

Teachers use ICT enabled tools for effective teaching-learning process

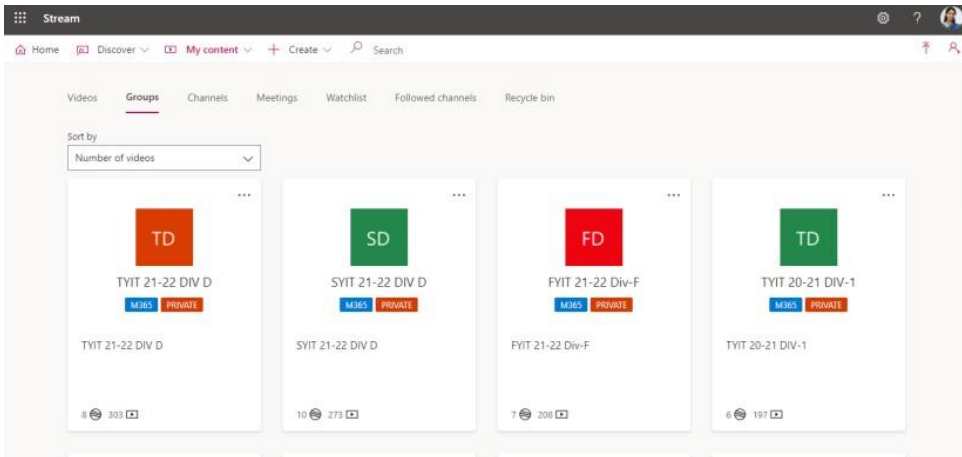

Incorporation of ICT in creating an effective teaching-learning environment forms the basis of education in VSIT. ICT is a powerful tool to raise levels of literacy and numeracy. From infrastructural requisites to teacher's computer literacy, the institute attempts to ensure the best possible implementation of ICT tools at its disposal in courses that necessitate it and those that do not necessarily need it but can significantly benefit from it. A smooth integration of ICT-enabled tools precedes the necessary shift towards an ICT-enabled classroom during the pandemic. Since its inception, VSIT has taken the "T" in its name quite seriously, equipping laboratories and teachers with the requisite technological devices to ensure optimum classroom teaching. Projectors in every classroom and a lecture-capture system empower a multifarious teaching ecosystem. ICT tools are also transformational tools which, when used appropriately, can promote the shift to a learner- centered environment. Students are now accustomed to high quality teaching and learn faster. ICT also diversifies the teaching process, empowering the teacher to bring more to the classroom: from activities that clarify the application of the concept to effective control over student and academic data. This in turn ensures effective data management and enables the teacher to gain accurate insights that support reliable decisions that are or may be implemented.

The faculty members have been using the ICT tools such as Digital Pen & Pad, WEB 2.0 through Wikij Blogs, Animated Simulation Models (ASM), Animated Polls & Surveys, Demonstrative Videos (DVID), Digitized Caselets and Macro-Spreadsheets, Creation of Intuitive Courseware besides using the ICT tools like Internet, Projector, AVs, Presentations, etc.

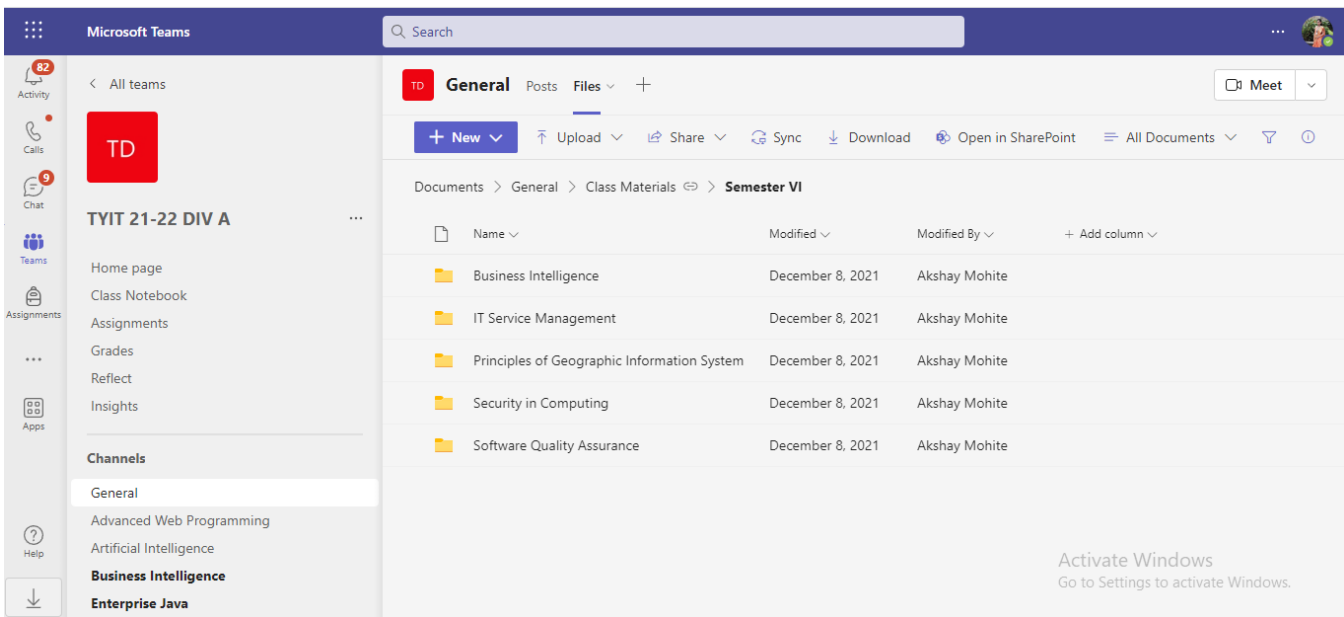

Demonstration Pedagogy to ensure the learner's engagement: To ensure the demonstration pedagogy, faculty members, especially from the domains like Economics, Statistics and Finance, but not restricted to these domains, have been using Digital Pad with Pen to demonstrate since these courses heavily demand graphical explanations by means of charts, graphs, equations, mathematical models and derivations. Data Analytics & Simulation Lab (DASL): An exclusive DASL is used for advance courses like Data Science. Animated Polls & Surveys: The Institute's faculty members have been using the modernized ICT tool, "Animated Polls & Surveys" while teaching to engage students in the learning process. Direct Access Tunneling Environment (DATE): The Institute has also set up Virtual Private Network (VPN) and Direct Access Tunneling Environment (DATE) for faculty members, research scholars and students to access various research journals and databases remotely that the Institute has subscribed to.

Tools used include:

- o **Lecture Capture System**

Class Material

Lecture Recording

The screenshot shows a video streaming interface with a navigation bar at the top containing 'Stream', 'Home', 'Discover', 'My content', 'Create', and 'Search'. Below the navigation bar, there are tabs for 'Videos', 'Channels', 'People', and 'Groups'. A search bar and a 'Sort by' dropdown (set to 'Likes') are visible. The main content area displays a list of video recordings:

Video Title	Views	Likes	Comments	Date	Channel	Thumbnail
FYIT Div A-E IP Lecture#2 CHAPTER 1: INTRODUCTION TO PROGRAMMING	155	9	0	9/15/2020	Dr. Amita Jain	54:48
FYIT Induction- Day 1-Online Communication Channel & Introduction to IP Part-1 Date:07/09/2020	154	8	0	9/8/2020	Payal Shah	01:18:46
FYIT A-E IP LEC#1 Generations of programming Languages and Features	113	7	0	9/16/2020	Akshatha Jain	59:57
FYIT Div A-E OS Lecture 1 Introduction of OS and Functions of OS	126	7	0	9/14/2020	Maitreyi Joglekar	

Assignment/Quiz

The screenshot shows an LMS interface with a left sidebar for navigation and a main 'Assignments' panel. The sidebar includes 'All teams', a team icon 'TD', and a list of courses: 'TYIT 20-21 DIV-1', 'Class Notebook', 'Assignments', 'Grades', 'Insights', 'Channels', 'General', 'Business Intelligence', 'IT Service Management', 'Principles of Geographic Information Sy...', 'Security in Computing', and 'Software Quality Assurance'. The main panel is titled 'Assignments' and has tabs for 'Assigned', 'Returned', and 'Drafts'. It shows a list of completed assignments with checkmarks:

Assignment Title	Status
TYIT Sem 6 SIC Div-1 Lecture 2 Quiz	✓
TYIT Sem 6 BI Quiz #1	✓
TY PGIS Quiz L2, Ch1	✓
TYIT Sem VI SIC Quiz#2	✓
TY PGIS Quiz L3, Ch1	✓
SIC Quiz Lecture #4	✓
ITSM Quiz 1	✓

A 'Create' button is located at the bottom of the assignments list.

o **V MIS - ERP**

The screenshot displays the VSIT V MIS - ERP dashboard for user Aasha Chavan. The dashboard includes a navigation menu with options like My Dashboard, My Attendance, My vDrive, Request, Approve Leaves, Approve Reversals, Request Consumables, Guest info to Security, Achievements / Contribution, Need Help?, Staff Assignments, My Assignments, and Profile. The main content area is titled 'My Dashboard' and contains several data tables:

Upcoming Events								Balance Leaves	
Inst	Activity Name	Activity Owner	For	Date	Time	Venue	Conducted	Leave	Balance
VSIT	V-SHIELD - TECHNOLOGY KA DOSE -2	SEEMA VISHWAKARMA	STUDENT	19-03-2022	10:00	Y BLOCK	No	SL	8
