert.
- Ma'am is proficient in requirement gathering, impact assessment, defining validation/ test strategy, planning,
- Testing and implementation for the different domain projects. She has managed and lead validation/testing work streams for multiple domains for leading industry clients.
- Pallavi ma'am holds 'M.Sc. in Information Technology' degree from University of Pune.

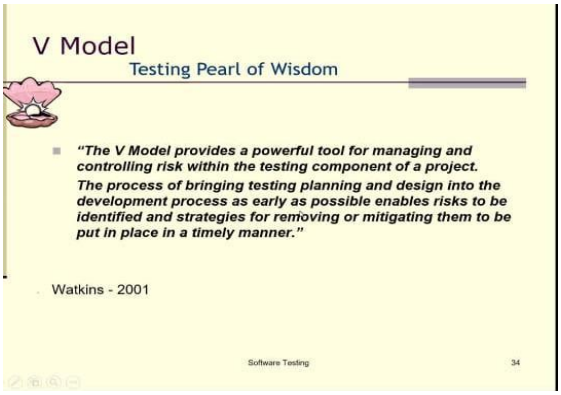
CONFERENCE DETAILS:

The 4th day of international E-conference for "Recent trends in IT v2.0" and yet the trend goes relentless, a gracious event took place on Thursday evening on Zoom online platform under presence of Sanjeela Sagar madam & Dr. Amita Jain ma'am and Members of CSI-VSIT who arranged the event. Student: Ms. Shreya Sawant one of the core members of CSI-VSIT took the privilege to host the event with a brief of introduction about our guest and welcomed all the participants on 8th of April, 2021.

On day 4 of 'Recent trends in IT', a salient topic software testing was spoken upon by a very talented and adroit Ms. Pallavi Mendon, she has over 16+ years of consulting experience in applications validation and testing. She has worked with Mahindra, iGATE, Deloitte consulting on different domain as testing and validation subject matter expert. She is also proficient to gauge, assess and implement from leading expert of the industry.

Ms. Mendon started the discussion with objectives of software testing, about its terminologies, a brief about fundamentals of testing, what are its five stages (i.e. test planning and controls, test analysis and design, test implementation and execution, Evaluating exit criteria and reporting & Test closure activities). Beside this she taught us what should be the psychology of a good Tester; what should be his/her mind-set. Later she proceeded with V model, iterative development model, Concept of components & system integration techniques. Continuing on to what are the requirements to handle test cases, some part of function requirement documents and many more facts about software testing!

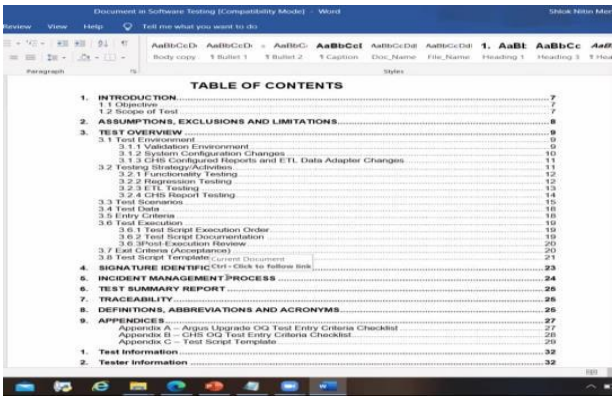




Concluding, the two hours session was amazing and informative that the students participated enthusiastically. Ms. Pallavi Mendon offered a illuminating session, kicking off the event with 70+ no. of participants. Demonstration of some test case samples, test plans which helped the students understand the concept more precisely. She passionately answered student's doubts and questions. Also there was Mr Murali Anantha, one of her colleagues helping out the students to get their doubts cleared. Ms. Mendon ended up the session by putting a case scenario for students to solve.

At last, student Mr. Akash Shrivastav; marketing head of CSI-VSIT; gave the vote of thanks mentioning our special guest principal Madam, supervisors, teachers & members of CSI-VSIT and all the participants attended.

Some glimpse of moments captured by CSI-VSIT committee:



Day 5: Modern Security on 9th April 2021

Mr. Abhishek Pandey

INTRODUCTION:

- Mr. Abhishek Pandey is currently working as cyber security engineer for CyberSmithSECURE. He has pursued Bachelor of Engineering in IT from Shree L R Tiwari College of Engineering, Thane.
- At Ugam Company, Thane he has worked as Associate Analyst.
- He has also worked as Cyber Crime Officer, All India Anti-Corruption board at Thane.

CONFERENCE DETAILS:

The 5th day of International E-conference for "Recent trends in IT v2.0" and the trend still goes relentless; a gracious event took place on Friday evening on Zoom online platform under presence of Sanjeela Sagar madam & Dr. Amita Jain ma'am and Members of CSI-VSIT who arranged the event. Student: Mr. Jadyn Dias one of the core member of CSI-VSIT took the privilege to host the event with a bit of introduction about our guest and welcomed all the participants on 9th of April 2021.

"Everyone is curious about security and no-one wants to be hacked by someone"; undertaking this aim Mr. Abhishek Pandey sir introduced the most trending and brain eating topic "The Modern Security". Abhishek Pandey Sir is a Security enthusiast with a special interest in Cybersecurity and national security. He is working as a cybersecurity engineer at CyberSmithSECURE. His domain specialization is in OSINT, Threat Hunting, Social engineering, and Digital Forensics. He has completed his B.E. I.T. from the University of Mumbai and has a Diploma in Cyberlaw from Government Law College, Mumbai.

Session began with a twist of some shocking news from familiar platforms such MIDC, Facebook & Airtel being ransacked of millions of user's data & sold off on Deep Net. Many participants didn't know that such events even took place around them. With that enigma Mr. Pandey hopped onto

the very meaning of the word “Cyber”. Later Sir showed participants where most of the hacker’s hail from and their contributions towards launching cyber-attacks towards India with statistics since 2018.

Abhishek sir also introduced some cyber laws like IPC and IT Act 2000/8. And also briefed on if the hacker does an unauthorized access or spreading virus or do an unauthorized downloading, copying or extracting data then what punishment and ACT will governed by the government. Had a brief explanation on various types of hackers like black hat, grey hat, script kiddies, blue hat, red hat and state/ nation sponsored hackers.

Mr. Pandey said India lies on top around the globe when it comes to hackers trying to crack the data. Moving ahead Sir explained how the hackers are scrutinized based on the crimes committed by them along with Cyber Laws drafted by main justice. As session progressed the more interesting it became. Sir showcased many live demonstrations like based on Google hacking such as webcams, unprotected passwords, etc. Mr. Pandey later switched-on Kali-Linux to demonstrate how hacking actually happens in real world where sir asked participants to click on a link and he was able to trace IP Address of every individual & their email IDs and passwords. This surely was the awe factor but that brought about goose bumps for many.

Concluding, the two hours session went amazing and informative the students participated enthusiastically Mr. Abhishek Pandey offered a grateful session with 60+ no. of participants. And a few links to website so the students can contact Abhishek sir:

- https://www.the420.in/here-is-how-aam-aadmi-can-fight-back-phishing/
- https://www.cybermomics.in/index.php/cnm/article/view/253

At last student: Ms. Shreya Sawant; member of CSI-VSIT gave the vote of thanks mentioning our special guest speaker, principal Madam, supervisors, teachers & members of CSI-VSIT and all the participants attended.

Summary

Booklet of VSIT's first E-Conference on "Recent Trends in IT" is now ending. We as a Core-committee of CSI-VSIT Mumbai Chapter would like to take this opportunity to extend our sincere gratitude and appreciation to all of you, for your invaluable contributions in making this event a great success.

We had a wonderful journey of five days which was interesting and informative. Through a wide range of keynote speeches and discussions, we have been presenting with current and upcoming trends in IT Industry. We hope that you liked the information shared and you will convey your experiences with others from near and far, and that a cordial relationship established among us during this Conference will further strengthen. But, of course, the real measure of this conferenc's success lies in how it will affect you or more precisely, how it will affect the actions you will take while implementing these concepts.

We look forward to organize new events, workshops, and seminars for you all. We hope that all of us will imply the knowledge what we have gained through this conference. Before we conclude, we would like to invite all of you for all the events we are planning further. Thank you for attending this conference and have a safe journey ahead.
