

VSIT has implemented green practices by digitization of academic and administrative processes. Students are sensitized about green practices during their orientation programmes, Environmental Studies class, poster competitions, practical assignments, visits to ecology centers, and celebrations like World Water Day, Environmental Day, Swaccha Bharat Abhiyan etc. Green practices are a way of life at VSIT.

a) <u>Restricted Entry of Automobiles:</u>

VSIT is well connected by various modes of public transport like suburban railway, city bus services, cab services, Monorail, Metrorail etc.

Maximum students and staff use public bus services. Special air-conditioned bus services were initiated on special request by VSIT, after taking into consideration the interests of VSITians and the neighborhood community are benefits.

Students and staff use car-pooling and save fuel and contribute towards reducing carbon emissions and conserving energy.

All members of the VSIT community who park on campus are required to register their vehicles with the Campus Safety Department and display a current registration decal. If a member of the VSIT community drives a vehicle on campus, it must be registered with either a permanent or temporary registration decal.

Parking at VSIT College is available at no cost to students, faculty and staff who have a parking decal affixed to their cars.

Parking information is available in the students Handbook.

b) Use of bicycles/ Battery-powered vehicles

As a green initiative, we encourage our students to use Bicycle to have an eco-friendly environment

c) Pedestrian friendly roads:

Many students use the skywalk which is 2 minutes away from the campus to the nearby Wadala Road suburban railway station.

VSIT has put in special efforts towards the construction and maintenance of the main road leading towards the campus and consequentially, the Municipal Corporation has renamed it to "Vidyalankar College Marg".

Green Campus Initiative 2020 - 2021

d) Ban on the use of Plastics

1. Plastic free campus

A 'No Plastic' Awareness Campaign was conducted by NSS to share the hazards of indiscriminate use of plastic and NSS students have managed to stich 1000 cloth bags as part of plastic free campus and as well made the covers and bags with help of newspaper.

Being conscious towards the environment, VSIT prohibits the use of Styrofoam on the campus and minimizes the use of plastic.

2. Paperless office:

VSIT fully supports the Government of India's Digital India Programme, which aims to transform India into a digitally empowered society and knowledge economy. VSIT believes in going digital in every possible way and reduces use of papers in most of the academic and administrative processes.

Communication is digitized in the form of emails, e assignments, digital notice boards, ERP, e books, e newsletters etc.

vMIS manages railway concession requisitions, leave applications, transcripts and biometric attendance of staff

e) Green landscaping with trees and plants:

Green landscaping at VSIT includes eco-landscaping which is designed and maintained in such a manner that it saves time, money, and energy. It contributes to reducing air, soil, and water pollution; and making healthy recreation spaces.

The VSIT campus has a well-designed landscape which includes approximately 300 trees, shrubs, and plants. It is maintained by recycled water produced by the Institute's STP.

All the plants and trees have QR code, once scanned we will get to know the details of plants.

Criteria VII – Institutional Values and Best Practices

An Overview

- Eligibility
- Regulations
- Limitations

Eligibility

- Institute staff vehicles (4 or 2 wheeler), Student vehicles (2 wheeler) only shall be allowed parking in the campus.
- Guests may be provided parking depending on availability of space.

Regulations

- Each vehicle owner to provide basic information regarding vehicle which shall be recorded in vMIS for issue of Parking Permit. Security Office shall handle this activity.
- Vehicle shall be parked at owners' risk, carefully locked with no valuables inside.
- Vehicle shall be parked in the designated zone and in marked slots only.
- Vehicle shall be parked in such as manner that it faces towards road. This is in consonance with our Disaster Management Policy and Evacuation Policy to facilitate easy exit in case of emergency.
- When necessary, area marked as 'Extra Parking' may be used for vehicle parking. The Security officer shall take decision in the matter.
- Security officer reserves the right to deny parking including permit holders.
- Cars which are in neat and clean condition shall only be allowed parking.

- Security Guard will issue tickets for improper driving or to vehicles not following the Institute Parking regulations and reserves the right to permanently deny entry to such offenders.
- Security Officer reserves the right to Boot–Lock the vehicle if it is parked in space other than the one assigned.
- All vehicles shall observe speed limit of 5 Km/hr in the campus.

Limitations

• Vehicle shall not allowed to be parked between 9 pm to 7 am unless written permission is obtained from the Security Officer.
